

WEAR FABRIC FACE COVERINGS

WHEN OUTSIDE OF YOUR HOME

1

An additional protective measure to prevent asymptomatic carriers from spreading the virus.

Cloth face coverings should—

- fit snugly but comfortably against the side of the face
- be secured with ties or ear loops
- include multiple layers of fabric
- allow for breathing without restriction
- ability to be laundered

2

Fabric face coverings are not a substitute for physical distancing measures. Continue to maintain 6-feet when outside your home.
