Summer READY

WITH AUSTIN CODE DEPARTMENT

#ACDsummerready

2019

Austin Code wants to know, are you Summer Ready? Summer should be about running barefoot in your yard, barbeques and pool parties, *not* about bug bites or uncomfortable rashes!

The Texan summer heat and standing water are ideal conditions for mosquitoes and other bugs to thrive.

Before the summer heats up, let's do a quick look around your house:

- ✓ Keep your lawn shorter than 12 inches.
- ✓ Flip over containers that have dirty water.
- ✓ Don't dump tires and other items, recycle!

Report a code violation by calling 3-1-1 or by submitting a report online.

For more information on what you can do to keep your yard safe, contact the Austin Code Department at (512) 974-2875 or online at www.austintexas.gov/code

2019

El departamento de códigos de la ciudad de Austin quiere saber, ¿estás listo para el verano?

El verano se trata de correr descalzo en tu jardín, carnitas y fiestas en la piscina, ¡NO de bichos y piquetes de mosquitos!

¡Haz algo!

- Mantén tu césped 12 pulgadas o más corto.
- Voltea las macetas o recipientes de plástico para que no se conviertan en criaderos de mosquitos.
- Lleva llantas viejas y otros artículos grandes a tu centro de reciclaje local, no los tires a la calle.

Para hacer un reporte, llame al 3-1-1 o reportelo en linea.

Para mas información, contacte al departamento de código de la ciudad de Austin al (512) 974-2875 o en línea: www.austintexas.gov/code.
