

Olivia Martin Moore

*Memorial*

August 17 - January 18  
Convict Hill Quarry Park

District: 8

**Materials:** steel and limestone

**Size:** 6' 5" w x 9' 9" d x 8' h

**Description:** A skeletal structure resembles a small jail cell mounted onto a medium sized limestone rock.

**Concept:** An architectural folly of a typical jail cell noting the eight convicts died while quarrying the site to supply limestone rock for the State Capitol building.
