

This profile summarizes the current conditions of streets, sidewalk network, urban trails, and Safe Routes to Schools program.

## Public Works Department District 10 Profile

Photo: Street & Bridge Pavement Operations Division

District 10 includes approximately 13% of all residential streets (430 lane miles) maintained by the Public Works Department. The category "No Condition Data" represents data anomalies from database transfers and data processing. These anomalies will be fully accounted for upon updating the Pavement Management Database.

The average number of residential sidewalks for all districts is 108 miles. District 10 includes 7% of the residential sidewalk network, or 80 miles. The Sidewalk Master Plan has identified 1 mile of Very High Priority and 5.5 miles of High Priority sidewalk needs in District 10.

There are 31.3 miles of existing Urban Trails throughout Austin. District 10 has 1.4 miles of existing Urban Trails, including the Enfield Trail Connection, Mopac to Shoal Creek Connector, Jollyville 360 Connector, and portions of both the Roy and Ann Butler Trail and Johnston Creek Trail. The Urban Trails Master Plan has identified 0.8 miles of the Shoal Creek Trail as priority trails in District 10.

The Safe Routes to Schools program serves 8 schools and there are 2 schools with crossing guard positions that remain to be filled in District 10. Note that the Safe Routes to Schools program is reported by the location of the schools, and students may live in different districts or outside of the district boundaries.

Note that all numbers above, except the Safe Routes to Schools Program, are estimates produced by geospatial data processing and are to be used as guides only.

# PWD Infrastructure Priorities Council District 10

- Street Condition**
- "D" - Poor
- "F" - Failed
- Sidewalk Priority Type**
- Very High Priority
- High Priority
- Urban Trail Type**
- Priority Urban Trail
- Existing Urban Trail
