Summer Break Camp  Campamento de Verano

2019

Cosecha Summer Camps at the Mexican American Cultural Center

The ESB-MACC is proud to offer cultural arts youth camps for children **ages 5-12**. The Summer camp runs Monday-Friday from 8:30am – 6:00pm and is separated into four, two-week long sections. We serve a maximum of 36 students per section and assemble the students into groups no larger than 12. We pair each group with an activity specialist and/or arts instructor to serve as their adult anchor as they transition between 3 different classes throughout the day.

Curriculum

Our curriculum focuses on the overarching themes of Environmental and Social Justice through the Arts, and each section focuses on different themes. We explore and create in these themes by sharing Latinx history as well as introducing children to various arts techniques including (but not limited to): Animation; Digital Storytelling; Axolotl Club; Mixed Media; Ballet Folklorico; Puppetry; Illustration; Music; and Theatre for Young Audiences. Our education team prides themselves in providing quality programming; to do so we draw from Whole Child Development, Youth Program Quality Standards, Pedagogy of the Oppressed, Culturally Relevant approaches, and the Texas Essential Knowledge and Skills (TEKS). These conscious choices in curriculum and program staffing were made in order to provide Austin youth with more than just arts camp; we provide our learners with opportunities to use Latinx history and the arts to think critically about the world around them.
