Introduction/Overview

A. GENERAL INFORMATION:
City of Austin (Owner) has arranged for this project to be insured under a Rolling Owner Controlled Insurance Program (ROCIP). An ROCIP is a specialized insurance program which insures the Owner, Contractor, Subcontractors, Sub-Subcontractors and their eligible employees performing Work at a Project Site. Under the terms of this ROCIP VII, the Owner has procured and will maintain at its own expense the following insurance coverages: Workers’ Compensation, General Liability, and Excess Liability coverage. These coverages apply only to Work performed at the Project Site by enrolled entities.

Note, the insurance coverages and limits provided under the ROCIP VII are limited. We recommend that you have the enclosed information and Section 00810 reviewed by your insurance representative. Any additional coverages or limits you wish to purchase will be at your option and expense.

B. PAYMENT OF ROCIP VII PREMIUMS:
The Owner is responsible for payment of ROCIP VII premiums to the insurance carriers providing these insurance coverages. As such, you should promptly notify your insurance carrier(s) to delete this project from your premium obligation to them. The City Contract documents do require that you provide evidence of insurance during the warranty period.

C. ELIGIBILITY
The forms which accompany this manual are used to determine your firm’s eligibility for coverage under the ROCIP VII. Completion of the forms does not guarantee your enrollment into the program.

“TEMPORARY/DAY LABORERS” & “EMPLOYEE LEASING COMPANIES”

Temporary/Day Laborers - All temporary/day laborers working for, or under the supervision of a Contractor or Subcontractor are excluded from the ROCIP VII.

Employee Leasing Companies - If a Contractor or Subcontractor utilizes an employee leasing firm during its work on the Project, the employee leasing company must be enrolled in order to have insurance coverage provided by the ROCIP VII. It is the Contractor’s and Subcontractor’s responsibility to contact the ROCIP VII Administrator for assistance in this process. If an accident occurs and the company is not enrolled, the ROCIP VII will not provide insurance coverage.
ROCIP VII Insurance Coverages

A. GENERAL INFORMATION:

The information in this manual is intended to provide a brief description of the ROCIP VII. Actual policy language, terms, and conditions should be referred to for details concerning coverages provided and exclusionary language. Copies of policies will be furnished upon request to enrolled Contractor, Subcontractor and Sub-subcontractors.

The coverages afforded under this program do not include all insurance needed by each Contractor and its Subcontractors. For example, Workers’ Compensation and Commercial General Liability coverages apply only to the operations of each Insured at the Project Site. They do not apply to the operations of any Insured in his regularly established main or branch office, factory, warehouse, or similar place.

Under the ROCIP VII, each enrolled Contractor and Subcontractor will be issued an individual Workers’ Compensation policy. A Certificate of Insurance evidencing Workers’ Compensation, Commercial General Liability, and Excess Liability, naming each enrolled Contractor and Subcontractor as an insured, will be provided by the ROCIP VII Administrator to each enrolled Contractor and Subcontractor.

Each Contractor and Subcontractor issued a notice to proceed Work at the Project Site will be provided a ROCIP VII Insurance Manual. Information concerning enrollment, payroll reporting procedures and accident reporting procedures, are outlined in this manual. The ROCIP VII Administrator will furnish to each Insured the necessary forms, policies, and certificates of insurance upon enrollment in the ROCIP VII.

The ROCIP VII coverages are limited only to Work performed at the Project Site. As such, Products/Completed Operations coverage provided under the Commercial General Liability and the Excess Liability does not apply to any insured party, Contractor, Subcontractor, vendor, supplier, material dealer, or other product or material manufactured, assembled, or otherwise worked upon away from the Project Site.

A monthly payroll report must be submitted for each month, including zero (0) payroll if applicable, until completion of the Work under each Contract.

For those Contractors/Subcontractors performing Work under multiple Contracts, a separate Payroll Report is required for each Contract you are performing the Work.

Failure of the Contractor and Subcontractor of any tier to submit the payroll reports as required will result in the withholding of progress payments until required documentation is received.

All ROCIP VII Administrative Forms are available through the MWrap Contractor Portal and should be completed on-line. See Section 7 for Instructions.
C. INSURANCE CARRIER PAYROLL AUDIT:

Each enrolled Contractor and Subcontractor is required to maintain payroll records for Project Site payroll in accordance with the Basic Manual of Rules, Classifications, and Experience Rating Plan for Worker’s Compensation and Employer’s Liability Insurance, and as required by the ROCIP VII insurance carriers, and submit payroll reports as required herein.

It is important that the payrolls be properly classified as these will be reported to the rating commission for promulgation of future Experience Modifiers for your firm. All enrolled Contractors and Subcontractors shall make available their books, vouchers, contracts, documents, and records, of any and all kinds, to the auditors of the ROCIP VII insurance carriers or the Owner representatives at any reasonable time during the policy period and any extension thereof.

D. CONTRACTOR PAYMENT FORM:

Upon submission of all monthly required payrolls, certificates of insurance, reports and other required information, the ROCIP VII Administrator will provide, upon request, a completed ROCIP VII Payment Form for inclusion in the contractor’s payment application. Failure to include the completed ROCIP VII Payment Form will result in delay of payment to the Contractor. The Contractor is responsible to assure that Subcontractors of all tiers comply with the ROCIP VII Requirements.

E. COMPLETION OF WORK/TERMINATION OF INSURANCE:

When work is completed, a Notice of Work Completion Form (Marsh Form-4) must be submitted via the MWrap Contractor Portal by subcontractor (for each contract) and notice sent to the Awarding Contractor and ROCIP VII Administrator to inform completion of contract.

All Owner provided insurance evidenced on ROCIP Certificate of Insurance is subject to policy terms and conditions. WC coverage for any Insured becomes inapplicable when the Insured has completed work and left the Project Site.

In the event this Insured is required to return to the Project Site to perform additional work (such as warranty and punch list work required by contract), provided the Contractor’s Work, as a whole, has not been completed and accepted, the afforded ROCIP General Liability policy provides premises and operations coverage for contractors who are or were enrolled under the ROCIP for a period up to the duration of the Completed Operations extension.

2. Name of Contractor & FEIN:

3. Bid Package Name & Id:

4. Contract Number:
   NOTE: If working on multiple contracts under this wrap-up, complete a separate form for each contract.

5. Is payroll this period ZERO? ☐ YES ☐ NO
   If yes, stop, sign and return the form. If no, proceed to the next question.

6. Have you completed 100% of your work for this contract? ☐ YES ☐ NO
   If yes, you'll be sent a Notice of Completion form to complete. Contact your wrap-up administrator with questions. If no, proceed to question #7.

7. For periods with payroll other than zero complete the following table:

<table>
<thead>
<tr>

Helpful Hints on Completing Question 7:
Regular Wages: Report ALL payroll at the straight time rate. You should INCLUDE wages for vacation, holiday, and sick pay. Wages should EXCLUDE burden, fringes, and overtime (see below overtime wage definition).
Overtime Straight Wages: These earnings should ONLY be at the STRAIGHT TIME rate. The straight time earnings associated with the overtime should not be included in the regular wages above, they need to be separated out here. For example: If $15 is paid at the time and a half rate, then you should only include the $10 portion of the overtime wages in the Total Overtime Straight Wages.
Overtime Premium Wages: Premium portion of overtime wages goes in the Overtime Premium column. For example: If $15 is paid at the time and a half rate, then you should include the $5 portion of the overtime wages in the Overtime Premium section and the $10 overtime wages in the Overtime Straight section as outlined above.

8. Contract Value Completed to Date: $
Payroll reports may be audited by the Wrap-Up Administrator and/or Insurance Company.
We certify that the above is an accurate statement of wages expended on this wrap-up for this month.
