

Barton Springs Bathhouse Interpretive Planning: Beverly S. Sheffield Education Center

Community Meeting on December 5, 2019

Community Conversation

What you appreciate about Splash:

- Water documentary
- More info about ground water locations
- Immersive exhibit / Gained knowledge
- Alternate entrance
- Water testing exhibit
- Different salamanders
- Millions of gallons of fresh water/ bio-life
- Images of native animals
- Memorialize Sheffield
- More info. Bio – protection

What could be:

- Focus on Barton Creek
- “My First Time” at Zilker/Bathhouse campaign
- Guided summer tours
- Gathering place for aquatic bio/Learning
- Who is Beverly?
- Hidden Cam on the Salamanders
- 3-D visuals / Holograms for more engagement
- More community History
- Look into solar power exhibits
- Update Tech
- Deeper dive into Native History (indigenous)
- More info about African American “swims in”
- Incorporate well video from 20 year ago
- Interactive iPads
- Don’t redo the Past, Design the future
- Map of zones of Sensitivity (Hill Country Alliance HCA.org)
- Connecting stories to nature
- More natural light/balance
- Foster good stewardship
- Cleaner with our help/Mass awareness
- Karen k. New Doc/Adding more info
- Research, collecting response data

CAMPAIGN

FOCUS ON
BARTON CREEK

Memory board

- We were married on the south hill!
- Taking my niece to snorkel at Barton Springs Pool; her reaction to the cold and clear H₂O
- Even though it's difficult to find, I love the live salamander exhibit.
- Seeing the Eel for the first time
