Use the Development Tracker at developmenttracker.austintexas.gov to search for homes and structures slated for demolition. Some of these structures may be available for relocation.

IMPORTANT: Inspections are required for all relocation projects. If you do not schedule a final inspection, the permit will expire after twelve (12) months from the date of application. To close out an expired permit, applicants must submit a NEW application and associated fees for the project. **DO NOT LET YOUR PERMIT EXPIRE.**

HISTORIC LANDMARKS AND HISTORIC DISTRICTS: If this property is a historic landmark or a contributing property in a local or National Register historic district, additional applications and fees apply. Visit the Historic Preservation Office website at www.austintexas.gov/departments/historic-preservation for more information.

Consent, Authorizations, and Signatures
<p>I understand and will adhere to the following rules or regulations:</p> <ol style="list-style-type: none"> 1. No work may begin prior to issuance of this permit. All required permits must be obtained prior to the start of work. Relocating a building to a new site within the City of Austin's jurisdiction requires a building review for any remodeling work and a building permit from the Residential or Commercial Plan Review Division of the Development Services Department. A relocation permit will not be issued without the approval of the remodeling application and/or building application. Approved permits may be obtained from the Permit Center. Any additional fees will be assessed at that time. The moving contractor selected must be bonded and insured in accordance with City rules. Call the DSD Building and Trade Contractor Services at 3-1-1 to verify the contractor's qualifications. Erosion and sedimentation controls are required by the City of Austin Land Development Code (§23-4D-7; F25-8-181). Failure to comply may result in a Stop Work Order and/or legal action by the City of Austin, including criminal charges and fines of up to \$2,000 per day. Inspection of erosion, sedimentation controls, and tree protection must be requested by the owner before construction begins (§23-5B-6050 (B); F25-1-288). Call (512) 974-2278 or email environmental.inspections@austintexas.gov to obtain these inspections. Tree preservation is required per the Land Development Code (25-8 Subchapter B Article 1) and Environmental Criteria Manual (§3.5.2 (A)). Proposed work that will remove, impact the critical root zone, or prune more than 25% of the canopy of a protected size tree must be reviewed for a tree permit. Note: Root zone protection measures (e.g. fencing, boards attached to the trunk, mulch) are required prior to work. For more information, please visit https://www.austintexas.gov/page/trees-residential-property. If the structure to be relocated is tied into water and/or sewer services provided by the City of Austin, you must contact City of Austin Utilities Customer Care at 512-494-9400 to obtain specific water and sewer service information. If the proposed work will require use of City right of way, a Right of Way Application must be approved. Visit www.austintexas.gov/rowman to learn how to apply for a Right of Way permit or contact the Transportation and Public Works Department at (512) 974-7828 or rightofway@austintexas.gov.

8. The Historic Preservation Office will determine if the referenced structure meets historic designation criteria as defined by the Land Development Code (Article 23-6E; F25-11-213 to 214; and §23-3C-10090; F25-2-352). Additional review by the Historic Landmark Commission may be required and additional fees may be assessed. If the property is a historic landmark or is located in a local or National Register historic district, the Historic Landmark Commission must review plans for new construction before the relocation permit is released. Call (512) 974-3583, email preservation@austintexas.gov, or visit www.austintexas.gov/departments/historic-preservation for more information.
9. A relocation permit will not be issued if the tax certificate indicated that delinquent taxes are due on the property from which the building is removed or the property to which the building is to be moved as defined by Section 25-11-142 of the City of Austin Land Development Code.

I, the undersigned, hereby swear or affirm that the information provided in this application is true and correct to the best of my knowledge and is an accurate reflection of my intentions for the above structure and/or property. I understand that any omission or incorrect information herein will render this application and any permit obtained invalid.

- ☐ **As owner(s) of the property described in this application, I/we hereby authorize the Applicant listed on this application to act on my/our behalf during the processing and presentation of this request. They shall be the principal contact with the City in processing this application.**
