

CONSTRUCTION JOBSITE GUIDELINES

Employees are required to:

Wash hands for 20 sec.
or use hand sanitizer

Maintain 6-foot distance

Cover coughs
and sneezes

Do not come to work if you're
sick (fever, respiratory cough)

No hand shaking

Do not come to work if
you've had contact in the past
14 days with someone with
confirmed COVID-19 virus

The jobsite manager is required to:

- Check health of each worker coming onsite
- Send home anyone who shows signs of being sick (fever, respiratory cough)
- Ensure that workers maintain 6-foot distancing unless it would create an imminent safety hazard
- Provide a handwashing station with soap/water or sanitizer for each 15 employees
- Prohibit use of community water coolers

- Disinfect shared tools regularly
- Clean and disinfect break and meal areas at least twice daily
- Notify Austin Public Health Dept. of any worker who appears to have contracted COVID-19 virus
- Maintain sign in documents for every employee on the jobsite
- Post notice showing the sizes and types of crews and rotating shift at the jobsite
- Post this notice in English and Spanish

Employer recommendations:

The Stay Home – Work Safe Order construction guidance recommends taking no adverse actions against a worker who has been quarantined or who declines to work at a construction site if the worker believes that the site presents an imminent health risk due to COVID-19. Employers should not contest a claim for unemployment benefits as the result of the closure of a construction site due to COVID-19.
