

## COMMUNITY INPUT MEETING DOVE SPRINGS DISTRICT PARK RECREATION CENTER EXPANSION

### About the Project:

Anticipated in 2016, the City of Austin will begin work on the Dove Springs District Park Recreation Center Expansion project. Currently, the 18,000 sq. ft. center has a full court gymnasium, weight room, arts and crafts room/computer lab, class room, dance studio, conference room, lobby and television room. With funding allocated from the 2012 GO Bond, the Department is looking to add more flexible spaces to meet the desires for new and expanded programming.

### Community Input:

Community input is imperative in this process and we invite you to come participate, share your ideas and help shape your Recreation Center! This is the second community meeting seeking input on the types of programs and services that could be offered at the expanded Dove Springs Recreation Center. All input will be considered when determining the building expansion design.

This is an all-ages event. Supervised activities will be available for children over the age of three. Presentation in English and in Spanish.
