Faustinus Deraet – Photography

www.faustinusderaet.com

Chilango Subconscious is a collection of street photography by Faustinus Deraet taken in Mexico City. Guided by the artist's subconscious, chance encounters result in candid images that look closely at the urban environment.

March Mattingly – Oil and acrylic on canvas

www.marchmattingly.com

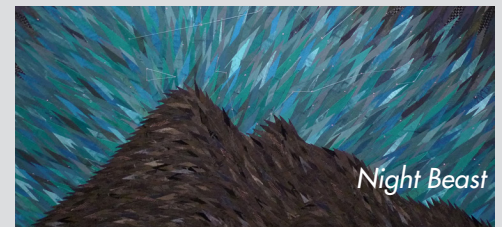

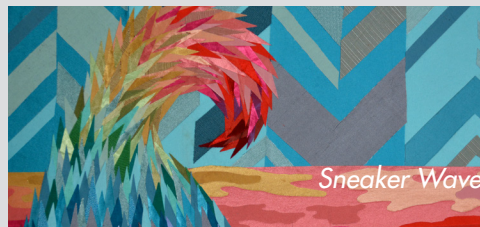

In the context of physical places, emotional states of mind, or a cherished point in time the artist's paintings express self-awareness, the beauty of nature and the complex relationships between humans and the natural world.

Jess Bee – Fiber Art

www.unicorngerms.com

Jess Bee creates vivid worlds, rich with texture exploring dreams and nightmares by juxtaposing them with haunting creatures and dreamlike landscapes. Bee unravels the meaning of dreams and visually represents what the mind unintentionally holds onto through meticulous fabric assemblage.
