

Growing Projects

Urban Forest Grant
Stewardship in Austin Texas
2015-2017

Growing Project:

BAILEY MIDDLE SCHOOL Tree Planting

2015 AWARD
\$782

IMPACT
8 new crepe myrtle were
planted near the bus waiting
area for students.

FUNDING SOURCE
Urban Forest Replenishment Fund

LEAD APPLICANT
Bailey PTA

Growing Project:

PEASE PARK Tree Planting

2016 AWARD

\$3,000

IMPACT

Bald cypress trees were planted along Shoal Creek in Pease Park. The trees serve to stabilize the creek bank and prevents scouring by periodic floods. This project restores an important species present in pre-settlement Austin and increases species diversity for this part of the forest canopy.

FUNDING SOURCE

Urban Forest Replenishment Fund

LEAD APPLICANT

Pease Park Conservancy

Growing Project:

BRYKER WOODS ELEMENTARY Tree Planting

2016 AWARD
\$3,785

IMPACT
The Bryker Woods Elementary School community came together with over 100 volunteers to plant 26 trees to limit erosion, create native wildlife habitat, and create shade for the school campus.

FUNDING SOURCE
Urban Forest Replenishment Fund

LEAD APPLICANT
Bryker Woods Elementary PTA

Growing Project:

BUZZ MILL COTTONWOOD CHRISTMAS Tree Planting

2017 AWARD
\$2,500

IMPACT
Cottonwood trees and
pollinator plants were planted
along the Ann and Roy Butler
Hike-and-Bike Trail at Lady Bird
Lake by The Buzz Mill and
volunteers.

FUNDING SOURCE
Urban Forest Replenishment Fund
