

VIRUSES DON'T DISCRIMINATE, AND NEITHER SHOULD WE

CORONAVIRUS AND STIGMA

1

Viruses don't discriminate and neither should we.

Keep our community strong by working together.

2

Stand up to stigma, and be a voice of clarity amongst chatter.

Avoid spreading misinformation.

3

Coronavirus doesn't recognize race, nationality, nor ethnicity.

COVID-19 was first detected in Wuhan, China, but this is simply geography. Race, nationality and ethnicity do not influence a person's odds with this illness.

4

Wearing a mask does not mean a person is ill.

People wear masks for a variety of reasons. We should not judge someone for wearing a mask or assume they are sick.

3-1-1
