

WATER FORWARD

INTEGRATED WATER RESOURCE PLAN

Water Forward, Austin's Integrated Water Resource Plan (IWRP), is a collaborative effort led by Austin Water to provide a 100-year water supply and demand management plan for the City. Water Forward is supported by the Austin Integrated Water Resource Planning Community Task Force, which is made up of Mayor and Council appointees and representatives from various City departments.

Please join us for our first public workshop on Wednesday, September 7 from 6:00 p.m. - 8:30 p.m. The workshop will provide background on the IWRP, the plan mission statement, and guiding principles. It will also be an opportunity for the community to provide comments on the plan objectives that will be used in the plan development.

Water Forward - Austin's Integrated Water Resource Plan

Public Workshop #1

Wednesday, September 7, 2016

Austin Water, Waller Creek Center, Rm. 104

625 E. 10th St., Austin, TX 78701
