OLDER AMERICANS MONTH

MAKE YOUR MARK: MAY 2020

The Make Your Mark theme was selected to encourage and celebrate countless contributions that older adults make to our communities. Their time, experience, and talents benefit family, peers, and neighbors every day. Communities, organizations, and individuals of all ages are also making their marks. This year's theme highlights the difference *everyone* can make – in the lives of older adults, in support of caregivers, and to strengthen communities.

We invite you to make your mark in May!

TED TALKS

Almost 30 years ago, Pico Iyer took a trip to Japan, fell in love with the country and moved there. A keen observer of the human spirit, Iyer professes that he now feels he knows far less about Japan -- or, indeed, about anything -- than he thought he knew three decades ago. In this lyrical meditation on wisdom, Iyer expands on this curious insight about knowledge gained with age: that the more we know, the more we see how little we know. *The Beauty of What We'll Never Know...*

JUMP / START

Think about the stories that make up your life. Which ones would you like to share? Here are some questions that might get you thinking:

- What would you like to tell your 22-year-old self?
- What do you think your 22-year-old-self would want to tell you?
- What are the best and worst pieces of advice you've received?
- What's your hidden talent?
- What are you most proud of?
- Looking back, is there something you wish you had done that you did not?
- What do you most admire about your best friend?
- What do you wish the world knew about you?
- Was there a time when an older adult helped you feel strong in a tough time?

We would love for you to send us your answers to these questions so we can share them with others! You can do it anonymously or we can share your name with your answers. We are excited to hear what you have to send in at southaustinsenioractivitycenter@austintexas.gov

HOW TO START A GARDEN! WITH VERY LITTLE EFFORT

Millions of people are turning to their yards for recreation as the pandemic limits other options, and gardening is one of the big winners. If the thought of spending hours digging up grass and chopping through the soil is enough to send you back inside the house, relax. There is an easier way to start a flower or vegetable bed—one that won't cause blisters or back pain. It's called the newspaper trick! Click the link for details.
