

CarverMuseumATX Facility Expansion

Community Meeting #1

August 8, 2020, 1 p.m.

- 13:34:10 From Meg Ellis : Has this presentation already been shown to D1's CM Natasha Harper-Madison and staff?
- 13:38:23 From Meg Ellis : I think it's important to differentiate the ways the community uses the interior vs. exterior spaces. Are you able to differentiate a visit use of the inside of the facility v. a visit/use of the outside park-like spaces
- 13:43:59 From MontesG : The presentation has not been shown to the CM. All Council offices were notified and invited to this meeting though. Staff typically meets in person with the CM offices during the planning process so they can stay informed. We plan to do that soon before we have our second community meeting.
- 13:46:17 From Meg Ellis : Thank you! Sorry my questions got run together above.
- 13:49:00 From MontesG : The presentation does touch on indoor/outdoor usage and what folks would like to see in the future. How spaces should be used.
- 13:53:12 From Meg Ellis : Great, I would also like to know how and if visit numbers are being tracked numerically to reflect those different uses - indoor v outdoor visits
- 14:00:13 From KP : I have to drop, but I wanted to say that as a new neighbor to the Carver museum, it would be nice to have a way to publicly display events/calendars outside of the museum to know what is happening and make it easier to get involved
- 14:00:37 From KP : Also, as someone who uses a stroller in the back paths, the paths are very difficult to navigate
- 14:00:45 From KP : Thank you for hosting!
- 14:18:16 From MontesG : We do use Monthly Performance Measures during our planning process that track indoor/outdoor usage.
- 14:39:31 From Pam Vance : Is it possible to get the recording of this call. I know a few people that were not able to attend.
- 14:41:06 From Chivas Watson : Agreed with Pam -- 15 colleagues had prior engagements and 5 were able to attend.
- 14:44:23 From Megan Eckard : Pam and Chivas - Yes, the meeting recording will be posted on our project website later today <https://www.austintexas.gov/CarverATXplanning>
- 14:46:48 From Pam Vance : Thanks!
- 15:03:41 From Indiiia Wilmott : Is it possible to get breakout session notes?
- 15:04:30 From Stephen Coulston : The session is recorded and will be posted online.
- 15:04:47 From Indiiia Wilmott : Oh the notes too, great!

- 15:04:53 From Justin Schneider : Indiia, we will be posting all of the information, including the videos of the small groups. It may not be until Monday, but we will get it up there as soon as possible. Please share with others as well.
- 15:04:57 From Stephen Coulston : Notes also will be prepared and compiled afterward for the same web site.
- 15:05:51 From Stephen Coulston : <https://www.austintexas.gov/CarverATXplanning>
- 15:06:41 From Kate Muvceski : Thank you!
- 15:06:46 From Indiia Wilmott : Thanks!!
