

RENTAL HOUSING DEVELOPMENT ASSISTANCE (RHDA)

Application for Rental Development Financing

PLEASE NOTE: AHFC Reserves the right to fund projects at a lower amount than requested, and the right to deny applications that do not coincide with the City's FY 2015-16 Action Plan goals and policy direction from the Austin City Council.

Project Name: Works at Pleasant Valley Phase II

Project Address: 2800 Lyons Road Zip Code: 78702

Total # units in project/property: 29 Census Tract Number: 8.01

Total # units to be assisted with RHDA Funding: 23 City Council District Number: 3

Project type (check all that apply with an 'X'):

Acquisition Rehabilitation New construction Refinance Rent Buy-Down

Amount of funds requested: \$1,850,000 Terms Requested: Deferred Forgivable

Role of applicant in Project (check all that apply): Owner Developer Sponsor

1. Applicant Information (If applicant is not acting as the developer, please provide all of the information below for the developer as well as for the applicant. If the developer involves multiple entities, is a partnership or joint venture, please provide duplicative information for each, and identify the entity that will serve as the "lead" organization).

CONSIDER SMOKE-FREE HOUSING

The City of Austin encourages the development of smoke-free rental housing. Smoke-free housing protects the health of residents by decreasing exposure to harmful secondhand smoke. Also, apartment owners and managers reap the benefits of more efficient and less expensive unit turnovers, potentially lower insurance premiums, and reduced risk of fires.

Smoke-free policies are legally permissible and can be a marketing advantage for attracting and retaining residents. More than 80 percent of people living in the Austin area do not use tobacco, and a 2011 survey conducted by the Austin/Travis County Health and Human Services Department found that 77 percent of renters in Travis County would prefer to live in tobacco-free housing.

Find out how you can protect the health of residents, make your property safer, and save money by downloading a copy of "A Manager's Guide to Smoke-Free Housing Policies" at: <http://www.livetobaccofreeaustin.org/owners.php>.

Please answer the following questions.

Is this development intended to have restrictions on smoking? Yes No

If "Yes," what level of restriction is intended?

No smoking anywhere on the property, inside or outside

No smoking Inside residents' units

No smoking in outdoor exclusive use areas such as individual balconies or patios

No smoking in outdoor common areas such as pool, parking lot, green spaces, etc.

No smoking outdoors within a reasonable distance from building entrances (such as 15 - 25 feet) to prevent smoke from entering another resident's open windows or doors.

2. **A. Non-profit applicants/developers, attached copies of the following:**

1. A "certificate of status" issued by the Texas Secretary of State.
2. Federal IRS certification granting non-profit tax-exempt status.
3. Certified financial audit for most recent year which include the auditor's opinion and management letters.
4. Board resolution approving the proposed project and authorizing the request for funding

B. For-profit applicants/developers, attach copies of the following:

1. For Corporations, Limited Partnerships, and Limited Liability Companies, a copy of a "certificate of status" issued by the Texas Secretary of State.
2. A current financial statement
3. Proof of sufficient reserves or a line of credit available, if necessary, in order to complete the proposed project.

3. **Project Type (Please check any that apply.) This project is considered:**

- Traditional Rental Housing** (serving low-income households, and resident services may or may not be provided)
- Transitional Housing** (case management services provided and residency limited to a certain length of time, usually no more than 24 months)
- Permanent Supportive Housing** (Considered long-term rental housing for very low-income families and individuals who are among the hardest to serve and who are most vulnerable to homelessness. This type of housing provides case management services to residents as needed).

If you checked Permanent Supportive Housing, please complete the information below.

A. Numbers of proposed PSH Units:

29 Total Number of Units in project
 Total Number of Permanent Supportive Housing (PSH) Units Proposed

B. Check the population or sub-population(s) proposed to be served and indicate the number of units dedicated to that population or sub-population.

1. Persons needing "**Housing First**," a Permanent Supportive Housing model typically designed for individuals or families who have complex service needs, who are often turned away from other affordable housing settings, and/or who are least likely to be able to proactively seek and obtain housing on their own. Housing First approaches also include rapid re-housing which provides quick access to permanent housing through interim rental assistance and supportive services on a time-limited basis.

NUMBER OF UNITS

Individuals or families headed by individuals that are:

2. **Chronically homeless** as established in the HEARTH Act (Homeless Emergency and Rapid Transition to Housing Act of 2009) found at 24 CFR Part 577.

NUMBER OF UNITS

3. Households that would otherwise meet the HUD definition of chronically homeless per the HEARTH Act, but **have been in an institution for over 90 days**, including a jail, prison, substance abuse facility, mental health treatment facility, hospital or other similar facility.

NUMBER OF UNITS

4. Unaccompanied youth or families with children **defined as homeless under other federal statutes** who:

a. have experienced a long-term period without living independently in permanent housing;

- b. have experienced persistent instability as measured by frequent moves over such period; and
- c. can be expected to continue in such status for an extended period of time because of chronic disabilities, chronic physical health or mental health conditions, substance addiction, histories of domestic violence or childhood abuse, the presence of a child or youth with a disability, or multiple barriers to employment.

NUMBER OF UNITS 5

5. A single adult or household led by an adult **'aging out' of state custody of the foster care or juvenile probation system**, where the head of household is homeless or at-risk of homelessness.

NUMBER OF UNITS _____

6. _____ Any other population **not defined above** but who would otherwise be eligible for or need permanent supportive housing services.

NUMBER OF UNITS _____

NOTE: APPLICANTS CHECKING B.1, B.2, B.3, or B.4 ABOVE MUST COLLECT AND REPORT INFORMATION INTO THE HOMELESS MANAGEMENT INFORMATION SERVICE (HMIS)

4. **Project Description.** Provide a brief project description that addresses items "A" through "L" below.
- a. Describe the tenant population, income levels, and services, if any, to be provided to or made available to residents.

The tenant population will be a mixture of: 1) youth and young adults aging out of foster care; 2) unaccompanied youth/formerly homeless youth; 3) single head of household families; 4) teen parents; and, 5) families who meet the MFI thresholds. Ten (10) units will be classified as Permanent Supportive Housing (PSH) and five (5) will operate as the Housing First model. Chronically homeless individuals will also be served, but within the population of youth targeted, most do not meet the strict definition of "chronically homeless. Nine (9) units will be set aside for residents whose income is below 30% MFI, fourteen (14) units for residents whose income is below 50% MFI and six (6) units set aside for residents whose income is below 80% MFI.

The LifeWorks Affordable Housing Corporation will partner with Youth and Family Alliance dba LifeWorks to provide all residents with the following services as needed: case management, mental health counseling (including crisis counseling and psychiatric services), workforce development, GED preparation and life skills training. Convenient access to these services is available next door at the LifeWorks Sooch Youth and Family Resource Center. To the greatest extent possible, LifeWorks will leverage other federal, state and local resources to support these high quality services including funds from Health and Human Services (HHS) Runaway and Homeless Youth Programs, FEMA Emergency Food and Shelter Program, City of Austin, Travis County and private foundational funds such as the Religious Coalition to Assist the Homeless, United Way and the Michael and Susan Dell Foundation.

- b. Include the type of structure (multi-family or single-family), number and size of units in square feet.

The structure would be wood frame, multi-family type construction, three story walk-up, with a mix of efficiency, one-bedroom, and two-bedroom units. The complex consists of 29 units, with nine (9) efficiency, eleven (11) one-bedroom and nine (9) two-bedroom units. Unit sizes range from 433 sq. ft. (efficiency) to 834 sq. ft. (two-bedroom).

This will be a mixed used community with at least 10 units operating as Permanent Supportive Housing (PSH) with the remainder available to residents at multiple income levels. LifeWorks assures that all 10 units designated as PSH will operate as such at all times.

- c. Indicate whether the property is occupied at the time this application is being submitted.

Not applicable – This application is for new construction development.

- d. Indicate whether the project meets the requirements of the City’s Vertical Mixed-Use (VMU) Ordinance, or is in a Planned-Unit Development (PUD) or Transit Oriented Development (TOD), or is located less than .25 miles from a transit stop (not just a transit route).

The project is within .25 miles from a transit stop.

- e. Indicate whether the project will preserve existing affordable rental units.

Not applicable – This application is for new construction development.

- f. If there are existing structures, provide documentation from the taxing authority or another third-party source indicating the year the structure was built.

Not applicable – This application is for new construction development.

- g. Indicate the number of units reserved for Housing Choice Voucher holders (Section 8).

LifeWorks does not plan to reserve specific units for Housing Choice Vouchers but will accept tenants with vouchers. LifeWorks works with the Housing Authority of Austin (HACA) and the Texas Department of Family and Protective Services (DFPS) to provide case management for the Housing Choice vouchers set aside specifically for youth exiting foster care.

- h. Indicate the number of units that are or will be made accessible and adaptable for persons with mobility, sight or hearing disabilities.

Per S.M.A.R.T. Housing requirements, all ground floor units will be adaptable, 10% of which must be ADA accessible. Therefore, LifeWorks will ensure that three units are fully accessible for individuals with mobility, sight and hearing disabilities and that nine are adaptable. Per Fair Housing Rules, 20% of each type of housing will be adaptable (two efficiencies, three one-bedrooms and three two-bedrooms).

- i. Demonstrate the Project’s compatibility with current Neighborhood Plan (if applicable).

The Govalle/Johnson Terrace Combined Neighborhood Plan has several references that demonstrate that the LifeWorks project is compatible with the plan:

1) The Future Land Use Map (FLUM) identifies this tract as a "Mix of retail/ commercial & residential - Could include some residential apartments".

2) On page 41 the plans states: "Firstly, multi-family is recommended on tracts located closer to the periphery of the neighborhood such as on Pleasant Valley and Oak Springs roads. Another significant use of multi-family recommended on this FLUM are on larger tracts that are adjacent to single family uses, but are currently used for more intensive land uses such as industrial or commercial. This plan recommends multi-family uses on these tracts to promote compatibility, as well as greater housing opportunities".

3) The encouragement of multi-family development in select locations is also reflected on Page 58, Housing – "Goal 5 – Maintain an affordable and stable housing stock: Provide a diverse range of housing opportunities for all stages of life and income levels".

- j. Summarize the key financials of the project, clearly indicating the total project cost, the amount and intended use of AHFC funds being requested, and the amount(s) and provider(s) of other funding and the stage of those funding commitments.

Our intention is to secure the funding from the City of Austin thru the Rental Housing Development Assistance program. We will submit an application to the Texas Department of Housing and Community Affairs for Multi-Family Direct Loan funding. The TDHCA application will be submitted in January 2017; TDHCA Board approval is possible in May 2017. Additional funding will be sought from the Federal Home Loan Bank – Atlanta through Capital One Bank – application will be submitted in February 2017. LifeWorks will submit applications for funds to several local private foundations. The LifeWorks Affordable Housing Corporation (LAHC) will commit the balance of the funds. This funding structure allows the development to be 100% affordable to low and very low income households. Project funding structure is as follows:

i. City of RHDA	\$1,850,000
ii. TDHCA MFDLP	\$ 800,000
iii. Federal Home Loan Bank Atlanta	\$ 350,000
iv. Private Foundations	\$ 500,000
v. LAHC	\$ 78,161
vi. Contribution from GC	<u>\$ 224,380</u>
vii. Total	\$3,802,541

The cost of completing the project is therefore \$3,802,541. This includes \$35,501 for the first year of ground lease payments – a 99 year ground lease will secure the property for development and includes legal and closing costs; \$3,163,809 for construction hard costs based on an estimate of \$177 per square foot and \$109,097 per unit; \$349,000 for Professional Services including architecture, engineering, Green Building consultation, furniture/equipment and other consultants; \$96,041 in loan interest, fees, and reserves; and \$158,190 in Developer fees/contingency.

LifeWorks intends to use the AHFC/RHDA funds for the construction hard costs. The 23 units set aside for residents below 50% MFI and 30% are designated as RHDA assisted units, the per unit cost for AHFC/RHDA funds is \$80,434 and included PSH and Housing First units. The City of Austin previously

provided \$850,000 for Phase I of the Works at Pleasant Valley. If granted the funds request with this application, the City total investment in the Works at Pleasant Valley would be \$2,700,000 for 68 units for residents below 50% MFI (42 for those below 30% MFI) for a total unit cost of \$39,706.

Please attach the following to the description of the above items:

- k. A map (8 ½" x 11") indicating the property location and the distance to the nearest Capital Metro Transit Stop to which residents will have access.

See Attached Map

- l. A flood plain map generated by www.ATXFloodPro.com with the property parcel identified and the legend displayed showing the various types of FEMA Flood Plain zones.

See Attached Map

- 5. **Site Control and Demonstration of Value.** Include evidence of site control such as a warranty deed or a current earnest money contract, and provide a real estate appraisal or current tax documentation that substantiates the value of the property.

Attached are the following:

- a. Special Warranty Deed that demonstrated that the property is owned by LifeWorks Enterprises LLC;
- b. Resolutions Authorizing Susan McDowell, President of LifeWorks Enterprises and the LifeWorks Affordable Housing Corporation to negotiate and sign a ground lease agreement;
- c. Appraisal

- 6. **Zoning.** Include a letter from the City of Austin's Planning and Development Review Department (PDRD) verifying that the current zoning of the site for the proposed project is compatible with the anticipated use, or include documentation verifying that a request to change current zoning has been submitted to PDRD. Should the project be approved for funding, the appropriate zoning must be in place prior to execution of loan documents.

See Attached Zoning Letter

- 7. **S.M.A.R.T. Housing™.** Include a copy of the letter that indicates the project has been reviewed and meets S.M.A.R.T. Housing™ requirements.

See Attached Letter

8. **Development Team and Capacity.** Identify below the persons or entities anticipated to be involved in the project, such as lenders, attorneys, accountants, architects, engineers, general contractor, sub-contractors, property managers and consultants. Also, indicate if any person or entity involved is certified by the City of Austin as a minority or women-owned business enterprise (**MBE/WBE**), or if any of the entities are also **non-profit** organizations.

Please also provide narrative information about the skills you or your development team members have in the following areas:

- a. Project Management will be provided Mitch Weynand with the support of the LifeWorks development team – see developer capacity narrative below. Mr. Weynand has worked in human services and project development for the past 40 years with LifeWorks. He served as project manager for the development of the LifeWorks Sooch Youth and Family Resource Center and for the Works at Pleasant Valley affordable housing development on this same site.
- b. Market analysis services are being provided by Affordable Housing Analysts, Robert Coe. Mr. Coe has been involved in over 200 Housing Tax Credit Marketing Studies.

- c. The site selection was conducted by LifeWorks staff and Board in 2008 and the site purchased in 2009.
 - d. Planning will be conducted under the direction of Mitch Weynand and entire development team identified above and described below in Developer Capacity narrative. A General Contractor – Maximum Price Guaranteed Contract with MileStone Community Builders will be executive subsequent to funding contracts closing. Milestone has been participating in the project planning and pre-construction cost estimating activities.
 - e. Design, architecture, structural engineering, and MEP engineering services will be provided under the direction of Michael Gatto of Austin Community Design and Development Center.
 - f. Dan Nelson has provided real estate legal services on the entire development of this site and all the funding and easement agreements. Jay Scheumack, CFO of LifeWorks and the financial management team at LifeWorks will provide the accounting services as they have on previous development activities of LifeWorks
 - g. LifeWorks is very experienced in managing federal funding and complying with Federal rules for program services, property development, and fiscal services. We have received federal funding over 40 years. The Works at Pleasant Valley, Phase I was developed with HUD Neighborhood Stabilization funding and complied with Davis Bacon and Section 3 requirements.
 - h. Other funding source rules that LifeWorks has experience with include funding sources such as U.S. Department of Health and Human Services; Texas Departments of Family and Protective Services and Health and Human Services, and Housing and Community Development; and the U.S. Department of Housing and Urban Development.
9. **Environmental Assessments.** The City of Austin Brownfields Redevelopment Office has Environmental Protection Agency funding available until September 1, 2017 to provide free Phase I Environmental Site Assessments, Asbestos Inspections and Lead-based Paint Surveys to assist with property transactions, developments and redevelopments. The Office can also complete Phase II ESAs at no cost for eligible entities. Please contact the office to see if you are eligible to receive these free services to assist with your project at <http://austintexas.gov/brownfields> or brownfields@austintexas.gov.

See Attached Environmental Assessment

10. Development Schedule. Complete the grid below. You may re-order the steps according to the appropriate sequence for your project and to add in any other significant steps integral to your project's development. If the multiple properties are involved, provide a development schedule for each property.

	DATE(S)
Acquisition and/or holding	12/31/15
Environmental and/or historic review (AHFC)	4/31/16 & 12/2016 update
Securing and packaging project financing	6/30/17
Construction Specifications and Cost estimates	12/24/16
Construction Bids	4/31/17
Construction Start	7/15/17
Anticipated Draws (list all)	8/15/17 9/15/17 10/15/17 11/15/17 12/15/17 01/15/18 02/15/18 03/15/18
End Construction	02/29/18
Start of Rent-up	03/01/18
Completion & Operation	05/31/18

11. Accessible and Adaptable Units. Indicate the number of units proposed to be **accessible and adaptable** for persons with mobility, sight and hearing disabilities as required by RHDA Program Guidelines.

- 5 Units adaptable for persons with mobility disabilities
- 4 Units accessible for persons with mobility disabilities
- 5 Units adaptable for persons with sight and hearing disabilities
- 4 Units accessible for persons with sight and hearing disabilities

12. Developer Capacity. Provide narrative information on recent, similar, and successful experience in affordable housing development. Include experience using multiple fund sources, managing affordable rental developments, and previous working history with the Austin Housing Finance Corporation.

As the LifeWorks Affordable Housing Corporation (LAHC), we developed and completed the Works at Pleasant Valley in January of 2014. The development has operated at 95% capacity since lease-up and has outperformed the initial Proforma.

This will be the second project for LAHC as owner, however the development team for the Youth and Family Alliance dba LifeWorks are the same staff and involved Board members as are currently employed or volunteering:

- Susan McDowell, Executive Director of LifeWorks and President of the LifeWorks Affordable Housing Corp.
- Mitch Weynand, Chief Operating Officer for both organizations
- Jay Scheumack, Chief Financial Officer for both organizations
- Jim Hopke, past Board Chair and current Secretary of LifeWorks Affordable Housing Corporation
- Matt Hogland, Board Member of LifeWorks

The Youth and Family Alliance, dba LifeWorks, is a local non-profit organization that owns 5 properties in Austin, leases two other office/program locations, and master leases 18 apartments. LifeWorks was formed in 1998 through the merger of 4 non-profits and has merged with two additional non-profits since that time. Roots of the organization go back to 1910 as a human service provider in Austin. Our development experience includes the following:

1982 – Purchased property at 2001, 2005, and 2007 Chicon Street, Austin, TX. We renovated and rehabilitated 2,900 sq. ft. in a single family home and added 4,800 sq. ft. to create an administrative office and counseling center for the Child and Family Service organization.

1996 - Purchased property at 3710 S. 2nd Street, Austin, TX and remodeled it to be the Youth Options Emergency Shelter – a 16 bed group living facility for homeless youth.

2000 – In partnership with Seton Hospital Corporation, we built the Seton Topfer Clinic at 8913 Collinfield Dr., Austin, TX. LifeWorks owns 45% of this facility, using it for counseling and youth services.

1999 leased and purchased in 2001 a 6,000 sq. ft. group living facility from the City of Austin/Austin Housing Finance Corporation (4606 Connelly Street, Austin, TX 78751). This facility was used as a 16 bed transitional living program for homeless youth. Several renovations were completed prior to the sale of this building in 2013.

2005 – LifeWorks built the 14,000 sq. ft. office building at 3700 South 1st St., Austin, TX 78704. The building houses the LifeWorks South Austin Youth and Family Resource Center.

2007 – LifeWorks purchased the property at 3708 S. 2nd St., an office building next to the Emergency Shelter that LifeWorks had leased for some time. LifeWorks filed a Unified Development Agreement to build across the property line between the two buildings and in 2008 completely remodeled both buildings joining them with a central kitchen and food service area. The building now has 32 beds – operating 20 as the Emergency Shelter and 12 as a transitional living facility for homeless and runaway youth.

2009 – Rehabilitated the 4606 Connelly St. – Facility rehab included floors, roof, slab repairs, kitchen remodel.

2009 - LifeWorks purchased 5.889 acres at 835 N. Pleasant Valley Road, Austin, TX 78702 for the purposes of creating an East Austin site for services and housing.

2011 completed a 31,490 sq. ft. office building and opened the LifeWorks Sooch Youth and Family Resource Center – a multi-program site for counseling, education and youth development services

2014 completed the development of a 45 unit deeply affordable housing development on this East Austin site

In all the above projects, LifeWorks served as the developer and hired General Contractors, Architects, Engineers, and other trades as need to complete the projects.

Two members of our Board of Governors have extensive commercial, multi-family, student housing, and affordable housing experience:

James C. Hopke, Jr is a past Chairman of LifeWorks and currently serves as secretary of LifeWorks Affordable Housing Corporation. James C. Hopke, Jr. serves as executive vice president and chief operating officer for American Campus Communities where he directs the management services division that oversees the operations of student housing communities, and is responsible for corporate support functions that enhance the scalability of our operating platforms. Jim Hopke joined the company in 2000 as the senior vice president of acquisitions and was instrumental in the company's pre-IPO growth. He briefly left the company from 2003-2005 serving as vice president of asset management for Wachovia's real estate capital markets group. He rejoined the company in 2005 as executive vice president and chief investment officer. From 2008 to present, he served as the executive vice president of project management and construction overseeing the delivery of more than 45 assets representing more than \$2.7 billion in asset value. Before ACC, he held the position of vice president at JPI Development and Insignia Financial Group. A former MAI appraiser and member of the Appraisal Institute, Mr. Hopke received a B.S. in Administrative Management from Clemson University.

Matt Hoglund serves as the Business Unit Leader for DPR's growing Texas operations, which includes offices in Austin, Dallas and Houston. Matt joined DPR through the acquisition of Hardin Construction Co. in 2013, which brought together two great construction companies and helped build DPR's Texas region into a 900-person operation. Matt's strengths include strong problem solving skills, adaptability, integrity and a deep understanding of all phases of construction from budget inception to final occupancy. His career has included residential, retail, office and hospitality projects, and he received recognition in ENR Texas and Louisiana's Top 20 under 40 list in 2012.

Matt is actively involved in the Austin Chamber of Commerce and a member of the Real Estate Council of Austin. Matt currently sits on the board of directors for LifeWorks in Austin and is also heavily involved in other local community initiatives, such as Meals on Wheels.

Both these gentleman and additional employees of American Campus Communities and DPR Construction will be extensively involved in the development of the LifeWorks Affordable Housing Project.

13. Detailed Project Budget. Use the following table, or comparable format, to provide a complete project budget. Add line-items as necessary. If this project has already received funding from AHFC, indicate by line item the amounts from the prior award.

Works at Pleasant Valley, Phase II
Development Cost Schedule
Estimated 12/21/16

	Total Cost	Prior Award of RHDA Funds (if Any)	RHDA Funds Requested	Description of Comments
ACQUISITION				
Site acquisition cost	33,810			One year of Land Lease Costs

14. Funds Proposal. Provide the following information to facilitate financial review of the proposed project:

a. **Sources and Uses of Funds** - Complete **Tables A & B (below)**, identifying all sources and uses of funds to implement project and include evidence of funds anticipated (financial statements, commitment letters, etc.).

TABLE A: SOURCES OF FUNDS SUMMARY					Intended Use of Funds (Predevelopment, Acquisition, Construction, Soft Costs)
	Term	Interest Rate	Amount	Evidence (Deed, Sales Contract)	
Owner Equity	0	0	78,596	Commitment Ltr	Soft Costs
Private Financing (List Lenders)					
Foundations	0	0	500,000	Developer's Letter	Acquisition and Soft Cost
Other Sources (List Below)					
Federal Home Loan Bank	0	0	350,000	Pending Loan	Soft and Hard
TDHCA - NFDL Funds	0	0	800,000	Pending Loan	Hard Costs
Contributions from Builder	0	0	224,380	Letter	Hard Costs
Proposed RHDA Funds	0	0	1,850,000	Submission	Hard Costs
TOTAL			3,802,976		

TABLE B: USES OF FUNDS SUMMARY		
	Total Cost	Cost/Unit
Predevelopment	0	
Acquisition	35,501	1,124
Hard Costs	3,164,223	109,111
Soft & Carrying Costs	603,252	20,802
TOTAL	3,802,976	131,137

b. **Leveraging** - Complete **Table C (below)**.

TABLE C: PERCENTAGE OF RHDA FUNDS	
RHDA Funds	1,850,000
Other Funds	1,952,976
Total Project Cost	3,802,976
RHDA Funds ÷ Total Project Cost=	49%

- c. **Operating Proforma** - In a format comparable to Table D below, prepare a minimum twenty (20) year financial Operating Proforma which realistically reflects the operation of the project relative to current and anticipated revenues, expenses and debt. The Proforma must indicate the anticipated debt coverage ratio (DCR) calculated as follows: net operating income (NOI)/debt service (DS) = DCR. For projects that will not carry debt, use the number "1" as the denominator in the equation.

TABLE D: OPERATING PROFORMA			
Unit Size (BR/BA)	Number of Units	Monthly Rental Income	Annual Rental Income
0 BR @30% MFI	6	244	17,568
1 BR @30% MFI	3	266	9,576
0 BR @50% MFI	3	517	18,612
1 BR @50% MFI	8	558	53,568
2 BR @50% MFI	3	664	23,904
2 BR @50% MFI	6	1,190	85,608
FULL OCCUPANCY ANNUAL INCOME			208,908
Other Income			16,675
Less Vacancy Loss (Indicate % and Amount of Loss)			-11,801
GROSS ANNUAL INCOME			213,782

5.23% total

Inflation Factor - Income	2%	
Inflation Factor - Expense	3%

See Good Neighbor Checklist

The Works at Pleasant Valley Phase II - Communications Plan

The Works at Pleasant Valley Phase II, located at 2800 Lyons Rd., Austin TX 78702 will occupy a .5 acre piece of Lot 1 of a 5.889 property and is co-located next to the LifeWorks Sooch Foundation Youth and Family Resource Center. This Resource Center is the major service center in the Govalle/Johnson Terrace Neighborhood and provides extensive support services in the areas of mental health counseling; educational and financial literacy; teen parent services; foster care transitions; and housing assistance that are open to all members of the community.

The Govalle Neighbors association meetings are hosted in its multi-purpose room. LifeWorks representative will attend these meetings. Tenants at the development receive a newsletter published by the property company operating The Works at Pleasant Valley. Neighborhood residents are welcome to enter the Resource Center and seek information about services or give their input on the activities there and at the Works at Pleasant Valley.

On December 2nd, 2016, LifeWorks informed all elected officials about LifeWorks intent to apply for funding from the City of Austin and TDHCA for the proposed development. On December 28, 2016, LifeWorks notified 42 properties owner whose properties were within 500 feet of the proposed development.

See attached list of notified parties
See attached notification templates

- 16. Description of Supportive Services.** If supportive services are NOT to be provided, please stop here. For all other projects, if supportive services are to be provided to residents, provide a description of the services that includes the following information:

- a. A description of the supportive services to be provided to residents and/or clients.
The core supportive services that will be provided to residents include intensive case management, financial assistance, mental health counseling, and employment assistance.

Case management will address the specific needs of chronically homeless individuals, families with children including teen parents, homeless aged-out foster care youth and unaccompanied youth - all populations with few supports, many disruptions to education, and highly vulnerable to poverty. Case management will concentrate on how to develop long term connections, critical social skills, and how to live in the broader community. LifeWorks case managers are skilled at helping clients break down problems/issues into manageable pieces so they can create a specific, concrete action plan that will help clients move toward their goal(s) and greater self-sufficiency.

Financial assistance will be provided (approximately \$2,000 per year per resident in permanent supportive housing) as needed to support the move-in costs, rental assistance, training costs, work uniforms, medical expenses, etc. for youth as they transition to stable housing. Case managers also work to ensure all residents access all of the supports available through mainstream resources.

Mental health counseling, including individual, group, and crisis counseling as well as counseling to address substance abuse, domestic violence, and/or abuse related issues will be provided to support the higher need clients. LifeWorks values the importance of addressing the mental health needs of this population, as so many of their barriers to housing and independence are related to their struggles with mental illness. The mental health professional is able to provide a stable, supportive relationship that focuses on the individual client's strengths, and seeks to build on those strengths in order to find solutions to whatever challenges are posing as barriers to the client's success.

Workforce Development will be provided to link youth to community resources and employment opportunities, while simultaneously helping them to develop the skills needed to maintain and succeed in employment. LifeWorks provides these services using the "Individualized Placement and Support" (IPS) model developed by Dartmouth University, an evidence-based program that has proven to be highly successful in helping with adults struggling with mental health challenges become gainfully employed through highly individualized services that address the unique needs, interests, skills and experience of each individual. LifeWorks also partners with Capital IDEA Skills Training program (co-located with LifeWorks' East Austin Youth and Family Resource Center site, adjacent to this proposed housing project and to Austin Community College's Eastview Campus) to give youth college-level instruction leading to an Associate's Degree or certificate and job placement in one of their more than 20 career field programs. LifeWorks will also work closely with Skillpoint Alliance, Workforce Solutions and other local organizations to find the job training program that will provide the best fit for each client's interests and needs.

Additional supportive services that will be available to residents are the myriad of services to be provided at LifeWorks' East Austin Youth and Family Resource Center including literacy tutoring, GED preparation, and a variety of life-skills training activities offered through LifeWorks' for youth who are moving toward independent living. For example, young parents are encouraged to participate in parenting education to develop skills and gain knowledge about child development. Youth aging out of the foster care system participate in the state-funded Preparation for Adult Living (PAL) program, a curriculum-based program that covers money management, communication skills, goal setting, health education and a variety of other topics through 38 hours of instruction time.

- b. The number and types of residents/clients expected to be served annually.

The proposed new units will provide 10 beds of Permanent Supportive Housing for youth aged 18 to 24 that are homeless or have aged out of the foster care system. This is a population that LifeWorks currently serves through its street outreach program, emergency shelter, transitional and supportive housing programs, GED program, and its State-funded case management program. Many of the youth typically served at LifeWorks have significant mental health problems, including depression, anxiety disorders, posttraumatic stress disorder, suicidal ideation, and substance abuse disorders. Many of the youth experienced traumatic events before they were removed from home or during their stay in the foster care system.

Supportive services will also be provided to youth accessing Family Unification Program (FUP) vouchers through the Housing Authority of the City of Austin (HACA). These Housing Choice Vouchers are designated to provide rental assistance for up to 18 months to youth 18-21 who

transition from foster care or who left foster care at age 16 or older. LifeWorks partnered with HACA and the Texas Department of Family and Protective Services (DFPS) on the application for these vouchers from the U.S. Department of Housing and Urban Development (HUD), and is an active partner in providing the case management for many of the youth accessing these vouchers.

- c. Describe the developer's experience and qualifications in providing the services to be offered.

LifeWorks' mission is to be a fearless advocate for youth and families seeking their path to self-sufficiency. The staff and volunteers are committed to innovative problem solving, shared accountability and a relentless focus on achieving real, sustainable and measurable results for the clients served. Founded in 1998 as a result of the merger of four nonprofit organizations, LifeWorks operates three multi-service locations and multiple residential sites to reach youth and families throughout Central Texas. With over 40 years' experience serving homeless and youth in foster care, LifeWorks has a proven track record of effective programs that provide safe environments for this highly vulnerable population. As a result of this expertise, LifeWorks holds over \$1.4 million in federal housing related contracts, including HUD Continuum of Care, TDHCA Emergency Solutions Grants, and four U.S. HHS Runaway Homeless Youth (RHY) contracts. In addition, LifeWorks holds two 30-county contracts with the DFPS to serve youth exiting the foster care system and has held contracts with the City of Austin' Health and Human Services Department for over 30 years to provide housing and homeless services to youth in Austin. LifeWorks currently provides a full housing continuum from street life to permanent housing, all designed with the specific needs of youth in mind.

Core components of all of LifeWorks' residential programs include client-centered case management, individual and family counseling, independent living skills training, employment preparation and assistance, and an opportunity to develop a caring relationship with an adult – a component that LifeWorks considers the single most important factor impacting the choices youth make. LifeWorks' programs are designed to impact multiple areas of the young person's life and are intentionally designed to be strengths-based, with attention placed on the assets the individual already possesses.

- d. If services are not provided by the developer of the project, include a description of the organization(s) providing the services and a memorandum of understanding or some other type of agreement that indicates the relationship between the developer and service provider.

Services will be provided by LifeWorks staff and through services linkages and referral to other community service organizations. The existing Supportive Services Agreement will be amended to include the additional 29 units upon completion of the development

See Attached - Supportive Services Agreement

- e. Provide resumes of key personnel who will be actively involved in the delivery of services. Resumes should include information about certifications, licenses, years of experience, and education.

See Attached Staff Resumes

f. Demonstrate financial capacity to provide support services and/or operate a supportive service program by providing the following information:

1. Sources of Funds: Identify sources and amounts of funds that will be or are expected to be utilized to provide supportive services.

LifeWorks will provide 2 full time case managers, .25 FTE Licensed Counselor, .25 FTE Employment Specialist, and .50 FTE Peer Support Specialist through a combination of public funding to serve the entire Works at Pleasant Valley Affordable Housing Development (74 units, 30 PSH). Case management and financial assistance for residents will be provided through U.S. HHS Runaway and Homeless Youth program and private foundations with funding specifically for pregnant and parenting youth and youth in permanent supportive housing. The Texas Workforce Commission is funding the Employment Specialist position and the "Individualized Placement and Support" program. The U.S. Department of Health and Human Services – Substance Abuse and Mental Health Administration is providing funds for a Community Based Counseling Program that will provide the Licensed Mental Health Counselor and the Peer Support Specialist. The operation budget for this development includes funds to support these services also. AmeriCorps members supplement the case management staff.

2. Budget: Include a supportive services budget which reflects current and anticipated funding and expenses associated with the provision of services for three (3) years.

See the following page for a 3-year budget for the operations of supportive services.

ATTENTION:

Please submit with the Application a completed "self-evaluation" using the following Scoring Criteria.

Youth and Family Alliance dba LifeWorks

LifeWorks Operating Budget for Supportive Services

EVALUATION CRITERIA:

Applications for proposed projects will be reviewed and scored on a competitive basis per the evaluation criteria below. Applications must receive a minimum score of **150** points out of a maximum score of **240** points. PLEASE NOTE: A score above the minimum score does not guarantee funding.

CORE VALUES POINTS

(Affordable Housing Core Values: Deeper levels of affordability, long-term affordability, and geographic dispersion of affordable units throughout the City.)

Score

1. AFFORDABLE UNITS (maximum 25 points) 25 If each
 development has a mix of 30%, 40%, and/or 50% MFI units, add the results for the percentage of units in each income category up to the maximum of 25 points. If the percentage of units at a given MFI level is not a multiple of 10, round up to the next closest multiple of 10 to get the score for that particular MFI level

% MFI	% of Affordable Units in Project (only count units reserved for 50% MFI and below)					
	10% of units	20% of units	30% of units	40% of units	50% of units	60% of units
50%	3	5	10	15	20	25
40%	5	10	15	20	25	
30%	10	15	20	25		

Score

2. AFFORDABILITY PERIOD (25 points) 25

25 points: Affordability period is:

 X 99 years;

OR

 40 years, and project is applying for Low Income Housing Tax Credits. Note: AHFC funding is contingent upon the award of Low Income Housing Tax Credits.

Score

3. **GEOGRAPHIC DISPERSION** (maximum 25 points) 5

Project is located in an area identified according to the Kirwan Institute's Comprehensive Opportunity Map of Austin as having greater opportunity for low-income households. To use the online mapping tool, go to <http://www.opportunitymatterscentex.org/> and click on "go to online map."

- 25 points:** Very High priority area
- 20 points:** High priority area
- 15 points:** Moderate priority area
- 10 points:** Low priority area
- 5 points:** Very Low priority area

INITIATIVES AND PRIORITIES POINTS

(Permanent Supportive Housing, Sustainability, Priority Locations, Accessible and Integrated, and Preservation of Affordable Housing)

Score

4. **PERMANENT SUPPORTIVE HOUSING (PSH)** (maximum 25 points) 25

25 points: "Housing First" model.

15 points: Project will reserve units for PSH for the following populations:

- Chronically Homeless as established in the HEARTH Act (24 CFR Part 577)
- Have been in an institution for over 90 days
- Unaccompanied youth or families with children defined as homeless under other federal statutes
- Youth "aging out" of state custody or the foster care or the juvenile probation system

10 points: Project will reserve units for PSH for populations other than those listed above.

Score

5. **SINGLE-FAMILY RENTAL HOUSING, INCLUDING SECONDARY UNITS ("GREEN ALLEY INITIATIVE")** (20 points) _____

20 points: Project consists of either new construction or rehabilitation of one or more single-family rental units, secondary units, or units compatible with the City's "Green Alley Initiative."

Score

6. **ACCESSIBILITY AND HOUSING FOR PERSONS WITH DISABILITIES** (maximum 20 points) 10

 10 points: In multi-family developments, (i.e. 5 or more units) or for single-family rental housing (i.e., 1 to 4 units), 50% or more of the total number of units will be made accessible per the Uniform Federal Accessibility Standards (UFAS).

 X **10 points:** Units to be designated for persons with disabilities as defined in the Fair Housing Act: for Multi-family developments, (i.e. 5 or more units), at least 25% of all units; for single-family rental housing (i.e., 1 to 4 units) 1 or more units.

Score

7. PRIORITY LOCATION (10 points) 10

10 points: Project is:

_____ located in a Vertical Mixed-Use (VMU) Corridor; or
 _____ a Planned-Unit Development (PUD); or
 _____ located within a Transit-Oriented Development (TOD) area, or
X _____ is located 0.25 miles (1,320 feet) or less from a transit stop.

Score

8. PRESERVATION OF AFFORDABLE UNITS (10 points) _____

10 points: Project is the rehabilitation and preservation of existing affordable housing units, or new units are being constructed to replace existing affordable units at the same location on a one-to-one replacement basis or a greater than one-to-one replacement basis.

Score

9. TRANSITIONAL HOUSING (10 points) _____

10 points: Project will be developed and operated exclusively as transitional housing.

UNDERWRITING POINTS

(EXPERIENCE, CAPACITY, DEVELOPMENT FEASIBILITY, OPERATIONAL FEASIBILITY, COMPATIBILITY WITH OTHER PROGRAM REQUIREMENTS)

Score

10. DEVELOPER EXPERIENCE AND QUALIFICATIONS (maximum 15 points) 15

15 points: Developer has recent, similar, and successful completion of a development similar in size and scope with income-restricted units.
10 points: Developer has recent, similar, and successful completion of a development **smaller** in size and scope with income-restricted units.
8 points: Consultant directly involved who has successfully completed a development similar in size and scope with income-restricted units.
5 points: Developer has recent, similar, and successful completion of a development similar in size and scope **without** income-restricted units

Score

11. SOURCES & USES OF FUNDS (maximum 10 points) 5

10 points: All sources and uses of funds are clearly indicated and sufficient evidence of funding availability and/or commitments are included.

5 points: All sources and uses of fund are clearly indicated, but evidence of funding availability or commitments are incomplete.

Score

12. DEBT COVERAGE RATIO (maximum 10 points)

10

- 10 points:** DCR of 1.25 or greater or will be a debt-free development
- 6 points:** DCR between 1.21 - 1.24
- 4 points:** DCR between 1.15 - 1.20

Score

13. LEVERAGE (maximum 10 points)

4

RHDA Program funding (including prior awards and the current request) divided by Total Project Costs equals:

- 10 points:** 25% or less
- 8 points:** 26% - 30%
- 6 points:** 31% - 35%
- 4 points:** 36% - 50%
- 2 points:** 51% - 54%
- 0 points:** 55% or greater

Score

14. RHDA COST PER UNIT (maximum 10 points)

8

	<u>Multi-Unit Structures</u>	<u>Single-Unit Structures</u>	<u>Housing First PSH Units</u>
10 points	<\$40,000/unit	<\$50,000/unit	<\$80,000/unit
8 points	<\$45,000/unit	<\$60,000/unit	<\$85,000/unit
6 points	<\$50,000/unit	<\$70,000/unit	<\$90,000/unit
4 points	<\$55,000/unit	<\$80,000/unit	<\$95,000/unit
2 points	<\$60,000/unit	<\$90,000/unit	<\$100,000/unit
0 points	>\$60,000/unit	>\$90,000/unit	>\$100,000/unit

Score

15. PROJECT READINESS (maximum 10 points)

6

New construction

2 points each; maximum 10 points

- The project meets the normal eligibility requirements under the existing program guidelines.
- The property is already owned by the developer.
- The project has completed all necessary design work and received site plan approval.
- All environmental reviews have been completed.
- The project has firm commitments from all financing sources.

Acquisition and Rehab

2 points each; maximum 10 points

- The project meets the normal eligibility requirements under the existing program guidelines
- All environmental reviews have been completed.
- The project has firm commitments from all financing sources.
- A General Contractor has been selected.
- Closing on the acquisition of the property can be achieved in less than 30 days.

Acquisition of Completed Units

2.5 points each; maximum 10 points (A total score of 2.5 points will be rounded to 3; a total score of 7.5 points will be rounded to 8.)

- The project meets the normal eligibility requirements under the existing program guidelines
- All environmental reviews have been completed.
- The project has firm commitments from all financing sources.
- Closing on the acquisition of the property can be achieved in less than 30 days.

Score

16. PROPERTY MANAGEMENT (maximum 10 points) 10

10 points: Designated Property Management Entity has documented track record of success managing income-restricted properties of similar size and/or similar unit counts, and has the capacity to take on management of the proposed project.

8 points: Designated Property Management Entity has a documented track record of success managing income-restricted properties of smaller size and/or fewer units, and has the capacity to take on management of the proposed project.

4 points: Designated Property Management Entity has a documented track record of successful property management experience and has the capacity to take on management of the proposed project, but has not managed an income-restricted property.

Score

17. SUPPORTIVE SERVICES (maximum 15 points) 15

15 points:

- a. The developer has secured written agreements with organizations that will provide resident services, or has experienced and qualified staff (7 or more years of experience) able to provide the same services.
- b. Funds have been identified for the operation of resident services programs.
- c. A 3-year estimated operating budget for the operation of the resident services programs is provided.

10 points:

- a. The developer has secured letters of intent from organizations that intend to provide resident services, or has experienced and qualified staff (3 to 6 years of experience) able to provide the same services.
- b. Funds have been identified for the operation of the resident services programs.
- c. A 3-year estimated operating budget for the operation of the resident services programs is provided.

5 points:

- a. The developer has experienced and qualified staff (1 to 2 years of experience) able to provide the same resident services.
- b. Funds have been identified for the operation of the resident services programs.
- c. A 3-year estimated operating budget for the operation of the resident services programs is provided.

Score

18. MBE/WBE PROJECT PARTICIPATION (5 points) 5

5 points: Development Team includes one or more certified City of Austin minority- or woman-owned business enterprises (M/WBE).

TOTAL SCORE: 178

Dear Applicant:

Based on information you supplied, and assuming your operations will be as stated in your application for recognition of exemption, we have determined you are exempt from federal income tax under section 501(a) of the Internal Revenue Code as an organization described in section 501(c)(3).

Because you are a newly created organization, we are not now making a final determination of your foundation status under section 509(a) of the Code. However, we have determined that you can reasonably expect to be a publicly supported organization described in section 509(a)(2).

Accordingly, during an advance ruling period you will be treated as a publicly supported organization, and not as a private foundation. This advance ruling period begins and ends on the dates shown above.

Within 90 days after the end of your advance ruling period, you must send us the information needed to determine whether you have met the requirements of the applicable support test during the advance ruling period. If you establish that you have been a publicly supported organization, we will classify you as a section 509(a)(1) or 509(a)(2) organization as long as you continue to meet the requirements of the applicable support test. If you do not meet the public support requirements during the advance ruling period, we will classify you as a private foundation for future periods. Also, if we classify you as a private foundation, we will treat you as a private foundation from your beginning date for purposes of section 507(d) and 4940.

Grantors and contributors may rely on our determination that you are not a private foundation until 90 days after the end of your advance ruling period. If you send us the required information within the 90 days, grantors and contributors may continue to rely on the advance determination until we make

Letter 1045 (DO/CG)

-2-

LIFEWORKS AFFORDABLE HOUSING

a final determination of your foundation status.

If we publish a notice in the Internal Revenue Bulletin stating that we will no longer treat you as a publicly supported organization, grantors and contributors may not rely on this determination after the date we publish the notice. In addition, if you lose your status as a publicly supported organization, and a grantor or contributor was responsible for, or was aware of, the act or failure to act, that resulted in your loss of such status, that person may not rely on this determination from the date of the act or failure to act. Also, if a grantor or contributor learned that we had given notice that you would be removed from classification as a publicly supported organization, then that person may not rely on this determination as of the date he or she acquired such knowledge.

If you change your sources of support, your purposes, character, or method of operation, please let us know so we can consider the effect of the change on your exempt status and foundation status. If you amend your organizational document or bylaws, please send us a copy of the amended document or bylaws. Also, let us know all changes in your name or address.

As of January 1, 1984, you are liable for social security taxes under the Federal Insurance Contributions Act on amounts of \$100 or more you pay to each of your employees during a calendar year. You are not liable for the tax imposed under the Federal Unemployment Tax Act (FUTA).

Organizations that are not private foundations are not subject to the private foundation excise taxes under Chapter 42 of the Internal Revenue Code. However, you are not automatically exempt from other federal excise taxes. If you have any questions about excise, employment, or other federal taxes, please let us know.

Donors may deduct contributions to you as provided in section 170 of the Internal Revenue Code. Bequests, legacies, devises, transfers, or gifts to you or for your use are deductible for Federal estate and gift tax purposes if they meet the applicable provisions of sections 2055, 2106, and 2522 of the Code.

Donors may deduct contributions to you only to the extent that their contributions are gifts, with no consideration received. Ticket purchases and similar payments in conjunction with fundraising events may not necessarily qualify as deductible contributions, depending on the circumstances. Revenue Ruling 67-246, published in Cumulative Bulletin 1967-2, on page 104, gives guidelines regarding when taxpayers may deduct payments for admission to, or other participation in, fundraising activities for charity.

You are not required to file Form 990, Return of Organization Exempt From Income Tax, if your gross receipts each year are normally \$25,000 or less. If you receive a Form 990 package in the mail, simply attach the label provided, check the box in the heading to indicate that your annual gross receipts are normally \$25,000 or less, and sign the return. Because you will be treated as a public charity for return filing purposes during your entire advance ruling period, you should file Form 990 for each year in your advance ruling period

Letter 1045 (DO/CG)

Attachments Page 38

LIFEWORCS AFFORDABLE HOUSING

that you exceed the \$25,000 filing threshold even if your sources of support do not satisfy the public support test specified in the heading of this letter.

If a return is required, it must be filed by the 15th day of the fifth month after the end of your annual accounting period. A penalty of \$20 a day is charged when a return is filed late, unless there is reasonable cause for the delay. However, the maximum penalty charged cannot exceed \$10,000 or 5 percent of your gross receipts for the year, whichever is less. For organizations with gross receipts exceeding \$1,000,000 in any year, the penalty is \$100 per day per return, unless there is reasonable cause for the delay. The maximum penalty for an organization with gross receipts exceeding \$1,000,000 shall not exceed \$50,000. This penalty may also be charged if a return is not complete. So, please be sure your return is complete before you file it.

You are not required to file federal income tax returns unless you are subject to the tax on unrelated business income under section 511 of the Code. If you are subject to this tax, you must file an income tax return on Form 990-T, Exempt Organization Business Income Tax Return. In this letter we are not determining whether any of your present or proposed activities are unrelated trade or business as defined in section 513 of the Code.

You are required to make your annual information return, Form 990 or Form 990-EZ, available for public inspection for three years after the later of the due date of the return or the date the return is filed. You are also required to make available for public inspection your exemption application, any supporting documents, and your exemption letter. Copies of these documents are also required to be provided to any individual upon written or in person request without charge other than reasonable fees for copying and postage. You may fulfill this requirement by placing these documents on the Internet. Penalties may be imposed for failure to comply with these requirements. Additional information is available in Publication 557, Tax-Exempt Status for Your Organization, or you may call our toll free number shown above.

You need an employer identification number even if you have no employees. If an employer identification number was not entered on your application, we will assign a number to you and advise you of it. Please use that number on all returns you file and in all correspondence with the Internal Revenue Service.

If we said in the heading of this letter that an addendum applies, the addendum enclosed is an integral part of this letter.

Because this letter could help us resolve any questions about your exempt status and foundation status, you should keep it in your permanent records.

LIFEWORKS AFFORDABLE HOUSING

If you have any questions, please contact the person whose name and telephone number are shown in the heading of this letter.

Sincerely yours,

Steven T. Miller
Director, Exempt Organizations

INDEPENDENT AUDITORS' REPORT

To the Board of Governors
Youth and Family Alliance dba LifeWorks
Austin, Texas

Report on the Financial Statements

We have audited the accompanying consolidated financial statements of Youth and Family Alliance dba LifeWorks and subsidiaries, which comprise the consolidated statements of financial position as of September 30, 2015 and 2014, and the related consolidated statements of activities, functional expenses, and cash flows for the years then ended, and the related notes to the consolidated financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standard*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditors consider internal control relevant to the entity's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

YOUTH AND FAMILY ALLIANCE
dba LifeWorks

Opinion

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the consolidated financial position of Youth and Family Alliance dba LifeWorks and subsidiaries as of September 30, 2015 and 2014, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters*Other Information*

Our audit was conducted for the purpose of forming an opinion on the consolidated financial statements as a whole. The schedule of grant activity on page 33, is presented for purposes of additional analysis for a funding source and is not a required part of the basic consolidated financial statements. The Schedule Of Expenditures Of Federal Awards, as required by Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, the Schedule of Expenditures of State Awards as required by the *State of Texas Single Audit Circular*, and the supplemental consolidating information are presented for purposes of additional analysis and are not required parts of the consolidated financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the consolidated financial statements. The information has been subjected to the auditing procedures applied in the audit of the consolidated financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the consolidated financial statements or to the consolidated financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the consolidated financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated February 17, 2016, on our consideration of LifeWorks' internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering LifeWorks' internal control over financial reporting and compliance.

 NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
 Years Ended September 30, 2015 and 2014

NOTE 1: Description of Organization and Summary of Significant Accounting Policies (Continued)

Housing & Homeless consists of the following services: *Street Outreach* helps street youth to obtain services such as shelter, hygiene supplies, medical care, food, clothing, drug and alcohol counseling, immunizations, HIV counseling and testing, and pregnancy testing; a *LifeWorks Emergency Shelter* serves runaway, abandoned, pushed out, abused/neglected, and homeless youth; *Transitional Living Services* offers shelter and independent living skills for older homeless youth and young families; and *Supportive Housing Services* will place youths, who have completed their high school education, maintained employment, and demonstrated competent life skills, in apartments for a limited time to help them, “get on their feet.” The Organization also provides direct assistance to individuals and families at risk of homelessness. *The Works at Pleasant Valley* offers 20 permanent supportive housing units.

Youth Development is focused on helping children and teens develop the knowledge and skills they need to navigate the social and emotional challenges of adolescence and focus on their future goals. The Organization's goal goes beyond preventing program participants from facing the challenges of teen parenting, abuse, and educational struggle. Each service is an investment in the future and leadership potential of its participants.

Education/Workforce Division helps youth and young adults develop the educational and workforce skills they need to become economically self-sufficient. Most services are tailored to the needs of homeless youth, young parents and youth aging out of foster care. Additionally, *Adult Basic Education* and *English as a Second Language Services* are offered to adults of all ages. Education/Workforce services work closely with other LifeWorks housing and counseling programs to help clients access the support they need to meet their academic and career goals.

Summary of Significant Accounting Policies

Income Taxes: LifeWorks is exempt from Federal income tax under Section 501(c)(3) of the Internal Revenue Code (IRC) for any income related to their exempt purpose. LifeWorks is classified by the Internal Revenue Service as an organization other than a private foundation within the meaning of Section 509(a)(1) of the IRC. LifeWorks does not report any timing differences between their financial statements and the income tax return. LifeWorks is no longer subject to income tax examination by Federal authorities for years prior to September 30, 2012.

LWE is exempt from Federal income tax under Section 501(c)(3) of the Internal Revenue Code (IRC) for any income related to their exempt purpose. LWE is classified by the Internal Revenue Service as an organization other than a private foundation within the meaning of Section 509(a)(1) of the IRC. LWE does not report any timing differences between their financial statements and the income tax return. LWE is no longer subject to income tax examination by Federal authorities for years prior to September 30, 2012.

Years Ended September 30, 2015 and 2014

NOTE 1: Description of Organization and Summary of Significant Accounting Policies

Description of Organization

Youth and Family Alliance dba LifeWorks (LifeWorks), was created in 1998 from the merger of Child and Family Service, Pathways Community Counseling, Teenage Parent Council, and Youth Options. LifeWorks is incorporated under the Texas Non-profit Corporation Act and is located in Austin, Texas. Historically, these four agencies served similar populations and frequently referred clients with critical needs to each other. The LifeWorks merger eliminated barriers by creating “no wrong door” service centers located throughout the community.

The LifeWorks Affordable Housing Corporation (LAHC) was formed in 2001 with LifeWorks as the sole member. LAHC was envisioned to be a separate entity that would own, develop, and operate properties for low and moderate income housing. LAHC currently owns and operates The Works at Pleasant Valley, a 45-unit complex that is for individuals and families with income below the 30% and 50% of the median family income. Residents include young adults aging out of foster care, formerly homeless individuals and young parents. Twenty units are reserved for Permanent Supportive Housing.

In May 2003, LifeWorks Enterprises LLC (LWE) was organized with LifeWorks as the sole member. On November 1, 2011, LWE executed agreements with Capital One and the Texas Capital Development Corporation to issue tax credits under the New Markets Tax Credit program (NMTC). LWE owns a building and land that LifeWorks uses to operate their programs.

The NMTC program is a federal tax initiative enacted on December 12, 2000, as part of the Community Renewal Tax Relief Act of 2000. NMTC is designed to increase the amount of investment capital in low-income communities. The credit provided to the investor totals 39% of the cost of the investment and is claimed over a seven year credit allowance period. NMTC's are intended to spur the investment of new capital into Community Development Entities (CDE) which in turn must use this capital to provide debt and/or equity financing to support qualified investments in low-income communities.

These consolidated financial statements report the activity of LifeWorks, LWE and LAHC, collectively, the Organization. All significant intercompany transactions have been eliminated in consolidation. LifeWorks maintains the LifeWorks Employee Savings Plan, a retirement plan.

Each year, the Organization serves more than 10,000 central Texans through direct services. The Organization has 9 service locations in Travis County and offers a continuum of services in the following program areas.

Counseling consists of the following services: *Youth and Adult Counseling* offers short-term (3-6 months) strengths-based counseling and after school activities for youth; LifeWorks provides individual, couples, and family counseling on a sliding fee based on income; *Resolution Counseling* - group and individual services help batterers accept responsibility for their violence, which includes understanding the concepts of power and control, sexism, and the cycle of violence. *Shared Psychiatric Services* - offers access to mental health services, comprehensive clinical case managers, as well as resources to reduce barriers to care, such as transportation assistance and access to medical care.

YOUTH AND FAMILY ALLIANCE DBA LIFEWORKS
 NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
 Years Ended September 30, 2015 and 2014

NOTE 1: Description of Organization and Summary of Significant Accounting Policies (Continued)

Receivables: Credit risk is controlled through ongoing monitoring procedures. No collateral for the receivables is required. Receivables are considered past due and thus delinquent depending on how recently payments have been received. At year end, no significant receivables are considered past due. Receivables are valued using an allowance for uncollectible accounts. The allowance for uncollectible accounts is considered an accounting estimate. The estimate may be adjusted as more current information becomes available and any adjustment could be significant. For the years ended September 30, 2015 and 2014, no allowance is considered necessary.

Financial Instruments and Fair Value Measurements: The Organization has adopted FASB ASC 958-320, *Investments - Debt & Equity Securities*. Under FASB ASC 958-320, investments in marketable securities with readily determinable fair values are valued at their fair values in the Statement of Financial Position.

The Organization implemented FASB ASC 820, *Fair Value Measurements*, which establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Organization has the ability to access.

- Level 2 Inputs to the valuation methodology include:
 - Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability;
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

YOUTH AND FAMILY ALLIANCE DBA LIFEWORKS
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
Years Ended September 30, 2015 and 2014

NOTE 1: Description of Organization and Summary of Significant Accounting Policies (Continued)

LAHC is exempt from Federal income tax under Section 501(c)(3) of the Internal Revenue Code (IRC) for any income related to their exempt purpose. LAHC is classified by the Internal Revenue Service as an organization that is a private foundation within the meaning of Section 509(a)(1) of the IRC. LAHC does not report any timing differences between their financial statements and the income tax return. LAHC is no longer subject to income tax examination by Federal authorities for years prior to September 30, 2012.

The Organization has adopted Financial Accounting Standards Board Codification (FASB ASC) 740, *Accounting for Uncertainty in Income Taxes*. That standard prescribes a minimum recognition threshold and measurement methodology that a tax position taken or expected to be taken in a tax return is required to meet before being recognized in financial statements. It also provides guidance for de-recognition, classification, interest, and penalties, accounting in interim periods, disclosures, and transition.

Basis of Accounting: The consolidated financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Consolidated Financial Statement Presentation: The Organization has adopted FASB ASC 958-205, *Presentation of Financial Statements*. Under FASB ASC 958-205, the Organization is required to report information regarding its financial position and activities according to three classes of net assets: unrestricted net assets, temporarily restricted net assets, and permanently restricted net assets.

Unrestricted Net Assets: Net assets that are not subject to donor-imposed stipulations or the donor-imposed restrictions have expired or been satisfied. All gifts, grants and bequests are considered unrestricted unless specifically restricted by the donor.

Temporarily Restricted Net Assets: Net assets that are subject to donor-imposed restrictions either for use during a specified time period or for a particular purpose.

Permanently Restricted Net Assets: Net assets that are subject to donor-imposed restrictions that they be maintained permanently by the Organization. The Organization is permitted to use or expend part or all of the income (or other economic benefit) derived from the donation.

Net Assets Released From Restrictions: When a donor-imposed restriction is fulfilled or when a time restriction expires, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the accompanying consolidated statements of activities as net assets released from restrictions.

Cash and Cash Equivalents: Cash and cash equivalents include cash on hand and investments with maturities of three month or less and cash and cash equivalents held as part of the investment portfolio. The Organization considers all highly liquid debt instruments purchased with original maturities of three months or less to be cash equivalents.

YOUTH AND FAMILY ALLIANCE DBA LIFEWORKS
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
Years Ended September 30, 2015 and 2014

NOTE 1: Description of Organization and Summary of Significant Accounting Policies (Continued)

Contributions received are recorded as unrestricted, temporarily restricted, or permanently restricted depending on the existence and nature of any donor restrictions. Contributions that are reported as temporarily restricted support are reclassified to unrestricted net assets upon expiration of the time or purpose restriction. Contribution restrictions that are satisfied in the year of receipt are reported as revenue in the temporarily restricted classification and then reclassified to unrestricted in the same year.

Contributed goods and services are reported as support. Contributed goods are recorded as noncash contributions at an estimated fair value based on the Organization's experience with similar goods. Contributed services are recorded as contributions if the services, a) create or enhance non-financial assets, b) require specialized skills, c) are provided by individuals possessing those skills, and d) would typically need to be purchased if not provided by donation. The value of noncash contributions is considered an accounting estimate. The estimate may be adjusted as more current information becomes available and any adjustment could be significant.

Allocation of Costs: Costs are allocated to programs using various common cost allocation formulas, such as an expenditure formula which compares program expenses to overall expenses; an effort formula which compares staff time or client usage to overall staff time or clients; or a space formula which compares space used by programs to overall space used. The allocations are based on the formula that most appropriately allows the programs to capture their costs.

Program activity is reviewed periodically, and formulas are adjusted as the activities of the Organization change. The allocation of costs reported is considered an accounting estimate. The estimate may be adjusted as more current information becomes available and any adjustment could be significant.

Designations: Designations reported are board of governor approved segregations of unrestricted net assets for specific purposes, projects, or investments. The governing board may approve designations as an aid in planning future expenditures or activities, but designations are not expenses. Since designations are voluntary, the designations may be reversed by the action of the governing board at any time.

Functional Expenses: Directly identifiable expenses are classified as program services, fundraising and general administration. Expenses related to more than one function are allocated to program, fundraising and general administration on the basis of management estimates. General administration expenses include those expenses that are not directly identifiable with any other specific function but provide for the overall support and direction of the Organization.

Accounting Estimates: The preparation of consolidated financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the consolidated financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

YOUTH AND FAMILY ALLIANCE DBA LIFEWORKS
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
Years Ended September 30, 2015 and 2014

NOTE 1: Description of Organization and Summary of Significant Accounting Policies (Continued)

Investments And Investment Income: Investments are reported at fair value based on quoted prices in an active market. Realized and unrealized gains and losses on investments are reported in the consolidated statement of activities as increases or decreases in unrestricted net assets unless temporarily or permanently restricted by the donor or by law.

Investments in securities listed on a national securities exchange are valued at the last sales price or, if no sale occurred, at the mean of the closing bid and asked prices on the date of determination. Securities not so listed are valued at the mean between the last closing bid and asked prices on such day as reported by NASDAQ or other sources.

Investment income consists of interest and dividends and is available to support any activities of the Organization and is recognized as unrestricted revenue, unless otherwise specified by the donor.

Fixed Assets: Purchased fixed assets are capitalized at cost if the purchase price exceeds \$5,000, while donated fixed assets are capitalized at their fair market value if the fair market value exceeds \$5,000 at date of gift. Fixed assets are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount of the asset may not be recoverable. Depreciation is computed using the straight-line method of computation over the estimated useful life of the asset (generally 5-40 years). Depreciation expense and accumulated depreciation reported are considered accounting estimates. The estimate may be adjusted as more current information becomes available and any adjustment could be significant. When assets are retired, or otherwise disposed of, the cost and related accumulated depreciation are removed from the accounts, and any resulting gain or loss is recognized in the period. Maintenance and repairs are charged to expense as incurred, and significant renewals and betterments are capitalized.

Revenue: The Organization has grant agreements and contracts with funding sources that are considered conditional promises to give and cost reimbursement contracts. Revenue on these types of grant agreements and contracts are reported when the conditions specified are met. Generally, the conditions to be met are compliance with specific grant terms and delivery of specific program services within certain budgetary requirements. Other conditions to be met might be to raise matching funds by a certain date. Grant agreements and contracts that award funding without any conditions, unconditional promises to give, are reported as revenue when the funding is awarded.

Fees for services are payments from individuals for counseling and educational services. Revenues are reported as the services are rendered.

Sources of revenue for the services of the Organization include grant agreements and contracts with the Federal government, state and local governmental entities and community based organizations, such as allocations from United Way organizations. Sources of other support include contributions from individuals, companies, foundations and fundraising events.

YOUTH AND FAMILY ALLIANCE DBA LIFEWORKS
 NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
 Years Ended September 30, 2015 and 2014

NOTE 3: Investments and Investment Income (Continued)

The following table sets forth by level, within the fair value hierarchy, the Organization's assets at fair value as of September 30, 2014:

Unrestricted Investments

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Common stock	\$ 935	\$ -	\$ -	\$ 935

Investments - Restricted as to Use

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Equities mutual funds	\$334,164	\$ -	\$ -	\$ 334,164
Fixed income mutual funds	179,643	-	-	179,643
Total	<u>\$ 513,807</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 513,807</u>

Investments restricted to use are composed of investments held in the LifeWorks General Endowment Fund, a quasi-endowment established by the board of governors. The funds are committed, granted or to be expended in furtherance of the purposes of LifeWorks as the Executive Committee of the Board of Governors in its discretion shall from time to time determine.

Components of investment income reported in the consolidated financial statements for the years ended September 30:

	<u>2015</u>	<u>2014</u>
Interest - including interest on note receivable	\$ 367,835	\$ 367,841
Mutual fund dividends	46,804	28,148
Realized gain / (loss)	65	9,848
Unrealized gains (losses)	(67,403)	4,050
Management fees	(3,901)	(3,644)
Total	<u>\$ 343,400</u>	<u>\$ 406,243</u>

YOUTH AND FAMILY ALLIANCE DBA LIFEWORKS
 NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
 Years Ended September 30, 2015 and 2014

NOTE 1: Description of Organization and Summary of Significant Accounting Policies (Continued)

Subsequent Events: Management of the Organization has evaluated subsequent events for disclosure through the date of the independent auditors' report, the date the financial statements were available to be issued.

NOTE 2: Risks and Concentrations

Credit risk: Cash balances with financial institutions in excess of Federal Deposit Insurance Corporation insurance coverage are considered a credit risk. Throughout the year, cash balances consistently exceeded the FDIC coverage. The Organization does not require collateral for any of its deposits. The Organization considers its funds to be in high quality financial institutions and constantly monitors its financial positions with the institutions and does not anticipate any nonperformance by any of the parties. At September 30, 2015, cash balances in excess of insurance coverage was \$1,685,349.

Market risk: The Organization invests in professionally managed mutual funds that contain various types of marketable securities. Such investments are exposed to various risks, such as fluctuations in market value and credit risk. Changes in these risks could affect the investment balances and amounts reported in the financial statements.

NOTE 3: Investments and Investment Income

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at September 30, 2015.

Common Stock: Valued at the closing price reported on the active market on which the individual securities are traded.

Mutual funds: Valued at the net asset value (NAV) of shares held by the Organization at period end.

The following table sets forth by level, within the fair value hierarchy, the Organization's assets at fair value as of September 30, 2015:

Unrestricted Investments

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Common stock	\$ -	\$ -	\$ -	\$ -

Investments - Restricted as to Use

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Equities mutual funds	\$322,322	\$ -	\$ -	\$ 322,322
Fixed income mutual funds	166,800	-	-	166,800
Total	<u>\$489,122</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 489,122</u>

 Years Ended September 30, 2015 and 2014

NOTE 4: Receivables and Pledges (Continued)

Details of other pledge activity for the years ended September 30:

	2015	2014
Beginning of year other pledges	171,341	142,572
Other pledges received during the year	101,351	186,380
Total pledges received	272,692	328,952
Other pledges collected during the year	(98,523)	(95,978)
Pledges written off	(28,551)	(61,633)
Balance of other pledges	145,618	171,341
Total pledges	\$ 145,618	\$ 323,841

Pledges collectible in future periods are the following at ended September 30:

	2015	2014
Collectible within one year	\$ 131,649	\$ 256,495
Collectible - one to five years	13,969	67,346
Total outstanding pledges	145,618	323,841
Pledges due in the next year	(131,649)	(256,495)
Present value discount	-	(1,806)
Total	\$ 13,969	\$ 65,540

Pledges due in future periods are discounted at an effective interest rate of .13% to 1.42%. Annual amortization of the present value discount is reported as contributions.

The use of a present value technique in determining the fair value of pledges receivable is a Level 3 fair value measurement in accordance with the FASB ASC 820 hierarchy.

NOTE 5: Cash - Restricted as to Use

Details of cash - restricted as to use reported in the financial statements are the following at September 30:

Cash held for:

	2015	2014
Capital Campaign purposes	\$ 138,281	\$ 50,983
LifeWorks Affordable Housing	31,972	25,348
LifeWorks General Endowment Fund	16,088	16,056
Webber Scholarship Fund	90,460	102,898
Client savings accounts	22,057	16,178
Total	\$ 298,858	\$ 211,463

NOTE 4: Receivables and Pledges

Receivables

Details of receivables reported in the consolidated financial statements as of September 30:

	2015	2014
Grants and contracts	\$ 2,824,239	\$ 1,378,068
Other receivables	36,139	52,098
United Way allocations	86,250	86,250
Total	\$ 2,946,628	\$ 1,516,416

Grants and contracts collectible in future periods as of September 30:

	2015	2014
Collectible within one year	\$ 2,691,239	\$ 1,378,068
Collectible - one to five years	133,000	-
Total outstanding	\$ 2,824,239	\$ 1,378,068

Pledges

Pledges are promises to give to a Capital Campaign. The pledges are temporarily restricted for purposes specified in the campaign to establish and sustain the infrastructure of Lifeworks' Sooch Foundation Youth and Family Resource Center.

Details of Capital Campaign pledge activity for the years ended September 30:

	2015	2014
Capital Campaign pledges received during the year	\$ -	\$ -
Capital Campaign pledges received in prior years	5,994,333	5,994,333
Total pledges received	5,994,333	5,994,333
Capital Campaign pledges collected through year-end	(5,976,833)	(5,834,833)
Pledges written off	(17,500)	(7,000)
Balance of Capital Campaign pledges	-	152,500

Other pledges are unconditional promises to give.

YOUTH AND FAMILY ALLIANCE DBA LIFEWORKS
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
Years Ended September 30, 2015 and 2014

NOTE 8: Other Assets - Funds at Austin Community Foundation

Beneficial interest in assets held by others - LifeWorks has established the LifeWorks Endowment Fund (the Fund) with The Austin Community Foundation (ACF) and has granted variance powers to ACF. General terms of the agreement are the following: Contributions - any person or organization may make a contribution to the Fund by a transfer of cash or other assets to ACF. All contributions to the Fund shall be irrevocable and shall be used in furtherance of the purpose of the Fund. The Fund is a permanent endowment of ACF. The net income of the Fund is for the furtherance of the purposes of LifeWorks (the Beneficiary). An amount equal to the net income of the Fund shall be available for distribution to the Beneficiary at least annually. The LifeWorks Endowment Fund had a balance of \$135,705 and \$150,562 as of September 30, 2015 and 2014, respectively. This amount is not reported on these consolidated financial statements.

NOTE 9: Retirement Plan

LifeWorks maintains the LifeWorks 403(b) Employee Savings Plan, a single-employer 403(b) retirement plan, covering all eligible employees of LifeWorks. Participation in the plan is voluntary and the annual matching contribution to the plan is discretionary. For the calendar year 2014, the employer contributions were approved at 100 percent of the participants' contributions up to 2.5 percent and amounted to \$76,452. For calendar year 2013, the employer contributions were approved at 100 percent of the participant's contribution up to 2.7 percent and amounted to \$73,039. The future benefits of the plan are funded by a contract with an insurance company. Participants are immediately vested in their elective deferrals plus actual earnings thereon. Vesting in any matching contributions is based on years of continuous service. A participant is 100 percent vested after four years of credited service. The plan has no unfunded retirement costs.

Years Ended September 30, 2015 and 2014

NOTE 6: Fixed Assets

The following is a summary of fixed assets reported in the financial statements:

	2015	2014
Land and land improvements	\$ 2,503,415	\$ 2,496,116
Buildings and improvements	15,869,181	15,869,181
Leasehold improvements	7,500	7,500
Furniture and equipment	148,951	148,951
Computer equipment	195,929	195,929
Vehicles	214,588	196,299
	18,939,564	18,913,976
Less: accumulated depreciation	(2,127,722)	(1,745,525)
Total	\$ 16,811,842	\$ 17,168,451

For the years ended September 30, 2015 and 2014, depreciation expense totaled \$409,324 and \$382,355, respectively.

NOTE 7: Note Receivable

On November 1, 2011, LifeWorks loaned COCRF Investor I, LLC (COCRF) \$7,900,000. A portion of the interest is paid quarterly starting December 1, 2011 and the interest earned but not paid is accrued and added to the note. The interest rate is 3.58% per annum. The note matures on November 1, 2018, at which time the principal and accrued interest is due. Capital One, NA owns 100% of COCRF and COCRF owns 100% of Capital One Community Renewal Fund, LLC and 99.99% of TX CDE IV, LLC. See Note 10 for borrowings from Capital One, NA and COCRF subsidiaries. The note receivable is part of the NMTC program in Note 1.

Interest accrued during the years ended September 30, 2015 and 2014, totaled \$282,756 and \$282,752, respectively.

Note receivable as of September 30:

	2015	2014
Loan to COCRF	\$ 7,900,000	\$ 7,900,000
Accrued interest	1,107,445	824,689
Total due on note receivable	\$ 9,007,445	\$ 8,724,689

 NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
 Years Ended September 30, 2015 and 2014

NOTE 10: Long Term Debt and Other Debt (Continued)

Other debt reported in the financial statements consists of funds from the Austin Housing Finance Corporation, Texas Department of Housing and Community Affairs, and Federal Home Loan Bank that were used to purchase and renovate property used in the Housing & Homeless program. If LifeWorks continuously meets certain requirements set out in the loan agreements, the debt may be forgiven at maturity or a portion annually. Other debt consists of the following:

	2015	2014
Note payable to Austin Housing Finance Corporation, dated May 4, 2006, principal amount of \$300,000 with 0% interest until maturity, principal and interest not due and payable until May 4, 2026, collateral is a deed of trust. If the property is sold during the term of the loan agreement, LifeWorks must pay the lender all amounts received from the sale over the amount of the note.	\$ 300,000	\$ 300,000
Note payable to Austin Housing Finance Corporation, dated November 18, 2009, principal amount of \$500,000 with 0% interest until maturity, principal and interest not due and payable until July 30, 2015, collateral is a deed of trust. If the property is sold during the term of the loan agreement, LifeWorks must pay the lender all amounts received from the sale over the amount of the note.	-	500,000
Note payable to Austin Housing Finance Corporation, dated February 6, 2013, principal amount of \$850,000 with 0% interest until maturity, principal and interest not due and payable until January 31, 2112, collateral is a deed of trust. If the property is sold during the term of the loan agreement, LifeWorks must pay the lender all amounts received from the sale over the amount of the note.	850,000	850,000
Note payable to Capital One, National Association, dated February 6, 2013, with a maturity of October 25, 2030. The loan proceeds are for a Federal Home Loan Bank (FHLB) Affordable Housing program. No interest is accrued on the loan. The note is secured by the land and building.	500,000	500,000
Note payable to Texas Department of Housing and Community Affairs, dated February 6, 2013, principal amount of \$3,444,379 with 0% interest until maturity, July 1, 2043, collateral is a deed of trust. \$114,813 of the debt is forgiven annually, if the Organization is not in default. If the property is sold during the term of the loan agreement, LifeWorks must pay the lender all amounts received from the sale over the amount of the note.	3,214,753	3,182,798
Total other debt	4,864,753	5,332,798

YOUTH AND FAMILY ALLIANCE DBA LIFEWORKS
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
Years Ended September 30, 2015 and 2014

NOTE 10: Long Term Debt and Other Debt

Long-term debt reported in the financial statements consists of the following:

	2015	2014
Note payable to a Capital One, NA, dated October 31, 2011, with a maturity of October 28, 2017. Interest rate is the LIBOR rate plus 2.75% (2.88% as of September 30, 2014). Quarterly principal payments of \$16,500 plus interest due the 1st of each quarter. The note is secured by land, building and capital campaign receivables.	\$ 920,000	\$ 986,000
Note payable to TX CDE IV, LLC a CDE, dated November 1, 2011, with a maturity of November 1, 2018. Interest rate is 1.50%. Quarterly payments of interest only. The note is secured by the land, building, rental income and capital campaign receivables.	5,000,000	5,000,000
Note payable to Capital One Community Renewal Fund, LLC, dated November 1, 2011, with a maturity of November 1, 2018. Interest rate is 1.00%. Quarterly payments of interest only. The note is secured by the land, building, rental income and capital campaign receivables.	5,000,000	5,000,000
Total debt	10,920,000	10,986,000
Less current portion	(66,000)	(66,000)
Debt, noncurrent portion	\$ 10,854,000	\$ 10,920,000

LifeWorks' debt agreement with Capital One, NA contains certain debt covenants LifeWorks is required to maintain. LifeWorks is in compliance with the debt covenants as of September 30, 2015.

YOUTH AND FAMILY ALLIANCE DBA LIFEWORKS
 NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
 Years Ended September 30, 2015 and 2014

NOTE 12: Contingencies

Indirect Cost Rate: LifeWorks has an Indirect Cost Rate Agreement with the Department of Health and Human Services. LifeWorks used a provisional indirect cost rate of 31.4% for the period October 1, 2013 through September 30, 2014 and 33.5% for the period October 1, 2014 through next submission. The indirect cost rate is applicable for use on grants, contracts and other agreements with the Federal government. The elements of indirect cost and the type of distribution base used in computing provisional rates are subject to revision when final rates are negotiated.

LifeWorks must submit costs to establish a final indirect cost rate. Billings and charges to Federal awards must be adjusted if the final rate varies from the provisional rate. If the final rate is greater than the provisional rate and there are no funds available in the contract to cover the additional indirect costs, LifeWorks may not recover all indirect costs. Conversely, if the final rate is less than the provisional rate, LifeWorks may be required to pay back any excess in indirect costs reimbursed by the funding agency.

NOTE 13: Designations

Designations reported in the consolidated financial statements consist of the following at September 30:

	2015	2014
LifeWorks General Endowment Fund	\$ 505,210	\$ 529,863

NOTE 14: Temporarily Restricted Net Assets

During the years ended September 30, 2015 and 2014, net assets of \$1,943,882 and \$2,366,204, respectively, were released from restrictions imposed by donors as the result of actions or through the passage of time. The amount is shown as net assets released from restrictions on the accompanying consolidated statement of activities, and consisted of the following at September 30:

	2015	2014
Capital Campaign	\$ 174,341	\$ 348,296
United Way Capital Area	115,000	115,000
Counseling	293,258	320,948

OTHER FINANCIAL INFORMATION

**INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN
ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS* and
*UNIFORM GRANT MANAGEMENT STANDARDS***

To the Board of Governors
Youth and Family Alliance dba LifeWorks
Austin, Texas

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States and *Uniform Grant Management Standards*, issued by the Governor's Office of Budget and Planning, the consolidated financial statements of Youth and Family Alliance dba LifeWorks (LifeWorks), which comprise the consolidated statement of financial position as of September 30, 2015, and the related consolidated statements of activities, functional expenses, and cash flows for the year then ended, and the related notes to the consolidated financial statements, and have issued our report thereon dated February 17, 2016.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered LifeWorks' internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of LifeWorks' internal control. Accordingly, we do not express an opinion on the effectiveness of LifeWorks' internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

FEDERAL COMPLIANCE SECTION

**INDEPENDENT AUDITORS' REPORT ON COMPLIANCE WITH REQUIREMENTS
THAT COULD HAVE A DIRECT AND MATERIAL EFFECT ON
EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER
COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133
AND THE STATE OF TEXAS SINGLE AUDIT CIRCULAR**

To the Board of Governors
Youth and Family Alliance dba LifeWorks
Austin, Texas

Report on Compliance for Each Major Federal and State Program

We have audited Youth and Family Alliance dba LifeWorks' (LifeWorks) compliance with the types of compliance requirements described in the *OMB Circular A-133 Compliance Supplement* and the *State of Texas Single Audit Circular* that could have a direct and material effect on each of LifeWorks' major federal and state programs for the year ended September 30, 2015. LifeWorks' major federal and state programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal and state programs.

Auditors' Responsibility

Our responsibility is to express an opinion on compliance for each of LifeWorks' major federal and state programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organization*; and *Uniform Grant Management Standards*, issued by the Governor's Office of Budget and Planning; and the *State of Texas Single Audit Circular*, issued by the Governor's Office of Budget and Planning. Those standards, OMB Circular A-133 and the *State of Texas Single Audit Circular* require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal or state program occurred. An audit includes examining, on a test basis, evidence about LifeWorks' compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal and state program. However, our audit does not provide a legal determination of LifeWorks' compliance.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether LifeWorks' consolidated financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of consolidated financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards* and *Uniform Grant Management Standards*, issued by the Governor's Office of Budget and Planning.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* and *Uniform Grant Management Standards*, issued by the Governor's Office of Budget and Planning in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Opinion on Each Major Federal and State Program

In our opinion, LifeWorks complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal and state programs for the year ended September 30, 2015.

Report on Internal Control Over Compliance

Management of LifeWorks is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered LifeWorks' internal control over compliance with the types of requirements that could have a direct and material effect on each major federal or state program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal or state program and to test and report on internal control over compliance in accordance with OMB Circular A-133 and the *State of Texas Single Audit Circular*, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of LifeWorks' internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal or state program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal or state program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal or state program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of OMB Circular A-133 and the *State of Texas Single Audit Circular*. Accordingly, this report is not suitable for any other purpose.

YOUTH AND FAMILY ALLIANCE DBA LIFEWORKS
NOTES TO SCHEDULES OF EXPENDITURES OF FEDERAL AND STATE AWARDS
Year Ended September 30, 2015

NOTE A - BASIS OF PRESENTATION

The accompanying schedules of expenditures of federal awards and of state awards includes the federal grant activity and state grant activity of Youth and Family Alliance and are presented on the accrual basis of accounting. The information in these schedules is presented in accordance with the requirements of OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*; therefore, some amounts presented in these schedules may differ from amounts presented in, or used in the preparation of the consolidated financial statements.

NOTE B - AUSTIN HOUSING FINANCE CORPORATION LOANS

These amounts are included on the Schedule of Expenditures of Federal Awards because they represent loans still outstanding with HUD. Of the total loan amount, \$1,150,000 was not expended in the current year.

- * The flood zone determination is based solely on a graphical interpretation of the FEMA Flood Insurance Rate Map (FIRM). Parcels with flood zones A, AE, AO, or AH are located or partially located within the FEMA Special Flood Hazard Area designated 1% annual chance flood hazard (100-year floodplain). Parcels with flood zone **0.2% annual chance flood hazard** (500-year floodplain) are located or partially located within the shaded zone X portion of the FIRM. Parcels with flood zone **X Protected by Levee** are located within in an area protected by a levee from the 1% annual chance flood hazard. Parcels with flood zone X are located outside the 0.2% annual chance flood hazard. The 1% annual chance flood hazard is the base flood and is used to determine the base flood elevation (BFE) for flood insurance purposes. BFEs must be determined using the flood profiles contained in the effective Flood Insurance Study (FIS). The FEMA 1% annual chance floodplains *may differ* from the City of Austin regulatory floodplains.
- ** The City of Austin uses the fully developed 25-year and 100-year floodplains to regulate development within the full purpose and extra territorial jurisdiction (ETJ) as established in the Land Development Code. The City of Austin regulatory floodplains *may differ* from the FEMA 1% annual chance floodplains.

The City provides the information on this form using the best available engineering and topographic data. Floodplain elevations to be used for development applications must be determined by a Texas Registered Professional Engineer. The official determination of a parcel's floodplain status may necessitate a comparison of the floodplain elevations to an on-the-ground topographic survey by a registered design professional.

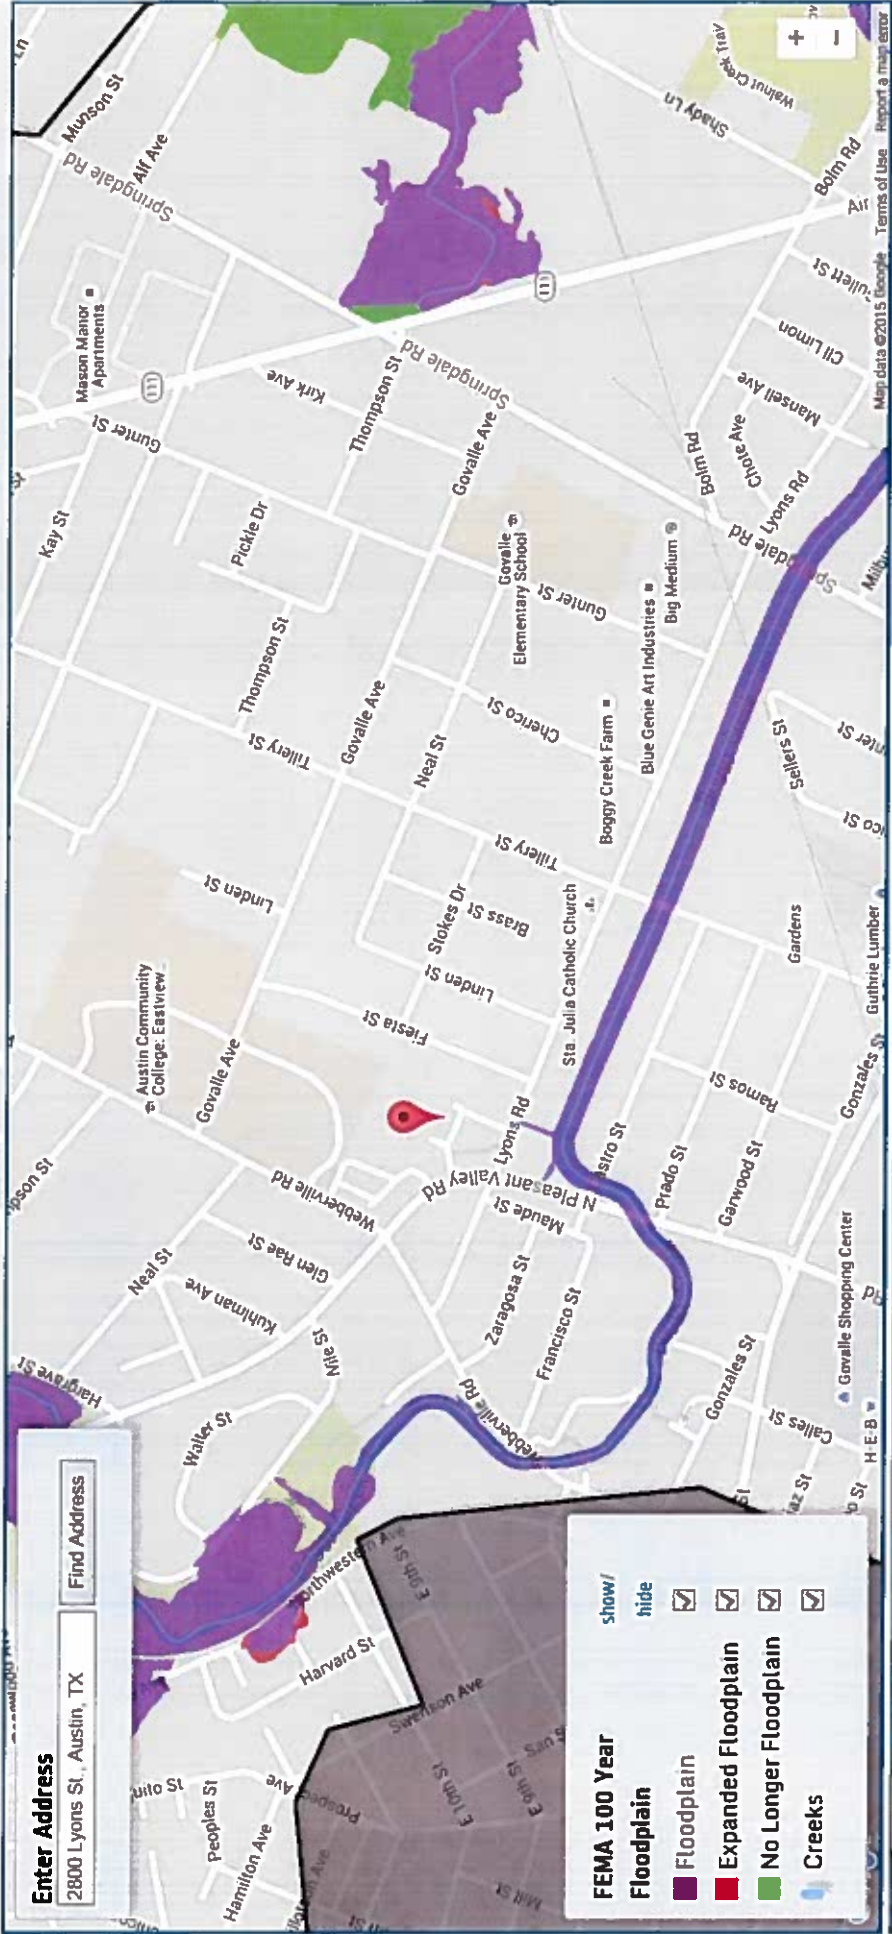

DISCLAIMER: The City of Austin provides this information on request as a courtesy to our citizens. Any use of this information is at the sole discretion of the user. The City of Austin makes no warranty, expressed or implied, for the accuracy, completeness, or applicability of the information provided in this form.

THIS FORM IS NOT A PERMIT FOR DEVELOPMENT. For information about development permitting, call the City of Austin Development Assistance Center at 512-974-6370. **THIS FORM IS NOT A SUBSTITUTE FOR FEMA FORM 81-93, STANDARD FLOOD HAZARD DETERMINATION.** Private flood hazard determination companies may provide Form 81-93. LifeWorks Affordable Housing Corporation

**Corporate Resolution
Board of Directors
November 30, 2016**

Authorization to Negotiate Contract for Lease of Land

BE IT RESOLVED that the Board of Directors of LifeWorks Affordable Housing Corporation, do hereby authorize Susan McDowell, President, to negotiate a contract and take all actions necessary to execute and deliver such contracts consistent with the discussions in the Board of Directors meeting for the lease of an approximate .5-acre site at a mutually agreeable price, based on a fair market appraisal and a metes and bounds description of the identified parcel from LifeWorks Enterprises.

Adopted by the Board of Directors at a meeting held on November 30, 2016.

RE: Appraisal update of the 0.5 acres of land, out of Lot 1 located at 835 N. Pleasant Valley Road, Austin, Travis County, Texas 78702; LSAR File #5541c.cpg/csg.

Dear Mr. Weynand:

At your instructions, we have prepared an appraisal of the above referenced property. The appraisal has been presented herein in a narrative format at your request. We have inspected the subject property described above and have completed a drive by of the sales comparables.

For the purposes of this appraisal, the subject property is described as follows: 0.5 acres of vacant land (Out of Parent Parcel, Lot 1) located at 835 N. Pleasant Valley Road within the city of Austin, Texas. The subject property is part of lot 1, which consists of 3.468 acres of land, including the subject 0.5 acre tract. The subject property is part of a commercial site, with Lot 1 being improved with an office building. Although Lot 1 is partially improved, the appraiser is only appraising a 0.5 acre portion of unimproved land for the sake of this appraisal.

The appraiser has previously appraised the subject property on September, 24, 2010, February 16, 2011, April 4, 2012, and November 30, 2012.

This report was prepared in accordance with the assumptions and limiting conditions stated in this report and the report is intended to comply with the Uniform Standards of Professional Appraisal Practice as promulgated by The Appraisal Foundation. At your request, we have provided you with an "As Is" market value estimate of the subject property.

Lifeworks Enterprises, LLC
0.5 Acres of Land – Out of Lot 1
835 N. Pleasant Valley Road
Austin, Texas

The research and analyses necessary to furnish you with a market value recommendation for the subject property has been completed. Market Value is defined within the body of this report. Based upon the investigation and analysis of the data, the following represents our estimate of the fee simple market value, as of **December 8, 2015**.

Property – 0.5 Acres of Land, Out of Lot 1, 835 N. Pleasant Valley Road, Austin, Texas

“As Is”

SIX HUNDRED NINETY SEVEN THOUSAND DOLLARS

(\$697,000)

Your attention is directed to the following pages, which contain an analysis of the subject property, in addition to information regarding the data utilized and the analysis of the appraisers in formulating the conclusions reported herein.

If you should have any questions or need additional information, please inform us of such. We appreciate the opportunity to be of service to you.

Respectfully submitted,

THE APPRAISAL PROCESS

In describing the appraisal process, it is first necessary to define an appraisal. An appraisal is defined as, "the act or process of estimating value."¹ An appraisal is based on selective research into appropriate market areas, assemblage of pertinent data, the application of appropriate analytical techniques, and the knowledge, experience and professional judgment necessary to develop an appropriate solution to a problem." The appraisal process is defined as the: "systematic analysis of the factors that bear upon the value or utility of real estate". An orderly program by which the problem is defined, the work necessary to solve the problem is planned, and the data involved are acquired, classified, analyzed, and interpreted into a final opinion or conclusion."² These two definitions as to what an appraisal is and the process by which it is completed provide the basic framework for all appraisal assignments. A schematic of the appraisal process can be listed as follows:

¹The Appraisal Foundation, *Uniform Standards of Professional Appraisal Practice* "Definitions" and Appraisal Institute, *Supplemental Standards of Professional Appraisal Practice* "Definitions Problems."

²The Appraisal Institute, *The Appraisal of Real Estate*, 12th Edition, (Chicago: Appraisal Institute, 2001), 69.

In the valuation of real property, each is unique and many types of value conclusions can be estimated for the property. Typically, the appraisal estimates the market value of the property; however, the valuation process contains the information necessary to provide any other defined value. The appraisal process while not an exact science does provide a logical and supportable process for which real property can be valued.

DEFINITION OF THE PROBLEM

Identification of Client/Intended User(s)

This appraisal is intended for the use of the client, the client's advisors and relevant and regulatory authorities. The authorized intended user is also TDHCA. The client for this report is:

Mr. Mitch T. Weynand,
Chief Operating Officer
Lifeworks Enterprises, LLC
3700 South 1st Street
Austin, Texas 78704

This appraisal may not be relied upon by any other financial lender. The appraisal has not and cannot be re-addressed. This report is not intended for any other user(s).

Intended Use of Appraisal

The intended use of this appraisal is for financing decisions and mortgage underwriting. This report is not intended for any other user(s).

Purpose of Appraisal

The purpose of this appraisal is to estimate the market value of the subject property.

Definition of Property Rights Appraised

Fee Simple Estate

Absolute ownership unencumbered by any other interest or estate, subject only to the limitations imposed by the governmental powers of taxation, eminent domain, police power, and escheat.³

Date of Opinion of Value

The effective date of this appraisal including all analyses, the physical inspection, and value conclusion is December 8, 2015. **The appraiser has previously appraised the subject property on September 24, 2010, February 16, 2011, April 4, 2012, and November 30, 2012.**

Identification of Characteristics of Property

The subject property is identified as follows:

Property Type:	Commercial Land
Property Name:	0.5 Acres of Land - Lot 2
Address:	835 N. Pleasant Valley Road, Austin, Texas 78702
Legal Description:	"Lot 1, Block A, Lifeworks Subdivision, City of Austin, of the official public records of Travis, County, Texas".
Tax ID Number(s):	819544 (parent parcel Lot 1) by Travis County

Occupancy and Use of the Subject Property

The subject property was an unoccupied vacant tract of land, as of December 8, 2015, the date of the inspection and the effective date of this appraisal.

Property Ownership History Analysis

A brief description of transactions involving the subject property is included to aid the reader in following the chain of title. A sales history analysis dating back three years is included to meet the requirements of the Uniform Standards of Professional Appraisal Practice (USPAP).

The subject property is currently owned by Lifeworks Enterprises, LLC. No other transactions have been recorded in the previous three years.

³ The Appraisal Institute, The Dictionary of Real Estate Appraisal, 4th Edition, (Chicago: Appraisal Institute, 2002), 113.

Historic Sales Transactions

A title policy was not provided to the appraisers. To aid the reader in the chain of ownership, the appraisers present the following historic transactions. According to the Travis Central Appraisal District tax records, the current owner of the subject property is Lifeworks Enterprises, LLC. A search of the Official Travis County Deed records revealed that no other transactions were noted within the required three year search period.

Current "For Sale" Listing Agreement(s)

The subject property is not currently being marketed "For Sale".

Earnest Money Contract Agreement(s)

The appraiser is not aware of any earnest money agreements.

Owner of Record

The owner of record or title to the subject property as of the effective date of this appraisal appears to be vested in: Lifeworks Enterprises, LLC.

Competency Provision

The appraiser has read and reviewed section §10.304. of Appraisal Rules and Guidelines. This report complies with the stated rules and regulations of section §10.304.

The report contained herein was completed by Chris P. Griesbach, MAI. Mr. Griesbach is a state certified "General Appraiser" in the state of Texas, and he has been awarded the MAI designation by the Appraisal Institute. The appraiser has completed assignments regarding the valuation of properties such as the subject and has the experience and ability to complete the appraisal in a competent manner. The appraiser recognizes and complies with the laws and regulations that apply to this assignment. For a complete description of Mr. Griesbach's qualifications and education background, your attention is invited to the "Qualifications" section of this report.

Statement of Environmental Issues

The appraiser has not made any special effort to discover any adverse environmental conditions and therefore does not accept any responsibility for such discovery. No readily apparent, adverse environmental conditions were observed during the normal course of the property inspection or visit and it is assumed that none exist. If any adverse environmental conditions are discovered, the appraiser should be notified, as the opinion of market value will likely require modification.

As noted in the "Assumptions and Limiting Conditions" contained within this report, the appraiser does not have special expertise regarding environmental hazards, and this report must not be considered as an environmental assessment of the property.

Lifeworks Enterprises
0.5 Acres of Land – Out of Lot 1
835 N. Pleasant Valley Road
Austin, Texas

Extraordinary Assumptions

The subject has access to Lyons Road.

Hypothetical Conditions

None

SCOPE OF WORK

According to the Uniform Standards of Professional Appraisal Practice, it is the appraiser's responsibility to determine the appropriate scope of work. USPAP defines the scope of work as:

The amount and type of information researched and the analysis applied in an assignment. Scope of work includes, but is not limited to, the following:

- the degree to which the property is inspected or identified;
- the extent of research into physical or economic factors that could affect the property;
- the extent of data research; and
- the type and extent of analysis applied to arrive at opinions or conclusions.

Appraisal & Report Type: This appraisal includes sufficient narrative description for the reader to ascertain the estimated value(s) and rationale for the estimate and, provides detail and depth of analysis that reflects the complexity of the real estate appraised. This is a summary appraisal report.

Property Identification and Inspection: The subject has been identified and inspected by the appraiser(s) as follows:

An inspection of the subject was made, and photographs were taken. The property description was provided by information gathered at the inspection by the appraisers, plans and specifications, and county tax records.

Analysis of Physical Factors: All pertinent physical factors were analyzed.

The source of the site size measurements was: Survey

A survey of the property was available. A title commitment/policy was not available.

Analysis of Economic Factors: All pertinent economic factors were analyzed.

The Extent of Data Research: The appraiser(s) maintain a current and comprehensive database of land sales and listings for the greater Austin market area. In addition to market data developed in the course of previous appraisal work and retained in the appraiser(s) work files, other sources of information include:

- LSAR, Inc. Database
- LoopNet & Co-Star
- Austin Board of Realtors Multiple Listing Service
- Area Brokers

Where warranted, market data has been confirmed by a party to the transaction, or other reliable source.

The Type and Extent of Analysis: Cost Approach: This approach is not applicable and has not been developed or utilized as the subject property is vacant land.

Sales Comparison Approach: This approach is applicable, necessary and has been fully developed for the market value estimate.

Income Approach: This approach is not applicable and has not been developed or utilized as the subject property is vacant land.

DEFINITION OF MARKET VALUE

The definition of "Market Value", as defined by the Office of the Comptroller of Currency (OCC) under 12 CFR, Part 34, Subpart C-Appraisals, 34.42 Definitions, the Board of Governors of the Federal Reserve System (FRS) and the Federal Deposit Insurance Corporation in compliance with Title XI of FIRREA, as well as by the Uniform Standards of Appraisal Practice as promulgated by the Appraisal Foundation, is as follows.

Market value means the most probable price which a property should bring in a competitive and open market under all conditions requisite to a fair sale, the buyer and seller each acting prudently and knowledgeably, and assuming the price is not affected by undue stimulus. Implicit in this definition is the consummation of a sale as of a specified date and the passing of title from seller to buyer under conditions whereby,

1. Buyer and seller are typically motivated;
2. Both parties are well informed or well advised, and are acting in what they consider their own best interest;
3. A reasonable time is allowed for exposure in the open market;
4. Payment is made in terms of cash in U.S. dollars or in terms of financial arrangements comparable thereto; and
5. The price represents the normal consideration for the property sold unaffected by special or creative financing or sales concessions granted by anyone associated with the sale.

REGIONAL AND AREA MARKET DATA

Regional and area analyses are included to provide background information relevant to the valuation of the subject property.

Defining the Market Area

The subject region is identified as the Austin-Round Rock-San Marcos Metropolitan Statistical Area, which includes the counties of Travis, Williamson, Hays, Bastrop, and Caldwell. The Austin area is in the south-central part of Texas, within the Interstate Highway 35 Growth Corridor; Austin is approximately 200 miles south of Dallas-Fort Worth, 80 miles north of San Antonio, and 160 miles west of Houston.

Life Cycle of the MSA

The Metro Business-Cycle Index released by the Federal Reserve Bank of Dallas suggests that Austin's economy has been one of the fastest-growing economies in the state. This current growth parallels the growth experienced prior to the recession. According to data from the Federal Reserve Bank of Dallas, the Austin-Round Rock Metro Business-Cycle Index steadily declined from early 2008 to mid-2010, with the index rising from 2010 to the present. The Austin area has continuously been ranked as one of the best places for businesses and careers among 150 metropolitan areas throughout the country. According to the Marcus & Millichap Market Overview, an estimated 33,700 jobs were created in 2013 and the Austin MSA will have an estimated 100,000 more jobs than were present before the recession. Almost all employment sectors are contributing to these numbers. However, the booming technology industry is largely responsible for this growth. All in all, the Austin MSA is in a pattern of growth.

Population

The Austin-Round Rock-San Marcos MSA population grew to more than 1.7 million in 2010, with an average annual increase of 3.5% over the last 10 years, according to the Real Estate Center at Texas A&M University. The city of Austin had a population of 842,750 as of January 2013, which represents a 28.4% increase over the population in 2000. Population projections by the Real Estate Center at Texas A&M University show the Austin-Round Rock-San Marcos MSA to have a population of 2.3 million in 2020 and 3.9 million in 2040, with an annualized projected growth rate between 2.5% and 3.25%. The city of Austin is projected to reach 1 million in 2025.

Analysis of Real Estate

The value influences that affect different types of real estate e.g., residential and commercial, are the same as those affecting the larger, more diverse market area, but the emphasis and relative importance of the factors change with the type of real estate being analyzed. The revival of the Austin-Round Rock-San Marcos MSA business community has consequently seen a revival of the commercial and real estate markets as well. One of the major characteristics of the Austin area commercial and residential markets is the tendency to react quickly to overall market conditions in the region and in the nation.

Conclusions

The Austin-Round Rock-San Marcos MSA has a growing population which is complemented by a workforce that is composed of employees in the ideal "18-44" age with the majority having some college experience. These facts, in combination with the high quality of life, make this region enticing to prospective employers wanting to do business in this MSA. The economic outlook in the market is currently optimistic. The higher median and mean household income for the MSA has been a key factor for a strong real estate market. The low vacancy rate for housing units points to a continuous strong housing market. Having such a low vacancy rate continues to fuel development and construction in this region.

Texas as a whole has a lower tax burden compared to other states. Tax incentives, governmental financing, and bond programs further entice business to the state and the Austin-Round Rock-San Marcos MSA in particular. All the governmental regulations on the state and local level are favorable for various industries wanting to conduct business in this MSA. All the factors previously mentioned lend themselves to bolster the growing economy of this region. Single-family and multi-family real estate continues growing slowly from which a stable commercial market follows. Industrial and commercial properties for the MSA have recently experienced high vacancy and low absorption rates; however, those rates appear to be on a downward trend at this time.

Overall the region is characterized as being well balanced and desirable. The steady growth in the economy is encouraging growth in the commercial and residential real estate markets. As previously stated, the Austin-Round Rock-San Marcos MSA real estate market tends to react quickly to economic changes and this has resulted in dramatic changes in demand levels from year to year. These current trends are expected to continue based on overall economic conditions.

NEIGHBORHOOD ANALYSIS

The purpose of the Neighborhood Analysis is to examine the patterns of urban growth, structure, and change that may affect property values.

A neighborhood is defined as:

"a portion of a larger community, in which there is a homogeneous grouping of inhabitants, buildings, or business enterprises. Inhabitants of a neighborhood usually have a more than casual community of interest. Neighborhood boundaries may consist of well-defined natural or man-made barriers, or they may be more or less well-defined by a distinct change in land use or in the character of the inhabitants." (*Real Estate Appraisal Terminology*, 1981)

BOUNDARIES

The designation of neighborhood boundaries is based upon the appraiser's evaluation of physical and man-made influences affecting the relative values, desirability, and trends in properties surrounding the subject property.

The subject property is located at 835 N. Pleasant Valley Road in the city of Austin in the central portion of Travis County. Its neighborhood boundaries are described as:

Martin Luther King Blvd. (FM 962) to the North
Lady Bird Lake to the South
Highway 183 to the East
Interstate Highway 35 to the West

This boundary description is supported by similar social, economic, governmental, and environmental forces which influence property values in this neighborhood.

PREDOMINANT LAND USE

The subject is located in the eastern portion of the city of Austin and in the central portion of Travis County. The area is predominantly developed with single family residential uses along secondary arteries on standard sized lots and commercial uses along primary neighborhood roadways. The area is transitioning from vacant land to commercial use and redevelopment is occurring on mature properties. From Interstate Highway 35 traveling east, the area is developed with a mixture of commercial retail, office, multi-family and mixed use developments along primary neighborhood arteries and near lighted intersections. Utility services include electricity, water, waste water, gas, and telephone services throughout the area. The City of Austin supplies water and wastewater services. The immediate market area is approximately 75% developed with vacant land tracts still available. The terrain in east Austin is basically level to slightly sloping. Overall, the neighborhood is urban in nature, with expanding commercial and redevelopment, and is considered to be an attractive area for investment over the long term.

SITE ANALYSIS

0.5 Acres of Land, Lot 2, 835 N. Pleasant Valley Road, Austin, Texas

The subject property is located at 835 N. Pleasant Valley Road in the city of Austin with a commercial zoning designation. The subject property consists of 0.5 acres of land (Out of Lot 1, being 3.468 acres).

The subject property currently shares the address, 835 N. Pleasant Valley Road, with the parent lot (Lot 1). Lot 1 has access to both N. Pleasant Valley Road and Lyons Road. Although, subject property does not have any frontage along N. Pleasant Valley Road.

Topography:

Judging from a visual inspection, the site is basically level to slightly sloping. According to the Flood Insurance Rate Map# 48453C0465H, with an effective date of September 26, 2008, from the Federal Emergency Management Agency (FEMA), the subject property does not appear to be within a flood hazard area. The site appears to have adequate drainage for commercial development.

Soil and Sub-Soil Conditions:

The appraisers were not furnished with a soils report. Consequently, we do not express an opinion as to the quality of the soil. Based on surrounding developments and improvements, it would appear the soil is suitable for development. However, the appraiser recommends that a professional engineering report addressing soil stability, toxic waste, and hazardous materials be completed prior to encumbrance, transfer of ownership, or further development.

Environmental Issues:

The appraiser has not made any special effort to discover any adverse environmental conditions and therefore does not accept any responsibility for such discovery. No readily apparent, adverse environmental conditions were observed during the normal course of the property inspection or visit and it is assumed that none exist. If any adverse environmental conditions are discovered, the appraiser should be notified, as the opinion of market value will likely require modification.

As noted in the "Assumptions and Limiting Conditions" contained within this report, the appraiser does not have special expertise regarding environmental hazards, and this report must not be considered as an environmental assessment of the property.

Utilities Services:

The subject site has City of Austin electric, water, and waste water. Other utilities include natural gas and phone services. The site appears to have adequate utility services to support most commercial development.

Streets, Curbs, Sidewalks, Access:

The subject property is located at 835 N. Pleasant Valley Road within the city of Austin. It is located just east of the intersection of N. Pleasant Valley Road and Lyons Road. Both roads are secondary asphalt paved roadways that have one lane in each direction. Both roadways have concrete curbs and sidewalks with open drainage. The subject has access to Lyons Road. The parent lot, Lot 1, has access to both Pleasant Valley Road and Lyons Road.

Zoning, Restrictions:

The subject property is located within the city limits of Austin with a zoning designation of GR-MU-CO-NP; Community Commercial-Mixed Use Combining District-Conditional Overlay. This zoning district allows office, neighborhood retail, multi family and mixed use development.

GR – Community Commercial -

“Community Commercial district is the designation for an office or other commercial use that serves neighborhood and community needs and that generally is accessible from major traffic ways.”

-MU - Mixed Use Combining District –

“Mixed Use combining district is intended for combination with selected base districts, in order to permit any combination of office, retail, commercial, and residential uses within a single development. Allows development of all types of residential uses, including single-family residential, multifamily residential, and town-homes.

Base Districts: The MU combining district may be combined with the commercial base districts listed below. The MU combining district may not be used with a residential base district.”

-CO - Conditional Overlay Combining District –

Purpose: “The purpose of the conditional overlay (CO) combining district is to modify use and site development regulations to address the specific circumstances presented by a site. Use and site development regulations imposed by a CO combining district must be more restrictive than the restrictions otherwise applicable to the property.”

-NP - Neighborhood Plan Combining District

Purpose: To allow infill development by implementing a neighborhood plan that has been adopted by the council as an amendment to the comprehensive plan. Below is a list of items that may be added to properties (individual, sub-district or area-wide) within an NP combining district. These options are discussed during the neighborhood planning process and, if chosen, are adopted concurrently with the neighborhood plan. These options may also be added in the future through the rezoning and plan amendment process.

The appraisal assumes that the subject property would be permitted to be developed with a variety of uses, including office and multi family as depicted in the site plan provided.

DEFINITION OF HIGHEST AND BEST USE

“Highest and Best Use” is a basic premise of value. As with value, “Highest and Best Use” is not an absolute fact; it reflects an appraiser’s opinion of the best use of a property based on an analysis of prevailing market conditions. The term “Highest and Best Use”, as used in this appraisal report, is defined as, “The reasonably probable and legal use of vacant land or an improved property, which is physically possible, appropriately supported, financially feasible, and results in the highest value.” (From The Appraisal of Real Estate, Twelve Edition, prepared by the Appraisal Institute)

A study of the “Highest and Best Use” of a property is the most important, fundamental and critical section in the valuation process. As background for this conclusion, the appraiser will analyze the subject property, the community, the neighborhood in which the property is located and lastly, the basic principles of land utilization.

In this type of analysis, the appraiser will actually conduct two separate studies:

1. An analysis of the site AS VACANT
2. An analysis of the site AS IMPROVED

In estimating the “Highest and Best Use”, there are essentially four stages of analysis:

1. **LEGALLY PERMISSIBLE USE:** What uses are permitted by zoning, deed restrictions and other governmental controls on the site in question?
2. **PHYSICALLY POSSIBLE USE:** What uses of the site in question are physically possible?
3. **FINANCIALLY FEASIBLE USE:** What physically possible and legally permissible use will produce a positive net return or the highest present worth?
4. **MAXIMALLY PRODUCTIVE USE:** Among the feasible uses, which use will produce the highest net return for the longest period of time?

The following tests must be met in estimating the “Highest and Best Use”: the use must be legal, the use must be probable and not speculative or conjectural, there must be a profitable demand for such use, and finally the use must return the highest net return for the longest period of time.

HIGHEST AND BEST USE “AS VACANT”

LEGALLY PERMISSIBLE USE

Legal restrictions, as they apply to the subject, are both public zoning ordinances and private deed restrictions. This is the appraiser's first step in the “Highest and Best Use” since it can narrow down the uses which could be built on a particular site. If a particular use is not legally permissible, then the use is only speculative since it would require a zoning change or variance etc.

The subject site is located within the Austin city limits and is subject to zoning restrictions. The site is zoned for a commercial use. Given the location, access, exposure and visibility, the subject could be developed with a mixed use or any other suitable use which would be legally permissible on the site.

PHYSICALLY POSSIBLE USE

The Physically Possible constraint imposed on the subject property is dictated by the physical aspects of the site itself. In general, the larger the site, the greater it's potential to achieve the economies of scale and flexibility in development.

The subject property has to both Lyons Road. The topography of the site is basically level to slightly sloping, and there are not any noticeable erosion patterns or significant terrain problems that would affect the utility of the site. The subject site has all utilities available to the site. Overall, the subject site appears to adequately allow development of most any use which would be legally permissible on the site, including a mixed use development.

FINANCIALLY FEASIBLE USE

In order to satisfy this constraint the use must produce an acceptable income, or return, in comparison to the operating expenses, financial expenses, and capital amortization. To be financially feasible it must be able to generate an income stream which will support the debt service and operating expenses, as well as provide a reasonable return to the equity dollars invested.

The subject site consists of one .5 acre lot. The location and access to the lot allows for multiple uses. The whole site has a corner configuration with good access and appears to be suited for commercial development. Additionally, both commercial and residential development is taking place in the neighborhood, thus, a commercial development would be financially feasible at this time.

MAXIMALLY PRODUCTIVE

Based on an analysis of market rental rates, occupancy rates, and absorption rates, it is my opinion that, “as vacant”, commercial development of the subject site would be financially feasible at this time. Thus, the maximally productive use would be for development with a mixed use.

In the final analysis, a determination must be made as to the “Highest and Best Use” of the subject site, “as vacant”. Consequently, it is our opinion that the “Highest and Best Use”, “as vacant”, i.e. “maximally productive”, would be for a commercial mixed use development.

SUMMARY

The subject property is a vacant land site. The property is located within the city limits of Austin, which legally permits a commercial mixed use development. A mixed use development is physically possible. Based on the analysis of the neighborhood market and the residential and commercial development taking place within the subject neighborhood, commercial development of the subject site is financially feasible. Therefore, the "Highest and Best Use" of the subject site, "as vacant", is for development with a mixed use.

HIGHEST AND BEST USE "AS IMPROVED"

The "Highest and Best Use" of the subject site, "as improved", is not applicable due to the fact that the subject property is vacant land.

SALES COMPARISON APPROACH

ANALYSIS AND VALUATION OF THE SUBJECT PROPERTY:

The appraisers estimated the market value of the subject property by the Sales Comparison Approach. The underlying premise of this approach is that a prudent purchaser would pay no more for a property than the cost of acquiring an equally desirable substitute site in the open market. Several sales were available within the immediate area, which provided strong market support for the subject property.

Your attention is now directed to the adjustment grid, which shows the adjustments, required to the comparable land sales in estimating the market value of the subject property. An analysis follows the adjustment grid, which explains the adjustments, applied to each of the comparable sales. In addition, a detailed write-up of each of the comparable sales utilized has been included within the addenda of this report.

ADJUSTMENTS TO COMPARABLES

Property Rights Conveyed: All sales were transfers of fee simple rights of ownership; therefore, adjustments were not warranted for property rights conveyed.

Financing Terms: All of the sales were either sold for cash or its equivalent and thus adjustments were not warranted for financing.

Conditions of Sale: All comparable sales were analyzed to determine if the sales price was influenced by the condition, or motivation, of either the buyer or seller.

All sales were arms-length transactions and were purchased without any undue pressure on the buyer or seller, therefore, no further adjustments were warranted for motivation or conditions of the sale.

Market Condition: Based on an analysis of the real estate market for land, the appraiser has estimated the changes in the market for such properties.

All closed sales utilized occurred between April of 2014 and June of 2015. A review of comparable land sales in the subject area indicate that values for similar vacant tracts of land were relatively flat through 2012 and have appreciated (.5%) half-percent each month or 6% annually from January 2013 to the present. Thus, all comparable sales were adjusted upwards accordingly between 3-10%.

Location: The subject property is located at 835 N Pleasant Valley Road, Austin, Travis County, TX 7870.

All comparable sales comparables are considered to have a similar location when compared to the subject property, thus no adjustments were warranted.

Utilities: The subject has access to all public utilities, as do all of the comparables; therefore adjustments were not warranted for utilities.

Site Size: The size of vacant tracts does have an impact on its sales price. Smaller sized tracts typically sell for more per square foot, while larger tracts typically sell for less per square foot.

The subject's property contains +/- 0.5 acres or 21,780 square feet of land area. Comparable sales one, three, and five are smaller tracts when compared to the subject property and were adjusted downward accordingly. Comparable sales two and four are slightly smaller in size when compared to the subject property, yet are similar enough to not warrant any adjustments.

Frontage/Corner: The subject's property has an interior configuration and has frontage along Lyons Road . The subject property has +/- 85 linear feet of frontage along the north side of Lyons Road.

Comparable sales two and four are corner configured lots, thus they were adjusted downwards for their superior frontage when compared to the subject property. Comparable sales one, three, and five have similar frontage when compared to the subject property and did not warrant any adjustments.

VALUATION CONCLUSION OF THE SUBJECT

The appraisers analyzed sales and listings which had occurred in the subject's competing marketplace. All sales comparables were given equal weight in the final valuation. The adjusted values ranged from \$24.42 to \$36.64 per square foot, with a mean of \$31.93 per square foot, rounded to \$32.00. In the final analysis, the indicated value concluded by the appraisers is \$32.00 per square foot. Based on the valuation analysis of the site "as is", the appraisers have estimated the market value as follows:

21,780 square feet x \$32.00/SF = \$696,960 rounded to \$697,000

SIX HUNDRED NINETY SEVEN THOUSAND DOLLARS

(\$697,000)

ESTIMATED EXPOSURE TIME

The definition of Market Value assumes adequate time is allowed for exposure on the open market. The estimated exposure time for the subject property was based on several related factors. The appraiser has considered the following in making his estimate of exposure time.

- 1) The appraiser has considered the available land for sale and/or lease in the marketplace as well as the demand for that land over the past five years: the supply of and demand for comparable properties will affect the time it will take for the subject property to be absorbed by the market.
- 2) The physical and locational characteristics of the subject property and their relationship to the available comparable properties. The characteristics of the property are considered to determine the marketability of the property.
- 3) The appraiser has considered the strengths and weaknesses of the subject market and/or the local area market and how it relates to the overall regional market.
- 4) A survey was conducted of local brokers to get their opinion as to the marketing period for the subject property as well as comparable properties in the area market.

In conclusion, the subject lot is considered to be typical of similar tracts in the subject's market area and to be marketable to sell. The location, surrounding demographics and access to the property are considered to be average as compared to the competition. It is our opinion that if the subject property was listed for sale as of the effective date of this report, at or near the market value estimate concluded within this report, and if it were properly marketed, the property should sell within a **six month** exposure period.

CERTIFICATE AND FINAL VALUE ESTIMATE

CERTIFICATION: I hereby certify:

That as of December 8, 2015, it is my opinion the market value of the subject property is \$697,000. The valuation is based upon my independent appraisal and the exercise of my professional judgment; That I personally inspected the property herein appraised; That to the best of my knowledge and belief, the statements contained herein are true and the information upon which the opinions expressed therein are based is correct, subject to limiting conditions set forth in this real estate appraisal;

This appraisal is made in conformance with appropriate State laws, regulations and policies applicable to appraisal for the acquisition of whole properties; That neither my employment nor my compensation for making this appraisal are in any way connected upon the values reported herein;

That I have no direct or indirect present or future personal interest in such property or in any way benefit from the acquisition of such property appraised;

The appraisal was made and the appraisal report prepared in conformity with the Uniform Appraisal Standards of Appraisal Practice. The analysis and conclusion was prepared by Mr. Chris P. Griesbach.

The appraisal was made and the appraisal report prepared in conformity with the Appraisal Foundation's Uniform Standards for Professional Appraisal Practice.

The undersigned do hereby certify that, to the best of my knowledge and belief:

-The statements of fact contained in this report are true and correct.

-My engagement in this assignment was not contingent upon or reporting predetermined results.

-The reported analyses, opinions, and conclusions are limited only by the reported assumptions and limiting conditions, and is my personal, unbiased professional analyses, opinions, and conclusions.

-I have no present or prospective interest in the property that is the subject of this report, and I have no personal interest or bias with respect to the parties involved.

-My compensation is not contingent on an action or event resulting from the analysis, opinions, or conclusions in, or the use of, this report.

-Mr. Chris P. Griesbach made a personal inspection of the property that is the subject of this report.

-I have not appraised the subject property within three years from the effective date of this report.

-My analysis, opinions, and conclusions were developed, and this report has been prepared in accordance to the standards and reporting requirements of the Appraisal Institute, the American Society of Appraisers, and the Federal Home Loan Bank Board.

LIMITING CONDITIONS AND ASSUMPTIONS

1. Limit of Liability

The liability of LONE STAR APPRAISALS AND REALTY, INC. and employees is limited to the fee collected. There is no accountability, obligation, or liability to any third party. If this report is placed in the hands of anyone other than the client, the client shall make such party aware of all limiting conditions and assumptions of the assignment and related discussions. The Appraisers assume no responsibility for any costs incurred to discover or correct any deficiencies present in the property.

2. Copies, Publication, Distribution, Use and Ownership of Report

Possession of this report or any copy thereof does not carry with it the right of publication, nor may it be used for other than its intended use; the physical report(s) remain the property of LONE STAR APPRAISALS AND REALTY, INC. for the use of the client, the fee being for the analytical services only.

The Bylaws and Regulations of the Appraisal Institute require each Member and Candidate to control the use and distribution of each appraisal report signed by such Member or Candidate; except as hereinafter provided, the client may distribute copies of this appraisal report in its entirety to such third parties as he may select; however, selected portions of this appraisal report shall not be given to third parties without the prior written consent of the signatories of this appraisal report. Neither all nor any part of this appraisal report shall be disseminated to the general public by the use of advertising media, public relations, news, sales or other media for public communication without the prior written consent of LONE STAR APPRAISALS AND REALTY, INC.

3. Confidentiality

This appraisal is to be used only in its entirety and no part is to be used without the whole report. All conclusions and opinions concerning the analysis are set forth in the report which was prepared by the Appraiser(s) whose signature(s) appear on the appraisal report, unless indicated as "Review Appraiser." No change of any item in the report shall be made by anyone other than the Appraiser and/or officer of the firm. The Appraiser and firm shall have no responsibility if any such unauthorized change is made.

4. Trade Secrets

This appraisal was obtained from LONE STAR APPRAISALS AND REALTY, INC. or related companies and/or its individuals or related independent contractors and consists of "trade secrets and commercial or financial information" which is privileged and confidential and exempt from disclosure under 5 U.S.C. 552 (b)(4). Notify the appraiser(s) signing the report or an officer of LONE STAR APPRAISALS AND REALTY, INC. of any request to reproduce this appraisal in whole or part.

5. Information Used

No responsibility is assumed for accuracy or information furnished by or from others, the client, his designee, or public records. We are not liable for such information or the work of possible subcontractors. Be advised that some of the people associated with LONE STAR APPRAISALS AND REALTY, INC., and possibly signing the report, are independent contractors. The comparable data relied upon in this report has been confirmed with one or more parties familiar with the transaction, or from affidavit or other sources thought reasonable; all are considered appropriate for inclusion to the best of our factual judgment and knowledge. An impractical and uneconomic expenditure of time would be required in attempting to furnish unimpeachable verification in all instances, particularly as to engineering and market-related information. It is suggested that the client consider independent verification within these categories as a prerequisite to any transaction involving sale, lease, or other significant commitment of subject property, and that such verification be performed by the appropriate specialists.

6. Testimony, Consultation, Completion of Contract for Appraisal Services

The total fee is payable upon fulfillment/completion of the contract for appraisal, consultation or analytical service. The appraiser(s) or those assisting in preparation of the report will not be asked or required to give testimony in court or hearing because of having made the appraisal, in full or in part, nor engage in post appraisal consultation with client or third parties except under separate and special arrangement and at an additional fee. If testimony or deposition is required because of any subpoena, the client shall be responsible for any additional time, fees, and charges regardless of issuing party.

7. Exhibits

The sketches and maps in this report are included to assist the reader in visualizing the property and are not necessarily to scale. Various photos, if any, are included for the same purpose. Site plans are not surveys unless shown from separate surveyor.

8. Legal, Engineering, Financial, Structural, or Mechanical Nature Hidden Components, Soil

No responsibility is assumed for matters legal in character or nature, nor matters of survey, nor of any architectural, structural, mechanical, or engineering nature. No opinion is rendered as to the title,

which is presumed to be good and merchantable. The property is appraised as if free and clear, unless otherwise stated in particular parts of the report.

The legal description is assumed to be correct as used in this report as furnished by the client, his designee, or as derived by the appraisers.

Please note that no advice is given regarding mechanical equipment or structural integrity or adequacy, nor soils and potential for settlement, drainage, and such (seek assistance from qualified architect and/or engineer) nor matters concerning liens, title status, and legal marketability (seek legal assistance), and such. The lender and owner should inspect the property before any disbursement of funds; further, it is likely that the lender or owner may wish to require mechanical or structural

inspections by a qualified and licensed contractor, civil or structural engineer, architect, or other expert.

The Appraisers have inspected as far as possible, by observation, the land and the improvements; however, it was not possible to personally observe conditions beneath the soil, hidden structurally, or other components. We have not critically inspected mechanical components within the improvements and no representations are made herein as to these matters unless specifically stated and considered in the report. The value estimate considers there being no such conditions that would cause a loss of value. The land or the soil of the area being appraised appears firm, however subsidence in the area is unknown. The appraiser(s) do not warrant against this condition or occurrence of problems arising from soil conditions.

The appraisal is based on there being no hidden, unapparent, or apparent conditions of the property site, subsoil, or structures or toxic materials which would render it more or less valuable. No responsibility is assumed for any such conditions or for any expertise or engineering to discover them. All mechanical components are assumed to be in operable condition and status standard for properties of the subject type. Conditions of heating, cooling, ventilating, electrical and plumbing equipment is considered to be commensurate with the condition of the balance of the improvements unless otherwise stated. No judgment is made as to adequacy of insulation, type of insulation, or energy efficiency of the improvements or equipment.

If the Appraisers have not been supplied with a termite inspection, survey, or occupancy permit, no responsibility or representation is assumed or made for any costs associated with obtaining same, or for any deficiencies discovered before or after they are obtained. No representation or warranties are made concerning obtaining the above mentioned items.

The Appraisers assume no responsibility for any costs or consequences arising due to the need, or the lack of need for flood hazard insurance. An Agent for The Federal Flood Insurance Program should be contacted to determine the actual need for Flood Hazard Insurance.

9. Legality of Use

The appraisal is based on the premise that there is full compliance with all applicable federal, state and local environmental regulations and laws unless otherwise stated in the report; further, that all applicable zoning, building, and use regulations and restrictions for all types have been complied with unless otherwise stated in the report; further, it is assumed that all required licenses, consents, permits, or other legislative or administrative authority (local, state, federal and/or private entity or organization) have been or can be obtained or renewed for any use considered in the value estimate.

10. Component Value

The distribution of the total valuation in this report between land and improvements applies only under the existing program of utilization. The separate valuations for land and building must not be used in conjunction with any other appraisal and are invalid if so used.

11. Auxiliary and Related Studies

No environmental or impact study, special market study or analysis, "Highest and Best Use" analysis study or feasibility study has been requested or made unless otherwise specified in an agreement for services or in the report. The appraisers reserve the unlimited right to alter, amend, revise, or rescind any of the statements, findings, opinions, values, estimates, or conclusions upon any subsequent such study, analysis, previous study, factual information as to market or subject, or analysis subsequently becoming known to him.

12. Dollar Value, Purchasing Power

The market value estimated, and the costs used, are as of the date of the estimate of value. All dollar amounts are based on the purchasing power and price of the dollar as of the date of the value estimate.

13. Inclusions

Furnishings and equipment, personal property, or business operations except as specifically indicated and typically considered as a part of real estate, have been disregarded with only the real estate being considered in the value estimate unless otherwise stated. In some property types, business and real estate interests and values are combined.

14. Existing Improvements, Conditioned Value

Improvements existing, if any, on or off-site, as well as any repairs required are considered, for purposes of this appraisal, to be completed in a good and workmanlike manner according to information submitted and/or considered by the appraisers. In cases of existing construction, the appraisal is subject to change upon inspection of property after construction is completed. This estimate of market value is, as of the date shown, existing as if completed and operating at levels shown and projected.

15. Value Change, Dynamic Market, Influences

The estimated market value is subject to change with market changes over time; value is highly related to exposure, time, promotional effort, terms, motivation, and conditions surrounding the offering. The value estimate considers the productivity and relative attractiveness of the property physically and economically in the marketplace.

In cases of appraisals involving the capitalization of income benefits, the estimate of market value, investment value, or value in use is a reflection of such benefits and appraiser's interpretation of income and yields and other factors derived from general and specific client and market information. Such estimates are as of the date of the estimate of value; they are thus subject to change as the market and value is naturally dynamic.

The "Estimate of Value" in the appraisal report is not based in whole or in part upon the race, color, or national origin of the present owners or occupants of the properties in the vicinity of the property appraised.

The Appraisers reserve the right to alter the opinion of value on the basis of any information withheld or not discovered in the original normal course of a diligent investigation.

16. Management of the Property

It is assumed that the property which is the subject of this report is under prudent and competent ownership and management; neither inefficient nor super-efficient.

17. Professional Fees

The fee for this appraisal or study is for the analytical services rendered and not for the time spent on the physical report or the physical report itself. The physical report(s) remains the property of LONE STAR APPRAISALS & REALTY, INC. under all circumstances.

18. Authenticity

The authentic copies of this report have a light blue cover with a dark blue type seal utilizing the LONE STAR APPRAISALS & REALTY, INC. logo. Any copy that does not have the above is unauthorized and may have been altered. Please contact LONE STAR APPRAISALS & REALTY, INC. if there is any question regarding authenticity of this report.

19. Insulation and Toxic Materials

Unless otherwise stated in this report, the appraiser(s) signing this report has no knowledge concerning the presence or absence of toxic materials and/or urea-formaldehyde foam insulation in existing improvements; if such is present the value of the property may be adversely affected and re-appraisal at additional cost necessary to estimate the effects of such.

20. Right To Alter Market Value

The appraisers and/or officers of LONE STAR APPRAISALS AND REALTY, INC. reserve the right to alter statements, analysis, conclusion or any value estimate in the appraisal if there becomes known to us facts pertinent to the appraisal process which were unknown to us when the report was finished.

21. SPECIAL CONDITIONS

The appraisers made the assumption that the subject property was free and clear of any environmental nuisances which might affect the market value of the property. The appraisers are not environmental experts and thus they have not rendered an opinion as to the presence or absence of any environmental hazards. The appraisers of LONE STAR APPRAISALS AND REALTY, INC. understand that a professional has conducted an environmental site assessment of the subject property and that the report found the site to be clean. However, the appraisers have not been supplied with a copy of the environmental assessment report.

22. Americans With Disabilities Act (ADA)

The reader should note that the owner may be subject to additional financial expenditures in accordance with the Americans With Disabilities Act (ADA), a Federal law codified at 42 USC Section 12101, et seq. Among other requirements of the ADA that could apply to this property, Title III of the ADA requires owners and tenants of "public accommodations" to remove barriers to access by disabled persons and provide auxiliary aids and services for hearing, vision, or speech impaired persons. The compliance deadline for businesses with more than 25 employees was January 26, 1992 and companies with fewer than 10 employees had until January 26, 1993. It should be noted that churches and private clubs are exempt from the requirements of this Act. The regulations under Title II of the ADA are codified at 28 CFR part 36.

The reader should also note that the appraisers are not qualified experts as to the subject's compliance, or noncompliance, under the ADA. In recognition of this law's recent enactment, some of the requirements may be subject to interpretation. However, a very significant factor is that the Act contains no "grandfather" clause for older buildings. The standards for existing buildings are less than. Those for new construction but the buildings must be made accessible to the extent that this is readily achievable.

"Readily achievable" is open for interpretation by the Department of Justice and involves considerations of cost, size of company, number of employees and the financial ability of the owner. More is expected from those with greater financial ability, while undue hardship for others may be considered. In that the owner's financial capability is the primary consideration with respect to compliance, the real estate appraiser cannot determine, nor should he or she be requested to determine, building compliance.

Compliance determination rests with the Department of Justice which recognizes that immediate and full compliance is unattainable for existing buildings. Owners, however, are well-advised to have an accessibility plan in place to show a "good faith" effort for adhering to the law.

Lending institutions need to recognize and address ADA as it affects properties used as collateral for loans. In a foreclosure situation, the bank as the new owner of a property usually has more financial capability than the bankrupt former owner, and may be made liable for more stringent handicap accessibility.

Real estate appraisers should inform their clients of major barriers to access noted during physical inspection. Since the first priority is getting the handicapped person through the door, those items should be noted first. The next priority is providing access to service areas. The third priority is making the restrooms accessible, followed by the rest of the facility.

In conclusion, the ADA requires places of public accommodation and employment to be equally accessible to all people, and it will have long lasting and far reaching effects on real estate. The client is strongly urged to retain the services of a qualified independent expert concerning the interpretation and application of the ADA and to determine the subject's status. The value reported herein is subject to revision, should it later be determined that additional expenditures are required to comply with this Act.

23. ACCEPTANCE OF, AND/OR USE OF, THIS APPRAISAL REPORT CONSTITUTES ACCEPTANCE OF THE ABOVE CONDITIONS.

**SPECIAL REPORT CONDITIONS, APPRAISER'S
LIABILITY LIMITATIONS AND CLIENT AGREEMENTS**

The acceptance of this report and its use by the client in any manner whatsoever or for any purpose is acknowledgement by him that this report is a satisfactory professional product, and that he has personally read the report, and specifically agrees that the data herein is accurate to the best of the appraisers' ability.

The report remains the personal property of the signer and may not be transmitted to a third party without the signer's written permission. Permission is granted to transmit to a third party mortgagee.

LONE STAR APPRAISALS & REALTY, INC. and/or the individual signatories personal responsibility does not extend to a third party under any circumstance whatsoever.

As a part of the Appraiser-Client employment agreement, the client agrees to notify LONE STAR APPRAISALS & REALTY, INC. or it's representative of any error, omission, or invalid data herein within fifteen (15) days of receipt and return the report along with all copies to LONE STAR APPRAISALS INC. for correction prior to any use whatsoever.

UNDER NO CIRCUMSTANCES shall LONE STAR APPRAISALS & REALTY, INC. or individual signatories liability exceed the fee actually collected for this report, and then only in case of a gross error which would have materially affected the appraiser's value opinion as of the date of the valuation.

Thus, by acceptance of this report, you acknowledge that a value opinion is the product of a professionally trained mind but nevertheless is an opinion only; and not a provable fact. As a personal opinion, valuation may vary between appraisers based on the same facts.

Thus, LONE STAR APPRAISALS & REALTY, INC. and individual signatories warrant only that the value conclusion is his best opinion estimate as of the exact day of valuation.

QUALIFICATIONS OF CHRIS P. GRIESBACH, MAI

Chris P. Griesbach graduated from the University of Texas-Austin with a Bachelor of Business Administration degree with his majors being in Real Estate and General Business. He has been active in real estate since 1981 and his experience includes residential and commercial real estate appraising, property management, real estate development, investments, and brokerage. Chris is currently an active member with the Appraisal Institute (MAI), a member of the International Right of Way Association (IRWA), a designated realtor member with the Austin Board of Realtors, a member of the Austin Multiple Listing Service, and a licensed Real Estate Broker in Texas. Additionally, Mr. Chris P. Griesbach is a State Certified General Real Estate Appraiser in the State of Texas. His Certificate Number is: TX-1321135-G.

Chris is an approved appraiser for the State Department of Highways and Public Transportation, the City of Pflugerville, the City of Cedar Park, City of Leander, City of Kyle, the City of Georgetown, Travis County, the City of Austin, Williamson County, and The Lower Colorado River Authority, as well as numerous mortgage and banking institutions. His appraisal experience includes commercial, residential, industrial, office, farm and ranch, mixed-use subdivisions, raw land, and special purpose properties such as drug stores, hotels, postal facilities, and cold storage facilities just to name a few. Chris has specialized in the Eminent Domain field since 1988 and has extensive experience appraising partial acquisitions for right of way and/or easements of all types. Chris also has extensive experience valuing whole property acquisitions for libraries, police stations, detention ponds, lift stations, and other uses. Additionally, Chris regularly performs both appraisals and equity analysis for taxing authorities for tax protests or lawsuits. His appraisal experience is extensive being that he has been an active full time real estate appraiser from 1983 to the present. Chris is the Principal owner of *LONE STAR APPRAISALS & REALTY, INC.* which has been in business since 1988.

S.M.A.R.T. Housing Certification

Lifeworks Affordable Housing Corporation- Phase II - Works at Pleasant Valley
2800 Lyons Road (project id #66041)

TO WHOM IT MAY CONCERN:

Lifeworks Affordable Housing Corporation (development contact: Mitch Weynand, 512.735.2462, mitch.weynand@lifeworksaustin.org) is planning to develop a 29 -unit multi-family complex. This project will be located at 2800 Lyons Road, in the Govalle Neighborhood Planning Area and is Phase II of the Works at Pleasant Valley project. The term of affordability for the S.M.A.R.T. Housing program will be five (5) years from the date of issuance of Certificates of Occupancy; other funding sources may require longer affordability periods.

NHCD certifies that the proposed construction meets the S.M.A.R.T. Housing standards at the pre-submittal stage. Since 100% of the units will serve households at or below 80% Median Family Income (MFI) or below (31% of units (9) serving households at 80% MFI or below, 38% of units (11) serving households at 50% MFI or below and the other 31% of units (9) will serve households at 30% MFI or below), the development will be eligible for 100% waiver of the fees listed in Exhibit A of the S.M.A.R.T. Housing Resolution adopted by the City Council. The expected fee waivers include, but are not limited to, the following fees:

Capital Recovery Fees	Concrete Permit	Mechanical Permit
Building Permit	Electrical Permit	Plumbing Permit
Site Plan Review	Subdivision Plan Review	Zoning Verification
Construction Inspection	Regular Zoning Fee	Land Status Determination
Parkland Dedication		Building Plan Review

Prior to filing of building permit applications and starting construction, the developer must:

- ◆ Obtain a signed Conditional Approval from the Austin Energy Green Building Program stating that the plans and specifications for the proposed development meet the criteria for a Green Building Rating. (Austin Energy: Heidi Kasper at 512-482-5407).
- ◆ Submit plans demonstrating compliance with accessibility standards.

Before a Certificate of Occupancy will be granted, the development must:

- ◆ Pass a final inspection and obtain a signed Final Approval from the Green Building Program. (Separate from any other inspections required by the City of Austin or Austin Energy).
- ◆ Pass a final inspection to certify that accessibility standards have been met.

The applicant must demonstrate compliance with the reasonably-priced standard after the completion of the units, or repay the City of Austin in full the fees waived for this S.M.A.R.T. Housing certification.

Please contact me by phone 512.974.3128 or by email at Sandra.harkins@austintexas.gov if you need additional information.

City of Austin Good Neighbor Checklist

The Neighborhood Housing and Community Development Office (NHCD) offers a Good Neighbor Policy to standardize process and identify expectations for all projects funded through the City of Austin's Rental Housing Development Assistance (RHDA) and Acquisition and Development (A&D) programs. Applicants of these programs are required to prepare and begin implementing a community engagement plan, including neighborhood notification activities. The community engagement plan is required whether the application is for funding for new construction or renovation of an existing building, regardless of whether there is a change in ownership.

A successful community engagement plan leads to open, ongoing two-way communication between developers and neighbors. This requires good-faith efforts and cooperation by developers, City officials and residents. A positive, open dialogue between housing developers and neighbors can prevent misunderstandings, facilitate prompt resolution of any inadvertent misunderstandings, and provide a fair, thoughtful, dependable means of resolving differences.

The following checklist of items is required of all applicants for funding:

(1) Preliminary Research

Review the Neighborhood Plan (if applicable)

(2) Neighborhood Notification

Notify property owners within at least 500 feet of the site and registered neighborhood organizations with boundaries included in the proposed development site, using a written notice, letter or flyer.

(3) Pre-Application Engagement

Contact neighborhood organizations to provide current information about the project, including any neighborhood association whose boundaries are included in the proposed development site and Neighborhood Planning Contact Team (if applicable). (see full City of Austin Good Neighbor Guidelines for more detailed information on what kind of information may be appropriate to share)

Appoint a Single-Point-of-Contact (SPOC) to serve as the liaison for exchanging information.

(4) Application requirements

Provide communications plan

Provide documentation showing the content of the notice, and proof of delivery

Provide signed copy of this checklist.

I have reviewed and completed all of the above checklist items required by the City of Austin's Good Neighbor Guidelines.

Signed

SUSANA MCDOWELL

RE: NOTICE TO PUBLIC - LifeWorks Affordable Housing Corporation's The Works at Pleasant Valley Phase II: TDHCA Multi-Family Direct Loan Program Application and, City of Austin, Neighborhood Housing and Community Development, Rental Housing Development Application

Dear ,

Youth and Family Alliance dba LifeWorks and the LifeWorks Affordable Housing Corporation are submitting applications for funding with the **Texas Department of Housing and Community Affairs** for their Multi-Family Direct Loan Program and with the **City of Austin, Neighborhood Housing and Community Development Department** for their Rental Housing Development Assistance program. These funds would be used for new construction to expand **The Works at Pleasant Valley, 2800 Lyons Road, Austin, TX 78702 in Travis County**. This **new construction development** is an additional **apartment** building comprised of approximately **29 units of which 100% (29) of the total will be for low-income tenants**. Development of this type of housing is consistent with the Johnson-Govalle Terrace neighborhood community plan.

For more information or to submit comments, please contact me at the phone number or email below or Susan McDowell, Executive Director at 3700 South 1st Street, Austin, TX 78704, Phone: 512-735-2453; Fax: 512-735-2452, or email at Susan.McDowell@lifeworksaustin.org.

Sincerely,

Mitch Weynand
Chief Operating Officer
Office: (512) 735-2462 mitch.weynand@lifeworksaustin.org

Memorandum of Agreement for Supportive Services

This Memorandum of Agreement (“Agreement”) is entered into effective January 17, 2014 by and between LifeWorks Affordable Housing Corporation (Owner) and the Youth and Family Alliance dba LifeWorks (“Service Provider”).

Recitals:

Owner owns and operates property located at 2800 Lyons Road, Austin, Texas and known locally as the Works at Pleasant Valley (“the Works”), a 45 unit affordable housing property. Service Provider is non-profit corporation experienced in providing direct services to client populations that will occupy the units at the Works. The Owner and Service Provider have developed this Agreement to specify the responsibilities and commitments of each party regarding the provision of supportive services to the residents of the Works.

Agreement:

In consideration of the information stated above, the mutual promises contained in this Agreement and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the parties agree as follows:

1. *Service Provision and Responsibility of the Service Provider:*

The Service Provider agrees as follows:

- To be responsible for the provision of supportive services to residents of the Works as described on Attachment A of this agreement.
- To provide adequate staffing to effectively manage and meet the service provision expectations.
- To solicit and maintain funding on an annual basis to meet the service provision expectations.
- To work professionally with the Property Manager hired by the owner to recruit, qualify, and maintain residents of the Works.
- To maintain individual client records and other documentation specifying the services provided.

2. *Commitment and Responsibility of the Owner*

The Owner agrees as follows:

- To hire and maintain in a contractual agreement a professional property management company to manage the maintenance of the property, the property financial records, the rental of units to residents, the recruitment of potential residents, and maintenance of all property and tenant records related to rental and management.
- To provide to the Service Provider a furnished office in the Works leasing office including all utilities, telephone service, internet access, and copying equipment and supplies. Parking for Service provider staff and program vehicles is also provided.
- To provide an amount of funding agreed upon each year depending upon available resources from the Net Operating Income of the property. The initial expected

amount is \$10,000 annually but may be adjusted depending upon the performance of the property.

3. *Mutual Cooperation and Compliance.* The parties agree to cooperate and work together in good faith to effectuate the purpose of this Agreement. Parties agree to abide by and operate programs and services in compliance with all funding sources including but not limited to the Texas Department of Housing and Community Affairs Neighborhood Stabilization Program, the Federal Home Loan Bank of Atlanta Supportive Housing Program, the City of Austin Rental Housing Development Program. The parties agree to provide reports to and access to records to any funding and monitoring parties as required and requested.

4. *No assignment.* Service Provider may not assign this Agreement or any of its rights under this Agreement, and may not permit others to use the shared facilities or any part thereof without the express written consent of Owner.

5. *Term and termination.* This Agreement will be for an initial term of five years and will automatically renew thereafter for subsequent five year terms and remain in effect unless terminated by either party as follows:

(a) Upon breach of this Agreement by a party, the other party may terminate this Agreement immediately upon written notice of default and termination specifying the nature of the breach. In the event the breach is one capable of cure, the written notice of default and termination shall provide the breaching party an opportunity to cure the default within fourteen days from receipt of said notice. If the default is not cured within such fourteen day period, this Agreement will terminate without further notice.

(b) Either party may terminate this Agreement by giving written notice to the other party that the Agreement will terminate thirty days from the receipt of such notice.

Exhibit A

Plan for providing Supportive Services and Empowerment Activities

The LifeWorks Affordable Housing Corporation (Owner) will contract with the Youth and Family Alliance dba LifeWorks (LifeWorks) for a full set of Supportive Services and Empowerment Activities (Services) that will be available to all residents. Additionally the Works at Pleasant Valley is adjacent to two major community resources: The Austin Community College Eastview Campus and the LifeWorks Sooch East Austin Youth and Family Resource Center. Both of these sites have numerous resources and programs that will be available to residents within a very short walking distance. The Services that will be implemented on site and/or by using space in the adjacent Resource Center include the following:

Counseling – LifeWorks staff will provide and arrange for community resources to provide group and individual sessions in the areas of Energy Conservation, Planning for Homeownership, Eviction Prevention, and Landlord/Tenant Rights and Responsibilities.

These activities will be scheduled at various times (day, evening, and weekend) to accommodate residents' work and school schedules. Group activities will be scheduled at least once per month and individual sessions as needed and requested by residents.

These activities will be offered exclusively to the residents and not the general public.

Additionally residents will be able to access a full range to mental health counseling services through the LifeWorks Resource Center. This includes individual, youth and family counseling; violence intervention groups; and psychiatric services. These services are provided by licensed, Master's level, professional practitioners.

Employment Readiness - staff will provide and arrange for community resources to provide group and individual sessions in the areas of skills assessment, resume preparation, interviewing skills/techniques, completing a job application, and job placement assistance. These activities will be scheduled at various times (day, evening, and weekend) to accommodate resident work and school schedules. Group activities will be scheduled at least once per month and individual sessions as needed and requested by residents.

These activities are offered exclusively to the residents and not the general public.

Additionally residents who become client of LifeWorks may be able to access a pool of financial assistance funds that can help assist with transportation costs to work, school and day care; clothing for interviews and uniforms; day care; health care; and other items essential to achieving success in education and employment activities.

Owner Resident Involvement – Lifeworks Staff will coordinate monthly meetings of a Tenant Council. Council members will be selected by residents. Activities will focus on creating and implementing community activities; creating safe communities; designing community traditions and expectations; mutual support and respect for each other; environmental responsibility and recycling program, and energy efficiency education.

Training and Education – all residents will be able to access training and education activities available through the LifeWorks Resource Center. These include GED preparation, Literacy, Computer Skills, Life Skills, Tutoring, and Money Management training. Access and fee

amounts will be dependent upon qualifications for the specific programs and their funding sources. Most are provided at no cost to low-income clients. Residents will be able to meet with LifeWorks case managers to assess needs, create service plans, and get assistance in gaining access to these programs.

Additionally the Austin Community College (ACC) Eastview Campus (adjacent to the Works community) offers university transfer degrees and core curriculum courses, workforce/technical degrees and certificates, and comprehensive student support services, such as advising and counseling, financial aid, library facilities and media services, as well as computer centers and a learning lab with free tutoring.

The campus is home to a variety of workforce programs including Associate Degree Nursing, Biotechnology, Child Development, Computer Studies, Criminal Justice, Culinary Arts, Dental Hygiene, Emergency Services Professions, Fire Protection Technology, Health and Kinesiology, Hotel and Restaurant Management, Medical Laboratory Technology, Occupational Therapy Assistant, Pharmacy Technician, Phlebotomy Technician, Physical Therapist Assistant, Office Administration, Radiology, Sonography, Surgical Technology, and Travel/Tourism, Vocational Nursing.

The campus also is home to a Workforce Solutions community center, which provides career advising and job placement opportunities, and the ACC Adult Education Division, which offers GED and English as a Second Language classes for individuals who are not yet college-ready.

LifeWorks staff will be available to assist residents with enrollment, financial aid, and support activities.

Also located in the LifeWorks Sooch Youth and Family Resource Center, as a tenant, is the Capital Idea organization – a non-profit workforce development agency. Residents will have direct access to their staff, intake and orientation processes. See the attached flyer.

Case Management

Residents who become clients of LifeWorks and the programs operated by LifeWorks onsite will be assigned a staff person to provide case management services. These activities include but are not limited to 1) goal setting by the client; 2) establishing expectations and requirements for participation in program services; 3) education and employment objectives; 4) community resource and service opportunities; 5) medical and mental health services.
