1	Enclosing the open fence areas with gates would be ideal to prevent children from running into the street	1/2/2020 5:46 PM
2	Option A looks boring.	12/20/2019 9:51 PM
3	I love the equipment in #3. But #1 has much more shade. Shade is necessary.	12/17/2019 2:15 PM
4	Choosing "A" for its' shade coverage. But there should be more equipment for disabled kids.	12/17/2019 1:24 PM
5	More climbing and swings is needed the most. This will allow more families to gather at once. This could be a playground that hosts parenting groups!	12/17/2019 10:14 AM
6	The current play equipment is wisely located beneath trees, where it's cool during the summer months. It seems like a strange choice to move the equipment into an unshaded area and then pay to build out artificial shading. Maybe it would be better to replace the existing equipment where it stands?	12/17/2019 10:02 AM
7	The playground needs to have shade so people can play on hot summer days.	12/17/2019 9:58 AM
8	Option A looks achievable on a smaller footprint - but the shade looks good. The seat in option B looks kinda ridiculous.	12/17/2019 9:56 AM
9	I like playground c better, but it doesn't provide nearly enough shade from the Texas sun April-October... therefore the only safe option would be voting for A.	12/16/2019 10:19 PM

1	The drawings don't show relation to the seating areas that parents or others would use to stay in the vicinity of their kids. Would like to see that. It's an important part of a park like his. There has been a great deal of crime, prostitution and drug abuse at this park. What is the police enforcement policy for the area? Any new, revised or emphasized policy? If the park falls into the same problems as it has been experiencing for the last 20 years or so, the park could end up being the same source of problems as it has been for the neighboring public housing facility across the street.	12/17/2019 1:24 PM
2	Seating is a big issue for parents that gather at this park. We need more to encourage families to gather, in order for parenting groups to congregate at this park. Without additional seating for caregivers this park may remain underutilize.	12/17/2019 10:14 AM
3	Is there anything more site-specific that's possible? This equipment could be found anywhere and just plopped down here. It's a significant part of the greenspace that is dedicated to this - it would be great if it was more specific to the landscape design.	12/17/2019 9:56 AM
4	It would be nice if the scenery in the image was more realistic. There aren't nice homes across the streets, nor an abundance of trees. Fake news :(12/16/2019 10:19 PM
