

Austin Nature & Science Center

Wildlife

Small Wonders

See how lizards, snakes and even small mammals survive in the wild and how they help make our world a better place.

Mammal Exhibits

Visit high-climbing foxes, playful raccoons and many other native animals.

Birds of Prey

Get up close and personal with a hawk or owl? You can see them and much more in the birds of prey exhibit.

Trails & Exhibits

Eco-Detective Trail

Take a walk on the wild side. Explore the stream, ponds, trees, plants and animals that make up our ecosystem.

Zilker Nature Preserve

Hike through the city's oldest nature preserve. Two miles of interconnecting trails take you through woodlands, meadows and along the cliffs of Dry Creek.

Dino Pit

Uncover some of the most incredible fossils that have been found in Texas, including dinosaurs, mammoths and marine reptiles. Start digging!

Buildings

Visitor Pavilion

Search for the queen in our honeybee colony and use a microscope in the Naturalist Workshop. Trade your natural treasures at the Trade Counter.

Trail House

Home to ANSC's Nature's Way Preschool, the historic Asford-McGill homestead, dates to the late 1800's.

Headquarters

Offices and Classrooms

P Public Parking

Accessible Parking
