OUTDOOR MUSIC VENUE PERMIT APPLICATION

Instructions:

1. Please legibly fill in all information being requested on this application.
2. Attach a dimensional site plan and stage layout.
3. Attach a copy of a Certificate of Occupancy and Austin Fire Department Occupant Load Card.
4. Hand deliver to the Development Assistance Center (DAC) at 505 Barton Springs Rd., or submit to soundpermits@austintexas.gov. Notification fee must be hand delivered to the DAC. For additional information, contact 978-4000.

Investigation: The Music Office is required under Section 9-2-50 (Music Office Review) in Chapter 9-2 of the sound ordinance to conduct an appropriate level evaluation, based on the type of permit being requested and the potential impact to the surrounding community. This investigation may include on-site inspections including sound measurements, discussions with nearby residents and business owners, and any additional research relevant to assessing potential impacts. A Sound Impact Plan (SIP) is then written by the Music Office based on the findings of the investigation.

Timeline: Per City Code, the Music Office is to receive an application from the DAC within three business days of submittal. The Music Office will conduct an appropriate level investigation, prepare a report recommending approval or denial of the application with any appropriate conditions and restrictions, and return it to the Development Services Department (DSD). The final determination will be made by DSD no later than 45 days after the application is submitted.

Fees:

1. Notification fee: \$560.00, due at the time of application
2. Sound Impact Evaluation fee: \$200.00, due at the time of application
3. Permit fee: \$281.36, due at the time the permit is picked up

OUTDOOR MUSIC VENUE PERMIT APPLICATION

REVOCATION OF PERMIT

As stated in Section 9-2-65 (Revocation of Live Music Permit), the Music Office may recommend that a permit be revoked for repeatedly exceeding the allowable decibel limits, hours of permitted sound amplification, or for other violations of conditions set forth in the Sound Impact Plan. The permit expires at midnight on the first anniversary of the date it was issued. It is the applicant's responsibility to apply for permit renewal prior to expiration. The accountable official may refuse to issue or renew an outdoor music venue permit if the permittee has been convicted of more than two permit violations under Chapter 9-2, or if the property where the sound equipment will be used has received more than two permit violations.

SOUND COMPLIANCE HISTORY

In the past year has any employee, agent or representative of the venue where sound equipment will be located received a citation(s) related to sound permit violations? Please list, if any, how many warnings and citations the venue has received and briefly explain the cause of each (no sound permit, playing past cut-off times, exceeding the decibel limits).
