1	I feel the murals along Butler Trail could be commemorated and expanded to emphasize and continue the tradition of art as an expression of culture.	5/31/2024 9:18 AM
2	Nope!	5/30/2024 2:46 PM
3	Native ecosystems, that big tug of war event, the boat shows, austinites killed by vehicles	5/29/2024 3:07 PM
4	Neighborhood's connection with Latine culture and heritage.	5/28/2024 3:44 PM
5	Historical Imagery of the area before the dam.	5/28/2024 2:21 PM
6	PODER's involvement in closing plant but also the lack of protection from gentrification that resulted.	5/27/2024 6:51 PM
7	Maybe include something about Aquafest and how the space has been used over time, nature interpretation to identify plants and habitats	5/27/2024 1:21 PM
8	I love the new section of the trail! I've been walking out there with clients about 4 days a week since 2022. I love the ease of parking and the landscaping. I would love additional shade if that's possible to construct.	5/24/2024 11:42 AM
9	Access to the dock currently locked behind a chain link fence across Camacho Rec Center	5/24/2024 9:37 AM
10	I know there's a history focus here but it would be great to have one display, perhaps ending a narrative run, tying that history into what people can do today. For example, organize a block party or potluck, meet your neighbors, attend a neighborhood association meeting, read up more on neighborhood history. This is outside of this project's scope, but it would be great to have a history panel nearer I-35, explaining the area before I-35 and what was lost when that highway was built.	5/24/2024 9:12 AM
11	The history of this area goes back farther than the 1940's and 50's. A history should include its original indigenous inhabitants, the use of the low-water crossing that is now Longhorn Dam as part of the Chisholm trail and it's original homes built for railroad workers at the turn of the 19th century.	5/23/2024 12:41 PM
12	None	5/23/2024 1:19 AM
13	Nope	5/22/2024 8:04 PM
14	I would like to see far less signs and notices in the parks and along the trail. I come to the parks and the trail to enjoy nature and the outdoors, not to read signs and billboards about donors, politicians, groups and history.	5/22/2024 5:03 PM
15	Please no more "influential leaders". Ya right	5/22/2024 4:43 PM
16	it would be helpful to highlight current uses of the park so that 1) more people can easily find use in the park facilities and 2) those clubs could help take ownership and more pride in the area - pride that I think would flow through to more casual users of the park. I think it could be helpful to show somewhere a list of running clubs, adult and youth baseball leagues that play at the fields, rowing/canoeing clubs that use the launch.	5/22/2024 1:43 PM
17	I'd rather see indigenous peoples in the context of a celebration of history and culture rather than the story of genocide/displacement. The darker side has plenty of worth and importance, but the vibe would be better as a celebration. Also, more about history in general, geology, environment, plus biology e.g. animals/plants/fossil record etc.	5/22/2024 1:11 PM
18	keeping a more natural look to this end of the trail(east of I35), less manicured and also keeping the crushed granite path which is easier on the body for exercising.	5/22/2024 1:06 PM

24	2 things. Stories about the Tejano Healthy Walking Trails and its kiosk on the Comal Street Trail Head and Tejano Music Legends should be included. It seems that only the Holly Neighborhood is the focus yet the Holly Shores Plan includes the East Cesar Chavez Neighborhood up to I-35. Second, please do not rely on just Bertha and Gavino in telling the decommissioning story and the leaders who helped get it closed. Austin Energy put together a diverse and inclusive group of neighborhood leaders to work with the utility on a closure plan but El Concilio and East Town Lake Citizens refused to participate. Please locate the old Austin Energy Closure Plan report which should list the leaders involved. 29	The fact that this area was segregated, it's a Chicano community treasure which was gentrified, taxes skyrocketed and the very individuals that called this area home for generations are now forced to move out of not only the neighborhood but also the city. A Real Shame!	5/15/2024 6:16 PM

46	Emphasizing the mexican-american heritage of the neighborhood to combat erasure wrought upon by gentrification	5/6/2024 3:19 PM
47	History of City's Racist Negligence in working with the community on trail improvements west of 35 and now just getting to this trail east of Robert T. Martinez. In the last 5 years it has been obvious that the recognition for this trail segment was important and warranted regular maintenance. However before that the trail was not maintained and very narrow due to overgrowth in this area. Seems to also line up with the increase in property value and displacement of brown people from the surrounding community.	5/5/2024 9:07 PM

51	High priority focus on flora and fauna. Info on birds and native plants and wildflowers would be perfect for this stretch of trail. The variety of birds is incredible. Installations on the types of year-round and migratory birds would be perfect for the new stretch of concrete trail along the shoreline. On any given day there are myriad ducks, geese, herons, hawks, Robins, cardinals, Bluejays, monk parakeets, and tons of other migratory birds. Info on identifying native plant/wildflower specimens would great. The open fields that were formerly part of the Holly Power Plant would be a perfect blank slate to install a demonstration food forest. Lowest priority- parties and events. We already have Fiesta Gardens, Festival Beach, and the covered pavilion at Martin Park. Please don't turn a perfect slice of nature into more of an event venue than it already is.	4/25/2024 11:22 AM

53	There is a lot of history that isn't quite so focused on one group of recent activists. For example, Longhorn dam was built at the crossing for the Chisholm Trail. The early settlements at Webberville, Hornsby, and Waterloo are important, as are the native American settlements in the area.	4/24/2024 3:57 PM
54	I'm unclear why "stories" need to be incorporated into this park, the trail, or a trailhead. Build the infrastructure. The end. Encouraging fishing in a polluted river: absurd and irresponsible. Power plant: demolished, welcome to progress, the story of humanity. Shut up. Early indigenous communities: gone. languages gone. nobody cares. move on. Neighborhood celebrations: what? "Influential community leaders": yes, let's make shrines to the corrupt east austin patronage network, shall we? Seriously, where do you come up with this stuff?	4/24/2024 1:30 PM

42	I've been a weekly+ visitor to east end hike and bike trail for the past 20 years, starting as a cadet in the Austin Fire Department. For decades Austin's Firefighters were trained to serve the community on Pleasant Valley. Our PT was running the east side loop, doing hill sprints up the side of the Longhorn dam, and carrying hose bundles up the PV tower over and over. I have many memories of reaching the top of the tower, legs and lungs on fire, and stepping out into the sunlight and view of the east side of then Town Lake with downtown beyond. That view instilled such pride at becoming at Austin Firefighter, and provided motivation after each tower rep to keep pushing. The PV fire training tower is a prominent feature in the view from the concrete platform on the new paved trail extension, and would be a great spot to highlight some history on Austin's firefighters and other first responders.	4/25/2024 11:22 AM

44	I want you to spend my money wisely and build the infrastructure. Increasingly TTC is involving itself with performativity rather than performance. The trail is not being adequately maintained, the signage project has been an absolute flop, and engagement is becoming a roadblock to progress rather than fuel for progress. Stop asking stupid questions and do the work.	4/24/2024 1:30 PM
45	My father in law used to talk about the gravel pit where the lake is and how as kids he used to go down there to play with friends. Some historical highlights before the lake and park was made would be nice.	4/24/2024 6:18 AM

9	It would be great if the park could encourage lingering. The Butler Trail system is incredible and most folks use it to pass through but not stop. There should be more focal points where it's obvious that folks can stop and hang out. Such focal points could involve benches, shade, art, etc. Also, going back centuries, cities around the world have understood that integrating small, local commerce and waterfronts add up to more than the sum of those parts. In Austin, this integration is almost entirely missing. We should strongly consider piloting something small - perhaps a small Latino-owned taco stand (not a food truck, an actual building) with seating outside. Let's make our waterfront useful and encourage people to come and enjoy and stay, not just pass through.	5/24/2024 9:12 AM
10	The place where the ugly yellow metal storage buildings stands would be a gorgeous spot for a pavilion for full moon parties, birthday gatherings, and community events. I want to bring my grandkids to the new play area across from Camacho Center	5/23/2024 12:41 PM
11	Hopefully there's still be music events taking place in this park	5/23/2024 1:19 AM
12	Time spent with family, opportunity for solitude in the City, healthy place to exercise.	5/22/2024 8:04 PM
13	I walk my dog almost everyday on the Hilly/Butler trail. We enjoy seeing the water and are thankful some of the trees/brush have been cleared away to allow us to see the lake from many more spots along the trail.	5/22/2024 7:31 PM
14	Less homeless tents and blocked off bathrooms. More family space and zero cement	5/22/2024 4:43 PM
15	Birthday celebrations and neighborhood events that are kid friendly!	5/22/2024 4:30 PM
16	Bring back Aquafest	5/22/2024 2:58 PM
17	I'd like to see more kid activities/festivals	5/22/2024 2:15 PM
18	I'd like to continue to use the park for running, picnics with my family, and in the future, as a place to play with my young kids in the park. A part of the latter is building SHADED areas with playscapes that are relatively close to parking. Another factor is ensuring that people feel safe on the East Side trail. A large part of that is making sure that homeless don't camp on the trail or in the woods around the trail.	5/22/2024 1:43 PM
19	picnics, play for grandchildren	5/22/2024 1:24 PM

## Holly Shores Projects - Play Area, Trailhead, and Trail Enhancements

20	Love the tiny gallery on the trail near the plant. Love statues and art installations. Love music, wish for more opportunities for *free live music events, would love to see something like HONK TX down there. Also some kind of events (not boat races, at least not like the ones that were so hated) in the lagoon.	5/22/2024 1:11 PM
21	Family friendly, safer crosswalks, more safety lights	5/22/2024 12:49 PM
22	Communal spaces and public amenities that are maintained	5/22/2024 12:45 PM
23	NA	5/22/2024 12:26 PM
24	Play spaces for families and water views	5/22/2024 12:25 PM
25	Outdoor picnics and community gatherings.	5/22/2024 12:16 PM
26	Peaceful ones. Tranquil ones. We do not see the need to draw too many people to this park. It should remain a peaceful/tranquil park.	5/21/2024 10:25 PM
27	A new fishing pier. When the bond election was being promoted by the Trail Foundation, we were promised that the fishing pier would be on the north shore. Not the 1st time the pilgrims broke a promise to the native people of East Austin but something the Conservancy should rectify. We also were promised public sand volleyball courts which never happened. We need 2 or 3 decent small boat/canoe/SUP ramps. We need to allow people to park on both sides of Nash Hernandez Street for big events like rowing tournaments and to negotiate use of the Martin School Parking Lots on the weekends. It'd be great to have another spray park for children closer to I-35 because having children and their parents to have to walk all the way to the Power Plant area means families will be driving to the new spray park, just too far to drag wagons/strollers/picnic baskets that far. The Nash Hernandez Sr. building needs to be rehabbed and its purpose should be 100% community use, not PARD admin offices. PARD should manage and supervise new senior recreation programs there (all day not just the mornings) and manage use of the building and its grounds by non-profits afterhours and weekends. Fruitful Commons which operates the near-by Community Gardens and Food Forest would like to provide an outdoor kitchen to teach cooking classes there. It would also be helpful and profitable to have a concession for a drink, snowball, and food trailers on the site, especially for the big boating tournaments on the Lake. Expansion of Martin Pool and a separate pool for small children. Because of school shootings, AISD has put up fencing around Martin and Sanchez Schools. Because the parks and playgrounds at these schools were built in partnership with PARD, we need AISD to adopt a policy that the schools' custodians be responsible to unlock the gates at 4pm to the playgrounds, ball fields, tracks, and tennis courts. I think some of these amenities at these schools are actually on parkland. I've seen people climbing the fences and gates and falling onto the sidewalks trying to access the facilities in the evenings and on the weekends. Since this phase of the Holly Shores Plan seems to focus more on the Pleasant Valley end of the park, it's only fair that residents at the I-35 end of the park have access to existing recreational facilities until a new bond passes to provide new amenities on our end of the park.	5/21/2024 2:52 PM
28	I'd want to take my kid there. Bike from his grandparent's house close by and show him around. Tell him how it used to be.	5/20/2024 9:56 PM

## Holly Shores Projects - Play Area, Trailhead, and Trail Enhancements

68	I want a memory of not having a park littered with wasteful 'history' and interpretive signage that nobody values except for a few loud voices that lobbied to have their egos immortalized. I notice in NONE of these questions are you asking about your core purpose which is to preserve and expand infrastructure and trail environmental quality. This tells me you're over-funded and I need to stop donating immediately.	4/24/2024 1:30 PM
69	I want to play with my dog in the park. Or volleyball or pickleball with friends - something easy to play as a group outside. I also want a space to be creative and be inspired. The long stretch of gray wall on the new section of the Butler trail would be a great place for mural art by local artists as well as a space for anyone in the community to be creative (on specified sections). I could see something like Wynwood Walls in Miami in this area, which would make it a destination within Austin for locals and tourists.	4/24/2024 10:18 AM
70	Spending time with family, friends and the community	4/24/2024 7:57 AM
71	Would like to see a bike park added in the open area to the southeast of the substation. No large events in the area.	4/24/2024 6:18 AM
72	Being part of a community — in Holly and in broader Austin. Hopefully raising a family. Seeing nature restored over the power plant site.	4/23/2024 10:02 PM
73	I'd love to go on many more walks, runs, bike rides, etc with friends and family along the trails, preferably under more trees.	4/19/2024 2:04 PM

## Q9 Is there a feature we didn't mention that you think would be a great addition?

Answered: 72 Skipped: 74

#	RESPONSES	DATE
1	Nope!	5/30/2024 2:52 PM
2	Popsicle stand or other small/temporary concessions	5/29/2024 3:11 PM
3	Designated area for Yoga & meditation	5/29/2024 7:19 AM
4	Interactive art?	5/28/2024 2:31 PM
5	A buffer to retain natural environment and minimal paving to reduce impervious cover.	5/27/2024 6:55 PM
6	more restrooms, water fountains & trash bins	5/24/2024 7:09 PM
7	For people to feel comfortable in a space, it's often important to define that space - for example, a bench not surrounded by a sea of grass but perhaps a low wall, green wall, etc. Where possible, please also consider more natural materials, such as local stone, for the above features, rather than artificial materials like metal which can feel sterile. Please consider covered picnic tables. They're cozier and offer protection from the rain.	5/24/2024 9:12 AM
8	Drinking fountains.	5/23/2024 6:18 PM
9	Please take down the walls enclosing the trail entrance at Pedernales and blocking the trail from the lagoon. It feels like an industrial site, but with walls removed the view at the entrance would be trees and water. It would also open up the view from the Holly Street entrance to trees and water.	5/23/2024 12:51 PM
10	People really like having opportunities to interact with the water and there are very few places you can do that on the trail. People are always using the rowing docks and wearing down the bank sides to get near the water. This would be an ideal place to create some water access for everyone, fishermen, dogs, and the general public. Also, there is very little shade along the trail here and it gets very hot, I usually go the north side up across Holly to avoid the heat. Shade trees along the trail should be prioritized.	5/23/2024 12:32 PM
11	Lake access	5/23/2024 1:29 AM
12	Fishing dock?	5/22/2024 8:10 PM
13	More water fountains.	5/22/2024 5:10 PM
14	trimming the oak trees up so that there aren't low-hanging branches that make for dark, uninviting areas. a kids playscape a fenced-in dogpark area benches under tree canopy shade but near the grassy areas (so parents can hang out and kids play) sand volleyball area?	5/22/2024 2:23 PM
15	More water fountains, rest stops, food/drink trucks	5/22/2024 2:22 PM
16	Play ground	5/22/2024 1:47 PM
17	Water fountains	5/22/2024 1:40 PM
18	Hard to prioritize, seems like room for all of these things, tho understand that \$\$ is a limiter	5/22/2024 1:21 PM
19	No	5/22/2024 12:53 PM
20	Plant as many trees as possible for shade and more wildflowers	5/22/2024 12:49 PM
21	n/a	5/22/2024 12:41 PM
22	No Mow zones for pollinators?	5/22/2024 12:33 PM
23	More piers for viewing	5/22/2024 12:33 PM

## Holly Shores Projects - Play Area, Trailhead, and Trail Enhancements

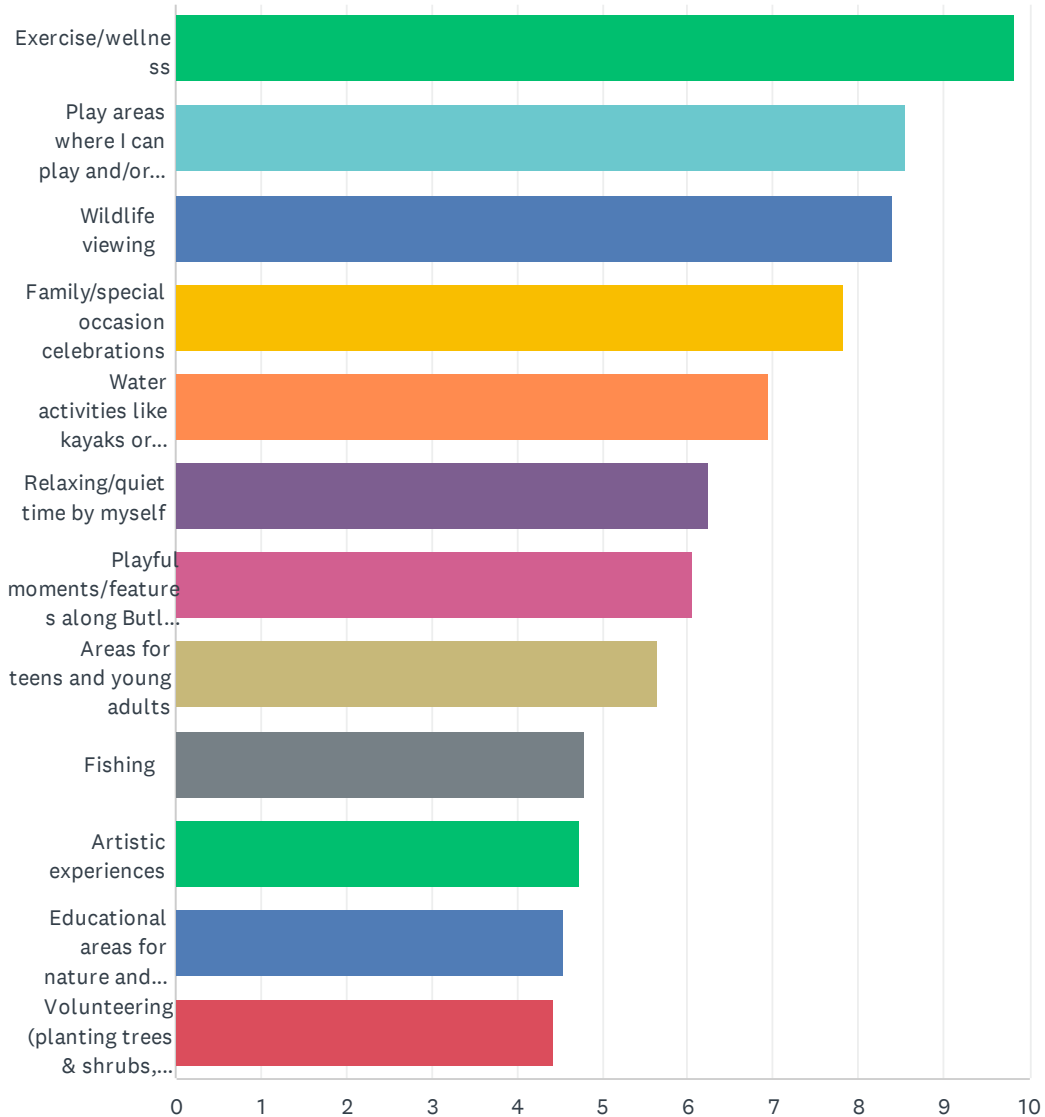

24	NA	5/22/2024 12:30 PM
25	A labyrinth.	5/22/2024 12:20 PM
26	Keep the concessions out of the park! And people making a living or money off of our parks should not be allowed to influence decisions.	5/21/2024 10:33 PM
27	FISHING PIER AND SAND VOLLEYBALL COURTS, concessions for drinks/snowballs/food at least on the weekends, more access to existing parking lots near the park like Martin School and eliminating the no parking on one side of the road where the health department inspects food trailers Mon-Fri until 4pm. The signs could be hooded after hours and on weekends until new signs with specific hours needed by the Health Department could be installed. A spray park near Comal Street could serve youth and seniors. Community use of the Nash Hernandez, Sr. building with a focus on leisure and recreation programs for seniors. There will be 500 seniors living within walking/rolling distance of this building, there's already 250 in the new senior apartments that wrap around the tower. The tower is under remodeling and will soon open to house more seniors. Did I say FISHING PIER?	5/21/2024 3:22 PM
28	I think you would want all of the above. There also needs to be better water stops (for both people and dogs). Along the new stretch there isn't any water. Plus more trash cans, there aren't any from the concrete overlook near the warehouse all the way to the FB boat ramp	5/21/2024 8:28 AM

33	Features to keep homeless out	5/17/2024 4:54 PM
34	Food, pier and merry go round	5/17/2024 7:59 AM
35	Night time lighting! Feels dark and unsafe at night. More access to the water for launching paddle boards. More Workout equipment like pull up bars. The orange one by the baseball fields are great.	5/16/2024 7:02 PM
36	An official off-leash dog area would be very nice like they have on the West side	5/16/2024 3:31 PM
37	Dog park	5/16/2024 9:44 AM
38	No	5/15/2024 6:46 PM
39	More places to sit, relax. Even padded surfaces for exercising, gathering, relaxing, unwinding, decompressing, etc. Make it a place people WANT to go there, make it a popular hub of the city. A major landmark to the city. Have sno cones there. Popcorn. Even if city-sponsored as a give-back to the community. Free or very reduced prices than retail. A fun, inviting area for the locals in the neighborhood to bring their kids and appreciate our predecessors sacrifice to our community.	5/15/2024 6:30 PM
40	Water fountains, emergency call boxes	5/15/2024 7:18 AM
41	A pool	5/14/2024 4:05 PM
42	removing the buildings offshoot nature trails with plants that attract birds and butterflies. A feature like this would open up for programs for the children at METZ	5/13/2024 2:51 PM
43	A kids bike playground like they got in Mueller.	5/13/2024 8:58 AM
44	Playground or places for kids to climb/explore	5/12/2024 7:44 PM

61	Adequate trash cans/trash pickup.	4/29/2024 1:19 PM
62	Native landscaping	4/26/2024 4:04 PM
63	No	4/26/2024 2:18 PM
64	Flora/fauna highlights (nesting boxes for birds, native bees, food forest/permaculture demo areas, focus on water conversation and how we get our water.	4/25/2024 11:32 AM
65	Cold water fountains that are winterized so that they don't have to be turned off in the winter	4/24/2024 8:26 PM
66	The point of a trail is to be a trail. Events that coopt or commercialize that limited space should be removed enough to not block it. I know this sounds curmudgeonly, but I'm old enough to remember when Aquafest was so damn important that trails were closed and drag boats ruined the experience of the lake. Don't be Aquafest.	4/24/2024 4:06 PM
67	I can't support you putting in more features when you're not maintaining the ones installed - and donor funded along lakeshore boulevard. TTC hasn't demonstrated an ability to maintain or preserve donor investments. Again, an indicator I need to pull my contributions.	4/24/2024 1:38 PM
68	Water access point for kayaks, etc.	4/24/2024 10:27 AM
69	Pay area for kids that looks like Pease Park--less "bright" playground equipment, more natural and reclaimed.	4/24/2024 8:03 AM
70	Would love to have a space to get water/drinks/etc! I think I skew slightly towards individual/small social groups as the baseball fields, Festival Beach, and Roy Guerrero/Krieg all feel well suited to larger groups!	4/23/2024 10:30 PM
71	Bike racks at gathering and overlook areas! There are so many people who bike along the trails, but almost no places for bike parking.	4/19/2024 2:09 PM
72	More trees	4/17/2024 5:07 PM

Q10 The community has long awaited these park spaces and deserves to have new memories created here. Please rank the activities would you like to be a part of in these areas.

1	Plain clothed cops on bikes	5/31/2024 3:48 PM
2	Path lighting at dusk/night is great.	5/30/2024 2:52 PM

4	Lighting at night	5/29/2024 7:19 AM
5	lights in the dusk/dark hours access to drinking water	5/28/2024 3:20 PM
6	Benches in shade. Clean restrooms. Water fountains.	5/28/2024 2:31 PM
7	good lighting, regular maintenance	5/27/2024 6:55 PM
8	Tidy areas, call box,	5/27/2024 4:08 PM
9	People not allowed to camp on/near trail. People obeying leash ordinances & not allowed to let their dogs run loose. Maybe a separate path for cyclists because sometimes they go thru trail too fast & not always considerate to pedestrians.	5/24/2024 7:09 PM
10	Paths that are free of garbage/waste; not many encampments or broken down vehicles; other people around	5/24/2024 11:49 AM
11	Physically defining gathering spaces - see earlier. Also see "A Pattern Language" book. Small-scale commerce (see above) to ensure "eyes on the trail." Perhaps one day a beer garden! More benches that face the trail. I know some folks might like benches to face scenic views but in my experience the number one thing that people in a city enjoy is other people. So benches should face the trail, not away from it as in a photo above, where possible. When benches can face the trail and scenic views, so much the better! Shelter from the rain. There's almost no rain shelter anywhere on the trail, perhaps because of fear of the poor (eg. homeless) using it. I think we've got to overcome that fear.	5/24/2024 9:12 AM
12	open areas; clear lines of vision, other 'non-scary' people using the park; emergency call phones, lights	5/23/2024 12:51 PM
13	A good policy to prevent camping and regular sweeps.	5/23/2024 12:32 PM
14	lights at night	5/23/2024 10:46 AM
15	Keeping people from pitching tents and living on the trail	5/23/2024 7:56 AM
16	Free of homeless encampment, drug use artifacts.	5/23/2024 1:29 AM
17	Open spaces, visible parking areas, adequate lighting, wide pathways	5/22/2024 8:10 PM
18	No homeless camps.	5/22/2024 5:10 PM
19	Avoid people doing drugs or camping in these parks.	5/22/2024 4:36 PM
20	Police presence, deterrents to homeless encampments, lighting (when applicable). There are some very isolated areas of the trail that are the focus of the survey that are not safe for women in our current environment. We CANNOT allow our public spaces and infrastructure to encourage encampments for dangerous people.	5/22/2024 3:11 PM
21	no homeless people camping on or by the trails on the east side. easy parking / ingress a large central lawn with tree understory views of the lake and shaded park benches places for volleyball places where dogs can play off-lease splash pad	5/22/2024 2:23 PM

25	clean, well cared for areas, no homeless camps, occasional security patrols	5/22/2024 1:33 PM
26	I love going with my dog, I keep her leashed clean up after her. A few days ago we were set up on by a Great Dane and a Pitbull. Owner yelled sorry from 100yds away. We were not bitten, but the dogs were aggressive. More signs, or idk to let people know that off leash is not permitted	5/22/2024 1:21 PM
27	Good lighting, well tended so that more people are at the park at all times, feature play spaces so that it's a destination for all of Austin and city pays attention	5/22/2024 12:53 PM
28	Well maintained paths, clean restroom and benches and signage	5/22/2024 12:49 PM

31	Well lit at night.	5/22/2024 12:30 PM
32	I generally always feel safe but know the context is changing. I think strategic lighting that is compliant with blue sky standards would be helpful.	5/22/2024 12:20 PM
33	Stop letting concessions create empires in our park. The Exploration schools has concessions in San Antonio as well as Austin. How many do they need? This is about money not about helping kids. They need to go.	5/21/2024 10:33 PM
34	Pathways that are smooth and not full of potholes and trenches from runoff. Trees that are trimmed so that people can't hide or camp under the tree canopies. Trimmed trees also provide for more shady spots to set up a picnic. Lighting at night especially in parking lots, on trails and fishing piers. Trail ambassadors not park police and park rangers who have an enforcement of rules mentality and focus.	5/21/2024 3:22 PM
35	I periodically see APD officers around which think would be a good trend to continue. More proactive presence to prevent issues and encourage following rules	5/21/2024 8:28 AM

43	Enforcement and removal of homeless	5/17/2024 7:59 AM
44	Lights at night. Help on homeless encampment in cars and RV's parked in the lot next to the baseball fields. Or tents under the oak trees. Sometimes they can be aggressive towards people walking by.	5/16/2024 7:02 PM
45	Accessibility, well lit trail in early morning or evening, clear signage	5/16/2024 3:00 PM
46	Lighting for dusk	5/16/2024 9:44 AM
47	Frequent patrols by APD/Sheriff's, crack down on menace driving and loud obnoxious visitors	5/15/2024 6:46 PM
48	LIGHTING! Lots of it! Bicycle police patrol around the clock. Adherence to rules. The entire trail should be lit for use around the clock. Don't allow tents/camping. Ever!	5/15/2024 6:30 PM

55	No tents or homeless camps, well lit	5/12/2024 7:44 PM
56	Lots of trash and recycling cans to encourage people to through away their trash, bury all power lines and use decorative lights instead of massive wooden posts with unattractive lights, use crushed granite instead of concrete for trail	5/12/2024 5:55 PM
57	Lack of campers in park. Fewer homeless. Ceanliness f parks.	5/12/2024 12:49 PM
58	Lighting at night (but not disturbing wildlife), clean and well maintained restrooms and water fountains	5/11/2024 7:53 PM

71	People. Gentle downward night lighting (preserve the dark skies!!!!)	5/8/2024 10:07 PM
72	I have called 911 three times when I saw open drug use at the fountain at the head of longhorn dam. I want to be able to use the whole trail without my children having to see open drug use.	5/8/2024 11:42 AM
73	Good lighting, signage, access to water fountains and maintained landscaping	5/6/2024 3:28 PM

and regularly scheduled pickups of that trash, it will go a long way to creating a more inviting space.

82	Open space and nature, rather than a lot of furniture, equipment and designated programming spaces.	4/26/2024 3:51 PM
83	Lighting	4/26/2024 2:18 PM
84	Keeping sightlines open	4/26/2024 1:05 PM

94	As many trees as you could feasibly fit in to all of these areas. I know that trees were planted along the new power plant area trail section and they'll need time to grow, but please plant many more. It's SO hot and exposed.	4/19/2024 2:09 PM
95	Getting rid of the car campers by the baseball fields and Cammacho. You also need to get rid of the Porto potties where I have personally witnessed drug use many times.	4/18/2024 1:24 PM
96	Public art	4/17/2024 5:07 PM

## Q12 Do you have a favorite park, or park features, in Austin or elsewhere that might provide ideas for this park?

1	Gus Mathias	5/31/2024 3:48 PM
2	Pease, Zilker, Auditorium Shores	5/29/2024 3:11 PM
3	City Park sculpture garden in New Orleans	5/29/2024 7:19 AM
4	I love the beautiful wooden art structures that double as seating along the trail in Rosewood park	5/28/2024 3:20 PM
5	Peace Park	5/28/2024 2:31 PM
6	Roy Guerrero	5/27/2024 6:55 PM
7	Pease park often has playful installations that may work here	5/27/2024 1:24 PM
8	I love the old trees around Austin that provide plentiful shade	5/24/2024 11:49 AM
9	Access to the ADA accessible dock and boat launch for people with mobility issues for the general public that aren't registered for a boating program.	5/24/2024 9:43 AM
10	Pease Park: The long picnic tables close to each other create a beer garden-like quality. The troll sculpture is fun and whimsical - too much public art in Austin is too high-brow, sterile, and cerebral (eg. the pink "poop" sculptures outside the library.) Art should be readily comprehensible to the everyday person. What if the trail had sculptures every 5 minutes or so of famous characters from children's stories, perhaps stories from Latino culture? Shipe Park: Homes are close to and surround the park and thus the park feels cozier and well integrated into the neighborhood. Particularly around Chicano Park, it feels like there's a gulf between the neighborhood and the trail. We should allow small-scale housing to come as close as possible to the trail to define the park and provide "eyes on the trail." Numerous parks in New York: They often have a center, a place where you feel like you've arrived somewhere. The center is often glorified with something like a statue (we need to bring statues back!) and surrounded by benches and with multiple pathways leading to it. Austin's trail should have places every 10 minutes walk or so where you feel like you've arrived somewhere. The Japanese Pavilion in Sausmarez Park, Guernsey: This is a covered structure that juts out a little into the water, providing both a rest stop, a nexus, and engagement with the water.	5/24/2024 9:12 AM
11	Farther up near Martin Pool there is a pavilion that can be reserved free of charge. This would be a great idea for the ugly yellow maintains buildings.	5/23/2024 12:51 PM
12	The big sphere in Peace Park given how distinct it is. I also like that there is a coffee vendor to get a beverage to enjoy in the park.	5/23/2024 10:46 AM
13	Zilker Park	5/23/2024 1:29 AM
14	Love the new troll in pease park. Enjoy the fishing docks on the south river bank.	5/22/2024 8:10 PM
15	Water views are the best part of the parks and trails.	5/22/2024 5:10 PM
16	Keep it natural. Avoid concrete and inorganic modern art.	5/22/2024 4:36 PM
17	Pease Park is amazing. it has plenty of park benches, places for soccer/baseball/basketball, bike parking, and play areas. and it feels safe.	5/22/2024 2:23 PM
18	Pease Park, Splash Pads with lots of shade	5/22/2024 2:22 PM
19	Pease park	5/22/2024 1:47 PM

21	I love the trail very much. We did not think it would be so important to us when we bought the house many moons ago, but I could not imagine living in any other part of Austin than Holly	5/22/2024 1:21 PM
22	Alliance Park, Pease Park	5/22/2024 12:53 PM

26	Water features like in Mueller park were done really well.	5/22/2024 12:30 PM
27	The north side frontage of the Ladybird lake and the new trails that have been installed are lovely.	5/22/2024 12:20 PM
28	Long quiet stretches of green spaces for people to enjoy and to break up the massive heat domes that affect our city. Need to find a better place for the homeless who make it scary to go to the park.	5/21/2024 10:33 PM
29	I forgot to mention a dog park or limited unleash area which could be on the city owned land at the corner of Comal and Nash Hernandez Street. This is already an unofficial off leash area and dog park. The land can't be developed because there is a 75 ft circumference metal disk leading to a deep and huge waste water pipe underground, the large metal disk is covered by grass but can be lifted by crane in order to service the drain pipe below. I also suggested that on top of the disk, that an AIPP giant sundial be installed on top of it that would give a nod to the indigenous people and could be designed with bars on top so the crane could lift it off when they need access to the drain tunnel below. And if they didn't like the sun dial idea, they could put a giant spinner wheel for people to push and play with. The area also needs some benches and a picnic table or 2 for the dog lovers like me.	5/21/2024 3:22 PM
30	I think the Presidio in San Francisco could be a great model. They've balanced nature, history and events (i.e., pop-up food & wine festivals, a few bars/restaurants) that creates a ton of interest from locals and visitors alike. A development like this with a unique Austin spin on it could be awesome	5/21/2024 8:28 AM

48	Zilker	5/13/2024 2:51 PM
49	My favorite park was Waterloo BEFORE they changed it. We liked the bike parks in northwest Arkansas around Bentonville and Rogers. We like the natural play features at the Wildflower center.	5/13/2024 8:58 AM
50	Butler park, please park	5/12/2024 7:44 PM
51	Pease Park. They don't have power lines connecting trail lights everywhere like the new section of the trail by the Holly Power Plant. Seeing power lines completely takes you out of nature.	5/12/2024 5:55 PM
52	Pease park is beautiful	5/11/2024 7:53 PM
53	Red bud isle is awesome in regards to how close you can be from the water. Nice/maintained restrooms would be great too (not porta potty)	5/11/2024 2:03 PM

61	Pease park net structure! Fun and interactive	5/9/2024 3:39 PM
62	The peninsula from holly to the bridge	5/9/2024 12:59 PM
63	Yes!! Pease Park and Alliance Garden- these are outstanding parks. It sometimes seems like west side parks get prioritized so it'd be great to see something special like this on the east side	5/9/2024 9:29 AM
64	We as a community use Metz school as the dog park. But I love how auditorium shores is just open and off leash. I also think swing areas and climbing areas can be used and enjoyed by all age groups.	5/9/2024 8:49 AM
65	RGG trails - quiet, wildlife.	5/8/2024 10:07 PM
66	The great lawn at Zilker is obviously the crown jewel of Austin. The east side needs more large, communal green spaces to enjoy, in general.	5/6/2024 3:28 PM
67	Alliance Children's Garden (for amenities, play structures, and adult seating/viewing); Grove Park at the Grove development (feels very safe and welcoming - plenty of parking, nice variety and scale)	5/6/2024 10:48 AM
68	Pease Park	5/5/2024 9:14 PM

80	Swimming area off the river like Deep Eddy. Beach volleyball courts like Mueller Park. Pickleball courts like 4th & Chicon.	4/24/2024 10:27 AM
81	Pease Park!	4/24/2024 8:03 AM
82	Right now the concrete of the trail feels extremely hot during the summer. Obviously you can't make a time machine to get tall, mature trees (like the area of the trail down by Mopac) but that would be amazing. Something to hide the leftover things from the power plant — e.g. chainlink fencing — would be great! Plants, art, etc!	4/23/2024 10:30 PM
83	The area near the Crenshaw ped/bike bridge and the large trees by the Mopac area boathouse are favorites of ours.	4/19/2024 2:09 PM
