Google Earth App – Task Force.kmz

Directions If You do NOT have Google Earth app installed on your computer:

Save the attached “task force.kmz” file on your computer. Remember the saved location!

1. Open Google Earth via web browser, or install Google Earth on your desktop.
2. Once installed, and set up per your needs, go to:
 - a. Go to File, Open (see below).
 - b. Navigate to the location of the “kmz” file, and select it.
 - c. The locations will open in your Google earth browser.

If you already have Google Earth installed, you should be able to click on the “kmz” file and it should prompt Google earth to open with the locations.
