Action Item/ Rec #	Plan page #	Action Item/ Recommendation	Priority Ranking and Fiscal Year	Status	Staff Comments	Contact Team Comments	Primary Resource	Secondary Resource
61	34	Contact the City of Austin Street and Bridge Division of the Department of Public Works in order to clean-up and properly maintain/repair existing sidewalks.	# 4 St. John, FY 2017-18	Unknown	12/2013 (PDRD): Sidewalks are typically maintained by adjacent property owners. Please report broken sidewalks by calling 311.		Contact Team	Public Works
88	38	Work with APD to create a crime prevention program that would provide security cameras around the neighborhood.	# Not Ranked	Unknown			APD	
89	38	Incorporate design elements in the built environment to deter crime (ex. more lighting).	# 2 St. John, FY 2017-18	Unknown			Property Owners	
106	44	Provide a walking trail through St. John Park that can connect to other trails within the neighborhood.	# Not Ranked	Underway	6/2017 (PARC): PARC is pursuing a permit for the park improvement project including a concrete walking trail. 5/2015 (PZD): A project to improve St. John's Park is in the preliminary phase. PARC met with the St. John's Neighborhood Association in March 2015 to talk about preferred amenities. Funding from the 2012 bond has been allocated to improvement of this park. The estimated budget is \$200,000. Planned improvements consistent with updated park master plan to include: demolition of derelict pool facility, general site improvements, landscaping, ADA accessibility, infrastructure, site furnishings and signage. Site is currently being explored for community garden potential.		PARC

107	44	Provide covered picnic benches and/or gazebos at St. John Park to provide shelter.	# Not Ranked	Planned Project	01/2020 (PAZ): Several improvements are planned for the park. They are expected to be completed in February 2020 and will include a new gazebo, information kiosks, drinking fountains, sidewalks, picnic tables and a playscape. Funding comes from APF, the city's parks and recreation department and grants from both the ACL Music Festival and Dell Technologies Match Play. 6/2017 (PARD): PARD is pursuing a permit for the park improvement project including a pavilion and picnic tables as well as other amenities. 3/2017: \$100K Impact Grant from APF. 5/2015 (PZD): This project is in the preliminary phase. PARD met with the St. John's Neighborhood Association in March 2015 to talk about preferred amenities. 7/2014 (PDRD): Funding from the 2012 bond has been allocated to improvement of this park. The estimated budget is \$200,000. Planned improvements consistent with updated park master plan to include: demolition of derelict pool facility, general site improvements, landscaping, ADA accessibility, infrastructure, site furnishings and signage. Site is currently being explored for community garden potential.		PARD	
110	44	Install more trash cans as more people start to use the St. John Park space.	# Not Ranked	Underway	6/2017 (PARD): PARD is pursuing a permit for the park improvement project, which includes trash cans. 5/2015 (PZD): This project is in the preliminary phase. PARD met with the St. John's Neighborhood Association in March 2015 to talk about preferred amenities. 7/2014 (PDRD): Funding from the 2012 bond has been allocated to improvement of this park. The estimated budget is \$200,000. Planned improvements consistent with updated park master plan to include: demolition of derelict pool facility, general site improvements, landscaping, ADA accessibility, infrastructure, site furnishings and signage. Site is currently being explored for community garden potential.		PARD	
111	44	Provide a fenced area for dogs to be off-leash at St. John Park.	# Not Ranked	Not Yet Initiated			PARD	
112	44	Provide a volleyball court at Buttermilk Branch Greenbelt for both youth and adults in the community.	# Not Ranked	Underway	6/2017 (PARD): A sand volleyball court is proposed for nearby St John Pocket Park. PARD is currently pursuing a permit for this project.		PARD

113	45	Install an interactive splash pad at Buttermilk Branch Greenbelt so it is centrally located between St. John and Coronado Hills.	# Not Ranked	Not Yet Initiated	2/2012 (PAR): This project is currently in the discussion phase.		PAR	
114	45	Install more lighting as needed at the back of Virginia L. Brown Recreation Center to increase safety of Buttermilk Branch Greenbelt during evening hours.	# 3 St. John, FY 2017-18	Not Yet Initiated	6/2017 (PAR): PAR does not currently have funding to light park amenities at night but is amenable to installing lighting in some locations if grant funding or other source could be identified.		PAR	Austin Energy
116	45	Install more trash cans at Buttermilk Branch Greenbelt.	# Not Ranked	Unknown			PAR	Austin Resource Recovery
120	46	Provide small parks or open spaces for recreational purposes along Little Walnut creek (in Coronado Hills).	# 1 Coronado Hills, FY 2017-18	Planned Project	8/2019 (WPD): Please contact PAR to discuss potential acquisition for open space. WPD is open to considering acceptance of donated floodplain properties. 1/2014 (PAR): PAR will coordinate with Watershed Protection along Little Walnut Creek for land acquisition opportunities.	8/2013: Best option undeveloped area east along Little Walnut Creek	PAR	Watershed Protection Department
121	46	Provide a small neighborhood park in Coronado Hills.	# Not Ranked	Not Yet Initiated			PAR	
122	46	Provide playscapes or playground equipment for younger children within the age range of 3-5 years old in a new park.	# Not Ranked	Planned Project	6/2017 (PAR): A playscape is proposed for St. John Pocket Park but is not currently funded.	3/2016 St. John Park planning has begun to include amenities.	PAR	
123	46	Create public gathering places/plazas that provide a balanced representation of the area's culture (Example: Capital Metro's Plaza Saltillo in east Austin).	# Not Ranked	Not Yet Initiated			PAR	
124	46	Provide a multi-purpose field in a new park that serves a greater range of the community (i.e. Basketball court, ball park and/or soccer field).	# Not Ranked	Planned Project		3/2016 St. John Park planning has begun to include amenities.	PAR	
125	46	In a new park, install covered picnic benches for people to use, especially during summer months.	# Not Ranked	Planned Project		3/2016 St. John Park planning has begun to include amenities.	PAR

150.c	66	Investigate the feasibility of installing additional street lighting (Bennett Avenue at 52nd st.) to ensure residents' safety when walking to bus stops.	# Not Ranked	Not Yet Initiated			Austin Energy	
150.d	66	Investigate the feasibility of installing additional street lighting (Bennett Avenue at 49th 1/2 st.) to ensure residents' safety when walking to bus stops.	# Not Ranked	Not Yet Initiated			Austin Energy	
152d	67	Provide a wide shoulder to accommodate cyclists on US HWY 183 from Twin Crest Drive to US Hwy 290.	# Not Ranked	Partially Complete	1/2014 (PDRD): There is a wide shoulder between IH 35 and US 290. West of IH 35, there is only a shared lane. 2/2012 (PW): Location identified in the City of Austin Bicycle Master Plan.		Austin Transportation Department	
152e	67	Provide a wide curb on US HWY 290 from Middle Fiskville Road to US HWY 183.	# Not Ranked	Not Yet Initiated	2/2012 (PW): Location identified in the City of Austin Bicycle Master Plan.		Austin Transportation Department	
152f	67	Provide a wide curb on IH 35 frontage road from US HWY 290 to US HWY 183 for people commuting via biking.	# Not Ranked	Not Yet Initiated	2/2012 (PW): Location identified in the City of Austin Bicycle Master Plan.		Austin Transportation Department	
154a	68	Support the implementation of the City of Austin Urban Trails Map by constructing trails at the following location: Provide an urban trail that is accessible by wheelchair along Little Walnut Creek.	# Not Ranked	Not Yet Initiated			Public Works	
155	68	Provide an urban trail along Buttermilk Branch Creek that could connect to newer trails to improve overall walkability within the planning area.	# 5 St. John, FY 2017-18	Not Yet Initiated			Public Works	

St. John/Coronado Hills Neighborhood Plan Implementation Tracking Chart

9/1/2020

Action Item/ Rec #	Plan page #	Action Item/ Recommendation	Priority Ranking and Fiscal Year	Status	Staff Comments	Contact Team Comments	Primary Resource	Secondary Resource
156	68	Investigate the feasibility of the Buttermilk Creek and Little Walnut Creek trails to provide increased access to Capital Metro bus stops. Specific connectivity concerns include: a) Multi-family housing development - along the US HWY 183 frontage road (connectivity to bus stops on Cameron Road as well as bus stops north of US HWY 183). b) Multi-family housing development - Patton Court (connectivity to bus stops along Coronado Hills Drive).	# Not Ranked	Not Yet Initiated			Public Works	
157	69	Ensure that all trails and bridges within the planning area are accessible by people in wheelchairs.	# Not Ranked	Not Yet Initiated			Public Works	
160	71	SJCHCNPA should develop a list of all uncovered bus stops in the community and submit a request to Capital Metro to install covers where applicable. For example, a shelter is needed at the bus stop on Berkman Drive (east side of Berkman Drive; segment in between Kyle Drive and Reagan Hill Drive).	# Not Ranked	Not Yet Initiated	9/2014 (PDRD): There is no shelter at this location. It is unknown whether or not the NPCT has submitted a list of requested shelter locations to Capital Metro. 2/2012 (CapMetro): According to Capital Metro, the existing bus stop at Berkman Drive and Reagan Hill averages 35 daily boardings, which is below the Capital Metro minimum standard required for bus stop enhancements (i.e. covers). However, Capital Metro will evaluate this location due to the bus stop's potential to serve Reagan High School and the Clifton Career Development School.		Contact Team	Capital Metro
161.c	71	Investigate the feasibility of improving accessibility to bus stops located on Cameron Road, just south of US HWY 183 and next to the Wild Wood apartments (Northbound between 183 and Coronado Hills).	# Not Ranked	Not Yet Initiated	7/2014 (PDRD): Please provide more information as to how accessibility should be improved.		Capital Metro	

St. John/Coronado Hills Neighborhood Plan Implementation Tracking Chart

9/1/2020

Action Item/ Rec #	Plan page #	Action Item/ Recommendation	Priority Ranking and Fiscal Year	Status	Staff Comments	Contact Team Comments	Primary Resource	Secondary Resource
162	71	Increase the accessibility from Blessing Avenue to the bus stops on Grand Canyon Drive.	# Not Ranked	Not Currently Feasible or Recommended	2/2012 (CapMetro): Capital Metro has no plans to add bus service on Blessing Avenue due to street width, on-street parking, lack of stop light at Blessing Avenue/St. Johns Avenue intersection, and impacts to route directness. In the event any of these circumstances should change in the future, the community expressed their desire for bus service on Blessing Avenue.		Capital Metro	
166	72	Improve pedestrian access at Berkman Drive & US HWY 290 (to include focus on Reagan High School). Specific improvements need to be made to existing crosswalk striping as well as signage for pedestrians and drivers.	# 2 Coronado Hills, FY 2017-18	Partially Complete	10/2014 (PDRD): Sidewalk ramps were installed in 2012-2013. 11/2013 (ATD): Pedestrian infrastructure in place at these intersections. Submitted a CSR to check and refresh striping and signage as necessary; CSR # 13-00229562. 2/2012 (ATD): The City of Austin and TxDOT will both be involved in addressing these issues as Berkman Drive falls under the City's jurisdiction and US HWY 290 falls under TxDOT jurisdiction.	2/2012 (From NP): Participants identified issues with bikes, cars and pedestrians intersecting at Berkman Drive and US HWY 290 as well as Berkman Drive and Athletic Drive. it is necessary to develop a solution to facilitate the movement of these modes because Reagan High School is located at this intersection. The school generates high volumes of both pedestrian and automobile traffic.	Austin Transportation Department	TxDOT
167	72	Investigate the feasibility of a pedestrian/bicycle facility overpass at US HWY 183 (specifically US HWY 183 at Bennett Avenue and Blessing Avenue).	# Not Ranked	Not Currently Feasible or Recommended	2/2012 (TxDOT): TxDOT mentioned that with the current financial climate, the probability of this happening is extremely low. However, TxDOT will check various sources to see if there are any funds potentially available for these improvements. In the event financial conditions improve, the SJCHCNPA residents should continue to pursue the pedestrian/bicycle overpass request.		TxDOT	
168	73	Investigate the option for focused study and planning for Creekside Drive and Coronado Hills Drive points of intersection.	# 3 Coronado Hills, FY 2017-18	Not Yet Initiated		2/2012 (From NP): At the intersection of Creekside Dr. and Coronado Hills Dr., a variety of transportation modes (cars, pedestrians, bikes, electric chairs, etc.) conflict. The current design of the intersection, with many streets funneling into Coronado Hills Dr., needs to be evaluated for improvements to pedestrian safety and equal mode-share rights-of-way. Specific issues with this site include high traffic volumes, cars do not yield to pedestrians, many streets intersect at this node, pedestrian unfriendly (sidewalk disconnects and unsafe conditions).	Austin Transportation Department	

St. John/Coronado Hills Neighborhood Plan Implementation Tracking Chart

9/1/2020

Action Item/ Rec #	Plan page #	Action Item/ Recommendation	Priority Ranking and Fiscal Year	Status	Staff Comments	Contact Team Comments	Primary Resource	Secondary Resource
170	73	Monitor the possibility to address the addition of a sound and/or safety barrier provided along the frontage road of US HWY 183 (specifically where it abuts single family properties).	# Not Ranked	Not Yet Initiated	4/2014 (PDRD): TXDOT and the CTRMA typically only install sound walls with projects that add new capacity. There is no funding available for sound walls on existing highways.	2/2012 (From NP): The SJCHCNPA community feels the frontage of US HWY 183 would benefit from some type of sound and/or safety barrier. During the Transportation I workshop, TxDOT communicated to participants that an environmental coordination process was performed in advance of the US HWY 183 expansion project (completed in 2008). The analysis concluded that sound barriers were not reasonable, feasible or cost effective. While it is evident that nothing will be resolved at this time, it is worthwhile to document the neighborhood's concerns and desires in the event a future opportunity to address the issue should arise.	TxDOT	Public Works
172	73	Investigate the options to address the safety issues created by speeding traffic on the frontage road of US HWY 183.	# Not Ranked	Not Yet Initiated	7/2015 (PAZ): Austin Police can help with speeding enforcement. Consult the District Representative to see what can be done for enforcement.	2/2012 (From NP): The lack of a right turn lane on frontage of US HWY 183 makes it difficult to turn onto residential streets (Blessing Avenue, Providence Avenue).	TxDOT	
173	73	Improve the interchange access between the IH 35 and exiting at St. John's Avenue.	# Not Ranked	Planned Project	5/2015 (PZD): As part of Mobility35, the schematic and environmental process is underway for the reconstruction of mainlanes, frontage roads and the northbound I-35 to northbound US 183 direct connector. The project would include reconstruction of the St. Johns bridge structure, including the addition of U-turns on both sides. The project would also include the addition of collector-distributor roads under St. Johns in both directions as well as ramp, auxiliary lane and shoulder improvements. Finalized schematic and environmental documentation is anticipated by end of 2015. Construction is not funded.	2/2012 (From NP): This improvement will be addressed in the event IH 35 is re-designed. While it is very difficult to anticipate a future time-frame for this, it is important to indicate the community's concerns regarding the safety of this IH 35 and St. John's Avenue interchange including exit ramps, frontage road dynamics and accessing St. John's Avenue.	TxDOT

Action Item/ Rec #	Plan page #	Action Item/ Recommendation	Priority Ranking and Fiscal Year	Status	Staff Comments	Contact Team Comments	Primary Resource	Secondary Resource
174	73	Investigate the option for focused study and planning for Blessing Avenue. The St. John Community Center/Virginia L. Brown Recreation Center/Pickle Elementary School multi-use facility along Blessing Avenue provides services to diverse community groups. To improve usage of this facility and the programs housed within the facility, a focused study on accessibility is necessary. People should be able to access the multi-use facility easily via walking, biking, transit and automobile.	# Not Ranked	Unknown			Austin Transportation Department	Capital Metro
174a	73	Improve access and flow of traffic (cars, bikes, pedestrians, etc.) along Blessing Avenue.	# 1 St. John, FY 2017-18	Unknown	3/2014 (PDRD): This location is not identified in the Bicycle Plan.		Austin Transportation Department	Public Works
174c	73	Sidewalks on both sides of Blessing Avenue are need or need repair.	# Not Ranked	Partially Complete	1/2014 (PDRD): As seen in Google Streetview, it appears that a few locations have been patched. Please continue to call 311 to report the specific address of broken sidewalks. 12/2013 (PDRD): Call 311 to report specific location of broken sidewalk.		Contact Team	Public Works
Non-Capital Improvement Project								
1	27	Organize more community events throughout the year (i.e. neighborhood cleanups, block parties, National Night Out, seasonal events, Unity walk, and SJCHCNPA fun runs).	# Not Ranked	Ongoing	5/2014 (PDRD): The St. John Neighborhood Association webpage describes many community events such as National Night Out block parties, participation in Clean Sweep, and neighborhood potluck suppers and picnics.	3/2016: Annual St. John Clean Sweep clean-up, St. John National Night Out Block Parties, St. John Unity Walk/Reagan Festival, St. John Easter Egg Hunt, and HopeFest.	Contact Team	
3	27	Increase awareness of community assets by promoting them in the community (for example, highlight an asset a month in neighborhood association newsletters).	# Not Ranked	Unknown			Contact Team	
5	27	Organize community athletic activities (i.e. soccer; also to emphasize youth involvement in these activities).	# Not Ranked	Ongoing	5/2014 (PDRD): Virginia Brown Recreation Center offers an adult basketball league as well as youth volleyball, basketball, softball, and tee ball. RBI Austin offers youth baseball, softball, and tee ball.		Contact Team

137	50	If eligible, submit an application to the Austin Community Trees Program (ACT) so more native trees can be planted on private property.	# Not Ranked	Complete	4/2014 (PDRD): With the assistance of the Austin Community Tree Program, neighbors planted 454 trees in the combined neighborhood planning area in 2012.		Planning & Zoning Department	
141	50	Coordinate a "free tree" education presentation by the Austin Community Tree Program (ACT) for more information and education of this tree planting program.	# Not Ranked	Complete	4/2014 (PDRD): With the assistance of the Austin Community Tree Program, neighbors planted 454 trees in the combined neighborhood planning area in 2012.		Planning & Zoning Department	
158	70	Investigate the options for Capital Metro to introduce a more direct bus route or express bus route to link the SJCHCNPA community to downtown and other key destinations.	# Not Ranked	Complete	2/2012 (CapMetro): In the fall of 2010, Capital Metro implemented extensions to routes Route 7, Route 320 and Route 300 in SJCHCNPA. Benefits of these changes include: direct and frequent service to Downtown and UT; more frequent and Sunday service to Wal-Mart; more routes to Highland Mall and Highland Station; and direct service to South Congress Transit Center.		Capital Metro
