#### Building with Original Textures Workshop

Jennifer Hill

**Monday** \$60 / 1 Day  
10 PM – 5 PM 4/21  
**Monday** \$60 / 1 Day  
10 PM – 5 PM 5/12

The goal of this hands-on workshop is to learn fun and interesting ways to incorporate your own unique textured surface into hand-built vessels. Students need to bring a few tactile objects (example: shells, kitchen utensils, random hardware) to create repeated texture into clay, which we will build into pots using variations on traditional techniques. Your favorite texture will become a personal tool as we create clay stamps that can be fired and used again and again. We will bisque fire your work for pick-up if you are not a current DAC student; current DAC students are welcome to glaze their work in their class. This workshop will meet for six hours with a scheduled lunch. Limit 12 students.
