NET
NEIGHBORHOOD ENHANCEMENT TEAM

AUSTINCODE DEPARTMENT

PROJECT GOALS

The Neighborhood Enhancement Team (NET) project assembles participating city departments to coordinate prime city support services to increase education and compliance with city codes while helping to build sustainable and livable communities.

This project focuses on building effective partnerships with community leaders for the improvement of the quality of life in the Rundberg area.

NET GOALS

PUBLIC SAFETY

Reduce crime rates, abate nuisance properties, manage abandoned, vacant and dangerous structures, maintain infrastructure and address missing infrastructure

REDUCE BLIGHT

Reduce trash/debris, tackle illegal dumping, identify bad actors using the repeat offenders program (ROP), and systematically help the community to bring properties into compliance

HEALTH & COMMUNITY CARE

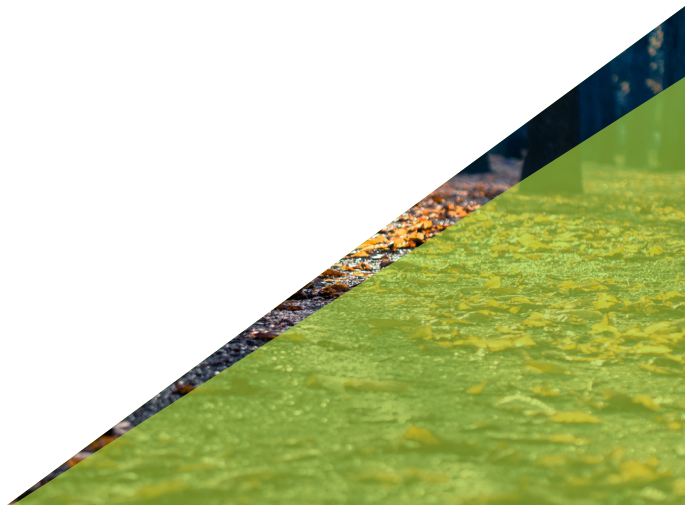
House the hardest to serve (including homeless and impaired), address affordable housing crisis, ensure healthcare services, fresh food options and green spaces, address public health concerns, increase afterschool programs and cultural activities

SUSTAINABILITY

Spur economic development and jobs, create an asset map of city resources, build proactive processes for identifying and organizing existing community resources for targeted services

PARTNERS

NETWORCS:
WORKING ON REBUILDING COMMUNITY SUSTAINABILITY

NETWORCS GOALS


- Create public awareness, community education, and engagement opportunities in the NET area
- Engage partners in NET events and projects
- Inform NET area residents on how to engage with city departments to make their neighborhood better
- Build relationships that create a safe place for residents to report problems
- Restore a sense of pride in the community
- Inform the larger community of the positive things going on in the NET neighborhoods
