Water Use Modeling Request with Revised Population Estimates

Disaggregated Water Use Categories

<u>Residential Indoor:</u> FY 11: 10,842,075,705 (54% of class) FY 13: 11,279,989,930 (70% of class) <u>Residential Outdoor:</u> FY 11: 9,238,288,595 (46% of class) FY 13: 4,776,815,370 (30% of class)

Multifamily Indoor:

FY 11: 7,582,167,600 (80% of class) FY 13: 7,139,734,800 (79% of class) <u>Multifamily Outdoor:</u> FY 11: 1,895,844,800 (20% of class) FY 13: 1,860,760,400 (21% of class)

<u>Commercial Indoor:</u> FY 11: 6,691,880,400 (53% of class) FY 13 7,153,964,400 (67% of class) <u>Commercial Outdoor:</u> FY 11: 5,830,801,400 (47% of class) FY 13: 3,591,125,510 (33% of class)

<u>Wholesale Indoor:</u> FY 11: 2,227,506,000 (63% of class) FY 13: 2,197,483,200 (74% of class) <u>Wholesale Outdoor:</u> FY 11: 1,286,937,400 (37% of class) FY 13: 756,792,728 (26% of class)

*Notes

The residential class includes duplexes, triplexes and fourplexes. The Multifamily class includes fiveplexes and higher. The indoor/outdoor splits are based on varied assumptions among different user classes. All indoor/outdoor splits are based on billed consumption of the individual classes. Large Volume Use: FY 11: Samsung - 1,212,413,000 Freescale - 651,613,700 University of Texas - 547,009,600 Spansion - 419,899,000 Hospira - 114,565,000 Novati - 69,790,000 Total - 3,015,290,300 (Total does not include an additional 599,992,400 gallons of University of Texas Commercial class consumption)

FY 13: Samsung - 1,436,772,000 Freescale – 644,751,000 University of Texas – 464,694,200 Spansion – 389,113,000 Hospira – 83,756,000 Novati – 64,112,000 Total – 3,083,198,200 (Total does not include an additional 384,509,800 gallons of University of Texas Commercial class consumption)

System Use and Losses: See attached Water Loss Summary

Use Factors

Number of connections Residential – 193,278 Multi-family – 5,692 Commercial – 16,906 Industrial (Large Volume) – 28 Wholesale - 51 Total connections – 215,955 (Source: TWDB Annual Water Conservation Report for Water Suppliers for the City of Austin FY 13)

<u>Persons per connection</u>
FY13 Residential Service Area Population (projected) – 523,798
FY13 Multi-family Service Area Population (projected) – 350,608
FY13 Wholesale Service Area Population (projected) – 53,620
FY13 Total Service Area Population (Residential+Multifamily+Wholesale projected) – 928,026
(Source for Service Area Population: Utility Billing Dataset)

Average Household Size – 2.49 Average Family Size – 3.27 (Source for demographic data: American Community Survey Profile Report 2012 for Austin)

<u>Per Capita Income</u> Per Capita Income - \$31,130 Median Household Income - \$52,453 Mean Household Income -\$76,287 (Source for income data: American Community Survey Profile Report 2012 for Austin)

Rainwater Harvesting

Date Range	System	Participants	Capacity		
2010 - 2014	Over 500 Gallons	303	799,909		
	Under 500				
2010 - 2014	Gallons	929	140,976		
2003 - 2010	Rain Barrel	3,170	401,490		
Totals		4,402	1,342,375
