

NOTICE OF RULES

OCC RECEIVED AT
MAY 18 '21 AM 11:49

BY: Dr. Mark Escott, Interim, Medical Director and Health Authority.

ADOPTION DATE:

The Health Authority adopted the following rules as authorized by Ordinance No. 20201203-043. This notice is issued as required in Ordinance No. 20201203-043.

EFFECTIVE DATE OF RULES

The rules adopted by this notice are **effective on May 18, 2021** and **expire on June 15, 2021** unless the rules are withdrawn or amended.

SUMMARY OF RULES

The rules govern individuals and sites within the City of Austin; and impose requirements reasonably necessary to protect public health related to the transmission of COVID-19. These rules replace and supersede Health Authority Rules adopted on April 13, 2021. Summary of changes: modifies when a face covering is required and adds new exemptions for certain sites.

TEXT OF THE RULES

See Exhibit A attached to this Notice of Rules Adoption.

RULES ARE NECESSARY

The Health Authority finds that the rules attached to this notice are reasonably necessary to protect the health of persons within the City. Specifically, these rules are necessary to reduce the spread of COVID-19 and to protect public health.

AUTHORITY FOR ADOPTION OF PROPOSED RULES

The authority and procedure to adopt these rules is established in Ordinance No. 20201203-043.

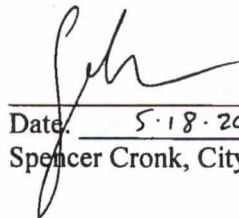

CERTIFICATION BY CITY ATTORNEY

By signing this Notice of Rules, the City Attorney certifies the City Attorney has reviewed the rules and finds that adoption of these rules is a valid exercise of the Health Authority and City Manager's authority.

REVIEWED AND APPROVED

Date: 5.18.2021
Dr. Mark E. Escott, Interim Medical Director
and Health Authority

Date: 5.18.2021
Spencer Cronk, City Manager

Date: 5/18/2021
Anne L. Morgan, City Attorney

HEALTH AUTHORITY RULES

May 18, 2021

1. Expectations and Definitions.

1.1. Community Expectations

- 1.1.1. An individual who is not fully vaccinated will continue to wear face coverings, keep at least three feet of physical distance from other individuals, and avoid crowds and poorly ventilated spaces.
- 1.1.2. An individual who is fully vaccinated will continue to wear face coverings and, to the extent feasible, keep at least three feet of physical distance from other individuals when the risk of transmission to those who are not fully vaccinated is significant.
- 1.1.3. A person in control of a site is encouraged to support and provide incentives for workers and patrons to obtain the vaccine to reduce the risk to those who are unable to receive the vaccine, including children under the age of 12.
- 1.1.4. Nothing in these rules prevents a person in control of a site from requiring additional precautions to prevent the spread of COVID-19.

1.2. Definitions.

- A. **CLOSE CONTACT** means sharing eating or drinking utensils with a COVID-19 positive individual; caring for a COVID-19 positive individual; or being:
 1. exposed during an event such as a cough or sneeze to the respiratory droplets of a COVID-19 positive individual; or
 2. within six feet of another individual for 15 or more cumulative minutes within 48 hours of experiencing symptoms consistent with COVID-19
- B. **COHORT** means a stable group of students and teachers that is smaller than a normal class size.
- C. **COVID-19** means the pandemic that is the subject of the Local Disaster Declaration, dated March 6, 2020.
- D. **COVID-19 POSITIVE** means an individual who tested positive for COVID-19.
- E. **EXTRACURRICULAR ACTIVITIES** means an activity involving students that may have an indirect relation to some areas of the curriculum. Activities include, but are not limited to, public performances, contests, demonstrations, displays, and club activities; and include both University Interscholastic League (UIL) sponsored activities and activities that are not sponsored by UIL.
- F. **FACE COVERING** means a covering that fits snugly over an individual's nose and mouth, such as a commercially made or homemade fabric mask, scarf, bandana, handkerchief, or shield. Although the CDC does not recommend that face shields be used for normal everyday activities or as a substitute for cloth face coverings, individuals who cannot wear a cloth face covering may consider wearing a face shield.

HEALTH AUTHORITY RULES

May 18, 2021

- G. **FULLY VACCINATED** means an individual who has completed their COVID-19 vaccination course and at least two weeks have passed since their last dose.
- H. **GENERAL HEALTH PRE-SCREENING** means:
1. asking questions intended to find out whether a worker is experiencing symptoms or has been exposed to someone with COVID-19;
 2. reiterating public health requirements; and
 3. checking face covering.
- I. **HAND SANITIZER** means a liquid or gel generally used to decrease infectious agents on the hands that consists of at least 60% alcohol.
- J. **HEALTH AUTHORITY** means City of Austin /Travis County Health Authority or his designee.
- K. **HIGH RISK INDIVIDUAL** means an individual who:
1. is 65 years old and older; or
 2. has certain health conditions such as cancer, heart conditions (such as heart failure, coronary artery disease, or cardiomyopathies), obesity (body mass index of 30 kg/m²), pregnancy, sickle cell disease, lung disease, diabetes, chronic kidney disease, Human Immunodeficiency Virus (HIV), Acquired Immune Deficiency Syndrome (AIDS), and weakened immune systems; or
 3. smokes.
- L. **HIGH RISK SETTING** means long-term care facilities, residential facilities, jails, and detention centers.
- M. **HIGH TOUCH ITEM** means an object, surface, tool, equipment, or piece of electronics that is utilized by individuals multiple times a day. This includes, but is not limited to, levers, light switches, phones, remote controls, counters, tabletops, doorknobs, bathroom fixtures, toilets, keyboards, tablets, hammers and wrenches.
- N. **KNOWN EXPOSURE** means close contact with an individual who is confirmed or suspected COVID-19 positive.
- O. **MAINTAINS** means to own, operate, manage, or oversee a site.
- P. **PERSON IN CONTROL** means a person who maintains a site.
- Q. **SITE** means property. A site does not include:
1. property maintained by a governmental entity that is not a school district; or
 2. dwelling unit where the individual resides.
- R. **STANDARD PRECAUTIONS** means a group of infection prevention practices that apply to all patients, regardless of suspected or confirmed diagnosis or presumed infection status; and is a combination and expansion of Universal Precautions 780 and Body Substance Isolation 1102.
- S. **SYMPTOMS CONSISTENT WITH COVID-19** means cough, fever, sore throat, runny nose or congestion, chills, muscle or body aches, loss of smell, loss of taste, shortness of breath, difficulty breathing, fatigue, vomiting, nausea, and/or diarrhea.
- T. **TRANSMISSION-BASED PRECAUTIONS** means the second tier of basic infection control and are to be used in addition to Standard Precautions for patients who may be infected or colonized with certain infectious agents for which additional precautions are needed to prevent infection transmission.

HEALTH AUTHORITY RULES

May 18, 2021

U. WORKER means an employee, independent contractor, subcontractor, or other similar agent present at the site

2. Rules Applicable to Individuals.

2.1. Face Coverings.

2.1.1. Except as provided in 2.1.2 (General Exceptions) and 3.4 (Site Exemptions), an individual must wear a face covering:

2.1.1.1. in an indoor area of a site; or

2.1.1.2. in an outdoor area of site where more than 2,500 individuals are present at any one time.

2.1.2. General Exceptions. A face covering is not required for:

2.1.2.1. any person younger than 10 years of age (though it is still recommended for children two years of age and older);

2.1.2.2. any person with a medical condition or disability that prevents wearing a face covering;

2.1.2.3. any person while the person is eating or drinking, or is seated at a restaurant to eat or drink;

2.1.2.4. any person while the person is driving alone or with passengers of the same household as the driver;

2.1.2.5. any person obtaining a service that requires temporary removal of the face covering for security surveillance, screening, or the need for specific access to the face, such as while visiting a bank or while obtaining a personal care service involving the face, but only to the extent necessary for the temporary removal;

2.1.2.6. any person while the person is in a swimming pool, lake, or similar body of water;

2.1.2.7. any person who is voting, assisting a voter, serving as a poll watcher, or actively administering an election, but wearing a face covering is strongly encouraged;

2.1.2.8. any person who is actively providing or obtaining access to religious worship;

2.1.2.9. any person while the person is giving a speech for a broadcast or to an audience; or

2.1.2.10. any person while temporary removal of the face covering is necessary for communication by or with a person who is hearing impaired; or

2.1.2.11. any person who is alone, or in the presence of only members of the same household or residence, in a separate room or single space not accessible to the public, and not in an indoor common area.

2.2. Positive Test, Pending Test, Known Exposure, or Symptomatic.

2.2.1. If someone in a household is COVID-19 positive or is symptomatic and awaiting the results of a COVID-19 test, the entire household shall isolate and avoid travel outside of the City of Austin except to seek medical attention until the household

HEALTH AUTHORITY RULES

May 18, 2021

- is cleared by Austin Public Health and/or a negative COVID-19 test result is returned.
- 2.2.2. When seeking medical care or emergency medical care, an individual who is COVID-19 positive, is experiencing symptoms consistent with COVID-19, or experienced a known exposure must notify the healthcare provider in advance or, in the event of an emergency, the 9-1-1 call taker and first responders.
 - 2.2.3. An individual who tested positive shall:
 - 2.2.3.1. notify Austin Public Health if the residence does not allow for physical separation from other household contacts (separate room and bathroom);
 - 2.2.3.2. notify Austin Public Health if a member of their household is over the age of 65 and/or if they have underlying medical conditions identified by the Centers for Disease Control (CDC) of increasing the risk of complications from COVID-19; and
 - 2.2.3.3. remain in home quarantine for at least 10 days after symptoms first appeared, at least 24 hours with no fever without fever-reducing medication, and symptoms have improved.
 - 2.2.4. An individual who experienced a known exposure and becomes symptomatic shall follow the requirements in 2.2.3.
- 2.3. Quarantine. Except as provided in 2.3.5, an individual who experienced a known exposure shall quarantine as set forth in this rule.
- 2.3.1. An individual shall quarantine for at least 14 days if the individual was exposed to someone with COVID-19 and:
 - 2.3.1.1. was not wearing a mask, or
 - 2.3.1.2. lives with high risk individuals or works in a high risk setting
 - 2.3.2. An individual who does not live with high risk individuals or work in a high risk setting, and is not a healthcare worker or a first responder shall either:
 - 2.3.2.1. quarantine for at least 10 days and monitor symptoms if the individual was exposed to someone with COVID-19 and was wearing a mask; or
 - 2.3.2.2. quarantine for at least 7 days and monitor symptoms if the individual:
 - 2.3.2.2.1. was exposed to someone with COVID-19;
 - 2.3.2.2.2. was wearing a mask, and
 - 2.3.2.2.3. receives a negative COVID-19 test on or after the 5th day following exposure.
 - 2.3.3. An individual who does not live with high risk individuals or work in a high risk setting shall quarantine for at least 7 days and monitor symptoms if the individual:
 - 2.3.3.1. is a health care worker or first responder;
 - 2.3.3.2. was exposed to someone with COVID-19;
 - 2.3.3.3. was wearing a mask; and
 - 2.3.3.4. receives a negative COVID-19 test on or after the 7th day following exposure.
 - 2.3.4. An individual who is an employee of a government service or CISA industry shall quarantine as set forth in:
 - 2.3.4.1. this rule; or

HEALTH AUTHORITY RULES

May 18, 2021

- 2.3.4.2. an alternative plan approved by the Health Authority.
- 2.3.5. An individual is not required to quarantine if the individual is not experiencing symptoms and:
 - 2.3.5.1. is fully vaccinated; or
 - 2.3.5.2. tested positive for COVID-19 within the past three months and recovered.

3. Rules Applicable to Sites.

- 3.1. General. 3.2-3.3 do not apply to a site that where child care programs operate.
- 3.2. Except as provided in 3.4, a person in control of a site must:
 - 3.2.1. require each individual to wear a face covering except as provided in 2.1.2;
 - 3.2.2. require at least three feet between groups of individuals;
 - 3.2.3. post at least one face covering sign at or near each entrance; and
 - 3.2.4. post, where information for workers is customarily posted, at least one sign in English and at least one sign in Spanish that explains the requirement to remain at least three feet apart and the requirement to wear a face covering.
- 3.3. A person in control of a site must:
 - 3.3.1. post at least one Austin Public Health “Help Prevent Disease” signs at each entrance and on each restroom door (available for download and print at: <http://www.austintexas.gov/sites/default/files/files/Health/General%20Hygiene%20Flyer%20Final2-1-eng-051120.pdf>);
 - 3.3.2. keep toilets clean, sanitary and operational at all times and ensure proper disposal of waste from these facilities;
 - 3.3.3. provide single use disposable paper towels and no-touch trash receptacles in restrooms and breakrooms;
 - 3.3.4. mandate workers wash their hands for at least twenty seconds at the following times:
 - 3.3.4.1. before workers begin work;
 - 3.3.4.2. after workers remove gloves;
 - 3.3.4.3. before and after the use of high touch items;
 - 3.3.4.4. before and after any meal or restroom breaks;
 - 3.3.4.5. after a worker’s shift or work time ends; and
 - 3.3.5. for a site that provides dine-in food or beverage services,
 - 3.3.5.1. require at least three feet between tables unless the tables are separated by a solid barrier; and
 - 3.3.5.2. limit the number of individuals who gather, stand, or sit together to ten or less; and
 - 3.3.6. for workers confirmed to have contracted COVID-19, follow all directions from Austin Public Health concerning that worker and other workers that may have come in contact with the infected worker.

HEALTH AUTHORITY RULES

May 18, 2021

3.4. Site Exemptions.

- 3.4.1. In 3.4, a site does not include a hospital, health care facility, congregate living facility, and a site where long-term care is provided.
- 3.4.2. The exemptions authorized in 3.4.3 apply to:
 - 3.4.2.1. an indoor site where less than 500 individuals are present at any one time; and
 - 3.4.2.2. an outdoor site where less than 2,500 individuals are present at any one time.
- 3.4.3. A site described in 3.4.2 is exempt from 3.2 if the person in control of a site:
 - 3.4.3.1. adopts a written policy that allows an individual who is fully vaccinated to remove their face covering; and
 - 3.4.3.2. posts a sign that complies with 3.4.5 at or near each entrance and where information is customarily posted for workers.
- 3.4.4. An outdoor site where 2,500 or more individuals are present at any one time is exempt from 3.2 if the health authority approves the site's COVID-19 precautions.
- 3.4.5. A sign required in 3.4.3.2 must explain the face covering policy for the site.

4. Rules Applicable to Hospitals, Pharmacies, Clinics, and Similar Entities.

- 4.1. A hospital, pharmacy, clinic, or any other entity or person who performs or obtains testing for COVID-19 shall provide the Health Authority test results at least weekly on Thursdays and, beginning August 31, 2020, twice weekly on Mondays and Thursdays. The test results must include PCR, antigen, antibody testing, and other information when specifically requested by the Health Authority; and must be provided in electronic form and in the manner directed by Austin Public Health. In this provision, test results means the tests performed and those reported positive, negative, or inconclusive.
- 4.2. Any data that is required to be provided to the State of Texas under state law shall be simultaneously provided to the Health Authority if the individual is tested within the City of Austin or Travis County.

5. Rules Applicable to Specific Types of Sites.

5.1. Child Care Facilities.

- 5.1.1. Notify Austin Public Health's Nurse Line at 512-972-5560 to report any laboratory confirmed cases of COVID-19 among children or staff.
- 5.1.2. Follow the steps provide by Austin Public Health regarding suspected or confirmed cases of COVID-19.
- 5.1.3. Comply with "City of Austin Guidance for Open Child Care Programs."

5.2. Schools. A person in control of a school that offers instruction to students in one or more grades, pre-kindergarten through grade 12, shall comply with Rules Applicable to Sites and the requirements described in this rule.

5.2.1. COVID-19 Point of Contact.

- 5.2.1.1. Each school district must designate a district-wide COVID-19 point of contact. A person designated as a district-wide COVID-19 point of

HEALTH AUTHORITY RULES

May 18, 2021

- contact must notify Austin Public Health at 512-972-5560 when a student or worker is COVID-19 positive
- 5.2.1.2. A person in control of a school that is within a school district must designate a COVID-19 point of contact who will communicate with workers, students, and families about COVID-19 concerns.
 - 5.2.1.3. A person in control of a school that is not within a school district must designate a COVID-19 point of contact.
 - 5.2.1.3.1. A person designated as a COVID-19 point of contact in Rule 5.2.1.3 must notify Austin Public Health at 512-972-5560 when a student or worker is COVID-19 positive.
 - 5.2.1.3.2. A person designated as a COVID-19 point of contact in Rule 5.2.1.3 must communicate with workers, students, and families about COVID-19 concerns.
 - 5.2.2. A person in control must:
 - 5.2.2.1. provide soap, single use disposal paper towels, and tissues in each classroom, restroom, and break room where a sink or handwashing station is present;
 - 5.2.2.2. provide hand sanitizer for use by older children and workers in each classroom, at building entrances and exits, in the cafeteria, and in the gym;
 - 5.2.2.3. incorporate handwashing breaks into classroom activity;
 - 5.2.2.4. train workers and students about hand hygiene, respiratory etiquette, and proper use of face coverings;
 - 5.2.2.5. limit the use of shared supplies and equipment to one group of children at a time and clean and disinfect between uses;
 - 5.2.2.6. require physical distancing in accordance with “Austin Public Health Interim Guidance for COVID-19 Operations for Austin-Travis County Schools”;
 - 5.2.2.7. require workers and students to screen for COVID-19 symptoms and exposure at home each day prior to arriving at school;
 - 5.2.2.8. limit the number of visitors and activities involving external groups or organizations; and
 - 5.2.2.9. provide cloth face coverings or disposable face coverings for workers, visitors, and students who do not have them or if a face covering becomes soiled.
 - 5.2.3. When feasible, a person in control must divide students and teachers into cohorts that are static and must limit mixing between cohorts.
 - 5.2.4. A person in control must:
 - 5.2.4.1. create a process for students, families, and workers to self-identify as being at increased risk of severe illness from COVID-19 or as living in a household with someone at high risk; and
 - 5.2.4.2. review all current plans for accommodating students with special healthcare needs and update their care plans as needed to decrease the risk for exposure to COVID-19.
 - 5.2.5. A person in control must ensure that:

HEALTH AUTHORITY RULES

May 18, 2021

- 5.2.5.1. ventilation systems operate properly and increase circulation of outdoor air as much as possible; and
- 5.2.5.2. building water systems and related devices are safe after a prolonged shut down by following CDC Guidance for Building Water Systems.
- 5.2.6. Food service.
 - 5.2.6.1. A person in control of a school that serves food must serve food as individually plated meals.
 - 5.2.6.2. A person in control must provide disposable food service items unless non-disposable food service items are handled with gloves and washed with dish soap and hot water or in a dishwasher.
 - 5.2.6.3. An individual who touches used food service items must wash their hands even if the individual wears gloves.
- 5.2.7. Outdoor Activities.
 - 5.2.7.1. A person in control must require students practice physical distancing during recess or in physical education class.
 - 5.2.7.2. A person in control must limit the use of shared equipment.
- 5.2.8. Band, Choir, or Music Class
 - 5.2.8.1. When students are not singing or playing an instrument that requires the use of their mouth, a person in control must require students to wear face coverings except as provided in 2.1.2.
 - 5.2.8.2. When students are singing or playing an instrument, a person in control must use visual clues to require students to maintain at least three feet of distance.
- 5.2.9. Sports and Extracurricular Activities.
 - 5.2.9.1. A person in control must provide each parent or guardian of a student who participates in sports or extracurricular activities with a written notice that:
 - 5.2.9.1.1. explains these activities increase the risk of COVID-19 transmission to the student and the household; and
 - 5.2.9.1.2. recommends each student practice physical distancing and wear face coverings while at home.
 - 5.2.9.2. The notice described in Rule 5.2.9.1 applies to sports and extracurricular activities where physical distancing or masking is not possible or practical.
 - 5.2.9.3. Strength and Conditioning
 - 5.2.9.3.1. A person in control may allow strength and conditioning activities to resume beginning on August 17, 2020 if the notice described in Rule 5.2.9.1 is provided and the person in control of a school complies with the guidance promulgated by the University Interscholastic League (UIL)
 - 5.2.9.3.2. A person in control must clean surfaces and equipment (i.e. benches, barbells, dumbbells, kettlebells, training ropes, medicine balls, pull-up bars, weight bars, etc.) after individual use.

HEALTH AUTHORITY RULES

May 18, 2021

- 5.2.9.3.3. A person in control must limit the use of shared equipment to one individual or a group of individuals.
- 5.2.10. Procedures when an individual exhibits symptoms consistent with COVID-19 while at school.
 - 5.2.10.1. A person in control must isolate an individual who develops symptoms consistent with COVID-19 and follow the school's illness management policy.
 - 5.2.10.2. A person in control must provide an individual who is required to leave the school with information on quarantine, isolation, and return-to-campus criteria.
 - 5.2.10.3. A person in control must ensure that an isolation area is cleaned in a manner that complies with CDC's "Considerations for Cleaning and Disinfecting Your Building or Facility If Someone Is Sick".
 - 5.2.10.4. A person in control must follow Standard Precautions and Transmission-Based Precautions when caring for an individual who becomes ill at school.
 - 5.2.10.5. A person in control must provide equipment for and training on the use of Standard and Transmission-based Precautions and Personal Protective Equipment (PPE).
- 5.2.11. COVID-19 Positive.
 - 5.2.11.1. A person in control must establish procedures that will allow workers to determine when the individual was last on campus.
 - 5.2.11.2. A person in control must follow any protocols, including privacy protocols, for identifying and notifying individuals who were in close contact with the individual who is COVID-19 positive.
 - 5.2.11.3. A person in control must ensure that any area used by the COVID-19 positive individual is cleaned in a manner that complies with CDC's "Considerations for Cleaning and Disinfecting Your Building or Facility If Someone Is Sick."
- 5.3. After School Programs. A person who operates an after-school program at a school shall comply with Rules Applicable to Sites and Rule 5.2.
- 5.4. Transportation provided for schools. A person in control of a bus or other similar vehicle used to transport students must:
 - 5.4.1. create distance between and among the driver and passengers when possible;
 - 5.4.2. limit each bus seat to one passenger unless the students are members of the same household;
 - 5.4.3. institute measures that physically separate or create distance that exceeds six feet between a bus operator and passengers;
 - 5.4.4. clean, sanitize, and disinfect equipment including items such as car seats and seat belts, wheelchairs, walkers, and adaptive equipment being transported to schools;
 - 5.4.5. clean and disinfect frequently touched surfaces in the vehicle (e.g., surfaces in the driver's cockpit, hard seats, arm rests, door handles, seat belt buckles, light and air

HEALTH AUTHORITY RULES

May 18, 2021

controls, doors and windows, and grab handles) prior to morning routes and prior to afternoon routes; and

5.4.6. provide hand sanitizer.
