ABOUT OUR CAMP

Camacho youth adventure camps are a highly-active, fast-paced, and fully interactive outdoor recreation experience. Campers spend all day, every day outside engaged in activities such as mountain biking, kayaking, hiking, geocaching, fishing, rock climbing, archery, canoeing, swimming, movie making, plant and animal identification, survival skills, leave no trace principles, and more. If your child likes to spend all day in the air-conditioning playing video games, this may not be for them. We foster and encourage self-reliance and independence through fully-immersive outdoor and nature-based programming. Often, we will cover 10 miles in a day...on foot! Every day, your child will come home jubilantly exhausted, recanting tales of adventure and fun unmatched by any other day camp experience. Campers need to come prepared with a hearty, healthy lunch and several healthy snacks each day, as well as multiple re-usable water bottles or a hydration pack. We work up quite the appetite and thirst out on the trails, and sunscreen, a swimsuit and closed-toed athletic shoes are also a daily must. See you on the trail!
