

Olivia Martin Moore

Memorial

August 17 - January 18
Convict Hill Quarry Park

District: 8

Materials: steel and limestone

Size: 6' 5" w x 9' 9" d x 8' h

Description: A skeletal structure resembles a small jail cell mounted onto a medium sized limestone rock.

Concept: An architectural folly of a typical jail cell noting the eight convicts died while quarrying the site to supply limestone rock for the State Capitol building.
