Q5: Is this park clean?	Yes, Comment they do a good job on getting rid of graffiti quickly
Q6: Do you feel safe at this park?	Yes

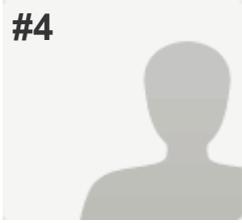

Q7: Anything else you'd like us to know about this park?

I like the gravel track but it takes continual maintenance. The East end has already narrowed 3-4 ft since the track was rebuilt a year or so ago. A big patch of poison ivy should be removed on SW side. The drainage ditches around the track really need to be redug and culverts are full of sand again. The East end is the darkest part of the track and the one most likely to get washed out after heavy rains. You really need a light there to prevent accidents for morning walkers and joggers. Do not remove that really cool tree that arches over the track on the south side - its a treasure.

Other (please specify)	Maybe another bench. People LOVE the bench at 32nd (it is used all the time) and another somewhere maybe near Wheeler would be nice too.
Q4: How could we improve this park?	
Erosion control. Several failed attempts have been made at stopping the flood erosion at the bridge foundations at 33rd, 32nd and Wheeler but they aren't taking well. It's clear now it is going to take more than dumping dirt, some sort of structure is needed to stop the erosion. Also, several of the trees need major pruning, esp. the west end of 32rd and Hemphill Park where the pecan has started to grow onto the ground.	
Q5: Is this park clean?	Yes,
	Comment In general yes, at the moment due to storms its littered with debris but that's normal.

2015 - LRP Adams-Hemphill Neighborhood Park

Q6: Do you feel safe at this park?

Yes,

Comment

The north end of the park more than the south. The 30th St intersection has a transient population and one person (his name was Tennessee who was homeless and blind) was tragically murdered there a few years ago.

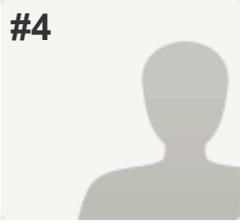

Q7: Anything else you'd like us to know about this park?

The pecans are getting quite mature. Several are dying now. In the next few decades it's clear we'll lose a lot more. It's time to start planting a new generation of trees so we'll have the some lovely park in 40 years we have now.

 ditches

Q6: Do you feel safe at this park?

Yes

Q7: Anything else you'd like us to know about this park?

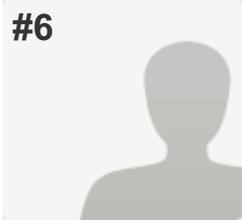

Our neighborhood association has been hoping to have Hemphill landscaped with some new trees planted. We are losing a lot of trees at the moment.

Lots of people play with their dogs off leash here and I wish it wasn't technically illegal. A small designated area for dogs would be great and I believe there is plenty of room for it.

Q4: How could we improve this park?
 Park is used extensively by walkers, joggers and dog exercisers. Would be good to have more benches for people to take a break on; hard surface or mulch on the paths (which are now worn grass free); and an area in either Adams or the east part of Hemphill (just north of 30th) which could be leash free. As far as the latter, many people currently use these as leash free in any case.

Q5: Is this park clean? Yes

Q6: Do you feel safe at this park? Yes

Q7: Anything else you'd like us to know about this park?
 There are a number of trees in sad shape and some need to be planted to take there place when they finally give up the ghost. A lot of neighborhood residents would probably chip in to fund more benches and tree planting if the city can figure out a good mechism for this. Also the street lights frequently need replacement bulbs which seems to be pretty low on the city's maintenance list.

Q2: What do you do when you visit this park? Select all that apply.	Walk/Jog/Run on the Trail, Have a Picnic
Q3: What would you like to see at this park in the future?	
Select one from each column	
1st priority	Trails
2nd priority	Trails
3rd priority	Trails
Q4: How could we improve this park?	
<p>The park is not really large enough for playground equipment or picnic tables, but it would be nice to have a few more benches where neighbors and visitors can sit down and relax. Rather than build additional improvements, it would help tremendously if the City would do a better job of mowing and maintaining the bridges that are there. A few more trees and landscaping would be nice too.</p>	
Q5: Is this park clean?	Yes, Comment Generally clean but the creek regularly gets too overgrown with weeds.

Q4: How could we improve this park? Adams Park: fix the outflow from the drain at the Scottish Rite Dormitory's parking lot. It floods the park with trash and leaves it muddy for weeks. Pipe it over to the creek.	
Q5: Is this park clean?	Yes, Comment except when the parking lot floods one end of the park (almost every rain). This is just Adams Park.
Q6: Do you feel safe at this park?	Yes, Comment but I call the police about 3-4x a year for vagrants sleeping in the park (Adams and Hemphill)
Q7: Anything else you'd like us to know about this park? Fix the drains at 32nd and Wheeler, which also clog quickly and then the bridge gets eroded. Build a real sustainable path around the parks. There is not one now.

2nd priority	Tennis Courts
3rd priority	Pavilions

Q4: How could we improve this park?
 Adams-Hemphill Park can be improved by adding a sitting area for picnics, a playscape, perhaps even a pool.

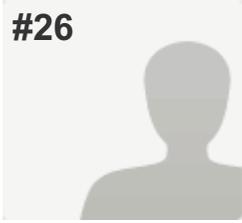

Q5: Is this park clean? Yes

Q6: Do you feel safe at this park? Yes,
 Comment
 As long as I'm with someone else. It is hidden and that can feel spooky sometimes.

Q7: Anything else you'd like us to know about this park?

Q4: How could we improve this park?
 Watering system for trees: there was an old, find it! Regular mulch for trees. Better signage for cross walk between Adams and Hemphill parks.

Q5: Is this park clean? Yes

Q6: Do you feel safe at this park? Yes,
 Comment
 Adams does not feel safe near the creek bed at night.

Q7: Anything else you'd like us to know about this park?
 The trees along Hemphill park are very important to quality of life in the area, and the project with PARD should go through. There are more children in the area than there have been in the past, so some attention to the play equipment might be in order.

Q7: Anything else you'd like us to know about this park?	
The trees are very drought stressed. If we could get water for the trees, and plant some new more drought-resistant ones, that would improve the Hemphill Park section. Lots of people walk their dogs here and in Adams Park. A dog play area would add value.

 Play on Playground

Q3: What would you like to see at this park in the future?

Select one from each column

1st priority	Trails
2nd priority	Running Track
3rd priority	Nature based Playground

Q4: How could we improve this park?

Putting in an impervious trail (not crushed granite). I think Shoal Creek has some sort of poured "concrete" that is permeable. Hemphill Park floods frequently and any material that is loose will ask away or into the streets. Filling in trees where the Heritage trees are dying. Every flood the ground surrounding the bridges get washed away. The city replaces the dirt after every flooding event only to be washed away again. I've lived on the park 20 years and have seen this so many times I cannot count. Is there some permanent solution? Erosion on the historical bridges has to be hard on the structures.

Q5: Is this park clean?

Yes,
 Comment
 We have Park cleanups a couple of times a year.

Q6: Do you feel safe at this park?

Yes,
 Comment
 Secluded Adams Park can harbor undesirables on occasion.

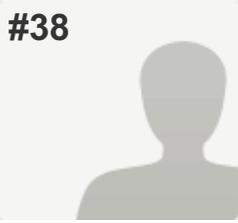

Q7: Anything else you'd like us to know about this park?

Adams Park is one of the city's "diamond in the rough". I wish a creative plan could be developed to improve the usability and to possibly connect to UT's Waller Creek walkway making a central bike/pedestrian corridor that could go all the way to Ladybird lake.

Q4: How could we improve this park?
 Provide more benches with an arm in the middle of them--to prevent use as a bed. Our neighbors gather around the one bench we have for activities such as the July 4th gathering.

Q5: Is this park clean? Yes,
Comment
Thanks for the stations with dog bags, and the garbage cans.

Q6: Do you feel safe at this park? Yes

Q7: Anything else you'd like us to know about this park?
 In heavy rains there is a problem with flooding, the creek rises and goes over the street, debris catches in the bridges. The corner at 32 and Hemphill Park has so much dirt and sand in it, it is difficult for wheelchair use.

Walk/Jog/Run on the Trail,
Other (please specify)
The park is the 1/2 way mark when I walk my dogs. We specifically get water at the park. I am very thankful for the dog drinking fountain there. And we saunter around.

Q3: What would you like to see at this park in the future?

Select one from each column

1st priority

3rd priority

Other (please specify)

I would like to see the few trails that are there maintained. It is a small park and I would like to see it remain a quiet place where people can sit and reflect or read or just walk a little to clear there heads in a safe, quiet piece of nature in the city.

Q4: How could we improve this park?

So far, so good. You added an extra trash can near one of the entrances. I appreciate that for when I have to throw away dog poop. There are dog bags so that is helpful for me when I need them. I think keeping the trails manicured.

Q5: Is this park clean?

Yes

2015 LRP - Armadillo Neighborhood Park

Q6: Do you feel safe at this park?

Yes

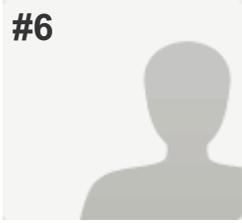

Q7: Anything else you'd like us to know about this park?

It is a sweet little park. I know another gal who uses this park to let her well-behaved dogs run around. (I do prefer dogs being on leash as one of my dogs is dog aggressive) She lives close to me and drives to the park. She'll use Armadillo instead of Garrison-a little easier for us to get to. I think it is a really good use of that little piece of land.

Select one from each column

1st priority	Nature Trails
2nd priority	Trails
3rd priority	Nature based Playground
Other (please specify)	A butterfly and hummingbird area with those specific plants & trees labeled for identification & education.

Q4: How could we improve this park?

The trails at Armadillo Park need to be improved. The park was officially opened September 2014. Already there is grass growing through the trails all over the park. The trail base may not have been thick or compacted enough. There are also several washout spots which need to be addressed by providing minor, proper drainage improvements.

Q5: Is this park clean? No,

Comment
 Mostly yes, but the back of the park (north side) is extremely overgrown and a safety hazard! There is a deep culvert almost the entire width of the park in that densely overgrown area. The west end of the park is still a little overgrown as well and needs the underbrush thinned some more.

2015 LRP - Armadillo Neighborhood Park

Q6: Do you feel safe at this park?

No,

Comment

Not at twilight and certainly not after dark. There is no lighting in the park and the homeless often stay overnight at the park. Some of the homeless look scary and are even at the park during the day. The underbrush and grass is sometimes very high, especially near the retaining walls by the Cooper Lane handicapped entrance.

Q7: Anything else you'd like us to know about this park?

There are many plants that need to be culled from the park that aren't native and can be aggressive growers. There is also a lot of poison ivy and poison oak throughout Armadillo Park that needs to be treated with herbicide for the safety of our children, pets and ourselves! Several of the trees have the poison ivy/oak vines growing up the trunks too.

Q3: What would you like to see at this park in the future?
 Select one from each column

1st priority	Pavilions
2nd priority	Nature based Playground
3rd priority	

Q4: How could we improve this park?
 One shaded picnic structure or pavilion would be a nice invitation to eat lunch in the park. Other than that, the biggest remaining thing would be to keep out any poison ivy and thorny plants to make it safe for kids to go off-trail. Maybe some non-invasive play equipment could be nice, perhaps a small climb-and-slide or a pair of swings?

Q5: Is this park clean? Yes,
 Comment
 It's been kept a great deal cleaner since the recent renovations; I used to pick up bottles and cans every time I walked through, but I don't see those as much now.

Q6: Do you feel safe at this park? Yes

Q7: Anything else you'd like us to know about this park?
 The recent renovations are a big improvement!

<p>There are a number of people that enjoy this park for particularly Friday volleyball after 6:00 on pretty much a weekly basis throughout daylight savings time. While this group is open to letting anyone that wants to play, on many occasions the sole volleyball court is used for hours on end by people offering volleyball instruction for money. During this time, only the instructor and the students can use the court and anyone else wanting to play has to wait until the instructor has finished all of their lessons for the day. It seems like there should be some type of limit to this exclusive use of the park facilities by one person using them for a profit.</p> <p>This park offers both play and splash areas for people who bring their children with them to volleyball. These amenities are not available in such close proximity in any other park.</p>

Fix bathroom door so that it shuts and locks. Also, restrict commercial volleyball lessons from being conducted during peak usage times, such as Fridays after 5pm, and all day Sat & Sun. Q4: How could we improve this park? Build a swimming pool, playscapes. Ramsey Park!	
Q5: Is this park clean?	Yes
Q6: Do you feel safe at this park?	Yes
Q7: Anything else you'd like us to know about this park? There are a lot of neighborhoods surrounding this park. We have weekly get togethers at the park for incoming Brykerwoods Elem students to get to know each other. The splashpad is a hit, but its a real shame that there are not playscape equipment. Fundraising is an option. Many neighbors to the park donated to Ramsey, but are actually closer and would prefer Bailey park to have similar equipment. A neighborhood pool and swim team would be excellent. Young families are really taking over neighboring Brykerwoods. The elementary playground gets used by many, but a local park would be better.

Swim, Play on Playground,
Other (please specify)
we go for group events quite a bit like
neighborhood wide July 4th parade/picnic and
moms groups. we look forward to more walks
when the trail is finished and safe for our kids.

Q3: What would you like to see at this park in the future?

Select one from each column

1st priority	Water based play feature
2nd priority	Pavilions
3rd priority	Trails

Q4: How could we improve this park?

Complete the trail project and let us access the pool for a longer time throughout the year since it is heated.

Q5: Is this park clean?

Yes,
Comment
though we could use more signage about dog
poop, poop bag stations and more trashes
throughout the park

2015 LRP - Balcones District Park

Q6: Do you feel safe at this park?

Yes,

Comment
except along the trail because of its state of
disrepair

Q7: Anything else you'd like us to know about this park?

Our neighborhood is a very outdoor loving group and lots of dogs so many would probably really appreciate a dog park. There is also an old road that follows the water line that is desperately in need of repair.

 Larger pool. Finish paved bike trail. Clean up nature Area.

Q5: Is this park clean? Yes

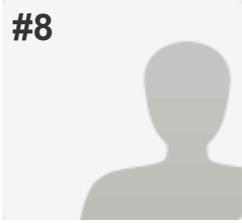

Q6: Do you feel safe at this park? Yes,
 Comment Not after sunset

Q7: Anything else you'd like us to know about this park?
 The pool seems dangerously crowded in the summer--it is a very small Pool for the number of residents it serves. I live in the Milwood neighborhood where the park is located and we often drive to a further away Pool because I do not feel safe letting my young children swim in a pool that is as crowd as this one usually is.

Q4: How could we improve this park?
 Provide a map of the trail easy to find, more playground equipment, a set for younger kids and another for older ones

Q5: Is this park clean? Yes,
 Comment generally, the park feels neglected

Q6: Do you feel safe at this park? No,
 Comment
 Boy scouts have reported finding needless and tents in the trail areas, so we tend not to use that part of the park. The trail is also not well maintained

Q4: How could we improve this park?

The grounds themselves are very rough.....makes it very difficult to walk around this park....also...understand that there is a field off Scribe that is adjacent or incorporated with the Balcones Park and it is in disrepair. I understand that people find drug paraphernalia in the wooded area. More lights would probably help. Austin needs more Park Rangers. More activities run by Parks and Recreation for the people who live in the neighborhoods bordering the park would be nice. I do not find the park inviting. It is not my first choice to visit even though I live in an adjacent neighborhood. I have lived there for over 30 years and have lived in Austin since the 40's. My family knew Beverley Sheffield. Part of what makes Austin the town that "it was" was the love of the parks....Mr. Sheffield did so much to bring so much life to the parks. I will say...I am not a fan of the trail that "some" people in the neighborhood have so vehemently pushing for. As I understand it....the continuance of the trail has been halted by the Angus Valley, Mesa Park and Balcones Woods neighborhoods. I believe this trail will bring crime into our neighborhood and others from the park on North Lamar. Too much of our tax money has been wasted on this trail already. There are not enough police to police our parks as it is. There are homeless encampments in the woods....the area floods....and we have, to my knowledge, only one park ranger, last time I asked, for the city parks. Who is going to monitor these trails?

Q5: Is this park clean? No

2015 LRP - Balcones District Park

Q6: Do you feel safe at this park?

No,

Comment Absolutely not.

Q7: Anything else you'd like us to know about this park?

We were told that tennis courts would be built in this park 30 years ago. If Carol McClellan Rylander was the Mayor, we would have tennis courts! (I do like our new Mayor, I must say). I've heard all the arguments....sorry...the one about the fact that there are plenty of tennis courts in north and northwest and west Austin does not hold water.....not after 30 years.

Select one from each column

1st priority	Water based play feature

3rd priority	Nature based Playground

Q4: How could we improve this park?
 Playground equipment is old.
 At the pool there aren't enough picnic tables/chairs/ant free ground to place belongings. It would be great if that space by the pool was made into a usable area.
 There is a whole abandoned area on the other side if the creek bed that looks like it used to have volleyball and picnic facilities.. It would be nice to see that developed into an enjoyable space as well.

Q5: Is this park clean? Yes

Q6: Do you feel safe at this park? Comment Not safe enough to use the trails

Q7: Anything else you'd like us to know about this park?
 There are some natural and historical features about this park that have been forgotten! If the trails were marked and maintained and the features of the area highlighted at the main park area a much richer experience could be had. There are a lot of families densely populated within a mile or two of the park. That would increase the quality of life of many, also have a positive economic impact, making that area more desirable for families.

 Repair the baseball field
 Repair the volleyball court
 Repair the concrete cap on the water water line in the creek that is used as a hiking trail
 Smooth out the trail from the pool down to the creek. It is a rocky mess right now.
 Encourage the snow cone vender to come back. The permitting was such a hassle they left. It was just a retired couple making the park nice for everyone and the parks staff ran them off.
 Add a disc golf course.
 Add tennis courts.
 Add a fenced off leash Dog Play Area.

Q5: Is this park clean? Yes,
 Comment
 The Parks Department does a wonderful job of mowing and cleaning the park. The Cub Scouts and the Boys Scouts also clean the park. Oh and the Neighborhood Association.

2015 LRP - Balcones District Park

Q6: Do you feel safe at this park?

Yes

Q7: Anything else you'd like us to know about this park?

Wonderful park. Keep up the good work. It can be made better with a few repairs and a few additions. See above.

Also an additional thought.

The lower park of the park accessible from Scribe is a baseball field. This would be a great area for some off street parking.

Improve the baseball field and add a small pavilion.

Thanks

Q3: What would you like to see at this park in the future?
Select one from each column

1st priority	Trails
2nd priority	Nature based Playground
3rd priority	Pool

Q4: How could we improve this park?
 We are rarely at this park even though it is across the street and we live on the creek trail. The playground is much too small, needs shade and places to bike that are not the parking lot. My son has outgrown the playground and he is only 4. The trails are nice in winter but there is too much poison ivy to hike between spring and the first good freeze. The pool was rarely open last year due to staffing and other problems.

Select one from each column

1st priority	Water based play feature

Q4: How could we improve this park?

1) The area around the pool does not have enough places to sit. We have to bring our own chairs so that we don't get bitten by the fireants as often. Or if you forget the chairs, it's just not a pool that is inviting and does not have surrounding areas that accomodates as many people as it should. It would also be great to have a splash pad for the kids so that very young kids can participate more easily. There is definitely room for it! 2. Our park has ZERO pavilions and they are in demand especially for birthday parties and group meetings for example for scout events. It's hard to find space to meet for groups and pavilions make that easier especially when it's super hot or rain is anticipated (only something we worry about this year!). 3. The trails in the park really need to be better maintained and marked. No retaining walls exist to eliminate the erosion on the parts of the trail (old maintenance road?) next to the creek, so parts of it are slowly giving way to flood events. There's also no signage as to how the "trail system" in the park works which is very confusing! It's not terribly hard to get turned around. It's truly a beautiful little hidden creek area - so I would love for it to be cared for an maintained better. I know our area girl scouts (bluebonnet valley service unit) would love to come help with the trail maintenance outside the regular "It's My Park Day" if an opportunity was presented and someone was there to provide the technical expertise.

2015 LRP - Balcones District Park

Q5: Is this park clean?

Yes,

Comment

Except after a flood in the creek. Usually the playscape areas of the park are clean.

Q6: Do you feel safe at this park?

Yes

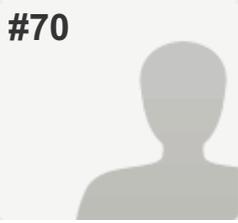

Q7: Anything else you'd like us to know about this park?

I love being able to walk to the creek and when the creek flows less, my child likes to run her boats in it and splash a bit. I would love to have better marked nature trails to get down and around the trail. The trails in the park right now are manmade -- very narrow, obviously not maintained, and subject to erosion (especially the steeper parts).

Q4: How could we improve this park?
 There's a multi-purpose hidden in the back near the residential area with enough space for soccer, but it is very poorly maintained, the ground is hard, clumpy, and rocky, and the grass is very poor. Currently, I have to travel to other parks for team sports, even though I live very close to this park. The volleyball court hidden in the interior of the park are also damaged beyond use

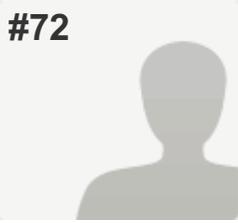

Q5: Is this park clean? Yes

Q6: Do you feel safe at this park? Yes

Q7: Anything else you'd like us to know about this park?
 I enjoy mountain biking off-road. I know that the North Walnut Creek trail is getting built out from this park, it would be great if not all of the trail was paved, as I currently enjoy the dirt paths on my mountain bike

Q4: How could we improve this park?	Clean up access road along creek just downstream of spring. Large flood events starting with halloween flood in 2013 deposited a lot of debris on road and changed river course enough that this area is impassable with standing water for a good time after high flows. Not sure if this can be improved or just diverted around for those walking this route.

One of the basketball rings and net in the basketball court of the Balcones District Park is missing and perhaps needs to be reinstalled.

Q5: Is this park clean?

Yes

Q6: Do you feel safe at this park?

Yes

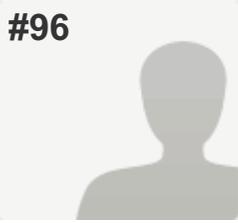

Q7: Anything else you'd like us to know about this park?

This is a nice small community park. It's clean and well maintained. Quite a few new trees are planted and well took care. The new wild-flowers trail and field are beautiful.

 Comment
 There is a lot of traffic in hiking areas and down by creek that include people that don't seem to be there for the scenery or exercise. I wonder if it is patrolled much by police? I would feel safer knowing that police check on the trails and trail areas randomly to keep it a little safer

Q7: Anything else you'd like us to know about this park?
 Although this is a "leash on" park it would be great if the back area, the field behind the pool, could be established as a "leash optional" area. I walk my dog there every day, on leash, but use that area for her to chase a ball and exercise. Hate that I am breaking the rules, but the dog parks are not close enough for me to use every day. Thanks.

Q4: How could we improve this park?

I really wish the trails were more maintained. I know that the Walnut Creek bike way is in progress, but many sections of the trail wash away in the rain.

Q5: Is this park clean? No,
 Comment
 It is clean as far as trash, but a lot of the time the park landscape is not maintained.

Q6: Do you feel safe at this park? Yes,
 Comment
 Although sometimes I have seen "mischief" in the natural trail section close to the apartments.

Q7: Anything else you'd like us to know about this park?

I love it and it is great having it so close to my house. I love to run the trail, and walk my dogs here. I can't wait for the bike way to be finished. I think adding a couple more trashcans and regular mowing would greatly improve the park.

Q7: Anything else you'd like us to know about this park?

Don't make wide, unshaded trails, or pave anything not close to Amherst Dr. Try to keep existing trails secluded and shaded.

I like the waterfall that occurs after a rain. Also like that navigating the trail edge when water covers that part of the trail is tricky, though I've seen people run through the water.

I have been quite a few times, and the trails are a bit confusing. There are no signs, and you can cycle up one trail to find it in serious/dangerous disrepair. It would be good if the trails were better finished off and had a safer feeling about them.

 Select one from each column

1st priority	Bathrooms
2nd priority	Nature based Playground
3rd priority	Water based play feature

Q4: How could we improve this park?
 I listed bathrooms above as my first priority, because even though it technically has bathrooms, they are awful. Not fun when you are carting a toddler along. We have often opted to cut our park time short to go home rather than use the restrooms here. Other than that, we really enjoy the park. Good mix of nature and playscapes.

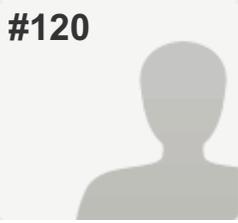

Q5: Is this park clean? Yes

Q6: Do you feel safe at this park? Yes

Q7: Anything else you'd like us to know about this park?
 We often have birthday parties for our kids there. They are always a big hit!

Q4: How could we improve this park?
 Bigger pool, longer pool hours. The pool can be full up. On the other hand, there doesn't seem to be any shortage of courts. Usually the basketball court is free. The volleyball court is almost always free.
 We like it. Don't overdevelop it, please.

 Sometimes I do feel a little uneasy when taking a trail close to Mopac as there seem to be homeless camps close by.

Q4: How could we improve this park?
 We come and play on the playground a lot and our kids love it, but there is no playground that is really appropriate for young children. There are exceptionally large drop offs on this one, and it would be nice to have a play ground designed with younger kids in mind as well, weather it be nature base, or a water feature.

Q5: Is this park clean? Yes

Q6: Do you feel safe at this park? Yes

Q7: Anything else you'd like us to know about this park?
 Also, the duration that the pools is open during the summer has been decreasing over the past few years, and it really is something that doesn't make sense due to it's use. I would think that neighbors would even be willing to pay a small fee to have it open longer in the year. Every other major city does it.

Q7: Anything else you'd like us to know about this park?
 The new sidewalks that lead in are very nice and appreciated. Treefolks has planted some trees and I hope they are being watered. I would like to see the area around the poolside enlarged and shaded with a canvas awning structure or something permanent. People do not have enough places to sit. The grassy area is small and riddled with fire ants. There are no places to hang your towels or set down your swimming gear.

Q4: How could we improve this park?
 There are so many families in the area - more picnic tables near the playground area and a larger playground (or additional paly area as listed in #2 above). Also, I realize it takes a LOT to keep the pool open, but it would be really nice to have the pool open for longer swimming seasons. It's hot well before memorial day and well after labor day - I would be happy to pay an entry fee during April/May and September/October if it could help keep the pool open for a longer season. Just a thought. :)

Q5: Is this park clean? Yes,
 Comment
 It's generally fairly clean. However, the bathrooms that are available are usually a little grimy, and the Women's door is difficult to shut and lock, which is a little scary.

2015 LRP - Balcones District Park

Q6: Do you feel safe at this park?

Yes,

Comment

Sometimes there are cars parked with people sitting in them, in the parking lot, which can be a bit suspicious. But I think they are just eating lunch there, or something? I've never actually felt threatened by anyone in their cars.

Q7: Anything else you'd like us to know about this park?

We frequently use this park and playground, and love the open grassy areas for running and exploring nature. We will often end our run there (with our jogging stroller) and it would be pretty cool to have some exercise equipment near the playground to finish out the workout. And a splash pad type feature would be seriously amazing. :)

Other (please specify)	New picnic tables in meadow.

Q4: How could we improve this park?
 The lovely meadow up the hill from the playground seems like such a missed opportunity. It once had picnic tables and horseshoe pits but now it's mostly graffiti and trash. I wish the picnic tables could be replaced/updated and trashcans provided so that families could more easily use this space for picnicking.
 Also...enforcement of leash laws would be appreciated. There hasn't been a time we've visited this park that we haven't encountered a leash-free dog.

Q5: Is this park clean? Yes,
 Comment
 Generally, yes, but the meadow area needs some work as mentioned above.

 BETTER MAINTENANCE of overall grounds (grass). Please look to Springwoods Park at 9117 Anderson Mill Rd, Austin, TX 78729 as a prime example. Unfortunately, we'll often go to this other park because it is much better maintained, yet farther away.

Q5: Is this park clean? Yes,
 Comment
 Yes, but grounds are poorly maintained.

Q7: Anything else you'd like us to know about this park?

Let's please complete the walking/nature trail that was started. Even though the City is POTENTIALLY considering placing a new pipe, that shouldn't halt the entire project. How about put crushed granite instead of concrete in that area, so it's easier to work with & remove in the future IF & WHEN that time comes.

Q4: How could we improve this park?

The running trails are in desperate need of major maintenance. Users and It's My Park Day volunteers do lots of minor maintenance, but the concrete path deterioration is getting worse. Creek flooding is not helping!

Q5: Is this park clean? Yes

Q6: Do you feel safe at this park? Yes,

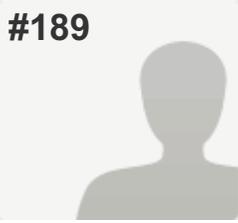

Comment
 I occasionally have to call 311 to have a homeless camp cleared out

Q7: Anything else you'd like us to know about this park?

Many more people use the hiking trails than the City knows. I wish Austin Parks would show an interest in them, given how popular and how endangered they are.

 Put in a splash pad. Add a covered picnic area. I was disappointed with the recent construction- I figured with all those resources, they were adding a covered pavillion. All they added was a sidewalk???

Q5: Is this park clean? Yes

Q6: Do you feel safe at this park? Yes,
 Comment
 Most of the time. It seems that there may be a homeless camp in the woods behind the park. I won't let my kids explore down there by themselves.

Q7: Anything else you'd like us to know about this park?
 It is not obvious that the restrooms are open year round. I'm not sure if we've just gotten lucky the couple of times we've needed it, or if they are supposed to be open.

Q4: How could we improve this park?	
Improvements to the hiking trails. Signs indicating trails and where they lead. Pick up trash along trails and in creek. Provide additional trash receptacles throughout park. Great Boy Scout project could be to improve and mark trails.	
Q5: Is this park clean?	Yes, Comment Yes and no, people pick up their dogs waste with the plastic bags, but often just drop the bags on the trails. Sometimes beer cans and soda cans are left on the trails.
Q6: Do you feel safe at this park?	Yes

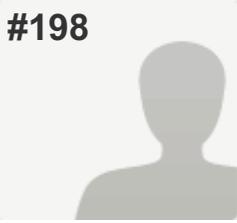

Q7: Anything else you'd like us to know about this park?

People do not respect the posted signs that say all dogs must be on a leash. Almost every time you walk in the park or on the trails you are approached by dogs that are off their leash. People just say oh I'm sorry, he's friendly. But my dog does not like to be confronted by strange dogs. The baseball field off of Scribe Drive is being used by people as an off-leash area, so we cannot walk through there.

Q7: Anything else you'd like us to know about this park?

Our neighborhood utilizes this park to the utmost. We are a very interactive group of neighbors. I'm a leader in our Cub scout pack as well, based at Summitt Elementary, and we make sure that Balcones park clean up is always on our list of activities several times a year. We love our park but have to go else where for splash pads and play equipment for kids 8/9 and older. I have 3 boys ages 8,8, & 6. As well as nieces that are younger.

Other (please specify)	Paved parking lot! Changing table in bathrooms!!!

Q4: How could we improve this park?
 Repair parking and update bathrooms. Mother changing babies on eating tables is a health hazard!

Q5: Is this park clean? No,
Comment
Park is heavily used. Park would be cleaner if more/larger trash cans installed.

Q6: Do you feel safe at this park? Yes

Q7: Anything else you'd like us to know about this park?
 Would like all eating benches/BBQ relocated to deeper into the park to make it more pleasant for residents of the neighborhood.

Q4: How could we improve this park?
 Walking trails would be an enormous improvement project! Also another bridge across the stream on the Far East side of the park would be super helpful for navigating the park & not having to walk up to the busy smelly 51st street with a baby!

Q5: Is this park clean? Yes,
 Comment
 There is usually trash everywhere near picnic tables & pavilion on the weekend mornings.

Q6: Do you feel safe at this park? Yes,
 Comment
 Lots of shady vehicles park at the dead end street of Shady Brook at the back end of the park unfortunately.

2015 LRP - Bartholomew District Park

Q7: Anything else you'd like us to know about this park?

We've found used condoms several times around the park (gross for a number of reasons, but mainly for the safety of our dog & baby). Some night time surveillance would be a good idea

 Select one from each column

1st priority	Nature Trails
2nd priority	Nature based Playground
3rd priority	Barbecuing Areas
Other (please specify)	Open natural flatter rec space

Q4: How could we improve this park?
 The whole park is taken up by gated field areas that are never in use when we're there. Can we get rid of all the fencing? I'd like to see some space given back to open natural areas so one can enjoy a nice nature loop through the park and space to sit on a blanket and enjoy the creek surrounded by birds. Picnic, etc. I'd like to see continued improvement of the creek habitat, so maybe eventually there can be some creek access / observation areas along the future trail.

Q5: Is this park clean? Yes

Q6: Do you feel safe at this park? No,
 Comment
 Yes, except when walking around the eastern part of the creek by myself, behind all those fared fields. The fields really cut off access to open space, making it rather isolated.

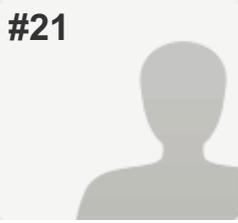

Q7: Anything else you'd like us to know about this park?

The water retention for the splash pad needs to be quadrupled. It's all swampy, not working. The butterfly garden looks great!

Q4: How could we improve this park?	
Make sure there are NO homeless people camped in the woods surrounding the park. We have had a camp behind our house for over 6 months. The police have been called multiple times by multiple neighbors. The homeless have been ticketed. The police said the city would come to clean up the camp and so far nothing has been done.	
<hr/>	
Q5: Is this park clean?	Yes,
	Comment Again - the homeless camp dumps trash regularly in the wooded area in the park. it would help to have recycling and trash bins in the park.

Q6: Do you feel safe at this park?

No,

Comment

During the day - yes. Again - there are homeless people living in the wooded areas in the park.

Q7: Anything else you'd like us to know about this park?

PLEASE do something about the homeless camp. It is well hidden but there.

 More trash and recycle bins, there is often litter all around especially after weekend parties. I would also like to see a dog park. Better landscaping and a paved parking lot would be nice. The park looks a little shabby...though the playscapes are great. Also the creek really needs to be cleaned up-- it is disgusting and littered with trash.

Q2: What do you do when you visit this park?
Select all that apply.

Play Volleyball, Walk/Jog/Run on the Trail,
 Swim, Play on Playground,
 Other (please specify)
 Play disc golf, frisbee, in the water spray area,
 meditate, read

Q3: What would you like to see at this park in the future?

Select one from each column

1st priority	Dog Park
2nd priority	BMX
3rd priority	Bocce Courts

Q4: How could we improve this park?

Likely a rearrangement of the ball fields areas, making them more multi-purpose throughout the year, adding soccer (aka football), and other sports available for using, not just baseball/little league. Add a dog area for neighborhood residents, along a creek area, perhaps in the quite unused area near the 51st/Berkman intersection.

Q5: Is this park clean?

Yes,
 Comment
 It's somewhat clean, but I think a bit of that is due to the volunteers from the neighborhood association

2015 LRP - Bartholomew District Park

Q6: Do you feel safe at this park?

Yes,

Comment

There have been incidents, but mostly I feel safe.

Q7: Anything else you'd like us to know about this park?

The remaining playscapes need shade. The disc golf course needs to stay.

 There is always lots of trash in the creek. A lot of homeless people hang out in the park at night.

Q6: Do you feel safe at this park?

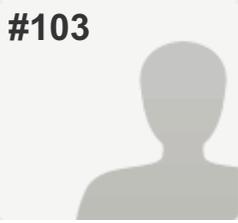

Comment
 During the day I feel safe, but I would not go to the park at night.

Q7: Anything else you'd like us to know about this park?

There are a lot of unused sports fields in the park the pee wee football field hasn't been used in YEARS!

Walk/Jog/Run on the Trail,
 Other (please specify) Walk my dogs

Q3: What would you like to see at this park in the future?

Select one from each column

1st priority	Dog Park
2nd priority	Nature Trails
3rd priority	Fitness Equipment

Q4: How could we improve this park?

A large portion of the park gets soggy for days when it rains and is unusable. A rock trail thru these parts would help tremendously. Also, clearing dead and fallen brush

Q5: Is this park clean?

No,
 Comment
 Trash fills the park every time it rains. We in the neighborhood know that much of it comes from the Texas Thrift Store on Cameron Road. Their dumpster sits right above the creek and is always overflowing.

Q6: Do you feel safe at this park?

Yes

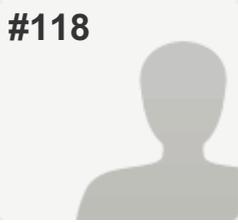

Q7: Anything else you'd like us to know about this park?

Lately there seems to be an issue with people camping.

Q3: What would you like to see at this park in the future?

Select one from each column

1st priority

2nd priority

3rd priority

Other (please specify)

more frequent mowing

Q4: How could we improve this park?

Remove the picnic tables from the east side (Shady Brook Ln.) because they are too close to the houses. People congregate there all times of the night for loud music, sex, and drinking - this problem is causing good neighborhood people to want to move; we constantly have to request police patrol; it gets old.

Q5: Is this park clean?

Comment Most of the time

Q6: Do you feel safe at this park?

Comment
it's a problem at the east side of the park (Shady Brook Ln.) Pot smoking at picnic table areas at dead end.

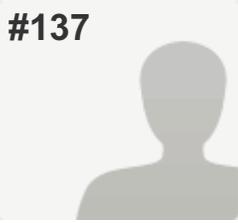

Q7: Anything else you'd like us to know about this park?

We've lived close to Shady Brook Ln. for over 20+ years and the best and safest thing the city could do for us in the neighborhood is to remove the picnic tables that are so close to our houses because people gather in these isolated areas during the night - loud music, drugs, drinking, and sex - so dangerous; we need help.

Select one from each column

1st priority	Disc Golf
2nd priority	Trails
3rd priority	Community Garden

Q4: How could we improve this park?

The disc golf course has fallen into disrepair - missing baskets, no maps, overgrown, etc. It used to be one of the best features of the park.

Q5: Is this park clean? Yes

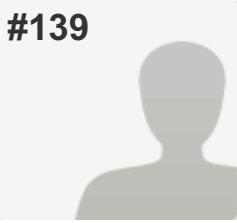

Q6: Do you feel safe at this park? Yes

Q7: Anything else you'd like us to know about this park?

Traffic on Berkman Street has gotten much heavier in the last couple of years, but there's no safe crossing except way down at 51st. It would be much safer for the neighbors west of Berkman to reach the park if there were a crosswalk or a pedestrian hybrid beacon. The best location would probably be somewhere between Broadmoor Drive and 51st Street.

 Select one from each column

1st priority	Dog Park
2nd priority	Trails
3rd priority	Mutli-purpose field

Q4: How could we improve this park?
 Better connectivity--the baseball fields chop the park in half. It would be great to be able to walk or bike to the pool/basketball courts from the north side of the park. It would be nice if the park could seem more cohesive instead of having a number of isolated single-use zones.
 The ball fields are very poorly maintained and should be opened for public use when not reserved by youth sports leagues. I know the leagues are important, but these facilities are really underused, ugly, and render a huge swath of the park useless and deserted the majority of the time.
 And, of course, we'd love a dog park!

Q5: Is this park clean? Yes

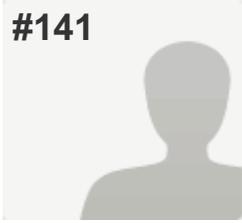

Q6: Do you feel safe at this park? Yes

Q7: Anything else you'd like us to know about this park?
 The position/condition and limited use of the ball fields really mar what could be a vibrant destination park for this part of town.

 The tables are covered in muck always and the big parties on the weekend always leave trash

2015 LRP - Bartholomew District Park

Q6: Do you feel safe at this park?

No,

Comment

There are always strange men and teens parked in the far baseball field lots, often drinking and smoking pot.

Q7: Anything else you'd like us to know about this park?

The baseball fields are in terrible shape and a tennis court and soccer field is very much needed. Thank for fixing the toddler playground.

Q3: What would you like to see at this park in the future?

Select one from each column

1st priority	Fitness Equipment
2nd priority	Trails
3rd priority	Dog Park

Q4: How could we improve this park?

Much of the park feels inaccessible to the common visitor. It would be great to connect all areas of the park with a walk/hike trail. The trail would offer a route for people to exercise/jog. It would also be great to have work out stations spread out along the pathway. Simple stations like pull up bars, incline bench, etc.. An off-leash dog park would also great to have since there is none in a close proximity but many people with dogs. The old football field would be a great location for that.

Q5: Is this park clean?

Yes,

 For the most part. The area by the playground is often left messy from cookouts, etc.

Build more covered areas for people to gather - they are always rented out and packed on the weekends! It would be great if these resources were more spread out in the park - another playground with pavilions would help with that.

Q4: How could we improve this park?
 It would be great to have a rec center right there for affordable summer camp and for youth programs in the area. Not everyone can afford a membership to the Y or the Children's Museum. The pool always seems a bit inaccessible since it is so crowded when the interactive part is open. We pass by there daily but don't feel like we can go and then, the interactive part closes and its still hot out at the end of the summer. It would be great if it could be open more during the year. We end up just going to the YMCA instead.

Q5: Is this park clean? Yes

Q6: Do you feel safe at this park? Yes,
 Comment
 The part where the frisbee golf is gets a bit sketchy and it doesn't seem like it is mowed enough. And I worry about getting hit by a frisbee. :)

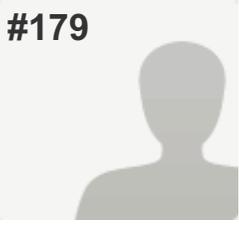

Q7: Anything else you'd like us to know about this park?

This is in a great location. Aside from the awesome pool, if the park had a water feature even if it was small like the one at Rosewood, I think it would be a great addition and bring something that Mueller doesn't have. It is important to still have options for people of average to low incomes despite the crazy rate of inflation of house prices in the area. There are still very low income people who need City services - particularly for youth.

Q5: Is this park clean?	Yes, Comment The people that use the picnic tables do not do a good job of cleaning up before they leave.
Q6: Do you feel safe at this park?	Yes, Comment There are random people sitting in their cars when I go jogging through the park.
Q7: Anything else you'd like us to know about this park?	
An off lease dog park would be a great improvement. Also, having some sort of incentive for people to clean up after themselves would be nice.

Q4: How could we improve this park?

regular trash clean up and more trash cans. there are always lots of trash overflowing the bins after the weekend, and it's left to blow around the park and out in the street. Also, police should parole the park more often. In the early morning and during the day sometimes there is suspicious activity (potential drug deals, prostitutes) and random people sleeping in cars.

Q5: Is this park clean?

No,
 Comment
 the areas picnic areas are always littered with trash

2015 LRP - Bartholomew District Park

Q6: Do you feel safe at this park?

Yes,

Comment

yes, but I would not at night. There is often suspicious activity in the parking lots

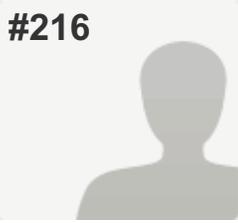

Q7: Anything else you'd like us to know about this park?

perhaps if there were signs posted threatening fines for littering (in English & Spanish) and more trash bins, that would discourage littering and trash pile up

Other (please specify) Summer and weekends, Bartholomew is heavily used by large groups. Shading existing picnic tables would help.

Q4: How could we improve this park?

The group controlling the baseball field has allowed stickers to grow on their property unchecked. The stickers have now spread to Bartholomew park and will soon make the park unusable.

Q5: Is this park clean?

Yes,

Comment
 Cutting the weeds has worked well but the addition of sticker plants means cutting will only spread them more rapidly.

2015 LRP - Bartholomew District Park

Q6: Do you feel safe at this park?

Yes,

Comment

I have called 911 three times about loose dogs at Bartholomew. There have been many loose dogs but these were fighting and/or vicious. Response has been very poor.

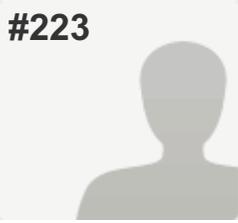

Q7: Anything else you'd like us to know about this park?

The sticker situation is very serious. I am hand pulling the stickers now and spraying to try to prevent their spread. There is no way any one person can do this job. If the city doesn't take action soon, all the expensive plans will be for naught because no one will be able to walk through the grounds.

Q4: How could we improve this park?

Two areas call out for improvement: erosion of the creek bed, and trash/debris removal. I wish there was some way to stop the large amount of trash that washes down from the upper watershed.

Q5: Is this park clean?

Yes,

Comment
 Generally speaking, the park is clean, with the notable exception of the creek bed.

Q6: Do you feel safe at this park?

Yes,

Comment
 There are homeless encampments within the park. I avoid areas occupied by transients.

2015 LRP - Bartholomew District Park

Q7: Anything else you'd like us to know about this park?

This park is a gem in the crown of Austin's outdoor spaces. A place of natural beauty, functionality and recreation. It is loved and well used by diverse groups. Well done!

Q4: How could we improve this park?
 Irrigate the playing fields and provide a destination activity that draws many families, such as a water play feature (this neighborhood does not have any water-related activities such as neighborhood a swimming pool or splash pads, probably due to our proximity to Barton Springs Pool (which isn't a "neighborhood" location).

Q5: Is this park clean? Yes,
 Comment
 More trash cans, scattered better throughout the park are needed

Q6: Do you feel safe at this park? Yes

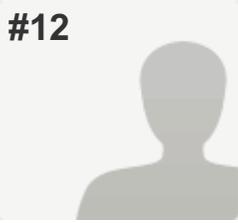

Q7: Anything else you'd like us to know about this park?

This park is a gem in this neighborhood, and could use some attention to detail. A neighborhood committee is working to improve it, but city funds and leadership would be welcome. Because the neighborhood group is already in existence, there are good opportunities for city and neighborhood partnerships to help improve the park for this neighborhood. Thank you for the opportunity to provide input into your decision-making.

Select all that apply.

Q3: What would you like to see at this park in the future?
Select one from each column

1st priority	Mutli-purpose field
2nd priority	Bathrooms
3rd priority	Playscapes

Q4: How could we improve this park?
 Extend the playscape - add more fitness areas (Multi-purpose field). The park is small, but has a large neighborhood nearby who would use it.

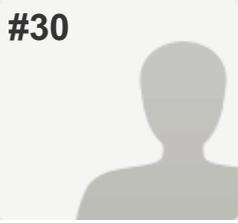

Q5: Is this park clean? Yes

Q6: Do you feel safe at this park? Yes

Q7: Anything else you'd like us to know about this park?
 Can't but emphasize the strong neighborhood attachment to the park. While we have Zilker Park and the Green Belt nearby, we rely on this park for local, small things such as taking our kids out to play.

Q4: How could we improve this park?
 In southeast Austin - Dove Springs area, please add more swimming pools and recreation centers with programs for all age groups (families) seven days a week, year round.

Q5: Is this park clean? Yes

Q6: Do you feel safe at this park? Yes,
 Comment
 I don't feel as safe at SE Austin facilities. Central SW Austin facilities usually give ne a safe feeling.

Q7: Anything else you'd like us to know about this park?

Stacy pool is so busy during the winter, it would be great to have a second pool there. It is dangerous to share a lane with "Bullet-swimmers". They have their heads down and don't care whom or what they run into since they are going for speed.

I visit several parks fairly frequently: 78704 for swimming (Barton Springs is my favorite); 78744 for volunteer activities.

The 78744 park facilities are inadequate for the resident population of over 52,000 persons, over half of them under age 18. The Dove Springs Recreation Center is too small. The area could use another recreation center. The new playscape at the Dove Springs District Park is wonderful. More supervised youth activities are needed to help reduce vandalism/crime and improve health and attitudes toward public property. Some youth programs should include volunteerism development -- including maintaining and cleaning the park/playscape, teaching other kids how to properly use equipment, etc. -- to engender a positive feeling of ownership in and care for the facility and its programs.

Q4: How could we improve this park?	
The chain link fencing around the park makes it look like a jail. A nice/simple/economical wood fencing (like that of the south Zilker Park by the Frisbee Golf area, would improve the park tremendously.	
Q5: Is this park clean?	Yes
Q6: Do you feel safe at this park?	Yes
Q7: Anything else you'd like us to know about this park?	
Aesthetically pleasing fencing around the perimeter would increase the inviting nature of the park, Zilker elementary also has a wood type fence along Bluebonnet that would be much better. The bottom slat could be placed low enough to contain any runaway balls.

Q4: How could we improve this park? Give neighbors access during school hours. It is a bit ridiculous that parents/caregivers of kids under 5 cannot use the ONLY playground in the neighborhood during school hours. Also, a bathroom for use for non-students, the school bathrooms are obviously closed when the school is closed. So the only time a family can use the playground, if someone has to go to the bathroom, they have to go somewhere else.

 Keep it open to the public

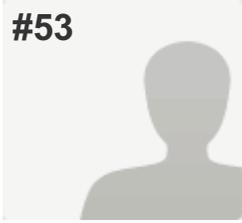

Q5: Is this park clean? Yes

Q6: Do you feel safe at this park? Yes

Q7: Anything else you'd like us to know about this park?
 It is Barton Springs and is our neighborhood park. It is closed to the public many weeks of the year for special events and concerts. Traffic is terrible through Barton Hills as a result and we are forced to drive many extra miles to reach home or other places. Also closing the entrance to the pool and park seems to bottle up the traffic more than if you kept it open.

The neighborhood has done a LOT of work to make the playscape and erosion control better as well as add some public art, now we hope for some help to finish the job!

Keep it free for general park use, not so overwhelmingly for concerts. Put a traffic light in, or an over the road walk way for people to be able to walk across Barton Springs Road without stopping traffic.	
Q5: Is this park clean?	Yes
Q6: Do you feel safe at this park?	Yes

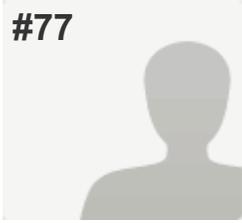

Q7: Anything else you'd like us to know about this park?

It's over used for concerts and Christmas events. People continue to use the Barton Hills neighborhood for parking during all park concerts. They park in front of my house which is a mile up Barton Hills Dr from Robert E Lee. This usage seems to have encouraged people to learn how to cut through the neighborhood to get more quickly to Mopac from Lamar. The Christmas early closing of the park to traffic makes my commute home about twice as long as when the park is open to traffic. I'd also like to see some of the other parks in town used for Summer Music in the Park concerts. Let's make it so the events are smaller, less lengthy, and shared with venues all over the city so that Austinites have the opportunity to become familiar with other parks and areas of town. Thanks

 Hold fewer events that close even part of the park to the public! Move the TRAIL OF LIGHTS to the F1 track, where it is designed to hold more people. The TOL is a huge strain on the park and the residents! DO NOT hold another Cyclocross event in the park!

Q7: Anything else you'd like us to know about this park?
 This park belongs to the people! I live less than a mile from Zilker and am restricted from using the park for many months of the year due to event closures. This park should not be closed for a month in December with 2 straight weeks of traffic due to the TRAIL OF LIGHTS... Please MOVE this event!!! IT is WAY too big and draws so many more people than when originally conceived for Zilker... IT belongs out at F1... NOT ZILKER!!!!

Q7: Anything else you'd like us to know about this park?	I am very frustrated that Zilker Park is basically shut down for the Fall – it is a public park, not a concert venue. First ACL – they say two weeks, that is a complete lie. Then the fence comes down and goes right back up for Christmas. This renders the north side of the park closed to the public for the Fall – the most beautiful time of the year. I don't mind the concert, but the damage year after year and the closure has got to be resolved.

 would be nice to have separate recycling bin and trash bins. The dog walkers, like me, pick up plastic bottles, etc., and we hate having to put them in the trash.

 The regular dog people there really try to keep the poop picked up.

Red Bud is a wonderful park. It's beautiful for the humans and perfect for the dogs. I've met so many nice people there. My morning visits are a highlight of the day.
we worry about the tree (bald cypress) at the point. Ground around it is eroding. is there any way you can build something around it to keep it from washing away? so beautiful.

Q4: How could we improve this park?	
<p>There are areas where there are steps for dogs to enter the lake. There is debris, broken branches and trees that accumulate around areas where dogs frequently enter the water. There have been many confirmed reports of snakes (water moccasins) that make their nests in these areas. I know you cant prevent snakes but it would be very helpful to keep the shorelines clean of this type of debris so they are less likely to inhabit these areas where dogs can be bit.</p>	
Q5: Is this park clean?	<p>No,</p> <p>Comment Generally speaking the park is clean but the shorelines at entry points to the lake for dogs should be cleaned from debris of branches and broken trees to prevent snakes from inhabiting those areas in the water. There have been many sightings of water moccasin nests.</p>
Q6: Do you feel safe at this park?	<p>No,</p> <p>Comment I'm concerned about our dogs safety from snake bites</p>

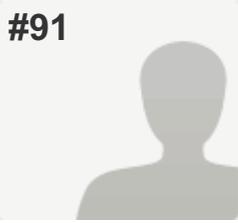

Q7: Anything else you'd like us to know about this park?

We use this park frequently as it is an off leash dog park where they can swim. We know you cant prevent snakes and other animals from inhabiting the park but I do think the city should be more diligent about allowing nesting grounds for poisonous snakes where dogs frequently play in the water.

Other (please specify)	Communication board for neighborhood, municipal and other info

Q4: How could we improve this park?

Improved water fountain with dog/ground-level access, additional dog pickup bag station at NW end of park, bulletin board, remove invasive species, label/example water-wise and native plantscapes.

2015 LRP - Battlebend Neighborhood Park

Q5: Is this park clean?

No,

Comment

It was until Spring 2015, when neighbor Carlos Castro moved. For decades he was a fixture at the park every morning with his adult disabled son. They picked up the trash and the park was always clean. Now it is noticeable how much he did because the park is littered every day and mostly with plastic bottles, cans and other recyclable items. Carlos should be recognized and recycle bins should be available at all Austin parks!

Q6: Do you feel safe at this park?

Yes

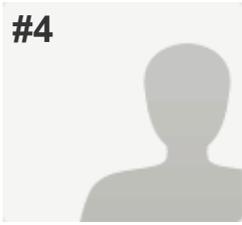

Q7: Anything else you'd like us to know about this park?

Above mentioned communication sign, recognition of Mr Castro for keeping our park clean for decades...more dog access (water fountain, additional pick up station), adult exercise equipment, improved trails, culvert management and removal of invasive species would all be welcome!

Select one from each column

1st priority	Nature based Playground
2nd priority	Picnic Tables
3rd priority	Pavilions
Other (please specify)	more trees, don't remove existing trees

Q4: How could we improve this park?
 Implement the feedback you received in the first community meeting. Add more shade, don't add a skate park due to noise. A skate park is the desire of only a few people not the majority in the neighborhood. Complete the playground project that has been promised for over 4 years, replace gazebo, add more picnic benches. Don't remove existing healthy native long lived shade trees, Plant more trees. Remove dirt pile, now covered with grass, added by a neighbor on the southwest of the park to level it and make it easier to mow. Add dirt to large low spot 10 ft. south of the basketball court to level it. Make an open field away from the streets in the area backing to the condos, don't add a skate park because of noise and inappropriate use of a calm small neighborhood park.

Q5: Is this park clean? Yes,
 Comment
 2 neighbors pick trash daily. There is graffiti, but there is also a graffiti removal volunteer group

2015 LRP - Battlebend Neighborhood Park

Q6: Do you feel safe at this park?

Yes,

Comment

Some neighbors want lights in the back of the park to feel more secure. I prefer dark skies since there are foxes in the park

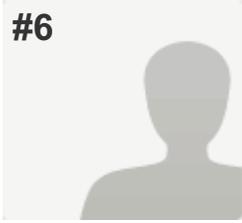

Q7: Anything else you'd like us to know about this park?

Please, listen to the community at large, the community of the 3 neighborhoods that surround the park. There are a few very loud isolated voices that want improvements for their own personal preferences, like the skate park, but the majority wants the park to remain calm. We want the playground, a new gazebo, more picnic tables, more shade, and more trees.

Select one from each column

1st priority	Playscapes
2nd priority	Fitness Equipment
3rd priority	Trails
Other (please specify)	Better lighting

Q4: How could we improve this park?

The playscape, as we all know, is atrocious. That needs to be done. A running trail with fitness equipment would serve the community well, as many joggers are running about the neighborhood. Kids are often kicking a soccer ball around, but don't have an area to play. That was taken away when the city planted trees where they used to play, without consulting the neighborhood. The city promised to move the trees, but never did. The kids still try to play and deserve better. We also have been trying to get better lighting at the NW end of the park for years. Also, we have a number of kids who ride skateboards on the street in the neighborhood, and a skate spot would be great.

Q5: Is this park clean? Yes,
 Comment
 Much better since we added garbage cans....it could, however, be better.

Select one from each column

1st priority	Fitness Equipment
2nd priority	Community Garden
3rd priority	Skate Park

Q4: How could we improve this park?
 Keep the park clean and help the homeless find somewhere else to congregate. The rear of the park is littered with beer cans, food trash and I have on occasion seen used syringes.

Q5: Is this park clean? No

Q6: Do you feel safe at this park? Yes,
 Comment Most of the time.

Q7: Anything else you'd like us to know about this park?
 We have a consistent group of homeless that hang out in the pavilion area. They have been known to defecate and urinate in public, even when children are in sight.

Q4: How could we improve this park?
 The creek is a natural divider, so just put up a chain link fence along the creek bed and that would make the back half a perfect off leash dog park. It would be a great addition to the neighborhood

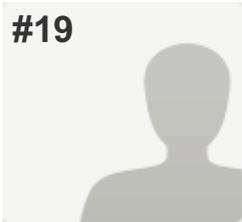

Q5: Is this park clean? Yes,
 Comment
 there could be some repairs done to the swings and astro turf padded stuff on some parts

Q6: Do you feel safe at this park? Yes

Q7: Anything else you'd like us to know about this park?
 The covered pavilion should be moved into a more exposed area. It is often used by alcoholics to drink in

 Modernize the playscape. Improve the basketball court. Add a splash pad w- a pavilion for small events and shade.

Q5: Is this park clean? Yes,
 Comment
 With the help of local citizens who help keep it clean. More frequent city attention would be great. A tree came down in a storm more than a month ago and has not been removed.

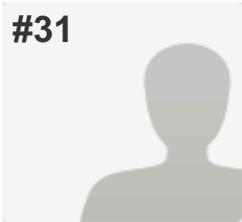

Q6: Do you feel safe at this park? Yes

Q7: Anything else you'd like us to know about this park?
 Park is a great location and will only improve livability in the area with the addition of the St. Elmo Market and Loft project among other things going on in this part of South Congress.

Q4: How could we improve this park?	
I like our BB park as it is. We've lost a couple of big trees in recent storms - replacing those would be ideal. Regular maintenance and upkeep, keeping the park clean and nicely landscaped are important to me.	
<hr/>	
Q5: Is this park clean?	Yes
<hr/>	
Q6: Do you feel safe at this park?	Yes
<hr/>	
Q7: Anything else you'd like us to know about this park?	
At one time there were, what seemed to be homeless, visitors to the park during the day on a regular basis. We neighbors very much appreciate all park staff and city personnel who helped change that and continue to keep our park safe and free of unwanted guests. Thank you for all you do!

Q7: Anything else you'd like us to know about this park?

This park has a lot of potential in an up and coming neighborhood. Several condos, town homes, and apartments are located nearby with more in the works. This park is beautiful (thanks for the native plants) and will increase in value to the neighborhood as this area becomes more concentrated with population. I would like to see a community garden but we should figure out how to get people not to poop in the open in the park first. Trails would also be nice and improve the accessibility of the park. A lot of young people play basketball at the park, so I see it being well utilized for that.

There are some hidden places vagrants hide, up in the trees to the south of the playground. That's pretty creepy.	
Q5: Is this park clean?	No, Comment It's okay.

Q6: Do you feel safe at this park?

Yes,

Comment

for the most part, yes, though the trail around back of the ball field can be a little creepy. It's pretty hidden. Also, those trees up on the hill to the south of the playground, it looks like vagrants hide up there. Kids like to explore there, so it's bad combination.

Q7: Anything else you'd like us to know about this park?

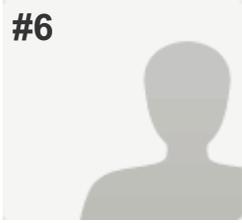

I know the pond and dry streams serve an important flood-control purpose, but it's also a breeding ground for mosquitoes. Would love to see some kind of mosquito mitigation.

Also, there has been a leak from that hill that borders Greenlawn going through the parking lot closest to Albata for almost a year now. What a waste of water! Needs to be fixed.

Q5: Is this park clean? Yes

Q6: Do you feel safe at this park? Yes

Q7: Anything else you'd like us to know about this park?

This park is the main reason we moved to the neighborhood. It's wonderful for our young family and we are building many happy memories there. We love the pool and the fact that it doesn't have a lot of "flashy" splash pad features. It's simple and fun and we love it.

Q4: How could we improve this park?
 Have the pool open longer in the fall. Improve the trails on the creek side of the park, around the pond, and behind the baseball fields. You can landscape/terrace the eroded (steep) slopes that separate the park from the creek. Please make it with landscaping, not just stones like on the creek side or a big wall like by the baseball fields. I had not thought about disc golf, but that would be cool.

Q5: Is this park clean? Yes,
 Comment
 Although it could use more trash cans at the bridge.

Q6: Do you feel safe at this park? Yes

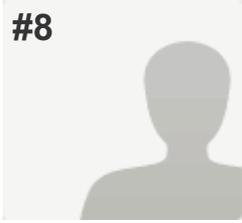

Q7: Anything else you'd like us to know about this park?

We love this park AND pool. It is a very pretty park. We live right by it and it is used all the time, for every amenity it has right now. The neighborhood uses it as well as those for many parts of the city. Please, please, please do not put bmx there. It will destroy the park. The cycle-cross training already erodes many areas. There is also no need to divert the bike routes through the park to connect up to Shoal Creek - Peagram/Daugherty/Greenlawn is just fine. If you'd really like to talk about the park, I overlook it, so I give you an in depth discussion about it. (512) 924-1242

Q4: How could we improve this park?
 the tennis courts really need to be resurfaced. This is a great spot for tennis and should be improved.
 the pool definitely needs to be redone as well. I love the current configuration - having big open water space is great.

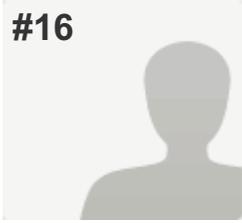

Q5: Is this park clean? No

Q6: Do you feel safe at this park? Comment feels a bit isolated at times.

Q7: Anything else you'd like us to know about this park?
 great park - would just be nice if it could be updated - nice pool like other neighborhoods have gotten - enfield, barthlemew. nicer playground equipment like ramsey, muller, etc.

Other (please specify)	bathrooms need security cameras or something

Q4: How could we improve this park?

Keep Northwest Pool as it is, Repair it DURING THE WINTER when the pool is not is use. Start it immediately after pool closes at the end of swimming season. DO NOT MAKE it WATER PLAY.. A swimming pool is for SWIMMING, There are lots of water parks with all sorts of things for kids, we need this pool for swimming, competitive or old folks, we all like to swim and need the place. Please save this pool.

Q5: Is this park clean?

Yes,
 Comment
 trails need maintenance and there is lots of poison ivy near the bridge. Kids can fall off their bikes and fall on the ivy. the poison ivy is as big as a tree

Q6: Do you feel safe at this park?

Yes

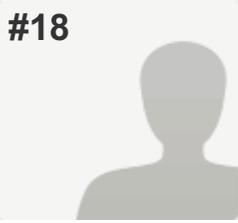

Q7: Anything else you'd like us to know about this park?

yes, there is lots of graffiti off and on near the baseball fields. Other than that, I think it is well maintained. The pond needs a lot of work and the bicycles have damaged a lot of the foot baths, especially near the pond. The poles that were put in to keep vehicles off the soccer fields have been torn down or removed and need to be replaced. I love this park, it is a real jewel just as it is. Get rid of poison ivy next to the creek and bridge.

 There needs to be a ramp from the end of the ramp that starts at the bridge all the way down past the tennis courts to the parking lots. Right now that last section isn't paved and it gets super muddy. I don't know how much that would cost, but it would be really nice for wheel chairs and strollers.

Q4: How could we improve this park?

Maintain the pool better and make area around pool more conducive to laying around like Barton Springs. We have great shade trees. We do not need or want a fancy water park pool, just maintain ours better and make it friendly to sit under the trees. Maybe enlarge the fenced in area. I love the baby pool and to swim laps in the larger pool. More than once I've had to leave bc there were maintenance issues with the pool. That's so disappointing and hard to tell my kiddos!

**Q2: What do you do when you visit this park?
Select all that apply.**

Other (please specify)

I look in the trash cans for evidence of illegal activity. I look for and report recurring cases of illegal dumping. I document things that testify to all types of illegal activity in this park. I take photographs to document the ongoing vandalism and un-abated graffiti that I reported to Austin 311 back in 2014. I compare the graffiti tags to the dozens of graffiti tags in nearby Great Northern Dam park operated by Austin Watershed Protection.

Q3: What would you like to see at this park in the future?

Select one from each column

1st priority

2nd priority

3rd priority

Other (please specify)

I would like to see no signs of irresponsible creek maintenance, drug use, alcohol consumption, vandalism, gang graffiti, overnight camping, public smoking, or illegal fishing. I would like there to be hidden video cameras at all street entrances to the park to record license plate numbers of vehicles for police surveillance use. I would like to see signs warning that the park is under video surveillance, even though it is not, which is the tactic used at the dirt parking lot at 7060 Great Northern Blvd as viewed on Google Street View. Rotate the street view to the west and see the green-and-white faux warning sign of video surveillance that is intended to reduce the number of car break-ins there.

Q4: How could we improve this park?

Keep drug dealers and users out of this park. Find out who is responsible for reported graffiti done (and dated) in 2015 still being un-abated as of May 26, 2015 and find competent replacements to do the job. Reduce the number of places that vagabonds can camp. Put overhead night vision video cameras at the playground restroom building, in Reservation Area "C", and at the Pony League buildings which have been perpetual graffiti zones. Spend money only on functional improvements.... not on expensive decorative glitz as was done last year at Westendfield pool and park at 2008 West Enfield. Instead of loading up this neighborhood park with every feature imaginable feature and turning it into an over-crowded magnet park for all of Austin, please put reasonable limits on added features, and build more of them in other neighborhood parks where they are more needed.

Q5: Is this park clean?

No,

Comment

A park where one graffiti vandal can do 37 identical tags on one park bench and have them stay up for weeks is a park that will never be clean unless major changes are made. In sharp contrast, on May 16, 2015, there was NO TRACE of graffiti or vandalism or illegal activity at Westendfield Pool and Park.

Q6: Do you feel safe at this park?

No,

Comment

When I go into a restroom and find "CRACK HEAD" and other vandalism permanently scratched into expensive glass block windows, how am I supposed to feel safe there? When the Alllandale neighborhood Yahoo listserv has accounts of drugs being sold in that park, how am I supposed to feel safe there? When I see gang graffiti and a nearby North Side Crips gang graffiti tag staying up since 2014, how am I supposed to feel safe? Also I have a feeling that park is frequented by illegal aliens.

Q7: Anything else you'd like us to know about this park?

It has no flood warning gauge in its flood detention basin to alert the City's emergency response center how full of storm water the park is getting during major storms. When it gets entirely full of storm water, it will be of no use in preventing a sudden and very dangerous increase in the downstream flooding of Shoal Creek from the 7000 block of Shoal Creek to Ladybird Lake. So Northwest Park is a very serious blind spot in the City's emergency flood warning system. Flood Warning Station #2510 beside Shoal Creek at the south entrance to NW Park was transmitting grossly incorrect very low creek levels on the afternoon of May 25 of 2015 and a 311 caller was informed that flood warning gauge will be out of service for the next 2 to 6 months. Yet citizens in and near the Shoal Creek flood plane from there to Ladybird Lake have not been notified of that inoperable flood warning gauge or its significance to their safety.

Q4: How could we improve this park?	
Don't keep deferring maintenance of the existing facilities. Don't rip out the 50-meter pool in order to install splash pad or short-course pools a la Bartholomew. Fix what is there. Add new "fun, cool" facilities only when there is excess money in the budget, not when you have to sacrifice existing facilities. Upgrade bathrooms.

Q4: How could we improve this park?
 Please do not replace the pool with a splash pad. We need an Olympic-sized swimming pool in the city. People come from all over the city because they like the big pool.

Q5: Is this park clean? Yes,
 Comment
 It's more or less clean. Sometimes the pond has trash in it.

2015 LRP - Beverly S. Sheffield Northwest District Park

Q6: Do you feel safe at this park?

Yes,

Comment

However, people do use drugs at this park, and as someone with a small child I would rather that did not happen.

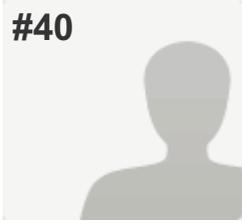

Q7: Anything else you'd like us to know about this park?

It would be nice if the poison ivy in the wild area that borders residents' yards could be removed.

Q4: How could we improve this park?
 Northwest Park is a great park with a great community pool that is desperately in need of repairs or replacement. My family has used it for years, and I use it several times each week for lap swimming from May to September. The lap lanes are almost always full. We don't need a fancy new water park style pool, just a functional multipurpose pool for families and lap swimmers.

Q5: Is this park clean? Yes

Q6: Do you feel safe at this park? Yes

Q7: Anything else you'd like us to know about this park?
 Northwest Park has some erosion issues by the playground that could be solved with some retaining walls.

Q4: How could we improve this park?
 The pool is in need of major repairs -- I've only recently moved to Allandale last summer and was so excited to have a pool in my new neighborhood. I am VERY distressed to hear that there is talk of turning it into a splash pool. This would be a huge mistake. Kids get better exercise (as do adults !) actually swimming in a pool. Lessons should be offered as well.

Q5: Is this park clean? Yes

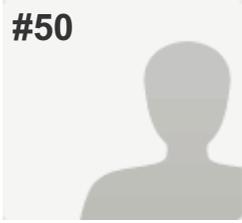

Q6: Do you feel safe at this park? Yes,
 Comment
 I don't go to the park alone at night, though

Q7: Anything else you'd like us to know about this park?
 This is a wonderful and special part of the Allandale community. I have been reading dozens and dozens of neighbors on our listserv talk about how upset they are at the idea of the pool being turned into a splash pad. We've tried to send the link to this survey to the whole neighborhood and are praying that many will take the time as I have to write to you about our concerns. Thank you.

Q4: How could we improve this park?

Please at the very least repair the pool and at the most replace it. I would love to see it replaced with a new version of what is there now. I have lived in my house 20 years and use the pool every summer, it's key to surviving summers in Austin. I consider the pool fundamental to our neighborhood and all of those around us.

Q5: Is this park clean?

Yes,

Comment

Our neighborhood association is very active and participates in keeping the park clean. Graffiti is an ongoing problem.

2015 LRP - Beverly S. Sheffield Northwest District Park

Q6: Do you feel safe at this park?

Yes,

Comment

I feel fairly safe during the day, by night is another thing. APD does patrol through the park at night and that helps.

Q7: Anything else you'd like us to know about this park?

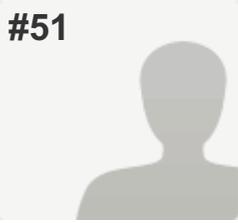

Please remodel the bathrooms and add more picnic area.

We love our park, we love it. We use it on a regular basis and feel that it is instrumental to having quality of life.

 Select one from each column

1st priority	Pool
2nd priority	
3rd priority	
Other (please specify)	Please keep and improve pool

Q4: How could we improve this park?

1 - This is a fantastic pool (though ugly). Please keep it an olympic size pool, and keep the always open lap swimming. This is an invaluable resource! Please fix diving boards and keep diving area open whenever the pool is open.
 2 - Landscaping!! This park is really ugly - it desperately needs improved landscaping throughout & particularly around the pool area. This would make a dramatic difference.
 3 - Improve all facilities in pool area - bathrooms, vending area, benches, etc.

Q5: Is this park clean? Yes,
 Comment
 not great but OK - just looks so rundown that it makes it seem dirty

2015 LRP - Beverly S. Sheffield Northwest District Park

Q6: Do you feel safe at this park?

Yes,

Comment

reasonably - though cars are frequently broken into

Q7: Anything else you'd like us to know about this park?

It's too small. We need more parks, and larger parks with nature/walking trails in central Austin that are actually accessible. Everyone can't sit in traffic to go to Zilker/Town Lake. Thanks for any and all improvements you make to our local public park system!

Q3: What would you like to see at this park in the future?

Select one from each column

1st priority	Trails
2nd priority	Fitness Equipment
3rd priority	Pickleball

Q4: How could we improve this park?

1. Improve the pedestrian access from the east/southeast entrances to the park. The only place to walk is in the road, and through the parking lot, which is not very safe.
2. Fix up the pool! It's such a wonderful resource for the community, but so neglected.
3. Create a nice walking/jogging trail throughout the park.

Q5: Is this park clean?

Yes,

Comment
 The park is clean, but the pool facility needs to be better maintained.

Q6: Do you feel safe at this park?

Yes

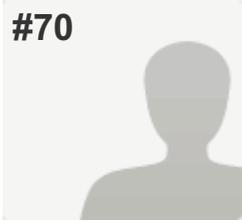

Q7: Anything else you'd like us to know about this park?

The pond is a very special feature, and could be even better with a little improvement to the "beach" around it. Add a nice walking path, benches, lighting....

 This pool is our favorite in the city. The baby pool is perfect for my younger child--so glad he can learn basic water safety in it, which he can't at the many splash pads around town. Our entire family loves the open recreational pool--it is so large and gives lots of room for play!

Q3: What would you like to see at this park in the future?
Select one from each column

1st priority	Pool
2nd priority	Barbecuing Areas
3rd priority	Pavilions
Other (please specify)	Amphitheater

Q4: How could we improve this park?
 The park could use a bit more open green space, seriously renovate a large Olympic-sized pool, spaces so that we could hold neighborhood or individual events: a few small pavilions, amphitheater for productions (there's stuff going on outside of downtown 'art' all the time but few places to hold them for public art / event experiences), clear barbeque areas near picnic tables, perhaps a clear wall to use to project a movie.

Q5: Is this park clean? Yes,
 Comment
 I've seen worse. Graffiti happens all the time and is slow to be removed.

Q6: Do you feel safe at this park? Yes,
 Comment
 Lighting around the pond and trees area would be nice. Perhaps path lighting.

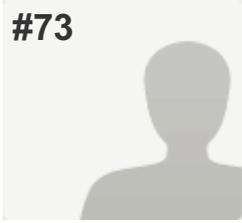

Q7: Anything else you'd like us to know about this park?

It's a great space and the area would like to use it MORE, not less. It could be a real rallying spot for other things than lap swimming and tennis. For such a large use and area using it, it should get serious PARD investment. With these changes, it might need staff or a online signup/pay ability to rent.

2nd priority	Mutli-purpose field
3rd priority	Playscapes
Other (please specify)	walking trail that goes all around the park perimeter so we don't have to walk in mud a lot of the way

Q4: How could we improve this park?

Put in a real walking/running trail around the entire park perimeter, including the baseball field and parking lots. Ban fishing - just had to rescue a green heron who was suspended above the pond caught on a fishing hook. His wing was mangled. there were two nests with multiple baby herons in each one on the island.

Q5: Is this park clean?

Yes,
 Comment too much grafitti

Q6: Do you feel safe at this park?

Yes,
 Comment most of the time

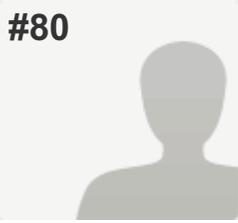

Q7: Anything else you'd like us to know about this park?

We treasure the swimming pool - please do not reduce the size of it. It is invaluable for healthy exercise for people of all ages! Please ban fishing in the pond. It is not safe water and birds get caught in fishing hooks and line in the trees that line the pond and the island. Please emphasize the leash law for Beverly Sheffield NW Park.

 The playscapes are aging. For a toddler it's frustrating to see those fun slides but not be able to reach them in any way other than the rock wall. Would be so great to have a more modern climbing playscape like at Mueller or Ramsey.

Q4: How could we improve this park?

Give it direct access from either Shoal Creek Blvd or Greenlawn, not having to cut through a quiet residential street. Keep the pool as a place to do a combination of recreational swim, lap swim, and deep water diving area. Rehab the diving boards. Would love to see a slide there. As a parent, would also like to see a shallow end that starts at 2 feet, the depth where the baby pool maxes out. Since the pool is due to be rehabbed, my (radical) suggestion is that the renovations should include the ability to put a bubble/cover over the pool in the winter time (like a tennis bubble) so that the pool could be used for lap swimming year round. It would be the ONLY pool owned by the city that could be used for fitness swimming, lessons, masters swim, recreation etc year round, and as such should be able to cover the cost of keeping it open all year. Would be an amazingly valuable resource in what is now central Austin and along the daily commute of anyone central, north or west. Also, probably not possible, but if we could get rid of the fire ants, that would be ace.

Q5: Is this park clean? Yes

Q6: Do you feel safe at this park?

Comment

I only go during the daytime. I would never walk through here in the evening.

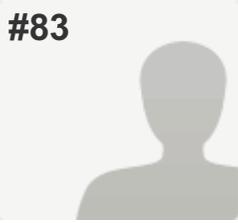

Q7: Anything else you'd like us to know about this park?

The playground is one of only a handful in the region that is accessible by pre-school and home-schooled kids during the school day, when AISD schools are in session. The playground should reflect that it is of vital importance to families of young children and is used by people from all over the city. I also would suggest that the CoA collect a higher user fee from non-residents for use of the aquatic center, just as other jurisdictions do for theirs.

Improve the pool. We love the lap swimming for all ages at NW pool. It could use some updating and repair. This is an incredibly important resource for this area. People come from all over the city to use this pool. It's current format accommodates all ages and stages of life. Lap pools are important.

Q7: Anything else you'd like us to know about this park?

this is a jewel in Austin. It is an amazing resource for the tiniest of kids to swim in the baby pool, to the older kids and grown ups playing in shallow and deep ends and all ages swimming laps. The lap swimming is a tremendous resource for older folks in our community as it is a low impact way to stay fit. Let us know how we can help keep it that way.

 I ride with my kids across the bridge to Gullett almost every morning. Now that the ground has been wet we carry our bikes up the stairs by the basketball court. I would like to see a strip of pavement on the north side of the tennis courts with a handicap ramp so that we can ride bikes without having to ride through the mud. With the bike lane on Justin Ln, Northwest Park seems like a great connector to the Shoal Creek bike path.

Q7: Anything else you'd like us to know about this park?

Our neighborhood really uses this park a lot. I take my kids over to swim or play and without fail we run into other neighbors and have a great time. It's a real asset to the neighborhood. Gullett has one of the highest, if not the highest parent participation rates in the city. I believe it is communal gathering areas like Northwest Park and the outstanding staff at the school that foster this participation.

Q2: What do you do when you visit this park? Select all that apply. Walk/Jog/Run on the Trail, Have a Picnic, Other (please specify) Bird watch

Q3: What would you like to see at this park in the future?
 Select one from each column

1st priority	Pool
2nd priority	Community Garden
3rd priority	Nature Trails

Q4: How could we improve this park?
 Maintain current pool as it is a neighborhood treasure; clean up pond; add more native landscaping throughout and especially near pond. It could be a beautiful area with more landscape design and plantings throughout

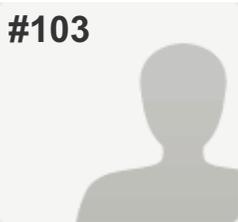

Q5: Is this park clean? Yes

Q6: Do you feel safe at this park? Yes

Q7: Anything else you'd like us to know about this park?
 Fishing is allowed at the pond and this frequently causes harm to birds and turtles, ex they get tangled in fishing line left behind.

Q4: How could we improve this park?
 The pool is in serious disrepair. The pavement is dangerous to walk on and the restrooms are terrible. This pool is a valuable asset for the community and my family would be very appreciative of a new pool. We live in walking distance to the park and spend much of our summer swimming at the pool.
 Also - the restrooms by the playscape are in bad shape. I would really appreciate if you could study them and try to make them cleaner and safer.

Q7: Anything else you'd like us to know about this park?
 Pool needs an update but like the large pool. Took my kids to the new pool over by Meuller and it was terrible experience. Too many small pools all broken up made it super crowded and my kids felt unsafe with big kids crowding them. Also the filters broke and everyone had to leave but we were more then ready. The baby area is nice but needed to be bigger and really the boring large space at Northwest seems to work much better anyways and we enjoy it a lot more. Northwest pool needs some seating and tables.

 This park, despite being in view of several houses, has an incredible rate of car break-ins during operating hours.

Q7: Anything else you'd like us to know about this park?
 Maintaining the lap swimming lanes is a priority for me. This is the only park in the area where you can consistently swim laps WHILE other free swim activities take place. Having room for both is key for me. My wife and I can alternate lap swimming with the other plays with and monitors our son, who LOVES the open swimming area and the diving boards.

Q4: How could we improve this park?

Thanks for taking my input. We spend a lot of time at the park, our house backs up to it. 1) The pool is hugely important to the neighborhood and in desperate need of replacement. Someone suggested on the Allandale neighborhood list that the city wants to turn the pool into a splash pad, and everyone sharpening their pitchforks. I think it would be wonderful if there were a way to diversify the pool area with space for all age groups (and have room for the lap swimmers). 2) Besides the pool, we spend most of our time at the picnic areas and playground. One of the best parts of that area is the ample SHADE. Many of those trees are covered in mistletoe and otherwise under stress. It would be great to see some active planting happen in that area to provide replacement shade when the current tree cover expires. 3) The great flood: when the south end of the park fills with Shoal Creek overflow water, people do questionable things in it. This week there was a kayaker and two swimmers. The water was a little above the bottom of some of the breaker boxes for the baseball field lights. I'm not sure what happens to the electrical supply when flooding occurs, but it was a little alarming. 4) There are is a steady stream of cars entering and exiting the south parking lot after dark, year round. Seems odd. It's a quiet sheltered area. Teenage lovers looking for a quiet spot to hold hands? Probably not.

5) Finally, off leash dogs are a huge problem in the park. We have often had unaccompanied dogs trot up to our young children on the playground. Some permanent signs indicating that it is not an off leash park would be wonderful.

2015 LRP - Beverly S. Sheffield Northwest District Park

Q5: Is this park clean?

No,

Comment

The south end of the park is designed to flood. There are two large dumpsters at that end that float away when it floods and dump their contents when the water recedes. They are currently upside down on the hillside. Perhaps they could be relocated to a less flood prone area of the park. The sheltered location of the dumpsters also leads to illegal dumping, often just near the dumpsters. It's a real eyesore and hazard to kids playing in the area. The sometimes condoms in the parking lot are pretty gross as well.

Q6: Do you feel safe at this park?

No,

Comment

Generally, we feel safe, but I consider all the off-leash dogs a threat to my 3 and 1 year old. Also, the stream of after-hours traffic to the baseball field makes me a little concerned.

having a full-sized pool is a real asset to the community - to the whole greater area, not just Allandale. Families from all over central Austin come and use it. I'd love to see its season of use expanded. I personally know people from Tarrytown, Bryker Woods, Rosedale, Far West/Highland Park, Allandale, Hancock, Hyde Park, Crestview, and Brentwood who come to this park specifically for the pool, because of its size and its expanded season of operation beyond the other neighborhood pools.

Q4: How could we improve this park?

Encourage multi-use. It's a great park for many things but sometimes users want to exclude groups that don't use the park in the same way

Q5: Is this park clean?

No,

Comment
there is frequently trash, downed tree limbs, and dog poop throughout the park

Q6: Do you feel safe at this park?

Yes,

Comment
Our car was broken into at this park. I've been verbally threatened at this park for riding a bike in the flood control field

Q7: Anything else you'd like us to know about this park?

Homeless people camp here. The pool is fantastic. Playground is great for young children.

Q4: How could we improve this park?
 There is a growing niche cycling community which focuses on Cyclocross (CX) and this park due to the elevation changes, paths available and terrain lends itself to this practice. We practice there, but it would be great if the park would cater a bit to this group with maybe trail paths or technical practice sections.

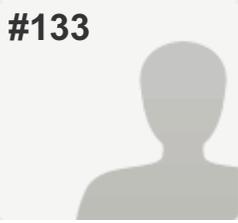

Q5: Is this park clean? Yes

Q6: Do you feel safe at this park? Yes

Q7: Anything else you'd like us to know about this park?
 Referencing #3, hosting a cyclocross race in this park would be a great event within the city limits.

 The park has a lot of open space and varied terrain for practicing cyclocross. If there was a designated track and some effort for course design, it could be something that even kids could enjoy. And it wouldn't have to "ruin" the park with proper planning and consideration from all sides.

Yes,

Comment

The clean up crews do a fantastic job cleaning up. The park is often badly littered after picnics at the weekend and on holidays and the crews are quickly on top of the situation. Thank you!

Q6: Do you feel safe at this park?

Yes

Q7: Anything else you'd like us to know about this park?

The preparations by bicyclist for cross cycle events at NW park from September to November are really dangerous and also damaging to the surface. The bicyclist go through the whole are including the picnic areas and the play areas on weekend mornings in groups of up to 15. They even told me (an 80 year old walker) to watch out for them because they could hurt me! Either there should be limits so that they use the area only around the baseball field or they should be excluded all together. The small park area while being challenging to them is to small and is an accident waiting to happen.

I have bouncing the park on a regular basis since 1969 and feel it is a great place.

More maintenance and capital improvements, replace pool, create more community gathering areas (pavilion, amphitheater, etc.), better maintained sidewalks and entrances for strollers, new perimeter fencing, capital improvements to baseball field, stands, concessions, and restrooms, etc.	
Q5: Is this park clean?	Yes, Comment 6 on a scale of 1-10. Could be the crown jewel of City of Austin PARD, but is neglected and sorely in need of a master plan and capital investment.
Q6: Do you feel safe at this park?	Yes
Q7: Anything else you'd like us to know about this park?	
Please make this regional park a priority, it has a lot of history and its full potential needs to be unlocked.

Q7: Anything else you'd like us to know about this park?
 The loud music coming from the park and people speeding down Ardath has always been disruptive. This has been the norm since we lived near the park since 1967. A greater police presence and gentle reminders that there is a noise ordinance and speed limits would be appreciated. We don't want to discourage people from using the park we just want to remind people to be respectful of the residents who live in the neighborhoods around the park.

Q4: How could we improve this park?
 Find ways for community gatherings six times a year or so--gatherings that are fun, informative, and socially and environmentally responsible. I realize the splash pad would require less water--put it to one side, near the baby pool, but please don't get rid of our pool, our ability to swim in an open pool.

 This park is awesome, but the great Olympic sizes pool is in desperate need of repair. I take my kids there most every summer day, and over the years the crumbling tiles have gotten very bad, the drains rarely work properly, it's a shame Austin hasn't prioritized this pool. Many people throughout Austin train triathlons and swim for exercise at this pool regularly due to its size.

**Q2: What do you do when you visit this park?
 Select all that apply.** Play Soccer, Walk/Jog/Run on the Trail,
 Have a Picnic, Swim, Play on Playground

Q3: What would you like to see at this park in the future?
 Select one from each column

1st priority	Soccer Fields
2nd priority	Trails
3rd priority	Nature Trails

Q4: How could we improve this park?
 Improve paths and trails around pond and on hills. Some parts of the paths become unusable after rains. Improve the connection between the park and Geraghty St(add steps), and improve the path along the hillside. This is a popular walking route to Gullet, and to further improve it remove a section of the guard rail so people don't have to climb over it.
 Add some erosion-prevention on the dc driveway up the to playground/pool. This always washes out during a rain. Remove poison-ivy behind ball-diamond and up on the hill next to the houses.

Q5: Is this park clean? Yes,
 Comment
 For the most part it's clean. However after busy weekends the trash is overflowing and the animals get into it.

Q6: Do you feel safe at this park? Yes

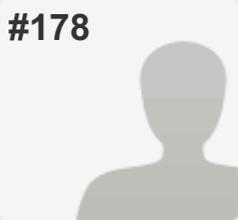

Q7: Anything else you'd like us to know about this park?

This park has a lot of potential to be a destination for many Austinites. Improving the paths around the parks and erosion control would help a lot. Also there's a perfect spot for a soccer field next to the baseball field.

Q4: How could we improve this park?

1. Require deposits for reservations- deposit returned if area cleaned up
2. limit amplified music- park backs up to houses and music can be very loud inside houses- duplicate Mayfield Park restricts
3. aerate the pond- gets mucky and awful in the heat
4. take out part of the parking lot- too much concrete- parking lot never completely full- needs more green space

Q5: Is this park clean? Yes,
 Comment
 Large groups come in on weekends- have BIG picnics and do not clean up- most not residents of neighborhood

2015 LRP - Beverly S. Sheffield Northwest District Park

Q6: Do you feel safe at this park?

Yes,

Comment

There are some people who sleep in the park- early in the morning and late at night, does not always feel safe

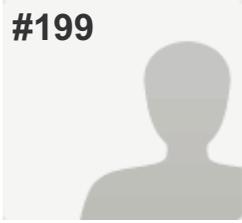

Q7: Anything else you'd like us to know about this park?

There is an off leash area across Shoal Creek- if a dog park is considered- please make it one with gates and fences- there are people who walk their dogs off leash which is really unfair to those who keep their dogs on leash. Off leash dogs make on leash dogs crazy.

Q2: What do you do when you visit this park? Select all that apply.	Walk/Jog/Run on the Trail, Swim, Play on Playground, Other (please specify) bird-watching; watch baseball games; participate in neighborhood activities
Q3: What would you like to see at this park in the future?	
Select one from each column	
1st priority	Trails
2nd priority	Pool
3rd priority	Nature based Playground
Other (please specify)	While there are trails and a pool, upgrades/renovation is needed for these aging aspects of the park.

Q4: How could we improve this park?

BS Northwest Park sits in the middle of a neighborhood, but is definitely (over)used as one of the City's metropolitan parks. Some attempts have been made to stop erosion on the hills and picnic area, but the mulch has not been sufficient for the amount of use sustained by this park.

Many years ago, the stone blocks around the perimeter of the pond began to fall into the pond. Resetting those stones to provide a safe standing edge would help make it safe for small children and allow people to observe the fish and turtles without fear of stepping into muck at the pond's edge. Adding a fountain and means of aeration/filtration would make it a desirable attraction (such as at the Mueller or Central Park developments). As it is now, the pond is often sludge filled and unattractive. The area around the pond is often submerged or in mud after rain. If something could be done to raise the path or provide permanent ground cover, it would make the area passable in wet times. Trails throughout the park have washed away and need lots of mulch! The area near the recent sewer line work above Shoal Creek was mulched, but only a few feet away there is an area with inches deep water and mud. If something could be done to raise the path or provide some ground cover, it would make the area passable in wet times. There are "self-made" trails to the right of the tennis court and behind the baseball fields. Making those real trails - leveled and mulched - would make for greater ease and perhaps increase walkers from the neighborhood. The pool and bathhouse are ancient and need serious upgrading.

Q5: Is this park clean?

Yes,

Comment

I'd say the park is relatively clean, particularly considering the large number of people that use it - especially on weekends. It appears park maintenance staff do the basics, but park visitors leave litter daily. Driving COA maintenance trucks through the park to pick up the trash appears to be a significant contributing factor to erosion in some areas.

Q6: Do you feel safe at this park?

No,

Comment

Years back, we organized our first neighborhood watch on Pegram Ave due to safety concerns related to the park. People were sleeping there, and a neighbor who lives directly adjacent to the park told me that some continue to do so. During the day I feel safe (except perhaps during isolated times in winter), but I wouldn't walk through the park after dusk - especially behind the concession stand above the baseball field. That area is extremely isolated and dark. The concession stand has been broken into in the past, the overhead light there seems to stay broken, and there is graffiti there regularly. I've wondered if a camera could be installed to monitor for such activity? Additional police patrols would be helpful - both through the main park (accessed via Ardath) and in the parking lot adjacent to the baseball field (accessed via Shoal Creek Blvd). Additional lighting is needed around the ball park. Also, the dead-end of Geraghty Avenue (above the ball field parking lot) appears to be a hang-out area that frequently is littered with beer cans/bottles, etc. If COA could install a street light on the electric pole there, it might provide a deterrent to keep folks from parking there at night.

Q7: Anything else you'd like us to know about this park?

The baseball announcers for AISD games sometimes play very loud music, which can be heard more than a block away. The same is true for private parties. Various neighbors have called to complain at different times, but we don't feel our messages have an impact. Having a number that is accessible at all times (311 has limited ability to help) would be extremely helpful. Yesterday, for example, I called to report that the sprinklers were going full blast at the ball field and the infield of the baseball diamond was flooded - all while we were under flash flood warnings due to all the rain we've been having. If COA is going to hold its citizens accountable for not wasting water, you should be under the same requirements!

All that said, I love this park and would love to see it improved. Our part of town, like most I suppose, is under growing and intense redevelopment pressure. Many more VMUs are bringing more people, more traffic, more use of our facilities. Preserving this space and preparing for the growing needs will undoubtedly take time, money and perseverance to see the desired (and needed) changes realized. Thank you for any actions and recommendations you can make to help the Allandale neighborhood preserve this wonderful asset.

Q4: How could we improve this park?

Pool needs serious improvement. Dressing areas flood easily. Showers and toilets frequently broken. Old vending machine area has been rendered useless. Chlorine pump fails too frequently. Without aeration system that had been previously furnished by Masters Swim group, pool water gets far too warm. Looks like no real money has been invested in maintaining or enhancing the pool in the past 30+ years I've lived in the neighborhood. Park jewel that has been allowed to fall into disrepair. And please, whatever you do, do NOT convert this 50 meter pool (1 of the very few remaining in the city) into a smaller 25 yard/meter play pool!

Q5: Is this park clean? No,

Comment
 Pool and especially its dressing and sitting areas are NOT kept clean. Grass is allowed to grow too tall in the park. Trash barrels overflow on weekends.

2015 LRP - Beverly S. Sheffield Northwest District Park

Q6: Do you feel safe at this park?

Yes,

Comment

Never felt unsafe in this park after 30+ years living in Allandale.

Q7: Anything else you'd like us to know about this park?

More sun screens, like recently built at West Enfield Pool, are needed for the seating area. Pool aerators to keep water temperature below 80 in the heat of the summer are sorely needed. Tennis courts and basketball court are only infrequently maintained.

Longer weekend hours for big stacy pool. More days open and longer hours for little stacy wading pool. Better job of keeping stacy pool showers clean. Lighted pedestrian crossing for trail crossing at Annie. Improve the pedestrian creek crossing next to Big stacy pool. Get debris cleaned up promptly after rain storms. Improve creek area adjacent to Stacy pool parking lot, it is way overgrown.

Q5: Is this park clean?

Yes,
 Comment
 Mostly clean, but Blunn creek gets a lot of trash with rain run off. Could do a better job getting that cleaned. Also bench areas get a lot of homeless traffic which generates a lot of trash.

Q4: How could we improve this park?

We love Big Stacy Park and all of its amenities (including open spaces). A few areas for improvement:
 1)We desperately need access from Big Stacy Park to the new Boardwalk on Lady Bird Lake. Crossing Riverside is dangerous. Even if you walk/ride extra to cross at a light, being on Riverside with kids/on bikes/strollers feels dangerous. We need to be able to cross under Riverside from Blunn Creek.
 2)better trash management, esp in pool parking lot and emptying of park trash cans (often filled with bags of picked up dog poop - which is great, but extremely gross and smelly).
 3)

Q5: Is this park clean? No,

Comment
 Overall, it is clean, but has some areas of concentrated trash (surrounding pool, especially)

2015 LRP - Big Stacy Neighborhood Park

Q6: Do you feel safe at this park?

Yes,

Comment

Overall, yes, I feel safe. It is an urban park, so it is also important to be aware of surroundings.

The exception is in the park area around Big Stacy Pool

Q7: Anything else you'd like us to know about this park?

Quite a bit of questionable activities (sleeping/camping in cars/benches, drinking/drugs, sexual, trash dumping, etc) occur in the Big Stacy swimming pool parking lot, the pool bathrooms and the park surrounding the pool. While I understand that some of this is the Aquatics Dept responsibility to monitor, lots "spills out" into the surrounding park. I know this is an urban park, and we have only had a few instances where we truly feel unsafe. However, this is a park with an elementary school right in the middle and lots of families. I do worry about the safety of everyone and would like to see it better monitored.

Q4: How could we improve this park?

There needs to be access across Riverside at Alameda. With the new Trail Boardwalk access point close by there is a lot of traffic across riverside here. For those using the stacy park trail it would provide a nice access to the lake trail.

Would be nice to improve the creek area on the sothern end of the park (from the school to LiveOak) like it has been done on the northern end (school to Annie to Sunset). I think improving the creek area by Stacy Pool and parking lot would be great. It is overgrown and messy now where it could be a impressive entrance to the park from the southern end.. There seems to be some infrastructure from previous improved areas (steps/some sort of fountain.) Improved areas in the creek could also provide a wonderful learning opportunity for the elementary school students if nature trails were incorporated

There are

2015 LRP - Big Stacy Neighborhood Park

Q5: Is this park clean?

Yes,

Comment

Park is mostly clean, could do a better job of cleaning up around park benches and tables where homeless tend to gather and leave a lot of trash. Also the creek could use more cleanup after significant rains/runoff

Q6: Do you feel safe at this park?

Yes,

Comment

I do feel safe, but I am a 200 lb 6'4" man. There is a lot of homeless activity in the park at night/early mornings, especially by the pool due to their use of the showers

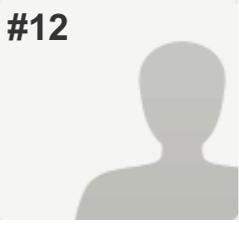

Q7: Anything else you'd like us to know about this park?

Stacy park is great and one of the real treasures of the city and neighborhood in my opinion. I use some portion of the park every day. It is wonderful now but could be better with some minor investment.

Q4: How could we improve this park? Keep it clean by picking up the trash more often. Enforce the no drinking no camping rules, discourage dumping used charcoal from the grill parties. Discarded beer cans are just one of the stinky trash routines.	
Q5: Is this park clean?	No
Q6: Do you feel safe at this park?	Comment usually
Q7: Anything else you'd like us to know about this park? There's a gap in the fence at the sidewalk on Live Oak where people routinely dump or throw trash into to the creek. Please close or repair that gap. Please add a trashcan on that sidewalk that is emptied more frequently than those trashcans in the pool parking lot.

2015 LRP - Big Stacy Neighborhood Park

Q5: Is this park clean?

No,

Comment

There is a great deal of litter that drifts from the playscape adjacent to Big Stacy Pool. I think the playscape belongs to Travis Heights Elementary but is used by folks all over Austin who use the pool throughout week/weekend. Numerous transients who are constantly using Big Stacy's Pool shower or the creek to bath also dump their waste in this area. I know they need a place to get clean/stay cool but there is tons of litter that ends up overflowing from the playscape/pool to Blunn Creek. Also, I wish the adult exercise equipment was not built for super tall people. As a 5 foot 2 inch woman, I can't use parallel bars or pull-up bars. The zigzag balance device is worthless. I wish more thought was put into this equipment.

Q6: Do you feel safe at this park?

No,

Comment

Big Stacy Pool which is part of the park has unisex bathrooms (the new bathrooms) and showers which are hidden from lifeguards. We have found all kinds of things in the showers/toilets of the 'new' bathrooms which are sadly in terrible shape. I wish there was an outdoor water spigot/shower so one could quickly rinse and leave. As for bathrooms, my children and I continue to use the old bathroom which is female designated. I know we are not alone.

Q7: Anything else you'd like us to know about this park?

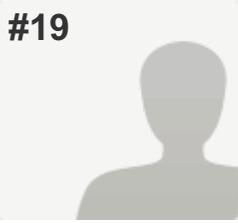

Again, top 3 concerns/wishes:

1. Water Fountain for folks using track, exercise equipment, etc. at park.
2. Big Stacy bathroom/shower clean-up and new showers moving toward single-sex with time-limit; exterior shower would be fantastic.
3. Playscape equipment that was nature based (when the time comes for updating) and/or exercise equipment that meets the needs of more people. St. Ed's has a fantastic and simple set of metal pieces and signage to help users learn/perform various exercises. Westlake has several parks with this as well. Really simple and useful.
4. Something done about excessive litter.

Many people bring their dogs and let them off leash in the wide open area. Might make sense to have it zoned off leash - it doesn't need a fence. I would like to see it similar to the Turkey Creek Trail area.

Q5: Is this park clean?

No,
 Comment
 Down by the water there is quite a lot of trash, not to mention there are homeless people regularly sleeping there.

 I feel safe but the presence of sleeping areas for the homeless by the water across from the school playground makes me concerned for the children

A lot of play equipment has been removed from Little Stacy so it would be great to replace those items. There is not a good place for older kids to get exercise. The basketball court is attached to the playground where small children play so older kids feel uncomfortable playing there. We need a water fountain and bathrooms at the south end of the park across from Travis Heights Elementary.

Q7: Anything else you'd like us to know about this park?

Overall, I love all of Stacy park. It is a wonderful part of the neighborhood. I would like to see some areas used better. The volleyball court is not useable because every time you miss the ball it rolls down the hill or into the road and down into the creek. The baseball field is very small and the ball goes into the creek. There must be a better use of space. I would like to see Little Stacy and the baseball field better connected. I am for closing the road behind Little Stacy too.

Q4: How could we improve this park?

I think it's great the way it is, but the filed/ track near the school could use improvement (which I believe is planned) - the mud when it's wet is very sticky... the exercise area would benefit from a rubbery surface instead of just mulch, and a water fountain there would be useful. It would be nice to make an area an official off leash area (but not a fenced in one, as those tend to get nasty). Also, I know that the creek riparian area is important, but I wish we could clean out the "beggars lice", ragweed, and poison ivy - is there something else that could be planted to displace those pests? Also, in the Stacy Pool area, you need bigger trash cans - this is used by a lot of people and the trash cans get very full and the creek is what gets the trash when it rains!!! Please fix this!

Other (please specify)	drinking fountains on trail side
Q4: How could we improve this park? A trail or entrance for pedestrians that is away from the parking lot, lots of foot traffic in this area and the combo of pedestrians and the super small lot is not good. A drinking fountain on the trail near the exercise equipment with dog access would be great.

Q4: How could we improve this park?	
I am pleased that there is a move to fix drainage and improve infiltration and trails to the west of Travis Heights School. Generally, it would be helpful to plant more native grasses and trees, as well as remove ligustrum and other invasive species. Also, I would like to see a drinking fountain at the exercise area immediately to the west of Travis Heights Elementary School. I think that there should be a discussion of placing an entry fee on use of Big Stacy pool to encourage respectful use of the facility.	
Q5: Is this park clean?	Yes, Comment It would be good to discourage PARD staff from driving through the park to empty and replace trash cans.
Q6: Do you feel safe at this park?	Yes

Q7: Anything else you'd like us to know about this park?

I am concerned that servicing the water treatment equipment for the Big Stacy Pool requires driving through the Park, and across the roots of heritage trees. I think serious consideration should be given to finding a way to service the chlorine and other systems from Alameda. There has been talk about using an underground pipe.

Q4: How could we improve this park? I find it odd street clothes are allowed in the pool. Shouldn't everyone be in a swim suit and rinse in the shower for hygenic purposes before getting in the pool? I find it really disgusting to see people still in their work uniforms (not exaggerating on this one) in the pool fully clothed. Some signage and lifeguard training on this could help immensely.

Q6: Do you feel safe at this park?	Yes
Q7: Anything else you'd like us to know about this park? There are homeless people using the showers at the pool - hard to prevent or deal with, but it makes me uncomfortable to use the showers alone as a woman.

Q7: Anything else you'd like us to know about this park?

The mowers have a hard time staying out of grow zones. They routinely mow over planted trees and recently plowed down a wildflower meadow. This park also suffers from heavy use by dog owners who let their uncontrolled dogs run off-leash throughout the park.

Q4: How could we improve this park?

This is a good neighborhood park but is in need of updates and maintenance. The big pool needs better parking and more of it. The bridge structure by the big pool and at Like Oak needs repair, rails and replacement. Suggest activating the original entrance to the pool and increase the grass areas for the pool to the East. More picnic tables outside of the pool area so families can come and go from the swim area and are all not packed into one space. Create a pool area for tiny tots so that the entire family with older kids too are not segregated on opposite sides of the park. Restore old spring west of park. Add public art and or history. More benches along creek side and consider that the entire creek side cannot be a no mow area. Create access point for folks to see the turtles, frogs and other stream wildlife. The creek seems hidden behind a bunch of weeds and could be embraced with plantings that hold soil and are not over 6 foot tall and full of poison ivy. Strike a balance with plantings. More shade structures.

Q5: Is this park clean? Yes,

Longer weekend hours for big stacy pool. More days open and longer hours for little stacy wading pool. Better job of keeping stacy pool showers clean. Lighted pedestrian crossing for trail crossing at Annie. Improve the pedestrian creek crossing next to Big stacy pool. Get debris cleaned up promptly after rain storms. Improve creek area adjacent to Stacy pool parking lot, it is way overgrown.

Q5: Is this park clean?

Yes,
 Comment
 Mostly clean, but Blunn creek gets a lot of trash with rain run off. Could do a better job getting that cleaned. Also bench areas get a lot of homeless traffic which generates a lot of trash.

 People use this as a dog park and let their dogs run free.
 I have called 311 many times, but by the time someone gets there, the offenders are gone or they put on a leash.
 This is not a dog park! It is a people park!

 Vagrants and homeless people come and park for hours at a time at the Stacey Pool. These folks just take up parking spaces, put out chairs and hang out. They don't bother people, but they take away from the park. Please enforce the no loitering rules. And drinking in public rules

Q4: How could we improve this park?

We love Big Stacy Park and all of its amenities (including open spaces). A few areas for improvement:
 1)We desperately need access from Big Stacy Park to the new Boardwalk on Lady Bird Lake. Crossing Riverside is dangerous. Even if you walk/ride extra to cross at a light, being on Riverside with kids/on bikes/strollers feels dangerous. We need to be able to cross under Riverside from Blunn Creek.
 2)better trash management, esp in pool parking lot and emptying of park trash cans (often filled with bags of picked up dog poop - which is great, but extremely gross and smelly).
 3)

Q5: Is this park clean? No,

Comment
 Overall, it is clean, but has some areas of concentrated trash (surrounding pool, especially)

2015 LRP - Big Stacy Neighborhood Park

Q6: Do you feel safe at this park?

Yes,

Comment

Overall, yes, I feel safe. It is an urban park, so it is also important to be aware of surroundings.

The exception is in the park area around Big Stacy Pool

Q7: Anything else you'd like us to know about this park?

Quite a bit of questionable activities (sleeping/camping in cars/benches, drinking/drugs, sexual, trash dumping, etc) occur in the Big Stacy swimming pool parking lot, the pool bathrooms and the park surrounding the pool. While I understand that some of this is the Aquatics Dept responsibility to monitor, lots "spills out" into the surrounding park. I know this is an urban park, and we have only had a few instances where we truly feel unsafe. However, this is a park with an elementary school right in the middle and lots of families. I do worry about the safety of everyone and would like to see it better monitored.

Q4: How could we improve this park?

There needs to be access across Riverside at Alameda. With the new Trail Boardwalk access point close by there is a lot of traffic across riverside here. For those using the stacy park trail it would provide a nice access to the lake trail.

Would be nice to improve the creek area on the sothern end of the park (from the school to LiveOak) like it has been done on the northern end (school to Annie to Sunset). I think improving the creek area by Stacy Pool and parking lot would be great. It is overgrown and messy now where it could be a impressive entrance to the park from the southern end.. There seems to be some infrastructure from previous improved areas (steps/some sort of fountain.) Improved areas in the creek could also provide a wonderful learning opportunity for the elementary school students if nature trails were incorporated

There are

Q5: Is this park clean?

Yes,

Comment

Park is mostly clean, could do a better job of cleaning up around park benches and tables where homeless tend to gather and leave a lot of trash. Also the creek could use more cleanup after significant rains/runoff

Q6: Do you feel safe at this park?

Yes,

Comment

I do feel safe, but I am a 200 lb 6'4" man. There is a lot of homeless activity in the park at night/early mornings, especially by the pool due to their use of the showers

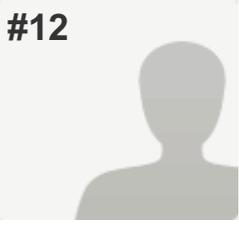

Q7: Anything else you'd like us to know about this park?

Stacy park is great and one of the real treasures of the city and neighborhood in my opinion. I use some portion of the park every day. It is wonderful now but could be better with some minor investment.

2015 LRP - Big Stacy Neighborhood Park

Q5: Is this park clean?

No,

Comment

There is a great deal of litter that drifts from the playscape adjacent to Big Stacy Pool. I think the playscape belongs to Travis Heights Elementary but is used by folks all over Austin who use the pool throughout week/weekend. Numerous transients who are constantly using Big Stacy's Pool shower or the creek to bath also dump their waste in this area. I know they need a place to get clean/stay cool but there is tons of litter that ends up overflowing from the playscape/pool to Blunn Creek. Also, I wish the adult exercise equipment was not built for super tall people. As a 5 foot 2 inch woman, I can't use parallel bars or pull-up bars. The zigzag balance device is worthless. I wish more thought was put into this equipment.

Q6: Do you feel safe at this park?

No,

Comment

Big Stacy Pool which is part of the park has unisex bathrooms (the new bathrooms) and showers which are hidden from lifeguards. We have found all kinds of things in the showers/toilets of the 'new' bathrooms which are sadly in terrible shape. I wish there was an outdoor water spigot/shower so one could quickly rinse and leave. As for bathrooms, my children and I continue to use the old bathroom which is female designated. I know we are not alone.

Q7: Anything else you'd like us to know about this park?

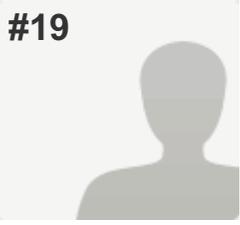

Again, top 3 concerns/wishes:

1. Water Fountain for folks using track, exercise equipment, etc. at park.
2. Big Stacy bathroom/shower clean-up and new showers moving toward single-sex with time-limit; exterior shower would be fantastic.
3. Playscape equipment that was nature based (when the time comes for updating) and/or exercise equipment that meets the needs of more people. St. Ed's has a fantastic and simple set of metal pieces and signage to help users learn/perform various exercises. Westlake has several parks with this as well. Really simple and useful.
4. Something done about excessive litter.

Q4: How could we improve this park?	
A lot of play equipment has been removed from Little Stacy so it would be great to replace those items. There is not a good place for older kids to get exercise. The basketball court is attached to the playground where small children play so older kids feel uncomfortable playing there. We need a water fountain and bathrooms at the south end of the park across from Travis Heights Elementary.

Q7: Anything else you'd like us to know about this park?

Overall, I love all of Stacy park. It is a wonderful part of the neighborhood. I would like to see some areas used better. The volleyball court is not useable because every time you miss the ball it rolls down the hill or into the road and down into the creek. The baseball field is very small and the ball goes into the creek. There must be a better use of space. I would like to see Little Stacy and the baseball field better connected. I am for closing the road behind Little Stacy too.

Q4: How could we improve this park? There is a problem with off leash dogs in the open field, making this area a little unsafe for kids. Probably some other features in this area for families would help make the park more fun for everyone.	
Q5: Is this park clean?	Yes
Q6: Do you feel safe at this park?	Yes, Comment Most of the park feels very safe, but there are many transients house the showers at big Stacy pool. When they are drunk and belligerent, that area becomes less appealing.

Q3: What would you like to see at this park in the future?
Select one from each column

1st priority	Dog Park
2nd priority	Nature based Playground
3rd priority	Fitness Equipment
Other (please specify)	water fountain, more trash cans by the pool

Q4: How could we improve this park?

I think it's great the way it is, but the filed/ track near the school could use improvement (which I believe is planned) - the mud when it's wet is very sticky... the exercise area would benefit from a rubbery surface instead of just mulch, and a water fountain there would be useful. It would be nice to make an area an official off leash area (but not a fenced in one, as those tend to get nasty). Also, I know that the creek riparian area is important, but I wish we could clean out the "beggars lice", ragweed, and poison ivy - is there something else that could be planted to displace those pests? Also, in the Stacy Pool area, you need bigger trash cans - this is used by a lot of people and the trash cans get very full and the creek is what gets the trash when it rains!!! Please fix this!

2015 LRP - Big Stacy Neighborhood Park

Q5: Is this park clean?

Yes,

Comment

the creek ineedns to be protected - there need to be bigger trash cans at the pool, they are often overflowing

Q6: Do you feel safe at this park?

Yes

Big Stacy Park really could use a drinking fountain near the workout equipment/track. The elementary school children exercise/play there quite a bit along with many of our neighbors in the neighborhood. On hot days, unless you have a water bottle that you jogged to the park with, there's no water! For a park that attracts a huge range of sporty folks (old and young) and dog walkers, a drinking fountain would be such a great investment!

A trail or entrance for pedestrians that is away from the parking lot, lots of foot traffic in this area and the combo of pedestrians and the super small lot is not good. A drinking fountain on the trail near the exercise equipment with dog access would be great.

Q4: How could we improve this park?	
I am pleased that there is a move to fix drainage and improve infiltration and trails to the west of Travis Heights School. Generally, it would be helpful to plant more native grasses and trees, as well as remove ligustrum and other invasive species. Also, I would like to see a drinking fountain at the exercise area immediately to the west of Travis Heights Elementary School. I think that there should be a discussion of placing an entry fee on use of Big Stacy pool to encourage respectful use of the facility.	
Q5: Is this park clean?	Yes, Comment It would be good to discourage PARD staff from driving through the park to empty and replace trash cans.
Q6: Do you feel safe at this park?	Yes

Q7: Anything else you'd like us to know about this park?

I am concerned that servicing the water treatment equipment for the Big Stacy Pool requires driving through the Park, and across the roots of heritage trees. I think serious consideration should be given to finding a way to service the chlorine and other systems from Alameda. There has been talk about using an underground pipe.

Q4: How could we improve this park? I find it odd street clothes are allowed in the pool. Shouldn't everyone be in a swim suit and rinse in the shower for hygenic purposes before getting in the pool? I find it really disgusting to see people still in their work uniforms (not exaggerating on this one) in the pool fully clothed. Some signage and lifeguard training on this could help immensely.

The mowers have a hard time staying out of grow zones. They routinely mow over planted trees and recently plowed down a wildflower meadow. This park also suffers from heavy use by dog owners who let their uncontrolled dogs run off-leash throughout the park.

Q4: How could we improve this park?

This is a good neighborhood park but is in need of updates and maintenance. The big pool needs better parking and more of it. The bridge structure by the big pool and at Like Oak needs repair, rails and replacement. Suggest activating the original entrance to the pool and increase the grass areas for the pool to the East. More picnic tables outside of the pool area so families can come and go from the swim area and are all not packed into one space. Create a pool area for tiny tots so that the entire family with older kids too are not segregated on opposite sides of the park. Restore old spring west of park. Add public art and or history. More benches along creek side and consider that the entire creek side cannot be a no mow area. Create access point for folks to see the turtles, frogs and other stream wildlife. The creek seems hidden behind a bunch of weeds and could be embraced with plantings that hold soil and are not over 6 foot tall and full of poison ivy. Strike a balance with plantings. More shade structures.

Q5: Is this park clean? Yes,

 PARD portage does good work and should be comended.

Q7: Anything else you'd like us to know about this park?

More activities for seniors. Other needs are a small fenced in dog park area. Not a huge dog park. This is a pocket park with pocket needs. Ideal park for nature play areas.

Q7: Anything else you'd like us to know about this park?
 The continuous and ongoing community debate about off leash dogs is tiring. I'm not a dog owner, and don't have a general problem with dogs. I do have a small child and worry about dog owners who do not respect or understand that off lease dogs anywhere near the playgrounds or play areas is completely unacceptable.

Q7: Anything else you'd like us to know about this park?
 The atrium and widened trail are wonderful. I visit this park at least 5 times a week and really am grateful for the beauty it brings to the neighborhood.
 That being said, those irresponsible, careless dog owners who don't leash their dogs should be ticketed.
 Thank you for the opportunity to allow this feedback.

Select one from each column

1st priority	Playscapes
2nd priority	Table Tennis (Ping-Pong)
3rd priority	Water based play feature
Other (please specify)	nicer sandbox

Q4: How could we improve this park?

Most importantly, get people to keep their dogs on leash, and keep out any off-leash dog areas. Being by a school and playground, this is not the spot for off leash dogs.
 Secondly, it would be nice to have upgrades playscape items, and enlarge the playscape area. More equipment like at Ramsey - climbers, things that spin, etc.
 The sandbox is used by children a lot, but could really use an upgraded space. The sand piles out of the current one, and dirt/rocks from outside the sandbox go into the sand. A shade structure over the sandbox would be quite welcome.
 The open space is great for soccer and other pickup games, so try not to encroach on that too much.
 The Tennis courts definitely need to be resurfaced.
 the pool is lacking in kid features, especially since the little fountain was removed. Would be nice to add a splashpad, in addition to keep the pool in good shape. And a shade structure over the pool would be nice.

 Except for large dogs running off leash. Esp when said dogs run over near the playscape and approach the kids while the owner is running after the dog.

Q7: Anything else you'd like us to know about this park?

So many people in the neighborhood want an off-leash dog park. I am mostly concerned with the safety of my kids, so if a dog park is put in, there must be provisions to keep the dogs contained/separated from young ones.

2nd priority	Gagaball
3rd priority	Water based play feature
Q4: How could we improve this park?	
Enforce the leash laws! Many neighbors hang out with dogs off leash. It is frightening for young kids when the dogs jump up. We have had to leave the field area when flying kites because of all the off leash dogs.	
Q5: Is this park clean?	Yes
Q6: Do you feel safe at this park?	Yes, Comment The dogs are a problem

Q3: What would you like to see at this park in the future?

Select one from each column

1st priority	Dog Park
2nd priority	Shuffleboard
3rd priority	Mutli-purpose field

Q4: How could we improve this park?

If there was EITHER hours that dogs could legally be off leash OR a fenced in off leash dog area so that the many dogs in the park would be able to enjoy freedom!

Q5: Is this park clean?

Yes,
 Comment
 I walk my dog every morning and every evening. I pick up trash each morning when I walk and it's the worse over the weekend.

2015 LRP - Brentwood Neighborhood Park

Q6: Do you feel safe at this park?

Yes,

Comment

I come up at night after dark all the time to have my dog run freely. I do not at all feel threatened.

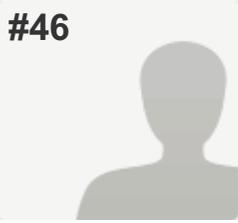

Q7: Anything else you'd like us to know about this park?

There are many DOGS at this park and they run without being leashed. There is a STRONG need for a fenced in area OR AT LEAST OFF LEASH DOG HOURS. I have been working on this for almost a year and I feel that PARD is ignoring our help.

Q3: What would you like to see at this park in the future?

Select one from each column

1st priority	Dog Park
2nd priority	Dog Park
3rd priority	Dog Park

Q4: How could we improve this park?

Provide an off leash dog area. There are many neighbors that gather daily to let their dogs play and socialize. However, without a designated off leash area this creates numerous conflicts with other neighborhood residents that are not comfortable with dogs playing off leash outside of a designated/contained area.

Q5: Is this park clean?

Yes,
 Comment
 Those of us that regularly gather at the park to let our dogs play are very diligent about cleaning up after our dogs and keeping an eye on each other's dogs to make sure all of our dogs are behaving and cleaned up after.

2015 LRP - Brentwood Neighborhood Park

Q6: Do you feel safe at this park?

Yes,

Comment

I especially feel safe at the park b/c I have met so many of my neighbors that are also frequent park users and take their dogs to the park on a regular basis.

Q7: Anything else you'd like us to know about this park?

The lack of a designated off leash area is the biggest conflict our neighborhood has and establishing a designated area or specific hours for off leash park use would be a tremendous service to the neighborhood.

Q4: How could we improve this park?	
The tennis courts need to be re-built or re-surfaced. The fencing around the courts needs to be repaired so that the balls do not roll underneath the fence. The grass gets extremely long- more frequent mowing would be a huge plus. Tree maintenance (arbor work) on older trees as well as pruning for young trees so that they grow to be healthy adult trees. New, larger pool and larger area around the pool.

Q7: Anything else you'd like us to know about this park?

I live in the portion of Brentwood that is south of Koenig. We are lacking park space in this section (between 45th St. and Koenig Ln. and between N. Lamar Blvd. and Burnet Rd. Brentwood park is about 1.5 miles from our home and requires navigating and crossing busy streets. Increasing park space in the southern part of Brentwood would be great- though we have found that the park is a great place to tie in with our "neighbors". Increasing continuous sections of sidewalk in the neighborhood would make parks, buses, schools and all of Austin more accessible to all residents, particularly families with children. We are pleased with the increase in bike lanes and sidewalks in our area and hope to see continued work in these directions. More trees help with the heat load of trying to walk and bike places in the summer months. Thank you for working to continue to improve our parks! Austin would not be the same without them!

Q5: Is this park clean?

Yes,

Comment

Really pretty much, thanks to hard work of neighbors and neighborhood team as well as PARD and WPD. Obviously will be a battle as long as bottom of drainage easement. WPD did some concepts on ways to reduce litter washing into park, please start from those instead of from scratch

Q6: Do you feel safe at this park?

Yes,

Comment

Mostly, yes, thanks to hard work of neighbors and neighborhood team as well as APD and Code, and IDEA responsible management of the adjacent property.

Q7: Anything else you'd like us to know about this park?

survey needs to be in spanish!! on paper! door-to-door! We are not english-language internet people! This is a dense, interconnected area. Q7: Anything else you'd like us to know about this park?	
Yes, I am the guy who six years ago brokered a deal during the Triton land scandal and got YOU, Austin five acres, starting at Brownie "park" and stretching down the drainage easement to Rundberg. My idea was for the future when all of Brownie Dr was torn down, open land, and take the hike and bike trail down the easement... Robert Atkinson, 512-834-1336, ... I told all the appropriate people of the deal and NOT one thing was done. What a bunch of.....

Parks department regularly drives over park leaving ruts with trucks and mowers. The main ditch through the park needs at least one bridge/crossing. The main ditch has a spring that could be made more natural. Small trees sprout up but they get mowed over. We've tried to protect a couple. Park really needs a walking/running path.

Select one from each column

1st priority	Skate Park

3rd priority	Water based play feature

Q4: How could we improve this park?
 A better updated playground. The equipment is tired and dated. It would be wonderful to have better equipment and maybe even a Mary go round. It's such a large beautiful park servicing such a large population it could really use equipment that encourages greater use. Also, a skatepark would be greatly used. I see loads and loads of kids skateboarding around. All the other skateparks in town seem to be highly used. A lot of bang for the buck.

1st priority	Nature Trails
2nd priority	Pool
3rd priority	Water based play feature

Q4: How could we improve this park?
 Place drainage pipe at several points along the gravel walking trail where heavy rains erode and wash away gravel. The crew has done a wonderful job of replacing gravel but they must be discouraged at how often they have had to do so this spring. The last rain badly eroded the back part of the trail again.

Q5: Is this park clean? Yes,
 Comment Daily pickup of trash seen.

Q6: Do you feel safe at this park? Yes

Q7: Anything else you'd like us to know about this park?
 This is a heavily used park for walking and hiking by adults and children and a frequent place for dog walking. I congratulate the crew for upgrading the trail and hope the City will assist them by adding the needed drainage pipes under spots with heavy erosion. Also, the wildflowers have been beautiful and are really appreciated!
 Thanks!

Q4: How could we improve this park?

The grass on the soccer fields used to be so healthy. A few years back, they started mowing too frequently and too short - now weeds are completely taking over several of the fields.
 The COA did a great job improving the trails a few months ago. Unfortunately, the heavy rains washed the trails out and they are in need of repair again.

Q5: Is this park clean? Yes

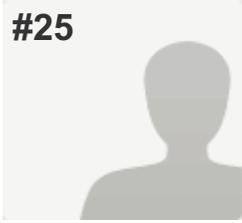

Q6: Do you feel safe at this park? Yes

Q7: Anything else you'd like us to know about this park?

Please outlaw drones at Circle C Park. A few weeks ago, two drone operators were using two of the fields and they were clearly inexperienced. This could become a HUGE problem.

need water fountain by the playground; current one is way far away by the bathrooms. regrowth cedar trees need to be cleared around the old growth hardwoods throughout the park. Cedar is an invasive non-native tree and if you don't clear it now while they are young and easy to cut we will have an dead-zone homozygous cedar thicket. The cedar are choking out the hardwoods.

 have seen a couple a rattle snakes and a fox or coyote but for the most part I feel very safe at this park

Q7: Anything else you'd like us to know about this park?

Love this park. I feel it is part of my home. Just wish the prairie people and the birders would be a little more relaxed about the dogs. 300 acres is a lot of land and there is plenty of space or everyone to share.

 Select all that apply.**

Walk/Jog/Run on the Trail,
 Other (please specify)
 Birdwatching, enjoy the prairie, observe wildlife,
 enjoy quiet

Q3: What would you like to see at this park in the future?

Select one from each column

1st priority	Nature Centers
2nd priority	Nature Trails
3rd priority	Trails
Other (please specify)	PARD staff to maintain beauty and safety of park

Q4: How could we improve this park?

Dedicate staff to ensure compliance with rules for parking, no swimming, no driving on grassy areas, dogs on leash. NO DOGS OFF LEASH TIMES-WAY TOO MANY DOGS OFF LEASH ALREADY. Repave entry road and no parking along road. On nice sunny weekend days, cars park on both side of the road. No way emergency vehicles could get in. PARD staff are needed to supervise activities in the park when it is open. Thank you

Q5: Is this park clean?

Yes,
 Comment
 Usually ok, after Saturday and Sundays--trash cans overflow. Lots of dog poop also.

2015 LRP - Commons Ford Metropolitan Park

Q6: Do you feel safe at this park?

Yes,

Comment

Yes when walking with friends. No when cars line the road and cars do not have enough room to drive on the road. No when I see that emergency vehicles would not be able to enter the park if needed.

Q7: Anything else you'd like us to know about this park?

Wonderful park, it has been discovered as a place to swim (not allowed) and a place to let dogs run off leash. The restored prairie is incredible. It would be great to make use of the small, uninhabited house as a classroom, small nature center. Incredible park with frontage on Lake Austin, creek habitat, great birds, beautiful flowers, a canyon with trails and waterfalls, golden cheeked warblers, painted buntings--City of Austin needs to please take better care of it. The park is not in the city limits, but it is a city park. It needs more care. Thanks

Q5: Is this park clean?	No, Comment It used to be, but now it is overused. Austin is in great need of more parks.
Q6: Do you feel safe at this park?	Yes

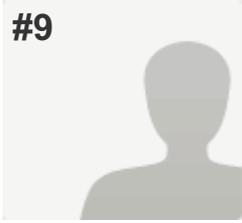

Q7: Anything else you'd like us to know about this park?

Please protect the quiet, natural appeal of this park. Don't add "attractions", and especially don't turn it into an event center exploited by private interests like so many other Austin parks that have been taken away from the public for much of the time. The prairie project, bird watching, walking, etc. are wonderful, but crowds who can't find other parks for their activities are actually making it seem like someone needs to be directing traffic there on nice days.

Q4: How could we improve this park?	
<p>This is a high quality park for birds and needs to stay that way or even be improved. Enforce the dogs on leash rule. I am so tired of being jumped on by dogs off leash. Continue to improve the prairie - don't put trails through it. There is a ground nesting bird that uses it (a declining species called the Dickcissel). Scissor-tailed Flycatchers are also in the prairie as are meadowlarks. Several declining wintering species of sparrow including Grasshopper and Le Conte's, and Sedge Wrens are all responding to the improved prairie conditions.</p> <p>Remove non-native invasives like the chinaberry, on the east side of the park. Leave the prickly pear and mesquite forest as it attracts different kinds of birds. I have observed the endangered Golden-cheeked Warblers foraging in the hackberries on the east side. They need undisturbed conditions.</p>

Comment

Q7: Anything else you'd like us to know about this park?

The prairie restoration project is a model for what should be done with our public lands, and I would like to see Austin Parks and Rec do this kind of thing at other parks. It is more challenging than just mowing, but the butterflies, birds and bees need this kind of expanse. (A prairie is especially important in this time of declining native pollinators.) I love Commons Ford and visit at least once/twice per month as the birds change through the seasons.

Q4: How could we improve this park?	
<p>1. Other than improving the parking area, Commons Ford Ranch Park should be left alone as it is one of the best locations in the city to enjoy nature in a peaceful surrounding. It already has a good trail system and the re-established native prairie is a unique place and asset for Austin.</p> <p>2. Dogs off leash are a problem as many people seem unaware of, or ignore, the current signs indicating that dogs should be on a leash. The signs could be larger and more prominently displayed. The prairie is home to many ground nesting birds, as well as others that are threatened species or whose populations are in decline. Dogs running free stress these birds and other creatures and may have a negative impact on their successful breeding.</p>	
Q5: Is this park clean?	Yes

Q6: Do you feel safe at this park?

Yes,

Comment

My only feeling of concern about safety occurs when I encounter dogs off leash.

Q7: Anything else you'd like us to know about this park?

It is a jewel within the park system. Don't mess it up. The park is well known in the birding community, not only locally but on a national level. I have met many people visiting Austin from other cities and states that visit Commons Ford Ranch Park specifically to see the birds of the Central Texas area. Other people visit it to see the native prairie restoration.

maintain as preserve for wildlife, unusual birds already seen at this park. Maintain the wild prairie area as is and keep Golden-cheeked Warbler area primitive, i.e. don't improve the trails. Keep dog leash rule.	
Q4: How could we improve this park?	
The parking spaces are eroded on both sides. Very hard to park a small car because of the huge drop off from the road to the parking space. Please fix the erosion. Keep maintaining the prairie area and the wild area by the river below the Pecan hill. Keep the area as wildlife friendly as possible.	
Q5: Is this park clean?	Yes
Q6: Do you feel safe at this park?	Yes

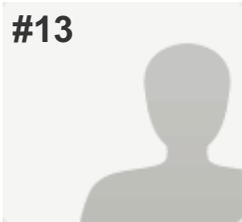

Q7: Anything else you'd like us to know about this park?

It is an amazing place for migrating birds in Spring and Fall. Many of the migrating birds coming through are not seen anywhere else in Austin. Because of it's wildness it has a lot of native sparrow species in the winter. There are endangered Golden-cheeked Warblers that nest here and need protection. I saw a Ring-tailed cat one day in the woods. The native plants are diverse and the park needs to be kept as wild as possible.

Enforce the dogs on a leash rules. Dogs running off leashes are a nuisance to other visitors to the park as they run through sensitive areas and leave their waste all over the trails. Irresponsible dog owners should be fined for dogs off leash and for not picking up after their dogs.	
Q5: Is this park clean?	Yes, Comment except for many piles of dog waste everywhere you go

Q7: Anything else you'd like us to know about this park?	
The restored prairie should be a highlight of the city's park system and should be promoted to wildlife enthusiasts state-wide. Encouraging dogs off leashes is a detriment to the further restoration of the park to becoming a showcase for the city park system.

 This is my favorite park in Austin. I love the variety of landscape (prairie, the lake, flat trails, hilly trails, and the mature pecan grove). It's really unique and beautiful: in my mind, it doesn't need a ball field or a swimming pool. People use the park because of its natural beauty and proximity to the water.

 I also do a lot of birding in the park. Because it is largely undeveloped, it provides a good habitat for a variety of native species. The city needs to continue to provide open landscapes for Austinites to to enjoy the natural beauty of the area.

Q6: Do you feel safe at this park?	Yes

Q7: Anything else you'd like us to know about this park?

As a local Austinite who has visited this park for 15+ years regularly, I have found that this is a natural, beautiful park in a very environmentally sensitive area. The only areas that should be developed should be from the road to the lake and not up the creek. The trail that follows the creek upstream should remain the only thing there because that area is similar to a nature preserve. I also think that this park should remain mainly undeveloped because parking areas are very limited and attracting hordes of visitors to this park would not be wise to maintain this naturally pristine park. Developed parks such as Emma Long serve the population's wants for an urbanized lakeside park much better. Thank you for your consideration.

This survey is biased towards developing/adding more features.

Q4: How could we improve this park?

Enforce leash laws. There has been a lot of effort into restoring the prairie grasses, yet there are dogs off-leash all over the park.

Q5: Is this park clean?

Yes

Q6: Do you feel safe at this park?

No,

Comment
too many off-leash dogs and not all of them are friendly!

Q7: Anything else you'd like us to know about this park?

This survey is biased towards further development of the park. I'd like to see some type of enforcement of the dog-leash laws. The area down by the dock/river has become a very popular off-leash dog area even with the extra signage there that dogs are required to be on-leash. Some enforcement would be nice and if the leash laws are enforced, maybe some enclosed off-leash area would be a good compromise.

Q4: How could we improve this park?	
Limit parking to areas already designated and post signage prohibiting parking along the road. On weekends this poses a significant safety hazard limiting emergency vehicle access. Enforce leash laws for dogs. I have been knocked down and sustained injuries from large dogs running loose in the park.	
Q5: Is this park clean?	Yes, Comment Mostly except on weekends the trash bins near the lakefront become filled to overflowing.

Q6: Do you feel safe at this park?

Yes,

Comment

Mostly but leash laws and prohibitions against driving on the trails need to be enforced.

Q7: Anything else you'd like us to know about this park?

This is a remarkable resource and it needs to be protected. In the past few years use of the park has increased dramatically and the infrastructure (parking, trash receptacles, supervision and personnel oversight) has become insufficient to provide a safe user experience.

Q4: How could we improve this park?

- 1) Mow the trails! There are definitely diamondback rattlesnakes along the trails; I have nearly stepped on one twice! Very dangerous when you cannot see the trail ahead! The canyon trails are actually okay, but the trails through the river bottom areas below the road are really, really bad! Also needing mowing is the meadow at the boat house. Grass and weeds today stood knee high in most of the area.
- 2) Empty the garbage cans. They fill to overflowing often and stay that way for days!
- 3) Improve the road. Pieces of asphalt are breaking off all along the roadway on both sides, narrowing the road between severe dropoffs created by the breaks. This results in basically a one-lane road and when cars are parked on both sides during peak usage, ingress and egress becomes impossible. If someone were to be injured, Star Flight would be the only way to get help to them!
- 4) Enforce the leash laws! People use the park especially in the meadow near the boathouse as a defacto leash free area. I have been accosted by aggressive dogs many times!
- 5) Allow swimming at users own risk with appropriate signs. However, at peak use times, young people climb up on top of the boat house to dive into the water. Extremely dangerous! It's only a matter of time before something unfortunate takes place.
- 6) There has been one instance of illegal camping in which the campsite was then abandoned with trash strewn everywhere. It took much too long and way too many contacts with staff to finally get something done about it.

Q5: Is this park clean?

No,

Comment

Trash accumulates along the trails and roads and as mentioned above, the trash cans do not get emptied nearly enough.

Q6: Do you feel safe at this park?

No,

Comment

As mentioned, loose dogs are a threat, not just by the boathouse but on the trails, as well.

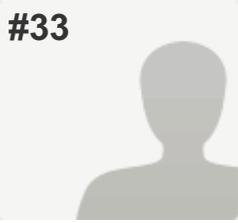

Q7: Anything else you'd like us to know about this park?

It's really a jewel of a place and the newly created native Texas prairie at the far end is simply astonishing! I do realize the park probably gets overlooked by staff a bit due to the remoteness of the location. In some ways, that's okay. The rural nature of the park, combined with the variety of ecosystems available is a definite plus. However, please put greater emphasis on the basics outlined in previous answers so that everyone can feel safe.

Q4: How could we improve this park?	
<p>The roads and parking area are in dire need of repair. The pot holes at the sides of the roadway are huge. A few of them are in blind spots on hills or curves, causing a dangerous situation of either swerving into oncoming traffic or driving through them and causing damage to your vehicle. It's been this way for a long time now, and it is only getting worse.</p> <p>More frequent mowing would also be greatly appreciated. It seems that in the activity areas the grass is allowed to grow to knee height between mowing. It's super easy to loses balls and frisbees, it attracts a lot of bugs, and it is easy to miss holes, ant beds, snakes, etc.</p> <p>I love that dogs are permitted in this park. I would hate to ever see that change. There are not a lot of safe places to walk dogs in this area of town, since we don't really have sidewalks.</p>

Q2: What do you do when you visit this park? Select all that apply.	Walk/Jog/Run on the Trail
Q3: What would you like to see at this park in the future?	
	Select one from each column
1st priority	Picnic Tables
2nd priority	
3rd priority	
Q4: How could we improve this park?	
<p>Bigger trash cans, since there are more people going to the park now on a regular basis. The boat house is falling apart and is a huge safety hazard because people won't stop climbing on it. Maybe rebuild the picnic table area that is degrading, next to where the barbecue pit used to be, and put a few picnic tables and a trash can again.</p>	
Q5: Is this park clean?	Yes,
	<p>Comment The park is mostly clean but there are beer bottles and cans and food trash in random places along the roads and trails.</p>
Q6: Do you feel safe at this park?	Yes
Q7: Anything else you'd like us to know about this park?	
<p>Please keep preserving the natural state of the park property, it is my main reason for going to the park. It is a beautiful piece of the hill country in its natural state and it's always enjoyable.</p>

2nd priority	
3rd priority	
Q4: How could we improve this park?	
<p>There have been a lot of people drinking and playing loud music on weekends and weekday afternoons. I've noticed there has been an increase in the amount of trash and empty beer cans on the ground and left around the park. I'd like to see some restrictions on alcoholic beverages to prevent the littering and overall obnoxious behavior.</p> <p>I think more picnic tables would be a nice addition as well.</p>	
Q5: Is this park clean?	Yes,
	Comment It's clean, but it has been getting worse.
Q6: Do you feel safe at this park?	Yes
Q7: Anything else you'd like us to know about this park?	
<p>I do not mind dogs being off leash or swimming for dogs / people, but the partying and littering has gotten a little out of control. I use this park as a place to relax, and that has become virtually impossible with all of the people who come there to drink and party.</p>

Q4: How could we improve this park?

It has some areas of poison oak along and into the trails that should be eliminated. There are dead trees that need to be removed. Some are still standing and some are down. When it is dry this is a potential fire hazard for nearby homes. Park also floods into backyards of homes. This may or may not be caused by debris piles.

Q5: Is this park clean? Yes

Select one from each column

1st priority	Dog Park
2nd priority	Community Garden
3rd priority	Nature based Playground
Other (please specify)	Recycling bins would be nice.

Q4: How could we improve this park?

The amount of trash and bottles left at this park is outstanding. There is only one trash can and its no where near the basketball courts or the playground or track.

Not to mention that the playground has been closed for many of months.

Q5: Is this park clean?

No,
 Comment
 There are often bottles and trash left everywhere

Q6: Do you feel safe at this park?

Yes

Q7: Anything else you'd like us to know about this park?

I've grown up with this park. Pretty much all 25 years of my life. ive always enjoyed seeing that this park actually gets used. It's a nice feature in our neighborhood.

3rd priority	Community Garden

Q4: How could we improve this park?
 The playground portion of this park has been closed and fenced in for almost 10 months. This is completely unacceptable to a neighborhood full of young children. In addition there is a need for additional trash as well as recycling containers as the amount of bottles and cans left on the ground has been extremely heavy. I should know as I spend an appreciable amount of time picking up the trash and refuse from the ground in the area on and around the playground at Cook Park.

Q5: Is this park clean? No,
 Comment See Comment in 3.

Q6: Do you feel safe at this park? Yes

Q7: Anything else you'd like us to know about this park?
 This park does incur heavy use especially in the evening hours and should be heavily supported. There have been improvements over the years but it is hard to determine whether it was the work of PARD or AISD.

Q4: How could we improve this park?

I love that there are now trees...maybe even more!! Would love tennis courts and an actual track over the current rocky one. I think our area would also love some new playscapes as the current ones have been closed over a year!! Would also love a new sign for Cook School Park :)

Other (please specify)

Why isn't lights for soccer an option

Q4: How could we improve this park?

Lights for evening soccer
Put an opening on Mountain Quail
Put the playground back in
Terrace the fields for better drainage
Bring in topsoil and sod
Move the school portables to allow for more soccer

Q5: Is this park clean?

Yes,

Comment
The pickup games leave a little mess, but the soccer club does a good job of cleaning up after everyone.

Q6: Do you feel safe at this park?

Yes

Q7: Anything else you'd like us to know about this park?

This is one of the only places where we can play pick up soccer. The kids get to use it in early evening, so in the winter when the sun goes down, there is nowhere for adults to play. There should be more places to play soccer.

Other (please specify)	Doggie doo bag dispensers at each street ingress point where there are garbage cans.

Q4: How could we improve this park?
 It's a great park. The mosquitoes are pretty bad right now, but I 'm not sure what can be done about that. Also, I'm pretty sure the place is crawling with poison oak or ivy. More doggie doo bag dispensers at each street ingress point where there are garbage cans, rather than just the one. A running track would be great; the area around the playground or the clearing by the apartment complex seem like good places for that.

Select one from each column

1st priority	Trails

Q4: How could we improve this park?

Dick Nichols Park is degenerating into a "Leash Free" park. That means a number of dogs are left leash free by their owners, causing danger and unpleasantness for those using the paved trails and the playground. Though the dogs may be friendly, being licked and being chased isn't the expectation of other park users. This has become such a big problem that we have stopped using the park. Plus, the dog poop isn't leaving a good decor and odor either. Bottomline, the pets need to be on a leash and that needs to be enforced to keep the park suitable for use in the future.

Q5: Is this park clean? No

Q6: Do you feel safe at this park? No

Q7: Anything else you'd like us to know about this park?

The park needs to be maintained better. It is decaying property, made worse by the dog owners, who leave their dogs to chase other park users. Pathetic!

 signage on walking trail to prohibit speed/training bicycling. Currently a very few riders present a possible hazard to walker who can't hear them coming. I am 83 and love the walking there but can't hear these inconsiderate riders until they surprise me almost brushing my elbow as they race past. if I just happened to move toward the center of the trail at a critical time I'd be a goner.

 I like the idea of more shaded picnic spots but don't know how it could be achieved. The few picnic spots fill up and on occasional nice evenings it is not possible to get a table.

2nd priority	Pavilions
3rd priority	Bathrooms

Q4: How could we improve this park?
 The bathrooms in the pool are absolutely disgusting. I mean really really horrible. They must be addressed. The park could also use more shade, possibly pavilions or some other structure to provide relief in the summer months.

Q5: Is this park clean? No,
 Comment Pool bathrooms are horrid

Q6: Do you feel safe at this park? Yes

Q7: Anything else you'd like us to know about this park?
 Please please please do something about the bathrooms at the pool

Q7: Anything else you'd like us to know about this park?
 To me this is not truly an austin park because it is used by a school from 8-5 every school day so it is not accessible to the rest of the community. We need a park in this area that is available for all of the community to use. This does not serve the needs of the community.

 There is a lot of trash & jackets left from the kids playing at recess. A LOT of trash. Maybe we need more trashcans?

Q6: Do you feel safe at this park? Yes

Q7: Anything else you'd like us to know about this park?
 It is difficult that kids can't play on it after school because of Third Base. I honestly don't think it's fair that a business gets to take over the playground.

Q4: How could we improve this park?

We have a major problem with Doss Park: we are continually frustrated by after-school clubs that tell us we aren't allowed to use the park after school hours. My children attend Doss Elementary, and this situation really prevents them from being able to play with classmates and other members of the local community after school, because they can't hang around and play at this park -- their local city park! In fact, my younger daughter and I have been told we can't even sit there for twenty minutes while waiting for my older daughter to finish an activity at the school. I have no idea whether these clubs have actual authority to tell people that they can't use the park, but we really don't use it because they tell us we can't during the prime time when we would...after school!

Q5: Is this park clean? Yes

Q6: Do you feel safe at this park? Yes

Q7: Anything else you'd like us to know about this park?

Please, please consider clarifying with the school whether for-profit groups (e.g. after school clubs) are allowed to take over a city park and tell other parents and children that they cannot use the space. I understand that during school hours, the park needs to be a school playground and be off-limits to the general public, but after school is out, it is meant to serve as a local community park. At the current moment, that is not happening!

Q4: How could we improve this park?
 We have a wonderful natural asset - Walnut Creek. There is a beautiful rock creek bottom that is usually exposed that makes for great walking in the creek. Perhaps a safer access point. Right now you have to walk down an eroded path. Also, the banks of the creek are in danger of collapsing where the bank gets really high. There is a wooden fence that is about to wash away!

Q5: Is this park clean? No,
 Comment
 Because it is a creek side park- we get a lot of debris hanging in the trees and grass. Sometimes the families that use the park for picnics don't clean up after themselves.

2015 LRP - Dottie Jordan Neighborhood Park

Q6: Do you feel safe at this park?

No,

Comment

I feel safe during the evening and weekends when there are lots of people around. Otherwise, there are often people drinking beer at the picnic tables.

Q7: Anything else you'd like us to know about this park?

We love our park! We visit almost every day. We walk on the path, attend meetings at the rec center, swim in the pool and play on the playground.

 There is a dangerous bank that is about to collapse along the river on the east end of the park. There is fence currently but the erosion is about to take the fence over the edge and a 25 foot cliff will be exposed.

Q5: Is this park clean? No,
 Comment
 We are constantly picking up trash that people leave behind. Mostly around the areas of picnic tables closest to the creek. Also the creek has lots of garbage in it/plastic bags hanging from trees/etc.

Q6: Do you feel safe at this park? Yes,
 Comment
 We feel safe during daylight hours. Not at night.

 Dottie Jordan is fairly small, so many of the improvement options are unlikely. Better flood & drainage control would be nice, but it looks like that may be happening already. Adding a feature that incorporates the creek somehow would be great.

Q4: How could we improve this park?

Permanent restrooms and better lighting would be a *huge* improvement to this small but well-used neighborhood park. Poison ivy is becoming a problem along the trail, particularly alongside the tennis courts, and there are some drainage issues on the trail behind the pool equipment house. Nicer bollards, sturdier picnic tables, and more native landscaping would also go a long way in upgrading the park.

Q5: Is this park clean?

Yes,
 Comment
 After weekends there is inevitably some trash, but city staff does a very good job keeping the park neat.

Q6: Do you feel safe at this park?

Comment
 Lack of lighting keeps us away after dark.

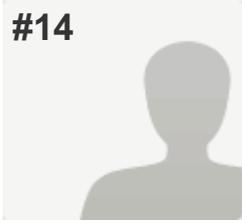

Q7: Anything else you'd like us to know about this park?

Dottie Jordan is a little rough around the edges but packs a lot into a small area--it could be a real gem with a little investment and some aesthetic improvements. This is a racially and economically diverse area and Dottie Jordan is one of the few places where residents from all backgrounds come together for recreation, which IMO makes it particularly valuable community asset.

Q4: How could we improve this park?
 Park cleaning on Monday mornings, weekends tend to be high traffic and leave the playground messy. Also a crosswalk for Loyola at the Recreation center end of the park would reduce jaywalking. Finally, there are a couple spots on the trail along the creek which are always muddy and can be slippery. These are near the basketball court and the pool. Improved drainage for these spots would make the trail much more accessible for young children and adults with balance challenges.

Q5: Is this park clean? No,

 Covered basketball courts, add on to rec center if possible, add dumpster back on parking lot. New lines for the parking spaces on the parking lot.

Q5: Is this park clean? Yes,
 Comment
 but trash overflows on weekends, our dumpster was removed several years ago from the parking lot and never replaced.

Q6: Do you feel safe at this park?

Yes,

Comment

the tall grass doesn't bother me, but there are homeless people living down in the creek..

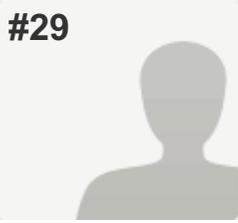

Q7: Anything else you'd like us to know about this park?

Many of the activities in the rec center are at night because people work. Many more could be scheduled if we had an additional space. More space = more classes, less conflict over when to meet, etc.

Big lights throughout for evening/night. Park Curfew (if not in place, i'm not sure), but extended if a skate/bmx park were put in. more activities for neighborhood youth/teens, there seems enough for little kids with the existing playscapes, libraries, splashpads, etc, but very little for youth/teens. a cover over the basketball court with lights would probably have a big bang for the buck.

Q4: How could we improve this park?
 Lighting all around trail. People hang out in the dark areas and it's not safe for others. The embankment seems to be collapsing and I'm afraid someone is going to get hurt unless the fence currently in place is moved back more. After the recent storms, more of the embankment has fallen into the greenbelt and the fence is coming close to falling in.

Q5: Is this park clean? No,
 Comment
 Yes, mostly except for after when people have parties and don't clean up after themselves

Q6: Do you feel safe at this park? No,
 Comment
 Park is close to bus lines and some suspicious characters hang around sometimes. Lights all around the trail would help with folks hiding in the shadows..

Q7: Anything else you'd like us to know about this park?

I love this park and that is it close to where I live. Please add more lights all around the trail. I go here to walk my dog and I always get nervous in the areas that are not well lit. People hang out in the unlit areas and I often see them doing drugs or making drug deals. This is near all near a playground where children do come and play. Lights, Lights, Lights please!!

Select one from each column

1st priority	Basketball Courts
2nd priority	Community Garden
3rd priority	Dog Park
Other (please specify)	An additional basketball court would be great and the current one needs a fence around it.

Q4: How could we improve this park?
 The basketball court needs a fence around it so those playing don't lose their ball in the creek. Also, the fence along the path next to the basketball court needs fixed and the trees need trimmed. The park could use new grills and more garbage cans.

Q5: Is this park clean? No,
 Comment
 There is a lot of litter in the park. The garbage cans fill up quick and need emptied. The creek could be cleaned too. After a heavy rain, a lot of trash is washed up.

 Nicer facilities all around that feel safer and more secure. Clean sand in playscapes.

Q5: Is this park clean? No,
 Comment
 Constantly find plastics, condoms, and other trash in the playground area or nearby.

Q6: Do you feel safe at this park? Yes,
 Comment
 During the daytime yes, but it would be fantastic if there was some type of patrol. I don't feel comfortable with my children playing independently there (even if I'm nearby)

Q4: How could we improve this park?
 Keep cars and trucks OUT. Put up a chain across the access at the street; the large gravel paths look as though they are intended to take car traffic so groups coming for an event often just drive in to unload their supplies.

Q5: Is this park clean? Yes

Q6: Do you feel safe at this park?
 Comment
 Feeling of safety depends on the time of day. The park is very dark at night and I never walk through it in the dark. There are usually some homeless camping; homeless are most often peaceable but a few have mental health problems making interactions with them unpredictable. Have occasionally heard from young mothers that they are wary of being in the park alone even in the daytime

Select one from each column

1st priority	Picnic Tables
2nd priority	Barbecuing Areas
3rd priority	Bathrooms

Q4: How could we improve this park?
 add some parking spaces (there are none now, and people park on a small grassy area, which is eroding), then add some picnic tables (with a shade cover eventually) and BBQ stations, eventually with a bathroom of some sort or porta-pottie

Q5: Is this park clean? Yes

Q6: Do you feel safe at this park? No,
Comment
 the bushes along Cameron Loop need trimming back; you cannot see the "crater" part of the park well, which makes it much less safe

Q7: Anything else you'd like us to know about this park?
 It doesn't get used much. Even just 4 parking spaces would increase use of the park. I live down the street, but nobody hauls the picnic stuff without a car.

 Hike on trail due to the ability for dogs to be off leash, there are not many trail places in Austin if any others that allow this anymore

Q3: What would you like to see at this park in the future?
Select one from each column

1st priority	Community Garden
2nd priority	Dog Park
3rd priority	Nature Trails

Q4: How could we improve this park?
 Keep the trail rugged as is
 More picnic tables on riverside with grills and lower the annual park pass to be more congruent with state park annual pass for a city park 10 dollars each time is quite high for highly frequent visitors. We would definitely purchase an annual pass as we do with the state parks.

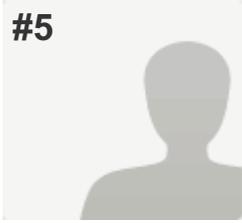

Q5: Is this park clean? Yes

Q6: Do you feel safe at this park? Yes

Q7: Anything else you'd like us to know about this park?
 Love the atmosphere of the park and thanks for all the hard work you all do for our Parks. We frequent it on average 5 days a week mostly on weekdays.

 Make sure that people who just want to access the off leash dog trail are not turned away during the busy summer months because the park at the lake is full!

Q5: Is this park clean? Yes

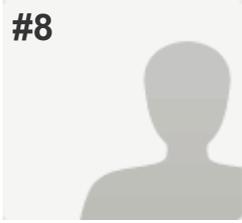

Q6: Do you feel safe at this park? Yes

Q7: Anything else you'd like us to know about this park?
 I LOVE being able to take my dog here and he loves being able to be safely and legally off leash. When the paid portion of the park fills, I have been unable to access the trail, even on foot. I think that this needs to be remedied, by either relocating the gate past the off leash trailhead parking, or allowing people to walk in with their dogs when the lake area of the park is full. If someone lies and walks the full 2 miles to the lake, they should be turned away. I was once told by a park employee that people lying about their intentions are why no one is allowed to walk in; if that reason is true, park policy needs to be fixed to make the trails accessible when they're not what is full.

Q5: Is this park clean? Yes,
 Comment
 Keeping dogs out of this park helps keep it clean

Q6: Do you feel safe at this park? Yes

Q7: Anything else you'd like us to know about this park?

This survey is ridiculous for this motorcycle and mountain bike trail. The survey may be appropriate for other parks, but not a park dedicated to motorcycle and mountain bike use. Gagaball? Outdoor chess? Horseback riding? How about fishing on top of a rocky hill with no water in sight. This survey is totally inappropriate to this park.

This park is awesome! Please don't dumb down the trails. This park is known as a very difficult/technical trail and it should stay that way. Emma long is also known as the best place to ride after rains since it drains well overall, but here are some areas of the trails that don't and some work could be done to fix those areas.

Q5: Is this park clean?	Yes
Q6: Do you feel safe at this park?	Yes
Q7: Anything else you'd like us to know about this park?	
This park is a HUGE GEM in its uniqueness of allowed use. Many of us talk about how this park is at the pinnacle of what we love about living in the Austin area. I.e. we have access in essentially an urban-ish location, to enjoy nature on our two wheeled machines. I bring my kids (and wife sometimes too) here with me during the week and we ride, and then watch the sunset, then eat dinner in the parking lot. It contributed greatly to the "quality of life" that we enjoy in the Austin area.

Q4: How could we improve this park?

I would like to see an improvement with Austin Parks & Recreation's (APR) communication on matters pertaining to the park. I only found out about this survey by pure chance and I'm concerned that APR will not receive the full spectrum of views for all those who enjoy it on a regular basis in the motorcycling & mountain biking communities.

Q5: Is this park clean?

Yes,
 Comment
 I'm always impressed with how the people who use this park respect it and clean up after themselves.

Q6: Do you feel safe at this park?

Yes,
 Comment I have never not felt safe at this park.

2015 LRP - Emma Long Metropolitan Park

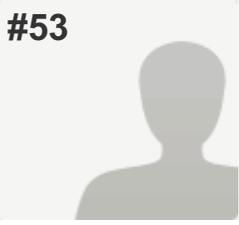

Q7: Anything else you'd like us to know about this park?

Emma Long has been a great place to enjoy amazing mountain bike riding within Austin City Limits. I ride the park on average 30 plus times a year, weather pending, since I moved to Austin in 2006.

Q3: What would you like to see at this park in the future?
 Select one from each column

1st priority	Trails
2nd priority	Trails
3rd priority	Bathrooms

Q4: How could we improve this park?
 By expanding the motocross and mountain bike trails, and continuing to allow access for motocross and mountain bikes on those trails.

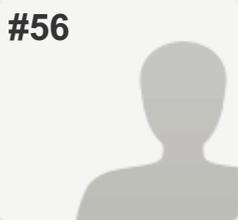

Q5: Is this park clean? Yes

Q6: Do you feel safe at this park? Yes

Q7: Anything else you'd like us to know about this park?
 This survey is completely ignoring the two biggest user groups of the park. Mountain bikers and motocross bikers are huge users of the trails at this park. Any future additions or changes to this park should consider how they will impact these two user groups for the better.

 Reopen all grandfathered motorcycle riding areas in the motorcycle park.

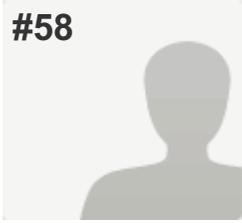

Q5: Is this park clean? Yes

Q6: Do you feel safe at this park? Yes

Q7: Anything else you'd like us to know about this park?
 The motorcycle park is a one of a kind resource in the entire City of Austin. Please allow it to be used as it was originally intended before BCP. The area used by motorcycles is infinitesimal in the grand picture. There has been no reliable scientific proof that it's use has harmed any birds or anything below it in the watershed.

Expand the Mountain Bike and Motorcycle trails. Use more of the available land, across the road, etc.	
Q5: Is this park clean?	Yes
Q6: Do you feel safe at this park?	Yes
Q7: Anything else you'd like us to know about this park?	
This is an absolute asset to the City of Austin. There is no other place like it anywhere near Austin. We need MORE places likes this. Motorcycle and Mountain bikes get along fine. The motorcycles are very good for breaking in trail and most mountain bikers are motorcyclists and vice versa.

Q4: How could we improve this park?

More trail maintenance. For awhile there were a lot of improvements being done for run off erosion or motor cycle erosion but that has tapered off.

Q5: Is this park clean? Yes

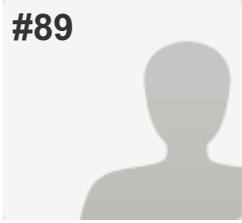

Q6: Do you feel safe at this park? Yes

Q7: Anything else you'd like us to know about this park?

It is a great place to ride bikes or go for a run. I love the varied terrain.

 Add more trail. You could even just give back the part of trail that was closed off. The sign on that closed section clearly states that it should have been reopened years ago.

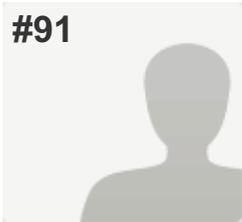

Q5: Is this park clean? Yes

Q6: Do you feel safe at this park? Yes

Q7: Anything else you'd like us to know about this park?
 This is a great park as is. It is unique in that motorcycles and mountain bikes are the prime user groups. I am very grateful that I live in a city that provide such wonderful outdoor activities.

Q6: Do you feel safe at this park? Yes

Q7: Anything else you'd like us to know about this park?

It's great how it is and used by many to mountain bike and ride off-road motorcycles. Emma Long is a unique park where motorcycles and mountain bikes can enjoy the same trails in close proximity to the city. Any change resulting in less opportunity for this would be a negative for so many.

There have been various reports of car breakins

Q7: Anything else you'd like us to know about this park?
 Don't mess with the trails.

Also why is mountain/trail biking not an option in this survey? It's one of the biggest outdoor activities in Austin and the cycling organizations in coordination with PARD and private HOAs are the reason we currently have so many very popular trails for all users!

Q4: How could we improve this park?

coordinate trail work and possibly designate motorcycle and mountain bike trails. Work with local trail organizations like Austin Ridge Riders and high schools that have mountain bike teams (LTHS, AHS) to promote use or events.

Q5: Is this park clean? Yes

Q6: Do you feel safe at this park? Yes,

Comment
 Some trail features at a bit unsafe and trail work or signage may keep it safer. Personal safety never an issue but I hesitate to ride there alone.

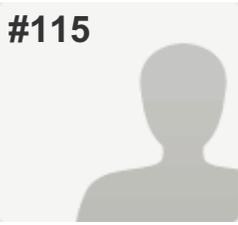

Q7: Anything else you'd like us to know about this park?

Everyone knows about this park but not many people seem to use it. Can we improve the trail quality so more people can use it? I would like to know how many bicyclists use the park compared to motorcycle riders. I'm not one for banning a group but if we do a lot of trail work, the motorcycles just tear it up. Some loops that are more mountain bike specific could be closed to motorcycles if they don't use them anyway. Some trail separation may go a long way to determining best use for designated trails. At least then we could gauge which groups are truly involved in helping trail improvement efforts.

Other (please specify)	Would like to see new garbage cans. The old ones have rusted through the bottom.

Q4: How could we improve this park?

I go to Emma Long Park two to three times a week. I like it just the way it is.

Q5: Is this park clean?

Yes,
 Comment
 I see city park employees come and take out the trash and replenish the bath room toilet papers routinely. I thank you all for providing this service.

2015 LRP - Emma Long Metropolitan Park

Q6: Do you feel safe at this park?

Yes,

Comment

this park is very safe. There has never been an incident that I am aware of where there was a need for police to be called out at the park. Everyone gets along very well, and those who visit the park are regulars we all know by name.

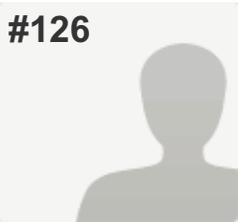

Q7: Anything else you'd like us to know about this park?

Like I said initially, this is a motorcycle park. As such the ones who come to Emma Long are experienced and skilled motorcycle riders. I'm not sure how this survey applies to Emma Long but please be advised that this park is used by a lot of Austin residents who come to Emma Long to ride offroad and trials motorcycles.

 We hike at Turkey Creek with our dog 3 times per week. It's a beautiful park. We love this park and would like to continue to use it. It would be nice if the parking lot were improved, but people park a few cars there and then hop in one car to go to the lake. It's frustrating not to have access to the dog hike. There is a large open field next to the parking lot and we wonder if that could be utilized for parking. We do not want a fenced in dog area - we want to continue to hike.

<p>Emma Long Metropolitan Park's Motocross Trail is a unique and very popular 7.56-mile single-track loop for motorcycles (dirt bikes) and mountain bikes. There is nothing else like it in a 100 mile radius that is free to the public outside of the the Texas OHV decal that is required to trail ride. As a 15 year tax payer in the city of Austin, it is extremely important to me to keep this park open and available. Most of the folks I meet on the trails are friendly and helpful and all love the trail riding.</p>

	Comment On June 8th the park was filthy...trash cans overfilled trash on picnic tables...trash on the grass. With a fee you expect the park to be clean the night before. I would definitely pay a higher park fee for a cleaner Emma long park.

Q7: Anything else you'd like us to know about this park? This park is the ONLY motorcycle trail park available to motorbikes. It is held dearly to those of us who ride and such is important to keep open as the only legal public trail network. Please don't close it. I met Emma Long back in the 90's shortly after moving to Austin. She gave the land to the city for motorcycle use. Let's keep it that way. There are countless other parks in Austin for hikers and such. This is all we have left. Thank you. -Pete Murray 512-750-8503

Q4: How could we improve this park?
 Park just needs less restrictions on motorcycles. By requiring them to have insurance, spark arrestors on their bikes, and to stay in designated area, everything should remain safe for the riders and other park attendees.

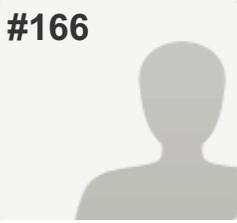

Q5: Is this park clean? Yes

Q6: Do you feel safe at this park? Yes

Q7: Anything else you'd like us to know about this park?
 Been traveling to ride motorcycles here for years. Would be very sad to see this go, frequently draws campers from out of the Austin area that could potentially boost revenue significantly.

Q4: How could we improve this park?
 I think the park itself does not need improvement; however, it does need to be kept open for the motorcycle riders. We ride Trials motorcycles that have a very light footprint. They are not overly noisy, and the local group does a GREAT job of helping out around the park to maintain the natural beauty and the trails.

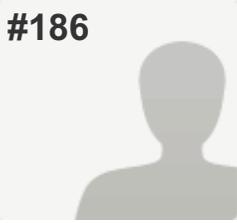

Q5: Is this park clean? Yes

Q6: Do you feel safe at this park? Yes

Q7: Anything else you'd like us to know about this park?
 We live in Dallas and travel over 4 hours to come ride at this park. There are very few State/City parks that are open for motorcycle riders in the state of Texas. We appreciate being able to ride on this property and do everything possible while there to keep it clean and in good order. Our State Trials riders are very respectful of the land and of others that use the park during events. Please allow us to keep riding at this park for future generations. We need our kids to have outdoor recreations and not sit inside and play video games all day.

Stop trying to close motorcycle riding areas that have been used for 40+ years.

Q5: Is this park clean?

Yes

Q6: Do you feel safe at this park?

Yes

Q7: Anything else you'd like us to know about this park?

Perhaps you should acquire a new trials riding area with terrain similar to Emma Long so that the issue with the GCW will not continue. The trials riders have supported and worked well with Austin Parks for a very long time and the trials riders would like to continue that support.

2015 LRP - Emma Long Metropolitan Park

Q6: Do you feel safe at this park?

Yes,

Comment

We are policemen, firemen, engineers, ordinary citizens. We are most afraid of oppression of the majority by oppressive minorities, such as well funded environmentalists who will distort anything for control and exclusion of others.

Q7: Anything else you'd like us to know about this park?

This is a wonderful place with a very long history of observed trials competitions. The park is more interesting and diverse as a result of trails we either established or maintained. Celebrate and defend diversity of use, as that also promotes biological diversity. Say no to tyranny by land grab, by playing as though we don't exist, and by excluding us as though we never existed. I have travelled often to Emma Long, and spent money in the area. Austin will cease to exist for me and mine should tyranny prevail in the closure of the park to us, in part or in whole.

 Restore the grandfathered rights for access to the challenging trials sections at Emma Long that BCP/Water recently removed. For 42+ years the CTTA (Central Texas Trials Assoc'n) has supported Emma Long Park, but we now have little area in which to ride (especially for those riders with advanced skills.)

Q7: Anything else you'd like us to know about this park?
 It is (was) a motorcycle park. Please restore it to this status. When I moved back to Austin in '99 I was thrilled to learn that Austin had an active trials club with a city park to ride in. I knew this before I had found property to purchase. This was an important part of my decision to move to Austin and now I can not ride in the areas that challenge me. This is very sad.

Implement a maintenance plan with the stake holders to manage use of the trail located on Connors Creek in the motorcycle area. Then re-open that trail.	
Q5: Is this park clean?	Yes, Comment The motorcycle area is the cleanest area! Users have a great respect for the privelage to use it.
Q6: Do you feel safe at this park?	Yes, Comment Motorcycle area.

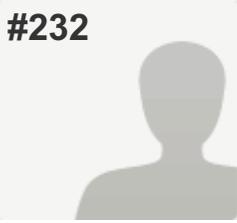

Q7: Anything else you'd like us to know about this park?

In the motorcycle area, the closing of the trail in Conners Creek was an overreach by the BCP that I feel could have been and still can be remedied by implementing a plan to manage their concerns on stakeholders use of that trail.

Yes,

Comment We take out what we take in.

Q6: Do you feel safe at this park?

Yes,

Comment

I have been there by myself many times.

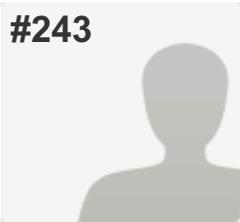

Q7: Anything else you'd like us to know about this park?

We love this place. I drive 240 miles to ride there with my friends. I also have camped at the campground many times. My friends and I come from all over and spend lots of money in the area because of this park. Please don't close it to us. The Motorcycle Park is 44 years old and after all this time, we have a great Golden-cheeked Warbler density. After 44 years of motorcycles the birds have not moved out. Emma long Motorcycle park is the only public motorcycle park in the area.

Q4: How could we improve this park?
 Uncouple the unethical grip the BCP has gained over the motorcycle park portion of Emma Long Motorcycle Park. They were never supposed to have authority over that portion of the park. Much like their efforts to remove dogs from the dog park section of Emma Long, they are using a misinformation campaign to achieve their goals.

Q5: Is this park clean? Yes

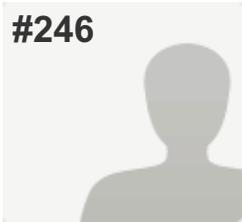

Q6: Do you feel safe at this park? Yes

Q7: Anything else you'd like us to know about this park?
 Fantastic park that draws visitors to town and provides a rare and wonderful venue. The Motorcycle Park is a monument of partnership between the users, the City and the Park Service. The BCP has been misbehaving and I think they think they are knowingly doing the wrong things for what they think are honorable reasons...

 Love Turkey for dogs, more signs stating that it is an offleash trail would be helpful as a lot of people seem to not understand that there will be dogs off leash. More importantly though, open up those 4x4 trails.

Q4: How could we improve this park?	
Allow community support groups to maintain the park with less red tape.	
<hr/>	
Q5: Is this park clean?	Yes
<hr/>	
Q6: Do you feel safe at this park?	Yes
<hr/>	
Q7: Anything else you'd like us to know about this park?	
My kids learned how to ride dirtbikes at that park at ages 6-8. As the only place to ride off road motorcycles with an hour of Austin, it is a huge asset to the city and should be maintained as such.

Q7: Anything else you'd like us to know about this park?	
I think you all should know what a huge asset it is to the kids in our community to have a swim team nearby. It's a wonderful, lifelong, healthy sport. The Stingrays head coach is the high school head coach, so it's a goal for some to work with him every summer until they can tryout for the McNeil team.

Make it more accessible to residents of the neighborhood. Work with the Forest North Stingrays swim team to bring the swim team back home to the Springwoods pool that is adjacent - we really need our neighborhood swim team back home.	
Q5: Is this park clean?	Yes
Q6: Do you feel safe at this park?	Yes

The shade is great, as are the tennis courts. Better accessibility to the pool for the neighborhood swim team would be great. Picnic area, play area would be great - for both young or older kids.

Select one from each column

Q4: How could we improve this park?
 Take care of the trees and don't mow too often. Put in a couple of smaller pavilions.
 Turn the wooded area near Manchaca into a food trailer court. No one uses it and it could generate \$ for future park improvements.

Q5: Is this park clean? Yes,
 Comment More trash cans near the pavilion.

Q6: Do you feel safe at this park? Yes

Q7: Anything else you'd like us to know about this park?
 We are there daily and we love it. We often pick up trash and I give the stink eye to creepy adults who want to hang out at the pavilion when teens are there. I worry that the trees look unhealthy. And I do think a skate park next to a high school makes perfect sense. My kids are grown but I support more things for teens.

I've loved this park since 1975 and bought a house nearby in 1984. I like it as it is, but I would like to see the playscape expanded and enhanced without removing any trees.

Q4: How could we improve this park?

Enhance the playscape. Replace dead trees.

Q5: Is this park clean?

Yes,

Comment

It is generally relatively clean, though not currently because of construction and erosion.

2015 LRP - Garrison District Park

Q6: Do you feel safe at this park?

Yes,

Comment

I've been in the park at least 10 times weekly, and as much as 4 times daily, since 1984, at varying hours. I have never felt unsafe.

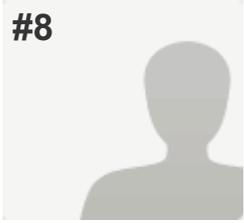

Q7: Anything else you'd like us to know about this park?

I just learned it was once an archery course. It would be cool if archery could be allowed in some area.

 There are usually homeless people sleeping at the park (day & night) and it is not well lit at night.

Q7: Anything else you'd like us to know about this park?

I pass by this park every day since I live off of Durwood. The street and park is not well lit at night. It would help to put some street lights on Durwood or in the park. I do not feel safe walking past this park at night. There are usually homeless people that hang out around there. There is nothing to the park right now just an open field that is used for Kickball some nights. Anything that you add would be an improvement.

Q4: How could we improve this park?
 I play a lot of Basketball at Gillis. There is a large group of regulars who play throughout the week and we share many of the same concerns. 1) Better/More lights on the basketball court for night games. This is especially important as the summer heat rises because it is usually too hot to play during the daytime. A set of lights on the other side of the court would help significantly by eliminating blind spots. 2) Behind each backboard is a small drop off from the concrete to the surrounding dirt. I've watch many guys roll ankles stepping off of those ledges. It would be very helpful if the edges of the court were flush with the surrounding ground/grass

Q5: Is this park clean? Yes

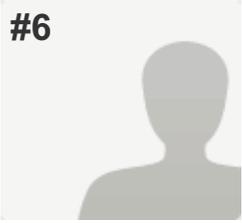

Q6: Do you feel safe at this park? Yes

Q7: Anything else you'd like us to know about this park?
 I love Gillis and want to keep going there for as long as possible. It has turned into the top notch destination for good basketball games in 78704 area and with the minor improvements above it would be that much better suited for the guests who frequent it

 Specifically, we need more picnic tables in SHADED areas. Many which we have now are fully exposed to the sun. I would invite the installation of artwork like statues and murals. If there was a stage or gazebo we could have small music events.

i grew up at gillis in the 60's & 70's . Gillis was the heart of So Austin it has a lot of history of being the first park to have little league football & baseball there at night. gillis also had bands playing there at the hillside on wednesday nite listening to ruben ramos,street people,and other tejano bands. Gillis also was the place for mens softball tournaments on sat &sun. i also politicians come to the park when gillis had there carnival during the summer. Gillis had so many tejano families names go through there and so many guys in the era had to register for the draft during veit nam days .Gillis had a park leader during summer months to bring out equipment to play all day closing at 10 at nite. it also had its own gang called the 'Gillis rags' made up of a bunch of guys playing sports. the name came from them playing other parks whose teams had uniforms and we had blue jeans and raggity t-shirts on because we could not afford them.everyone there went to fulmore then travis high school what great memories i miss them and i still live 10 yards from the park.. Gillis Rags forever !!!! Mr RLimon

Q4: How could we improve this park? Add off leash dog park, improve trash pickup, update pool area	
Q5: Is this park clean?	No, Comment Lots of trash is present along the creek and in parking lots, especially after heavy usage on the weekends
Q6: Do you feel safe at this park?	Yes, Comment Most of the time the park is safe, but there are times, at night or in secluded areas where homeless live, where I feel unsafe

Q7: Anything else you'd like us to know about this park?

The pool is a nice amenity to this park, but it could use landscaping and some updating of the facilities. There is a pedestrian bridge over the creek that has received damage from recent floods. Erosion is occurring under side walk and piers of the bridge.

Q6: Do you feel safe at this park?

Yes,

Comment

There are sometimes homeless folks living in the woods but they have never made us feel unsafe. Sometimes we see something suspicious in the parking lot...drug deals maybe.. but they don't bother us.

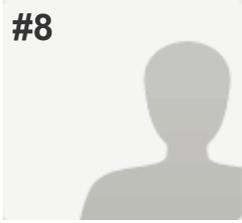

Q7: Anything else you'd like us to know about this park?

We love the pecan trees! The Forklift Dance production of The Trees Of Govalle was wonderful!

Q6: Do you feel safe at this park?	Yes

Q7: Anything else you'd like us to know about this park?

I have walked this park area for the last 28 years, even before it was a park. It is a great place to walk and be able to enjoy nature & the changing seasons without having to hop in a car. Barbecue pits (as were put in during the drought, then taken out) would be nice but ONLY if there is some source of accessible water to put out any potential fires. The misguided attempt several years ago to turn this into a BMX/dirt bike area would ruin what is a great walkable neighborhood resource for families and their pets, as well as be subject to washout from Walnut creek flooding (check out the high water mark debris in the park from this Memorial Day flood).

2015 LRP - Gracywoods Neighborhood Park

Q5: Is this park clean?

Yes,

Comment

The city is doing a TERRIBLE job keeping the park and green areas of our neighborhood mowed. It's beyond ridiculous. Espeically for those of us who are proud homeowners and spend a lot of time and money taking care of and maintaining our properties.

Q6: Do you feel safe at this park?

Yes,

Comment

though it would be nice to have lighting on the paths from the neighborhood into the park area as there is no parking lot and it is accessed from paths from different parts of the area.

Q7: Anything else you'd like us to know about this park?

It is taking an AWFULLY long time to get the new paths and trail connections finished. This has made it very inconvenient to access the park from the interior neighborhoods! What's the hold up and why does it seem like there is never anyone working on the project??

Q5: Is this park clean? Yes

Q6: Do you feel safe at this park? Yes

Q7: Anything else you'd like us to know about this park?
 The Gullet School Playground is an oasis in our community. We need to take care of the trees to ensure that this gem of a destination remains wonderful. Without the trees, it would be awful. I can't imagine many kids playing there in the blasting sun.

Q4: How could we improve this park?
 By adding a year-round swimming pool for recreation and for swimmers to do laps

Q5: Is this park clean? Yes

Q6: Do you feel safe at this park? No,
 Comment
 not 100%. There are at times some shady characters hanging in the least trafficked areas of the jogging trail

Q7: Anything else you'd like us to know about this park?
 It is an Oasis in an area of town that is under served. We really have to drive a lot to find the next pool.

Q4: How could we improve this park?

The grassy areas are infested with fleas and ticks. I've called PARD, 311, the city, and no one will do anything about it. Lyme Disease is a serious threat and this needs to be addressed seriously.

Also, the grass in much of the park, especially the area around the community garden, is not good for sitting on. It's weedy, poky, and would be a terrible place for a family to have a picnic.

A pool would be amazing for this community! There is no pool within walking distance for any of the surrounding communities east of 1-35 near Rundberg, and there are LOTS of families within this area. Lower socio-economic neighborhoods deserve just as much access to pools as higher socio-economic neighborhoods.

 Beautification. I'm hoping the park stays underdeveloped, though: clean, quiet, and natural would be ideal from my perspective.

Q5: Is this park clean? Yes

Q6: Do you feel safe at this park? Yes,
 Comment
 We have an ongoing problem with big off-leash dogs whose owners disregard the leash sign. Other than that, I feel safe.

Q7: Anything else you'd like us to know about this park?

Glad we have it!

If we're going to have an on-leash policy, it needs to be enforceable. I support the policy in theory, wholeheartedly, but I don't see any way to control dog owners who continue to grant themselves off-leash privileges the rest of us don't.

There is real potential here restore a rare and beautiful spring-feed wetland, which is sadly overrun with invasive species, and make it accessible to the public. A leash-free area towards Parker Lane would be a nice amenity, too.

 A water fountain installed.

Q5: Is this park clean? Yes

Q6: Do you feel safe at this park? Yes

Q7: Anything else you'd like us to know about this park?
 I am hopeful Heritage Oaks will remain a low-use park. To keep vehicle traffic to a minimum and as parking on the street is limited, I would like the park to be used for small social gatherings around the picnic tables, walking the nature trail with quiet areas to meditate and enjoy nature. I would NOT like to see dogs off-leash running through the park! The HOP is not a dog park now nor will it ever become a dog park.

Q4: How could we improve this park?

I would prefer this park to be dog free or in the least dogs MUST be on a a leash. I love that Doss Elementary Park has signage saying "no dogs" or Brentwood Elementary signage saying "dogs must be on leashes." I come with my small children usually in the evenings and weekends and too often there are dogs not on leashes. I don't feel safe with my children there, especially with a small son who is too friendly with dogs and has been bitten in the past (at a friend's house and not a park). There have been numerous other instances where a dog owner is there with their dog on a leash but it's a big, unruly dog that they can't control. It's a park at an elementary school and the safety of the children should be first priority. I understand the dog people want a park to take their dogs so I would be in favor of setting up a separate park or fenced in area just for dogs.

Also is it possible to make a section of the park open to the community at all times? I understand that Hill Elementary needs to close the park just to its students during school hours. But I would love a park that I can walk to and take my children to during the day when school is in session.

Also, there is a bridge on the playscape with bars spaced so far apart that children can fall through. It would be great if it was replaced or repaired so that the bars are close together to prevent falls.

Q7: Anything else you'd like us to know about this park? A lot of folks use this park as an off-leash dog park and are unable to restrain their dogs. I hate to be a complainy dog owner, but it's not a dog park and it's difficult for multiple dogs (and owners) to enjoy the park at the same time if some are leashed and others aren't. I would love to see a sign at the main entrances to the field (next to the small parking lot and by the baseball backstop).

Q4: How could we improve this park?

1. Cut dead trees before they fall on someone
2. Ban commercial ventures such as speed running groups
3. Add more picnic benches
4. Add new trees around the perimeter for shade from the hot sun

Q5: Is this park clean?

Yes,

Comment
 The park is pretty clean due to the neighbors who graciously pick up trash as they walk or run

Q6: Do you feel safe at this park?

Yes,

Comment Wild animals are the only problem

Q3: What would you like to see at this park in the future?
 Select one from each column

1st priority	Fitness Equipment
2nd priority	Bathrooms
3rd priority	Dog Park

Q4: How could we improve this park?
 Fix and improve the existing lighting. Currently it is around the baseball field but totally inoperative. Improving the lighting would make walkers and runners feel safer in the evenings, especially in the winter months.

Q5: Is this park clean? Yes

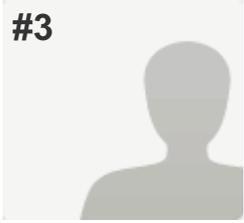

Q6: Do you feel safe at this park? Yes,
 Comment
 But because of the frequent transient population there are a number of neighbors that do not feel safe after dark.

Q7: Anything else you'd like us to know about this park?
 I would like to see the sign for the park replaced. I noticed during the "It's Your Park Day" while we were mulching and planting flowers around it that it is rotten and crumbling. There also are drainage issues around the track on the west end of the park that leaves the track unusable for a few days after it rains. This could possibly be fixed with a rain garden between the tennis courts and the track.

Select one from each column

1st priority	Fitness Equipment
2nd priority	Dog Park
3rd priority	Community Garden
Other (please specify)	Multigenerational playground like net climber (similar to one in Burk Burnett Park in Fort Worth)

Q4: How could we improve this park?

Repair and update lighting. Tennis court lights blast while rest of park lighting is inoperable so uneven lighting causes blind spots especially in winter. People use the track after dinner but it's too dark after 6:30 in winter.

Q5: Is this park clean? Yes,
 Comment
 But sign and picnic tables are in disrepair.
 Neighborhood willing to help with tables.

2015 LRP - Joslin Neighborhood Park

Q6: Do you feel safe at this park?

Yes,

Comment

Except lighting issues and longterm homeless hiding in dark spots

Q7: Anything else you'd like us to know about this park?

Drainage from tennis court floods track so we need a rain garden to deal with drainage. Neighborhood group and school willing to help implement PARD design.

Q4: How could we improve this park?
 We love our park! The drainage is poor after rains, so the track gets washed out and areas get really soggy/muddy. Maybe better track material so it stays in tact? Also it needs to be mowed more regularly. We're often trekking in shin high grass.

Q5: Is this park clean? Yes,
 Comment
 There are a number of transients that move through the park, so their trash and feces gets out of hand at times.

Q6: Do you feel safe at this park? Yes,
 Comment
 At night or dusk it gets a little iffy With the nearby transient population.

Q4: How could we improve this park?	<i>Respondent skipped this question</i>
Q5: Is this park clean?	No, Comment Sometimes it is a hang-out for vagrants. Picnic facilities are unclean.
Q6: Do you feel safe at this park?	Yes, Comment Generally, the park feels safe. At times, there are unpredictable vagrants present.

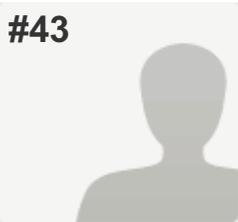

Q7: Anything else you'd like us to know about this park?

It is a family-friendly park. Often neighbors utilize the elementary' playground, but it would great to have another play set for younger kiddos/toddlers to play when school is in session. The dogs that visit are usually well-mannered and their owners pick-up after them. The provided dog bags and dog water fountain are excellent amenities. A fenced dog run would be unnecessary.

1st priority	Water based play feature
2nd priority	Mutli-purpose field

Other (please specify)	landscaped better for drainage problems
Q4: How could we improve this park?	
This park has some of the prettiest oak trees in the city and there could be some very nice landscaping around them. The trail needs to be maintained better and a water feature for children would be nice. The tennis courts could be updated and maintained better. It would be nice if there was an actual field for children to practice softball on instead of a backstop set up in the field.	
Q5: Is this park clean?	Yes, Comment I think it is cleaner because it is adjacent to Joslin elementary.
Q6: Do you feel safe at this park?	Yes, Comment When the lights from the tennis courts work properly, however, there are some homeless men that hang out at the picnic tables that are there.

Q7: Anything else you'd like us to know about this park?

This park is adjacent to Austin ISD property and it seems to me that it is AISD that may be maintaining the park MORE than the parks and rec dept. The park is basically a trail that is used by the children attending Joslin and 2 tennis courts that are in need of resurfacing and better lighting. It is amazing to me to compare our park with the one in Tarreytown or any of those on the east side of I35. I think it is a stretch to call this a park.

Q3: What would you like to see at this park in the future?
Select one from each column

1st priority	Water based play feature
2nd priority	Bocce Courts
3rd priority	Trails

Q4: How could we improve this park?
 A splash pad for children in the summer -- otherwise it gets too hard to play outside in the heat! Also, it would be good if some of the trees got cleared out from the densely covered part of the park. It looks like people go there to drink or use drugs. This would be less likely to happen if it were cleared out and more lighting was installed.

Q5: Is this park clean? No,
 Comment
 I often find broken bottles, and much trash inside the heavy wooded area.

Q6: Do you feel safe at this park? Yes,
 Comment
 Except when walking through the heavily wooded area.

Q7: Anything else you'd like us to know about this park?

Thank you for any effort to improve our park!

Q7: Anything else you'd like us to know about this park?

The park land around Walter Long lake should remain park land. It should be developed so people on the east side of Austin can enjoy it for outdoor recreation. Something similar to Emma Long Park would be great. There is nothing like that on the east side of Austin.

Select one from each column

1st priority	Nature Trails
2nd priority	Volleyball Courts - Sand
3rd priority	Dog Park
Other (please specify)	Kayak, canoe launch

Q4: How could we improve this park?

More kid friendly with playground equipment, nature trails, sand volleyball, softball. A designated area for families to fire their own fireworks in safety away from houses and trees.

Q5: Is this park clean?

Comment
 somewhat, a lot of bottle caps, cigarette butts, etc on the ground.

Q6: Do you feel safe at this park?

Comment
 somewhat. I have been told there is a criminal element selling drugs at times there.

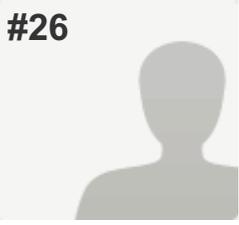

Q7: Anything else you'd like us to know about this park?

The park access is very limited. I understand about the electrical plant at the rear of the park, but surely there could be better access. Right now it is just a small fraction of the park area.

Q4: How could we improve this park?

A little more security would be nice. Every time I visit, I stay until dusk and people just get crazy at that time. People will speed out of the park with no regards to children or pedestrians.

Q5: Is this park clean?

Yes,
 Comment
 But could use more trash cans and love.

Q6: Do you feel safe at this park?

No,
 Comment
 I do when it's bright out but like I said, people get crazy around dusk.

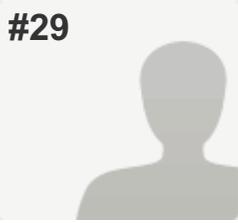

Q7: Anything else you'd like us to know about this park?

The park seems a little neglected by the City of Austin. It'd be nice to see some improvements for the park and the northeast side of Austin. The entry fees are kind of ridiculous for the lack of activities and facilities available there. I think it should be a free park, like all other Austin parks. Seems like the poor folks are being taken advantage of.

Other (please specify)	Safety and more communication with the attendees

Q4: How could we improve this park?
 If there was a security officer on premise at all times and a way to foster community involvement that brings together the different populations/sectors of people that visit this park on a regular basis.

Q5: Is this park clean? No,
Comment
Often there are beer bottles on the ground. There is food and trash in the water. Potto potties are discussing andare sometimes emptied into the the ground

2015 LRP - Lake Walter E. Long Metropolitan Park

Q6: Do you feel safe at this park?

No,

Comment

I see many attendees drinking and driving and driving recklessly being obnoxious and using profanity around families and children

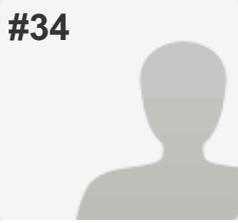

Q7: Anything else you'd like us to know about this park?

People drive in without using the pay station. Often people that do use the pay station are pressured into not paying by other attendees who honk at them or who scream and yell at them telling them not to pay. The booth is manned in regularly, some days it is others is not.

Q4: How could we improve this park?
 More utilization for large events.
 Work with the Rodeo Austin, the County and the University of Texas to design joint utilization of the property.

Q5: Is this park clean? Yes,
 Comment
 Was there on the 4th (how I found out about the survey). Lots of people, staff keeping trash cans empty, and law enforcement

Q6: Do you feel safe at this park? Yes,
 Comment
 I ride through every once and a while, have always felt safe even when law enforcement is not visible.

Q7: Anything else you'd like us to know about this park?

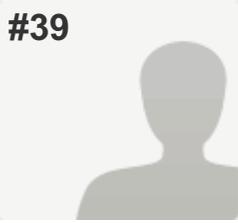

It is a beautiful park. Found it interesting that golf was not on the list of options.

As I mentioned we could have cabins to rent, funds from the golf course could help fund that project.

Q4: How could we improve this park?

Do not put a golf course here. Austin has many golf courses already. Walter Long Park has many features that cannot be found in other parks in Austin and these would be lost if it is developed for expensive recreational uses like golf.

Q5: Is this park clean? Yes

Q6: Do you feel safe at this park? Yes

Q7: Anything else you'd like us to know about this park?

It is a great place as it is. It doesn't need improving except for keeping basic amenities like restrooms, picnic areas, and things like that maintained and repaired.

Q4: How could we improve this park?	
This park is huge, but is not very accessible or user-friendly. I would like to see less of it gated off, and if possible, use it in such a way that the local population can get jobs out of it.	
Q5: Is this park clean?	No
Q6: Do you feel safe at this park?	No,
	Comment It's not so much the park itself, but the area has a lot of drug and unemployment issues, which in turn breeds crime.

Do not allow a golf course at this park. Austin has many other golf courses. It has too few wild areas and Walter E. Long Metropolitan Park is one of these.	
Q5: Is this park clean?	Yes
Q6: Do you feel safe at this park?	Yes
Q7: Anything else you'd like us to know about this park?	
Keep it is it is with minimal changes. It does not need a lot of manmade improvements. There are many other places for organized recreation such as ball fields and golf courses. This park should remain as it is.

Q4: How could we improve this park?

The vultures are regular feeders at the garbage cans. They should be more secure. The turf is poorly managed and has a lot of sand burs in the fall. Adequate permanent bathrooms should be provided for both day use and camping.

Q5: Is this park clean? No,
 Comment
 there is a lot of trash around the picnic areas. I think some education at the entrance and handing out a trash bag would help.

Q6: Do you feel safe at this park? Yes

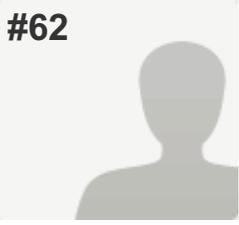

Q7: Anything else you'd like us to know about this park?

This is an Austin park with racially-diverse users. I appreciate that about it. In fact, I've noticed more racial diversity at all of our City parks, which is great!

DO NOT TURN IT INTO A GOLF COURSE FOR THE 1%. Use the land at the current ramp plus the surrounding acres and turn it into a park similar to Emma Long. Hiking trails, bike trails and maybe camping.	
Q5: Is this park clean?	Yes, Comment Relatively clean
Q6: Do you feel safe at this park?	Yes
Q7: Anything else you'd like us to know about this park?	
Golf is a dying sport. Austin doesn't need another golf course that will not benefit Austinites. Nobody from the East Side will use the golf course. It will make developers rich. The East Side needs infrastructure that will lead to better quality of life for the residents on the East Side. Not another venue for "festivals" that will make a few people wealthy.

Ridgetop has a growing number of young families - my block has 5 babies - 0-3yrs; I had an event our sectors young families and 9 families showed and others rsvp'd. We have an unmet need for a park for our families/our community. There is open land owned by Ray Robertson on 55th St. and a under-used church property that offer reasonable options. 2015 LRP - Lake Walter E. Long Metropolitan Park

Q6: Do you feel safe at this park?

No,

Comment

Too isolated, not kept up, no security, too remote, no patrols, bathrooms a disgrace, abandoned too long by City Parks Department

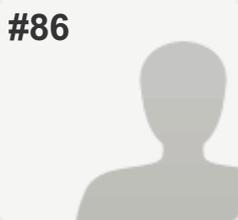

Q7: Anything else you'd like us to know about this park?

Opposed to leasing 735 acres to private interests, especially without a vote of citizens as required by City Charter-the proposed deal is a long term lease-not a "concession"-quit trying to avoid the City Charter-have a master plan and people will come-pass a bond issue-maintain control of this great natural resource-do not-do not "punt" by giving our land to private developers. Go to Stanley Park in Vancouver, BC. Start planning expansion of access to park by new roads , attract film makers and other clean businesses to locate nearby-make the local hospitals put clinics in the area-

 Clean-up and maintain creek behind the park and do more renovations to decrease probability of flooding.

Q5: Is this park clean? Yes,
 Comment
 Except for the creek-bed beind the park.

Q6: Do you feel safe at this park? Yes

Q7: Anything else you'd like us to know about this park?
 This is a lovely small park, but was damaged by recent Memorial Day Flood. Renovations from the flooding has not been completed.

Q2: What do you do when you visit this park? Select all that apply.	Fish
Q3: What would you like to see at this park in the future?	
Select one from each column	
1st priority	Kayak/Canoe Launch
2nd priority	Bathrooms
3rd priority	Pavilions
Other (please specify)	top priority: LIMITED access to north part of lake for canoe/kayak and picnic tables.
Q4: How could we improve this park?	
Certainly do not need a golf course there. Porta-Poties are fine. This park only needs additional LIMITED access to the northern portions of the lake off Lindel or Blue Bluff roads. Some place to launch canoes and kayaks (full boat ramp is NOT needed) and a few picnic tables, etc. Just a smaller version of what's already there on the south end. Keep it simple.	
Q5: Is this park clean?	Yes,
	Comment I am actually impressed that the Porta-Poties are maintained as well as they are. I'd rather have access to a temp toilet 200 feet away than a central restroom 2000 feet away.
Q6: Do you feel safe at this park?	Yes

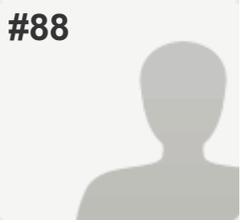

Q7: Anything else you'd like us to know about this park?

There are pristine aspects of this park that boaters and anglers appreciate that may be more valuable than you think. Please continue to go slow with future development. Thanks.

Q4: How could we improve this park?
 enforce lease laws for dogs. Loose dogs present a danger to older residents as the friendly dogs tend to trip people causing serious hip or leg fractures. Children no longer use the ball field as dogs have taken over. Also would rather have a splash pad for the kids in lieu of existing wading pool.

Q5: Is this park clean? Yes

Q6: Do you feel safe at this park? No,
 Comment Loose dogs

Q7: Anything else you'd like us to know about this park?
 Would like to connect the trail to the new boardwalk. I understand that there is an existing trail along Blunn creek under Riverside drive that could be improved and used for the connection

Q4: How could we improve this park?

It's a bit shabby, with increasing amounts of dead vines and some trees down along the creek. Also LOTS of poison ivy.

Q5: Is this park clean?

Yes,
Comment mostly

Q6: Do you feel safe at this park?

Yes

Q7: Anything else you'd like us to know about this park?

There are an increasing number of paid/commercial trainers using the park (Mon. & Wed. evenings usually) for various training activities. Since this is a small neighborhood park with an active neighborhood group and limited parking, this commercial usage pushes out the local visitors in favor of commercial/business activities.

Q4: How could we improve this park?	
More shade over the playscapes would be wonderful. Some way to divide (either by physical space or time) all of the off-leash dogs that play in the park and the kids. I haven't seen many issues with the off-leash dogs, but running kids and playful dogs don't always make a great mix.	

2015 LRP - Little Zilker Neighborhood Park

Q5: Is this park clean?

Yes,

Comment

People are okay, but not great at picking up dog poop, and I would love to see some signage encouraging people to keep their dogs from peeing on the playground areas. Having clearly marked trash and recycle bins would be nice.

Q6: Do you feel safe at this park?

Yes

Q4: How could we improve this park?
 Most immediately and efficiently - just better playground equipment. It's a small park, but there's still not very much for kids to do here. A nice sandbox would be awesome and easy. The current playground equipment isn't really great for the 5 and under group - so some climbing things for preschool type kids would be nice. Merry go round would be good too. .

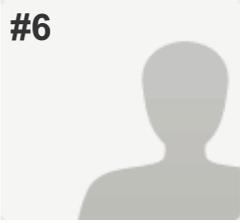

Q5: Is this park clean? Yes

Q6: Do you feel safe at this park? Yes

Q7: Anything else you'd like us to know about this park?
 there just isn't much to it - it's the closest park to me, but I usually head to brentwood park instead - more for my kids to do there. So ANY extra features would be nice.

To help notify new all neighbor's to follow the leash policy!	
Q5: Is this park clean?	Yes, Comment we can use a park clean up more often
Q6: Do you feel safe at this park?	Yes

Q7: Anything else you'd like us to know about this park?

I know that the neighborhood would like the park to have a dog park but there are guest who don't even follow the leash policy at the moment. There's also lots of children that go through this trail to get home every day and I know a lot of them are uncomfortable when a dog walks or runs up to them. I think before we open a dog park at this location everybody should follow the rule at the moment with putting their pet on a leash. If a dog park was to open it should be gate so that other neighbors would be able to walk through the trail with ease and all of the kids who go through there can pass without a confrontation of a dog. Thank you.

Q3: What would you like to see at this park in the future?

Select one from each column

1st priority	Nature Trails
2nd priority	Bathrooms
3rd priority	Community Garden

Q4: How could we improve this park?

Building a trail around the pond at the south end of the park would bring more park users to this beautiful wooded area, and would discourage homeless camps that have contributed to littering, pollution in the pond, and crimes such as thefts in the surrounding neighborhood and some attacks on park users. Residents routinely must hold park cleanups to deal with the problem, occasionally with the help of police/Code Enforcement, to remove tents, furniture and mountains of small trash.

Adding signs about the environmental history of the park — the illegal dumping, pollution and massive environmental cleanup — could be very interesting, and would not only celebrate its success but also help it educate kids and the general public.

We have several meadows there, so how about adding educational signs about native plants to the wildflower meadows, and landscaping with a greater variety of natives?

Q5: Is this park clean? No,

Comment
 Much of the park is pretty clean, but there are problems with homeless camps and debris constantly washing downhill into the pond from camps both inside the park and to the south, close to Ben White Blvd.

2015 LRP - Mabel Davis District Park

Q6: Do you feel safe at this park?

Yes,

Comment

Generally yes, but I would not go alone near dark. At least one woman has been attacked while walking or jogging alone on the trail near a wooded area. I've also heard male neighbors say they've been threatened by men who camp in the area.

Q7: Anything else you'd like us to know about this park?

Neighborhood residents LOVE Mabel Davis Park! The environmental cleanup transformed it into a beautiful outdoor space, but many residents constantly talk about wanting more attractions here. It's really unfortunate that the old landfill and environmental contamination put so many limits on how the land can be used.

If trails are one of the only options, please add one around the pond at the south end (without disturbing the beaver den, if possible).

Also, please use the park to teach children at adjacent Linder Elementary about environmental science, and the importance of preventing littering and pollution.

Q2: What do you do when you visit this park?
Select all that apply. Play Soccer, Play on Playground, Other (please specify) splash pad

Q3: What would you like to see at this park in the future?
Select one from each column

1st priority	Nature based Playground
2nd priority	Community Garden
3rd priority	Dog Park
Other (please specify)	Fence around the park

Q4: How could we improve this park?
 Would like for the rubber walk areas to be replaced or retouched. There are a lot of holes and torn areas. The swings and a slide have been missing for a while. A fence around the park would be helpful since Mopac is so close. Additional play equipment in the playground would be nice. Also, maybe chain the picnic tables because I see a lot of skateboarders using the tables as ramps by leaning them on the steps. They don't put the tables back and it can be a hazard if a child climbs on it and falls.

Q5: Is this park clean? Yes,
 Comment
 Except when families throw parties here and there is food and trash on top of the playscape.

2015 LRP - Mary Frances Baylor Clarksville Pocket Park

Q6: Do you feel safe at this park?

Yes,

Comment

Except for the street. Cars sometimes speed down this road and it's not safe when there's children getting in and out of cars. Also, cars turn illegally onto W. 11th St from the feeder road.

Q7: Anything else you'd like us to know about this park?

This is a great little park. I'm hoping the city can continue to keep it safe and fun for the children.

Q4: How could we improve this park?
 The rubber ground in the playground is falling apart in chunks, and the swings and slides were removed months ago and haven't been replaced. An extra trash can would be good. During the summer when everyone comes to use the splash pad, the can overflows and there is trash everywhere.

Q5: Is this park clean? Yes,

 Most of the time it is clean except when people don't clean up after their parties.

Select one from each column

1st priority	Picnic Tables
2nd priority	Picnic Tables
3rd priority	Playscapes
Other (please specify)	More shade

Q4: How could we improve this park?

This park is neglected. We need more picnic tables, more shade, flowers, and the "cushiony" stuff in the playscape area has completely deteriorated so it needs to be replaced. Also, last time I walked through the park, certain areas of the playscape were barred from use. No idea if the problems there have been resolved. It would be nice if something could be added so that adults, without kids, would enjoy going there to talk, to have book group meetings, etc. Right now, this park is mostly for kids/kids with adults, yet there are lots of people in Clarksville who don't have kids.

A community garden would be great too because the one the Clarksville Community Development Corporation runs behind the Haskell House on Waterston is maxed out and there is a waiting list. I imagine we could find people to manage the garden if there was one in the park.

Q4: How could we improve this park?

The lights blaze across the whole neighborhood at night, even to my house two blocks away. If Austin is interested in cutting down the light noise in the night sky, as once alleged, this seems to be an easy place to begin to fix the problem. Thanks for cutting back lighting hours. Please now work on focusing the lights on the park area they are intended to serve.

Q5: Is this park clean? Yes

Q6: Do you feel safe at this park? Yes,

 It is very small and in the neighborhood.

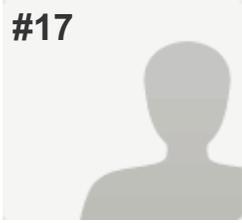

Q7: Anything else you'd like us to know about this park?

The children's playscape is in terrible shape. Plastic playscapes age/deteriorate badly in our environment. Maybe reconsider the utility of wood / gravel?

Q4: How could we improve this park?

The fencing on south side needs repair, instesd repair or improve wit taller fence. In addition the south side is not ADA driendly. Needs the SW entrance to have cement entrance with side walk that meets the other sidewalk on the SE entrance. When it rains it currently becomes inpassible. A person with disabilities has a hard time to nearly impossible to enter the park. Currently a stroller or wheelchair has to use the driveway to the house on SW side of park. The northside of park has incredible entrance.

It would be great if the swings and slide were fixed! They have been missing for over a month now. Also, it seems like the grass isn't mowed very often. Q3: What would you like to see at this park in the future?	<i>Respondent skipped this question</i>
Q4: How could we improve this park?	
<p>This is a wonderful park that is used a lot, especially in the summer when the splashpad is on. LOTS OF KIDS all year round! THEREFORE, PLEASE FIX THE PLAYGROUND. There used to be 4 swings; now there is only one. There used to be 2 slides; now there is only one. Please repair the play structure! In addition plant a few more shade trees on the perimeter of the big fields, to add to the wonderful young oak trees you've already gotten established, and put a few more benches in the shade.</p>	
Q5: Is this park clean?	Yes
Q6: Do you feel safe at this park?	Yes
Q7: Anything else you'd like us to know about this park?	
<p>Just the right size and preservation of sightlines across the park so that it always feels very safe. Don't mess with a good thing, just fix what's here and make a few more shady spots for neighbors to sit and watch our kids playing.</p>

Q4: How could we improve this park?
 Provide a larger sign at the disc golf course informing people they are entering an area with flying discs and to remain guests that the hike & bike trail is located by the restrooms.

Q5: Is this park clean? Yes,
 Comment
 Disc golfers especially make sure the disc course is clean by picking up loose trash throughout the course and park.

Q6: Do you feel safe at this park? Yes,
 Comment
 Always, disc golfers look out for each other and visiting guests.

Q7: Anything else you'd like us to know about this park?

Disc golfers are always ready to assist PARD with maintenance of the course by volunteering to spread out mulch, gravel, etc. to minimize the environmental impact the disc golf course receives as it is the most played course in Austin.

Q4: How could we improve this park?

In the off leash area, the two parts of the trail that cross over water are very slippery and dangerous. It would be nice to have a better path across.

Q5: Is this park clean? Yes

Q6: Do you feel safe at this park? Yes,

Comment
 I do occasionally see strange people walking the off leash trail without a dog which seem weird.

Q7: Anything else you'd like us to know about this park?

It's my favorite place to take my dogs in all of Austin. I absolutely love it! It does get pretty muddy in the rain.

Select one from each column

1st priority	Trails
2nd priority	Nature Trails

Q4: How could we improve this park?

- Enforce the leash laws; dogs are constantly running around without leashes
- Re-pave the main circular trail
- Mark all trails in the park and place some "you are here" signs around the park so hikers know where they are and where they need to go
- Repair/resurface the road leading in and out of the park; it has a ton of potholes and rough spots
- Place more garbage containers around the park; litter is a big issue
- Enforce the motorized vehicle ban; I have seen 4-wheelers and golf carts inside the park at the soccer field and in the wildflower viewing area
- Improved drainage on the main trail; several areas are prone to flooding
- Work on the main entrance to smooth out the trail; a lot of erosion has happened, and a bridge over the creek would help after heavy rains
- There is a section of the walking/biking trail on the west side of the road which leads into the park that is always flooded. It is below the road's overpass. When people hike/bike, they have to detour up to the overpass to get around it, then get back onto the path. It would be great if some kind of bridge could be built over it.

Q5: Is this park clean? No

2015 LRP - Mary Moore Searight Metropolitan Park

Q6: Do you feel safe at this park?

Yes

Q7: Anything else you'd like us to know about this park?

I live right around the corner from the park and visit around 5 times/week. I really enjoy that it's not crowded. With a few changes, this park can really be even more of a neighborhood gem! I'm glad the City is giving the park some TLC soon!

A fenced in dog park. There are none in South Austin (at least South of Ben White), but plenty of dogs. I have a greyhound and she can't be off leash unless it is fenced in, and I know several other people with dogs who can't as well. They are very popular in other parts of the city, and there's certainly plenty of space to put one in.

Q4: How could we improve this park?
 Make a nice trail from the offleash park to the main Mary Searight Park. I am glad there is an area that is offleash, but I like the fact that Mary Searight is not because one of our dogs is reactive and having leashed dogs with unleashed dogs can create more issues than having them totally one way or another. It would be nice to be able to easily access both areas without having to drive to different parking lots; it would also be nice for some trail maintenance at the offleash park including thinning smaller juniper to allow other plant species to grow and also get rid of invasive non-natives. There is some great native vegetation and birds, but they are not thriving like they could.

Q5: Is this park clean? Yes

Q6: Do you feel safe at this park? Yes

Q7: Anything else you'd like us to know about this park?
 This park has so much to offer! My husband and I bring our dog "children" often. We really look forward to coming here.

Select one from each column

Q4: How could we improve this park?	
<p>It would be good to have a kiosk at the main parking entrance, with trail map, emergency contact information, volunteer work days posted. And for all city parks, there is no enforcement of park rules. Park staff tell us to go to the police. The police tell us to go to park staff. For example, there is no smoking, but the disc golf course is covered in cigarette butts. There are no glass beer bottles allowed, but the disc golf course cans are full of glass beer bottles. The only place off leash is allowed is in the off leash area, but there is a lot of off leash activity in the rest of the park and people are very aggressive when we suggest that they put their dogs on leash. An apartment construction project was using the off leash parking lot for employee parking when it rains, and even though it is signed "park user parking only, others will be towed" we could not get this enforced. We had to go to the contractors ourselves and get them to move their employees and provide their own parking. That same apartment construction area is dumping drainage water across our trail and washing it out in two places. It is a natural drainage area, since water wants to flow toward the creek, but it has worsened ten times what it was. PARD has an agreement with one apartment complex to dump their drainage into the park, but we never expected there to more, and we were told that more building in the area will dump its drainage water through the park. We have had city and park officials walk the area with us at least three times and we never hear from anyone again. It has been up to us to create ways to go over or slog through the water and mud.</p>	
Q5: Is this park clean?	Yes

Q6: Do you feel safe at this park?

Yes

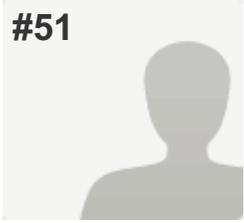

Q7: Anything else you'd like us to know about this park?

We need an address for the off leash parking entrance on 1st street. If there is a volunteer work day, or an emergency, it is difficult to give volunteers, police, city officials directions. We have to use the address of the apartments next door. Last but not least, I am with the Friends of Mary Moore Searight Park. I also want you to know that we greatly appreciate your support in creating the off leash area. And I feel that we have a good working relationship with the park and regional managers. The issues I am describing are more at the City level. Otherwise, we have received a great deal of help from Joe Diaz and Manuel Soza to make improvements and deal with issues as they arise. Although I proposed a long list of improvements, it is a great park, and we enjoy helping to care for it.

Q4: How could we improve this park?	
There is a dog park attached to the northeast side of Mary Moore. I use to take a shortcut from my neighborhood through the middle school to Mary Moore Searight Road. There is a trail that leads to the dog park right on the fenced side of an apartment complex. Now there is a new chain link fence blocking entrance. So I have to drive all the way down Slaughter to get there. That's sometimes dangerous with three dogs. Wish the fence had a gate.

Q4: How could we improve this park?	
The park could be maintained a little better. A nicer sign and uniform, quality trash cans would really go along way. If you could also trim the trees that hang out into the trail, that would make running there more desirable. The trail itself isn't well maintained. The tennis courts have strange properties like areas with low bounce. Maybe an upgrade to an actual tennis court would look and be amazing.

**Q2: What do you do when you visit this park?
Select all that apply.**

Walk/Jog/Run on the Trail, Have a Picnic,
Other (please specify)
Meditate, enjoy the quiet and peaceful setting,
stroll about to explore the gardens, and the
preserve, admire the pea fowl. It's my go to place
when I need a break from the hustle and bussle
of the city. Don't change the park! It's peaceful
nature should be preserved. It is not s playground
for children to run and scream.

Q3: What would you like to see at this park in the future?

Select one from each column

1st priority

Bathrooms

2nd priority

3rd priority

Other (please specify)

Please don't change it. Just help with
upkeep of the gardens and bungalow for
peaceful reflection.

Q4: How could we improve this park?

Make sure people who rent the bungalow and grounds are supervised and clean up after themselves and keep the park from getting trashed.

2015 LRP - Mayfield House and Preserve

Q5: Is this park clean?

Yes,

Comment

Sometimes people don't clean up after their functions unless someone from park service is present to supervise

Q6: Do you feel safe at this park?

Yes

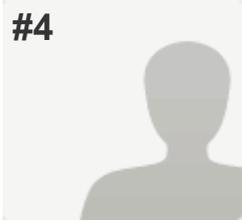

Q7: Anything else you'd like us to know about this park?

Its charm is the pea fowl, the history, as well as the gardens and trails being centrally located in the city and yet so peaceful. Do not make it a playground. Children run and scream and destroy the tranquility.

Q5: How could we improve this park?	
The playground equipment is a bit outdated and has been vandalized many times. More variety in playscape equipment would be nice, sun shades for keeping cool, more trees and better lighting at night could help keep the park from being vandalized.	
Q6: Is this park clean?	Yes, Comment Parks and Recreation does a great job maintaining our little park

Q8: Anything else you'd like us to know about this park?

I'd love to see more done in our neighborhood park. Even though it's clean and close to our house we end up driving elsewhere, usually Mueller, because there is just so much more for the kids to experience. Thank you for considering improvement to our park :)

Q5: How could we improve this park?	
<p>More cleaning. I participated in It's My Park Day and only after a month of cleaning, trash was all over park. Obviously with all of the rain there has been a ton of growth, but would be nice to have the park better maintained: mowed, plant beds weeded, crepe myrtles cleaned up. There are trees on the perimeter of the park, but maybe add a few closer to the playscapes.</p>	
Q6: Is this park clean?	No, Comment Average. Quite a bit of trash seems to accumulate

Q5: How could we improve this park?	
sun shades over the playscape would be really helpful in the hot summer months.	
Q6: Is this park clean?	Yes, Comment sometimes. sometimes it can be very dirty/graffiti
Q7: Do you feel safe at this park?	Yes, Comment most of the time yes. occasionally there will be young adults congregating there, and at that time I won't take my young children in.

Q8: Anything else you'd like us to know about this park?

This park is in such a great location, and if it was better maintained, or had more shade, it would be utilized much more by the community.

General upkeep is important as well as frequent patrol to prevent the park becoming a place for unsavory types of people. I would also like to see improvements with slowing down traffic near the park. An expanded play area would help too.	
Q6: Is this park clean?	Yes, Comment Generally, yes. But ther needs to be more garbage cans interspersed around the park.

Q5: How could we improve this park?	
<p>More for the kids. More share. A water feature. A playscape for older kids. This is a very family-friendly neighborhood but the playground isn't that welcoming. There is only one bench. Please add more. Many of us drive all the way to Mueller park/playground instead. It would be great to have things for older kids (5+ years) too such as a more advance playscape a hopscotch.</p>

Q7: Do you feel safe at this park?	Yes

Q8: Anything else you'd like us to know about this park?

There isn't any shade over the playground and the play scape is low quality. a water feature, like a splash pad, would be a wonderful addition, but let's start with functioning water fountains, like all the other Austin parks.

Q4: How could we improve this park?

More shade for picnic area and possibly a pavilion near the pool or playground.
 Maintenance of park - the water feature is often on in the early morning and dog bag stations are not filled.
 I have also noticed a private bus drop off and pick up that utilizes the parking lot. Is this allowed?

Q7: Anything else you'd like us to know about this park?

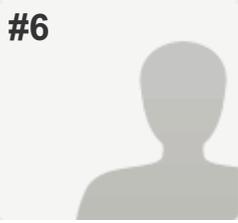

The Outcry in the Barrio Church also using the park parking lot on Sundays for church attendees. Is this allowed?

This is a great park for the immediate residents, but there just need to be more shade cover and the baseball field needs to be returned to a field from a parking lot.

Q4: How could we improve this park?

The landscaping is scatter shot and some Of the trees are in bad shape. Things get done, like planting new trees, for example, and then not maintained. I've watched New Trees be run over by the lawn crews. I would also like to see wildflower areas. Or new water fountains that immediately are broken.

2015 LRP - Metz Neighborhood Park

Q5: Is this park clean?

No,

Comment

It is kind of clean. Parks and Rec does a good job, it gets a lot of picnickers who are not very conscious of picking up their trash. More garbage cans and more signage letting people know they need to clean up after themselves.

Q6: Do you feel safe at this park?

Q7: Anything else you'd like us to know about this park?	
The Austin Bike Polo Club has some of the top players in the country, but doesn't have much support from the city. Bike polo is a unique sport that attracts people from around the world. If we had better courts to play on with city recognition of a city-designated bike polo court, we could make Austin a bike polo capital in the US.

Select one from each column

1st priority	Tennis Courts

Q4: How could we improve this park?

The Austin Texas Bike Polo Social club uses the tennis court 3 times a week playing bike polo, there is a foot hockey league that intermittently uses the court and street hockey players practice on the court as well. While the court is ideal in lighting and bike path accessibility, the surface is cracked and old. Building safe 4 foot walls on all sides and increasing the size to be a regulation street hockey court and resurfacing the court for street hockey would allow the bike polo players who use the tennis court to practice safely, as well as accommodate the other sports that use the court. There are absolutely no public street hockey courts in the city of Austin and every other major city in Texas has several.

Q5: Is this park clean? Yes,
 Comment
 We bike polo players clean the tennis court regularly and report light outages, as well as clean throw away all garbage on the tennis courts every time we play

2015 LRP - Metz Neighborhood Park

Q6: Do you feel safe at this park?

Yes,

Comment

One of the best things about Metz is that so many different people can use it for so many different things and I have never ever felt even close to unsafe there

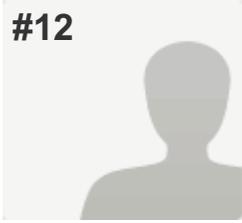

Q7: Anything else you'd like us to know about this park?

Metz is a great park and just needs a street hockey court or multi-use court to really make it stand out in the city. The bike path access, facilities, and location near the water makes it great, but having the only street hockey court in Austin would make it excellent. Thank you for everything you do already to keep Metz fun.

Q4: How could we improve this park?
 The tennis courts are in great need of repair/resurfacing. There are huge cracks making play dangerous.

Q5: Is this park clean? Yes

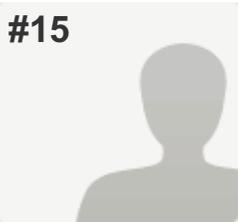

Q6: Do you feel safe at this park? Yes

Q7: Anything else you'd like us to know about this park?
 Except for poor quality of tennis courts, this park is nice. It is a good location for the area, especially for summer tennis camps for children; but the conditions of the surface are a cause for concern as there is potential for accidents, playing there is difficult due to cracks, and it is generally an eyesore at this time.

Q4: How could we improve this park?
 The park is not large enough or meant to have many amenities. Just preserving the existing trails, emptying trash, mowing and providing dog bags is fine. Some poison ivy control would be great.

Q5: Is this park clean? Yes,
 Comment
 The eighborhood schedules annual creek cleanings. In addition, volunteers and regular users pick up trash formt eh creek and the trails

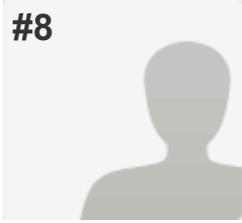

Q6: Do you feel safe at this park? Yes

Q7: Anything else you'd like us to know about this park?
 This is a park that is mainly maintained by the neighborhood. It is used for walking with kids and dogs, hanging out by the picnic tables or the swing set.

Q5: Is this park clean?

Yes

Q6: Do you feel safe at this park?

Yes

Q7: Anything else you'd like us to know about this park?

Your survey is very biased towards adding MORE to parks. This lovely little park represents less is more - please don't add anything to it! The addition of a bigger swing pad a few years ago kind of ruined the feeling of the park. It's small, intimate, already has a swing and a picnic table, please DON'T "improve" it.

Q4: How could we improve this park?	
<p>To me,Nikolas Dawson Park is a rather perfect urban breathing space, a helpful respite from the hustle and bustle around it. I visit this park almost daily. What would improve the park for me is for users to obey the leash laws. I can appreciate that people want their dogs to run free, but the park is very small, the trail is short and off leash activity seems inappropriate under those conditions. I love that the park is so well maintained and not over developed.</p>	
Q5: Is this park clean?	Yes
Q6: Do you feel safe at this park?	No, Comment I should say, not all ways. See comment above on how to improve the park.

2015 LRP - Nicholas Dawson Neighborhood Park

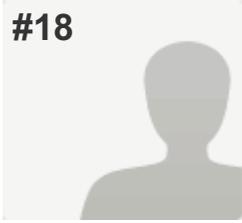

Q7: Anything else you'd like us to know about this park?

It took long time to establish this space for the neighbourhood and was well worth it.
Despite the off leash dogs, I enjoy this park immensely.

Q4: How could we improve this park?
 As someone who's lived by this park for 8 yrs, I've always noted that it simply isn't used as much as it should be. The 'swing set' is kind of a joke and there doesn't seem to be any real plan to add improvements so that families might actually use it. I've suggested a playscape (even if on the S. 1st side of things), removal of invasives (this has been started), and a master plan that includes a recreational area (benches/pavillion) w/in the wooded area near the creek. I know a lot of this is difficult given the grade and the proximity to private property, but once created and used, I feel the regular visitors would keep it maintained/clean.

Q5: Is this park clean? Yes

Q6: Do you feel safe at this park? Yes

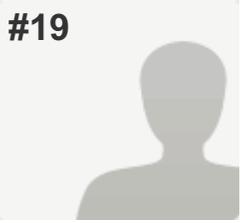

Q7: Anything else you'd like us to know about this park?

I feel any development would get killed by owners on Gibson St as they feel it would impact their privacy -and maybe it would. I guess when they bought, it wasn't a park, but if the neighborhood really wants the park to be utilized, there needs to be more features. Many of the families around there actually drive to Little Stacy which is crazy because many of the features there could easily be implemented in Nick Dawson.

Comment Some trash cans would help with litter

Q6: Do you feel safe at this park?

No,

Comment
Lots of homeless people hang out at creek

Q7: Anything else you'd like us to know about this park?

This survey seems biased toward adding things to the park. The thing that makes it such a gem is that it is a tiny bit of natural landscape/forest canopy in the middle of the city. My only complain is that there are lots of off leash dogs. There is no enforcement of that rule by the city. Because it is such natural habitat is a great migrant trap for migrant birds. Please leave this park alone.

Q4: How could we improve this park?
 Problem is that the bums live in this park, and anything you put thre will only served to give them a place to live rather then give everyone else a place to enjoy. The vegetation could be cleared back to keep down the bum camps.

Q5: Is this park clean? Yes

Q6: Do you feel safe at this park? Yes,
 Comment
 For the most part yes, with the exception of the bums

Q7: Anything else you'd like us to know about this park?
 The bums. They are better then they were before but only because I think we are in between bum inhabitants...meaning the regular ones have found housing with and its been cold and wet lately. Picnik tables do not work here.....

Q3: What would you like to see at this park in the future?

Select one from each column

1st priority	Barbecuing Areas
2nd priority	Bathrooms
3rd priority	Nature Trails

Q4: How could we improve this park?

reinforce the trails with deeper trail building and a bathroom would be the best!
more mowing more often (especially with the rain) would be great too.
also weeding would make a huge impact - there are a lot of invasive weeds which bring a lot of burs and misquitos to the area.

Q5: Is this park clean?

No,
Comment
A few homeless people seem to use the park from time to time so there is often trash on the end closer to S 1st.

2015 LRP - Nicholas Dawson Neighborhood Park

Q6: Do you feel safe at this park?

Yes,

Comment

Most of the time - except when homeless people or drunk people are in the park and I'm alone with my dog

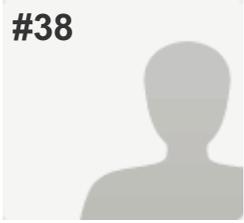

Q7: Anything else you'd like us to know about this park?

It is a great secret park in my neighborhood. My dog and I are so grateful for it we literally walk down there 3x a day almost every day (except when it's been raining). Thank you Austin Parks & Rec for all you do to help maintain it. I know the Bouldin Neighborhood Association and my neighbors do a lot as well so I'm super grateful to them also.

promote invasive plant removal and careful maintenance of existing developed park areas. Essentially maintain it and clean it and help preserve the fantastic water quality of the creek.	
Q5: Is this park clean?	Yes, Comment but from time to time storm debris does build up. That is only natural.
Q6: Do you feel safe at this park?	Yes

Q7: Anything else you'd like us to know about this park?

Neighbors over the decades have brought the current master plan to fruition. What is needed now is upkeep and maintenance. This is a small, accessible park where one can enjoy an amazing creek and spring. please help preserve the few examples of Austin's original nature and character.

Q4: How could we improve this park?
 Get the drug dealers out! They meet their customers there all day long. Several Of us neighbors call the cops all the time. It's just constant. I realize this is not the park's problem. But I walk by baby through in a stroller twice a day and the same guys are meeting cars on the street next to the park and out by the few pick-nick tables at least a few times a week that I see when walking through. And I see it several more times a week when I drive past the park to my house. They're unstoppable until more neighbors call the cops when they see it, I guess. But it's my one complaint about a park we use twice daily and LOVE!

Q5: Is this park clean? Yes,
 Comment
 You guys do a fabulous job! Considering there's apartments across the street and tons of people coming and going, this is no small feat. The trash is always emptied and gone! Great job!!!!

2015 LRP - North Oaks Neighborhood Park

Q6: Do you feel safe at this park?

No,

Comment

If there was a "most of the time" I'd have chosen that but because of the drug deals going on so often I can't give a definitive "yes". I bring my very large dog with me and always tell someone when I'm taking the baby for a stroller walk to the park and confirm when I get back. I love our park!!!!

Q7: Anything else you'd like us to know about this park?

Thank you for all you do to keep it clean, checking equipment for safety, and keeping it mowed. Also for taking care of the crushed granite paths and trimming the trees. It's a happy place for my family!

Q4: How could we improve this park?

Open the playscape that has been closed since October or November. The entire Pillow School has done without any shaded play area because the main play area was fenced off for "upgrades". Now you are reporting you don't have money to fix it, but you won't take the fence down either. It punished a whole year's worth of school children.

Q5: Is this park clean?

Yes,
 Comment Most of the time.

Q6: Do you feel safe at this park?

Yes

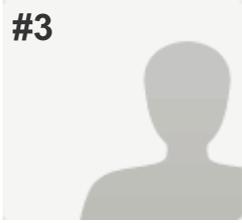

Q7: Anything else you'd like us to know about this park?

There is EXTREME water runoff from the school campus that destroys the track EVERY TIME IT RAINS heavily and y'all come out and put new rock on the track every time, only to have them washed away again time and time again. It seems a better use of your time would be to fix the drainage problem to begin with.

Q4: How could we improve this park?	
Late in 2014 one of the playground areas was fenced off and access has been restricted. Signs say the park will re-open in early 2015, yet no work has been done and it remains closed. COA can improve this park by fixing the playscape and re-opening it.

Q4: How could we improve this park?
 Please, please, please fix/repair the basketball goals. They have been in tattered condition for YEARS. Please consider replacing the current tattered goals with new 10-foot goals for people in the neighborhood to play hoops after school and on weekends. This neighborhood is becoming more dense and people need open spaces to go and do things like shoot hoops. For the children of both Pillow and the neighborhood, please install 4 smaller goals (7 or 8-foot high) on the sides of the court. If you do this, folks of all ages and sizes will benefit. Thank you for your consideration.

Q5: Is this park clean? Yes,
 Comment
 Yes, people really do use the poop bags to pick up their dogs! you-know-what. Thanks for keeping them stocked!

Q6: Do you feel safe at this park? Yes

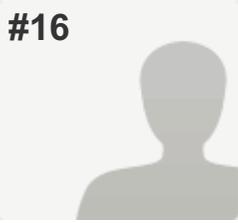

Q7: Anything else you'd like us to know about this park?

Again, please replace/repair the basketball hoops. Gullet Elementary has the same type of covered basketball court that Pillow does, but their basketball goal(s) are in good working condition. Thank you, BTW, for installing the blue cover over the basketball court a few years ago. Without it, playing outside would be impossible for much of the year.

Select one from each column

Other (please specify)	Please reopen the shady playscape.

Q4: How could we improve this park?
 This park is used by the entire neighborhood. We have no shady playscape since it was fenced off for repairs last year. Hasn't been reopened. The fence is unsafe because I've personally seen SEVERAL times a toddler squeeze through and have to be followed in to retrieve. It is a safety hazard to leave it as is AND we need that playscape back.

Q5: Is this park clean? Yes

Q6: Do you feel safe at this park? Yes

Q7: Anything else you'd like us to know about this park?
 It is ridiculous that the playscape was closed for safety reasons and then a totally unsafe fence was put around it. This should be a top priority for Austin Parks and Rec to get fixed.

Select one from each column

1st priority	Dog Park
2nd priority	Water based play feature
3rd priority	Playscapes
Other (please specify)	Fix the current play ground!

Q4: How could we improve this park?

Fixing the current playground equipment should be the first priority--this equipment has been off limits for nearly a year! And the signs on the fencing says that the repairs would be made in "early 2015"--so we're definitely past that timeline. Secondly, I think this improvement could be made to many Austin parks--but I think there should be off-leash hours at this park. Perhaps an hour or two in the evening on weekdays and an hour or two on weekends where dogs could be off-leash. Something like this would really optimize the space for many types of park-goers. Having timed uses in this park would make better use of this space to reach and accommodate the many kinds of recreation that people in the neighborhood enjoy.

Q5: Is this park clean? Yes,
 Comment
 Oftentimes, the trash cans aren't empty frequently enough. In particular--when people have picnics (or small family parties) here, the trash cans fill up and are left full for days.

Q6: Do you feel safe at this park?

Yes

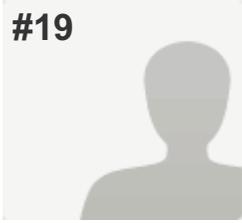

Q7: Anything else you'd like us to know about this park?

Many, many people use this park. The neighborhood uses this park ALL the time and many people who don't live in the immediate vicinity also use this park. There are children's soccer games on the weekends, yes, but also on weekdays in the summer, there are typically pick-up soccer games, and oftentimes, those people playing soccer will bring their families and pack picnics--on any old Tuesday or Wednesday. The point is--this park, while small and not well known, gets TONS of traffic and is of great use to the neighborhood and surrounding community. Any updates or improves that could be made at this park would be helpful to the community. The most useful improvements, in my opinion, would be adding "stadium" or other lighting so more people could use the park in the dark, cool summer hours and also add off-leash hours for the local dog owners.

 This is the only park in this neighborhood. It's used mostly by kids and their parents for soccer, basketball, and because of its playground equipment. Adults mostly walk/run the track, walk or play with dogs. What facilities it has are used, but it needs more. Better picnic facilities would be great.

 fix the small playground that is currently fenced off. Make the facilities safer. Add a splash pad that is operational at times that school is not in session. Add water fountains. Make it a fun place for children with "all-abilities".

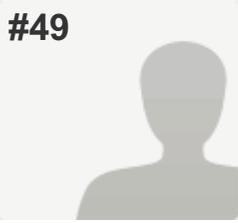

Q5: Is this park clean? No

Q6: Do you feel safe at this park? Yes

Q7: Anything else you'd like us to know about this park?
 It has been shut down for almost a year and no work has been done to improve it. This is unacceptable being that it is the only playground on the school campus that is shaded.

Q4: How could we improve this park?
 It would be great if there were more working playscapes. More shaded areas would be nice too, either under cover of trees or other man-made canopy. It would definitely be nice to have some more picnic benches as well.

Q5: Is this park clean? Yes,
 Comment
 It mostly clean but there is a definite lack of trash cans.

Q6: Do you feel safe at this park? *Respondent skipped this question*

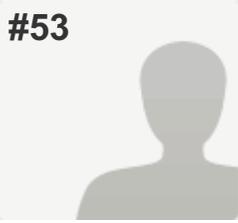

Q7: Anything else you'd like us to know about this park?

There has been a large playscape area that has been fenced off for almost the entire school year, as well as a number of swings that have been taken down as well. This is terrible for the children attending the school (I have a child who attends Pillow). Not only does she now have one very small playscape to share amongst many classes but we also used to enjoy taking both of our children to the Pillow Park on the weekends and it really isn't an option anymore due to the fenced off "broken" playscape. It's unacceptable how long this feature has been fenced off.

Q4: How could we improve this park?	
Aesthetics. Old portables, bad gravel running paths, playground fenced off and terrible looking murals are what I see when I drive by this space. I don't enjoy paying \$9k in property taxes to look at this, and would not send my 5 year old to this AISD school.

 Select one from each column

1st priority	Playscapes
2nd priority	Picnic Tables
3rd priority	Water based play feature
Other (please specify)	water fountains

Q4: How could we improve this park?
 Please fix our already existing playground and a big tarp for our other playground would also be great! No one can use it during the summer since the slides get too hot!

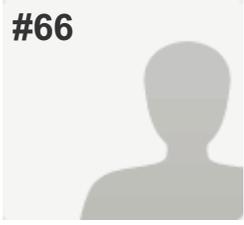

Q5: Is this park clean? Yes

Q6: Do you feel safe at this park? Yes

Q7: Anything else you'd like us to know about this park?
 Our family loves this park since it's in our neighborhood. However, we haven't been able to use the shaded playground since they have stopped the renovation process. We need our playground.

Select all that apply. Play on Playground

Q3: What would you like to see at this park in the future?
Select one from each column

1st priority	Bathrooms
2nd priority	Running Track
3rd priority	Mutli-purpose field

Q4: How could we improve this park?
 Regular maintenance such as the grass being mowed in a timely interval, and the track (which gets frequent ruts) being repaired quickly.It could also use a water fountain.

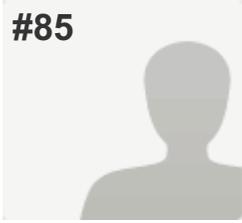

Q5: Is this park clean? Yes,
 Comment It is fairly clean most of the time.

Q6: Do you feel safe at this park? Yes

Q7: Anything else you'd like us to know about this park?
 The dual responsibility of AISD and the city seems to make it difficult to get this park taken care of in a timely manner. It would be nice if there were clear responsibilities for each. Also, signs letting the public know the park is closed during school hours would be helpful.

Q4: How could we improve this park?

The small shade covered playground is roped off right now...a sign said it was suppose to be open in Jan '15 but that hasn't happened. I can't find anyone that can tell me why this park is not getting fixed. Our school and community use this playground and we would really like it fixed. Also the drainage is horrible in this park. It ruins the track, which make it very dangerous for our little ones running the track every day at school.

Q4: How could we improve this park?

Complete the playground upgrade or, at the very least, remove the fences so our younger students/kids have playground equipment they can actually access and enjoy.

Q5: Is this park clean?

Yes

Q6: Do you feel safe at this park?

Yes

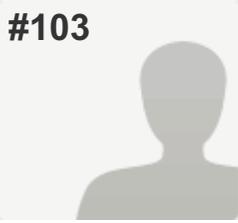

Q7: Anything else you'd like us to know about this park?

The larger playscape on our school campus is not an ideal playscape for our younger, smaller students - rungs, ladders, etc., are spaced more for older, larger kids. The playscape in question (in Pillow School Park) is vital to our younger students being able to exercise their bodies and build coordination while playing outdoors. Its absence (since it's been fenced off) has caused much turmoil among students, teachers, and parents alike.

Q4: How could we improve this park? Please fix the playground that is currently on site but has had a chain link fence around it for at least a year. Let's get this fixed first this first if there is money to be used to improve the park. Why spend money on adding something when you already have a playground that needs to be improved. That is my vote. Many families use the playground equipment in the early evenings and especially am during summer time. Pillow Park is a great community builder. Also, there is an area of the gravel track near the playground, on the rounded part of the oval, that needs leveling out so people don't trip. Thank you for asking!!!

 Comment would be nice to have better lighting

Q7: Anything else you'd like us to know about this park?
 the pool is in serious need of an upgrade and more hours. For all the money our neighborhood spent, the updates have been primarily cosmetic and useless. The use of the pool would actually improve our neighborhood.

Q6: Do you feel safe at this park? Yes

Q7: Anything else you'd like us to know about this park?
 We finally have nice Tennis Courts, can we some how ask people to Not Draw on the Courts with Chalk and people shouldn't feel bad when they show up to play tennis and there are young children using it to ride their bikes. There is a sidewalk that goes around the park, they can use.
 Are there any water fountains at the park?
 Thank you! We love Rosedale and Ramsey Park :)

Need a less hectic space. Some of us don't want to go to the park and hear kids screaming. It is so hectic up there now with all the equipment and it looks really cluttered. Is there a way to have a green area with a hedge to allow for quiet thinking or meditation. Or just sitting and reading.

Q5: Is this park clean? Yes

Q6: Do you feel safe at this park? No

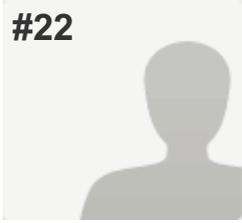

Q7: Anything else you'd like us to know about this park?

Again, there has been a lot of focus on kid stuff. What about those of us who don't have kids and who want to enjoy nature without having to get in the car and go all the way to the Barton Creek greenbelt. I have lived here since 1981 and I seldom use the park since so much of the space is taken up with kids play equipment.

Q7: Anything else you'd like us to know about this park?

Recent upgrades have spruced up some long-rundown features. The city needs to invest in more thorough ongoing Maintenance to keep features from reaching run-down state in the future. Water fountains, trash cans, restrooms, changing rooms, trees, sand box, etc. were getting shabby. Sidewalks had to be added by the neighborhood to replace eroded cow-paths all around the park. Trees were being lost without steady replacement. Upgrades should not occur in massive overhauls after decades of neglect.

Q4: How could we improve this park? It might be part of the current plan for the park, but the bathrooms could be a good deal less scary and the drinking fountains seem to be pretty frequently down. But I would think the top priority would be maintaining the *WONDERFUL* swimming pool and giving it whatever repairs and updates are needed to keep it functioning.

Q4: How could we improve this park?
 The bathrooms in the pool house DESPARATELY need updating. Also, replanting /improving the "grassy" area inside the pool fence is greatly needed. For years now the "grassy" area is really just hard dirt, dried grass/weeds and TONS of grass burrs/ stickers. It's miserable for both children and adults to walk, sit or sunbathe in these areas.

Q4: How could we improve this park?
 Please don't put any more THINGS in the park and leave the green space!! If you keep building crap in the park it isn't a park but just a concrete and rock slab in our neighborhood. Let there be grass and fields and open space! PLEASE!!!

Q4: How could we improve this park?
 By adding solar lights around the park trails and playground so that during the winter months and evenings more people can enjoy it all year long.

Q5: Is this park clean? Yes

Q6: Do you feel safe at this park? Yes,
 Comment
 However without lights around the park in the evenings it is uncomfortable to not be able to see into the park and I have had a few uncomfortable incounters while walking my dog at night.

Select one from each column

1st priority	Dog Park
2nd priority	
3rd priority	
Other (please specify)	make pool cleaner and/or bigger

Q4: How could we improve this park?
 Make pool cleaner (change water out completely more than once every summer).
 Enlarge pool to reflect extreme neighborhood population growth and increased pool usage.
 Also, many, including us, would be willing to pay a nominal fee EACH USE for a large designated dog park.

Q5: Is this park clean? Yes,
 Comment
 Usually the park is quite clean, not so, the pool.

Q6: Do you feel safe at this park? Yes,
 Comment
 Fairly safe most times- No park in Central Austin can be deemed completely safe at all hours these days

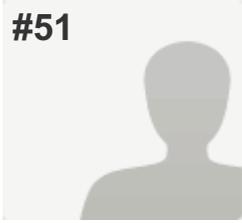

Q7: Anything else you'd like us to know about this park?

Pool filters do not sufficiently filter water in this small 1950's era pool. The tremendous increase in neighborhood population(since the 1950's) and subsequent dramatic increase in pool use in 2015, require that a smaller city pool like Ramsey needs to be drained and cleaned frequently during summer use. Even with the new filters, the problem of increased usage in such a relatively small pool, and the amounts of hair, mucus, and bio-debris that accumulate every day during summer, make swimming there a rather disgusting experience....large amounts of chlorine may indeed make the water safe, but through goggles one can see we are actually just swimming in chlorinated mucus, hair, and more....everyone who is "in the know" would like to see the "problem" taken seriously and addressed adequately.

bring back the tall, metal slide. EVERYTHING has an element of danger to any park user: you can trip on any raised surface, so remove any item not flat to the ground. branches can fall from trees, so remove all trees. vegetation can cause allergic reactions, so no plants either. playing on a sport field can result in physical injury, so no tennis or volleyball courts. where do you stop in making a part "safe"? really.

Q4: How could we improve this park?
 It's in pretty good shape, but the pool area could stand some improvements, particularly the changing rooms/restrooms. The chlorination equipment and the like at the pool is also a little iffy, and I wouldn't doubt that there may be some water leaks. The only other improvement I would suggest is some leveling and grooming of the baseball field, and perhaps some measures to keep "boot camps" from always wearing down the same grassy area on the east side of the park.

Q5: Is this park clean? Yes

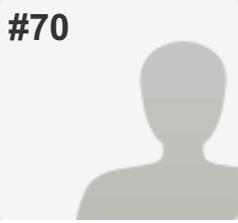

Q6: Do you feel safe at this park? Yes

Q7: Anything else you'd like us to know about this park?
 It's a great neighborhood park, well loved and well used by folks in Rosedale. It doesn't need any fancy improvements, just good maintenance. The pool is a very nice amenity, but is clearly aging and needs some upgrades and repairs.

**Q2: What do you do when you visit this park?
 Select all that apply.** Play Tennis, Play Soccer,
 Walk/Jog/Run on the Trail, Have a Picnic,
 Swim, Play on Playground

Q3: What would you like to see at this park in the future?
Select one from each column

1st priority	
2nd priority	Picnic Tables
3rd priority	Bathrooms
Other (please specify)	Drinking water fountains!! 1st priority

Q4: How could we improve this park?
 Drinking water fountains spread throughout park. A fence around the toddler portion - or at least a way to slow kids from going into the street.

Q5: Is this park clean? Yes,
 Comment
 Although the bathrooms could use a make-over

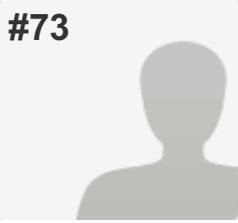

Q6: Do you feel safe at this park? Yes

Q7: Anything else you'd like us to know about this park?
 Love the improvements - doesn't need any more new features other than drinking water.

Q8: What is your zip code

Q4: How could we improve this park?
 It'll be tough, 'cause it's already a great park. I would suggest for the off- or winter- season storing the blue ropes that are left strewn about the swimming pool. Even if there is not room for them in the pool house, they could be coiled up neatly next to the building. They are otherwise an eyesore to a very nice place!

Q5: Is this park clean? No,
 Comment
 With all the dogs who are walked in the park, and a few less conscious dog walkers, it can be a little doggy.

 The pool is open for such a limited amount of time, so it would be helpful if it opened on time each year. It seems to be filled up last minute, followed by weeks of delays due to chemical tinkering and lack of staff.

Q4: How could we improve this park?
 Please improve the pool area! Bathrooms are so old and in disrepair! this is a heavily used and loved pool - it would be an excellent investment!

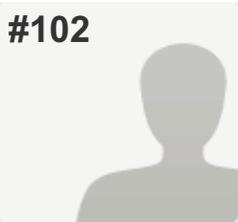

Q5: Is this park clean? Yes

Q6: Do you feel safe at this park? Yes

Q7: Anything else you'd like us to know about this park?
 An issue that this park faces is dogs that are off leash. I hope that you all will begin to monitor the park for this and correct people who do not follow the law. I love dogs, but they should not be running around a park with no control!

Q4: How could we improve this park?

The city could re-level the baseball field's outfield grass. When the city converted it to use by the water utility contractor and then put the sod back down when the contractors left, they did not level the field. As a result, what used to be a nice baseball field is now treacherous: "pot holes" in the outfield, low spots, bumpy spots, etc. The regular baseball game that used to be at the park (that had been there for all the 13 years that I've lived in the neighborhood) moved to another park because of it. It was sloppy and unprofessional work by the grounds crew that did the grass laying.

Q4: How could we improve this park?

The pool house is extremely run down and they seriously need renovation. It looks like some of the most dire pool issues have been addressed (water spurting up from the sides of the pool), but won't know for sure until the pool opens for the season.

Q5: Is this park clean?

Yes

Q6: Do you feel safe at this park?

Yes

Q7: Anything else you'd like us to know about this park?

It's a great neighborhood park. We've used different parts of the park as my son has grown, and our needs have changed. My son is a teenager now, so he's outgrown the playground equipment, but it makes me happy to see kids playing there. We used to play tennis and have picnics but don't anymore. Will probably do it again at some point.

Q7: Anything else you'd like us to know about this park? I live on Sinclair north of 45th and almost never use the park because of the danger of crossing 45th (which I believe has a 35 mph speed limit) on foot. I know this is a problem for many. A number of people have suggested a pedestrian crossing light between Burnet and Shoal Creek. This would encourage me to use the park. It seems kind of silly to have to get into a car and drive to a neighborhood park. I think it would calm traffic, as well.

Increased shaded areas and high quality picnic tables. Also, the maintenance of the pool is laughable. It rarely opens on time, it's always over-chlorinated and these problems are a big joke on the neighborhood list serve.

 The improvements thus far are fantastic. What the park is lacking compared to similar parks is an updated pool area. It looks very run down, more solid surface to put down a blanket (vs the grassy area with fire ant hills everywhere) and updated bathroom at the pool and pavilion area, they are dirty and dark and a little scary.

Q3: What would you like to see at this park in the future?
 Select one from each column

1st priority	Nature Trails
2nd priority	Dog Park
3rd priority	Nature Centers
Other (please specify)	Less playground equipment!

Q4: How could we improve this park?
 Take better care of the trees. Right now there is mulch piled up around the base of some of the trees, which causes rot, and the soil level around the root zone has been raised. I don't think that anyone knowledgeable is paying attention to these trees, and their health is important. Removal is costly, and so is the damage if they fall.

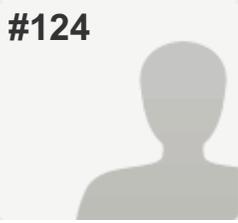

Q5: Is this park clean? Yes

Q6: Do you feel safe at this park? Yes

Q7: Anything else you'd like us to know about this park?
 I'd like to see better awareness/enforcement of the pick-up-the poop policy.

Select one from each column

1st priority	Outdoor Chess
2nd priority	Pavilions
3rd priority	Picnic Tables

Q4: How could we improve this park?

The grass around the pool area is full of sticky burrs and makes it uncomfortable and difficult to get out of the water and dry off without a child stepping on one or getting them stuck all over towels. Improving soft coverage around pool to clean out those painful burrs would be great!

Q5: Is this park clean? Yes

Q6: Do you feel safe at this park? Yes

Q7: Anything else you'd like us to know about this park?

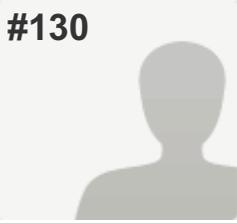

We absolutely love this park. It is the heart of our neighborhood and our children spend a lot of time there doing many, many activities. We would like the city to consider an additional crosswalk on 45th street for neighbors from the north to have a more protected walking route to the park (either on Rosedale or Ramsey or Sinclair Ave). The improvements have been wonderful.

Q4: How could we improve this park?
 Add a dog park. This park is *very* focused on young children. This is a very active neighborhood for dog owners, it would be great to have an area at the park where dogs could be off leash.

Q5: Is this park clean? Yes

Q4: How could we improve this park?
 ***The blue plastic swim lane markers are filthy. Last summer was my first summer to use the park, and I noticed then how muddy/slimy they were. I assumed they would be cleaned before this summer. They are laying out near the fence, and they are at least as dirty as they were last summer. They probably should be replaced.
 Separate drinking fountains for people and dogs with signs clearly indicating which is which.

 Pretty clean. Could be better if folks would pick up their trash.

Recently I was told that it's the lifeguard's job to clean the lane markers. If that's true, they clearly did not do their job last summer.

 This is a heavily used, vibrant, much-loved neighborhood park. I'm 46, I work full time, and I can't believe how much time I've spent hanging out there in the two years since we moved to Rosedale (thanks in part to having a pre-teen daughter). It's a great gathering place for the neighborhood.

 I think the metal slide which had been there for at least a decade is a very sad departure. I also think the pull up bar that was crushed about 1 year ago by a falling branch should be replaced. No more trees, soon there will be no open place to run (except the field which is sometimes used for games so taht is precluded. And finally, the big stone blocks situated to look like seat - IMHO are ridiculous - not comfortable to sit on and watch a performance for more than about 3mintues, and around the basketball court an injury risk for a running/falling player. I thank the Parks and Rec guys for keeping our park so nice. Pool should be open longer for summer. Water fountain at north end of part should be working. Thx - KATY O'Brien 512-689-0659

 At the park, yes. However, with no dedicated parking, the street parking around the park gets really filled up and makes it unsafe for biking on the surrounding streets. I have been "doored" there before on my bike by someone getting out of a parked car.

Q4: How could we improve this park?

Adding a small splash pad would be amazing. The pool is wonderful, but is only open for a relatively small portion of the year that requires outdoor water activity for young children. Also, this is not within the park limits, but still important. A huge amount of the money that was donated to Ramsey park for renovations came from those of us who live just on the other side of 45th in the Rosedale Neighborhood (specifically on Woodrow, Shoalwood, Ramsey, Sinclair and Rosedale Aves). Despite donating huge sums of money, it is very difficult to actually access the park on foot. 45th is a busy road that bends, meaning that there is crummy visibility if you try to cross at shoalwood or ramsey, which makes it really dangerous especially with small kids and dogs. There is also no sidewalk on the south side of the street. What would make a huge difference is if a pedestrian stop light could be placed over 45th at Sinclair that is only triggered when someone wanted to cross. There is precedence - it would be identical to the one that allows access to Shipe Park in Hyde Park for those residents north of 45th. Given the money we donated, it seems like a reasonable request that would lead to very little disruption of 45th traffic since it would only be triggered when a pedestrian pushes the button.

Q7: Anything else you'd like us to know about this park?

We love all of the updates, though some of the playground equipment on both playgrounds (big/small kids) is a bit concerning regarding safety. My 16 yo daughter noticed a number of places for climbing that didn't have hand holds or anything to use for support. In addition, we noticed fall zones fairly close to hard surfaces (sidewalk within 5 feet of large climbing apparatus), a very steep slide that had a hard, rubber landing at the bottom (rather than mulch, which was just outside the rubber pad). I was an elementary age teacher for over a decade and was very surprised to see the obvious oversight. Both myself and my daughter found it extremely challenging to navigate these areas, so we couldn't help but wonder how 10 and under could manage w/out undue injury. And just to be sure it's expressed clearly, I believe in children being allowed to fall and get hurt, and that it's extremely valuable to their development, however, I think it's up to the adults to ensure that the challenges available to them on the adult-designed playground are developmentally age appropriate.

The neighborhood has really come together and raised our own money for enhancements like new play equipment, resurfaced tennis courts, etc. It would be great if the city could do its part by renovating the pool, which is heavily used and has become quite run-down.

Q6: Do you feel safe at this park?	Yes
Q7: Anything else you'd like us to know about this park?	
Occasionally see a City of Austin white truck parked on the grass under a tree in the park. I have been told that they need to drive on the park to empty trash barrels but this appears to be a bold-faced lie when the person in the truck comes and goes without getting out of their air conditioned truck. They may just be having lunch in the shade. Being unseen in their truck while staring at the children is just creepy.

Q4: How could we improve this park?
 This park is actually in pretty good shape. Keeping the grounds maintained encourages use by the neighborhood.

Q5: Is this park clean? Yes,
 Comment
 There are rare occasions that someone has a party and the trash level is temporarily high.

Q6: Do you feel safe at this park? Yes,
 Comment
 Fortunately, there are no threatening elements at this park. Also, there is no graffiti.

Q7: Anything else you'd like us to know about this park?

We have been told that while school is in session, access to the park is restricted. We have lived in this neighborhood for 40+ years and the vast majority of that time, this has not been the case. We primarily walk our dogs around the perimeter of the grounds and stay away from the children while they are outside. During school hours, we are restricted to the sidewalks, which are not as safe as being away from them.

Q2: What do you do when you visit this park?
 Select all that apply.

Walk/Jog/Run on the Trail,
 Other (please specify) Watch the ducks

Q3: What would you like to see at this park in the future?

Select one from each column

1st priority	Nature Trails
2nd priority	Trails
3rd priority	Nature Trails

Q4: How could we improve this park?

The trails have really deteriorated in the past 7 years. It seems that no one is replacing the mulch or putting much money into its upkeep. Maybe too many people are using it. There is a crack on the footbridge that is a tripping hazard to pedestrians. It needs to be repaired. When I reported it to management at Riata Apts, they said they do not own or maintain it but that the City does. I guess the city doesn't have the funds to maintain it well.

Q5: Is this park clean?

No,

Comment
 People are terrible about not picking up their dogs' waste.

Q6: Do you feel safe at this park?

No,

Comment
 There are too many places where something could happen and no one could hear or see you. Too many places where visibility is very limited.

Q7: Anything else you'd like us to know about this park?

There is a small trail that should be closed or there should be a warning sign that you are leaving the main path and that the path ahead is very isolated, rustic, and very narrow with lots of poison ivy. At least you could indicate how long the paths are and their conditions.

Q3: What would you like to see at this park in the future?

Select one from each column

1st priority	Water based play feature
2nd priority	Community Garden
3rd priority	Nature based Playground

Q4: How could we improve this park?

The splash pad is a great resource. Please expand or update. Play equipment could stand to be updated/enlarged.

Curb cuts for strollers. More seating and shade for supervising adults. More shaded play area.

Q5: Is this park clean? Yes

Q6: Do you feel safe at this park? Yes,

Comment
 There are occasionally drug/alcohol abusers hanging out here, but they've never been particularly bothersome.

Q7: Anything else you'd like us to know about this park?

It's close proximity to Meadowbrook means that there is an opportunity for this park to serve as a gathering place for families of different socioeconomic groups. Consider ways to facilitate that.

Q4: How could we improve this park?

Splash pad area is far too small and poorly laid out. Drainage near entrance to splash pad is terrible. There is no incorporation of the natural stream area into the master plan of the park. Huge opportunity to incorporate to increase usage and gathering space. Bathrooms are very poor at this park. No pavilion areas.

Q5: Is this park clean?

No,
 Comment Bathrooms are not

Q6: Do you feel safe at this park?

No,
 Comment
 In evenings the lighting is poor and the location at the end of dead end streets creates a sense of unpatrolled isolation

Q7: Anything else you'd like us to know about this park?

The park is highly used for the water feature but many families avoid it for any other uses. Huge neighborhood opportunity here to increase the value of this park to the community

Q4: How could we improve this park?	
The bathrooms are horrible. Many young kids visit this park because of the splash pad and this bathroom is not fit for their use. There is also a place by the splash pad where standing water always collects. Some type of drainage needs to be added because the standing water is very dirty.	
Q5: Is this park clean?	No
Q6: Do you feel safe at this park?	Yes
Q7: Anything else you'd like us to know about this park?	
This park has what we consider to be one of the best splash pads in the whole city but other aspects of the park are lacking. With some updates this Paul could be fantastic.

I chose bathrooms because the bathrooms need serious improvement.
 I chose pavilions because more shaded areas would be ideal and more picnic tables.

Q5: Is this park clean? No,
 Comment
 Bathrooms are horrible. Also water collects stands in one area near the splash pad and is very dirty and gross.

Q6: Do you feel safe at this park? Yes

1st priority	Fitness Equipment
2nd priority	Dog Park
3rd priority	Trails
Other (please specify)	Benches! Also, a connection corridor to Oltorf and Lamar

Q4: How could we improve this park?

Put in crosswalks, sidewalks, and traffic signs about kids playing. Provide activities for teenagers: basketball courts, a skate park, fitness equipment, bike/ walking paths, a graffiti wall. Build a low-water walking bridge across West Bouldin Creek. Clean up and utilize the space behind the pre-school. More trash cans. Safe, clean, well lit bathrooms. A map of the park would be very helpful.

Q5: Is this park clean?

No,
 Comment
 A dog park and more trash cans would help this issue, but the biggest problem is that people use the dead end of 7th street as a trash dump into the creek and a place to leave drug and drinking paraphernalia, which makes the creek area feel unsafe and relentlessly dirty.

2015 LRP - Ricky Guerrero Neighborhood

Q6: Do you feel safe at this park?

Yes,

Comment

In the day time. The used condoms and dime bags, I find many mornings make it feel unsafe after dark.

Q7: Anything else you'd like us to know about this park?

It is primarily used by people who live in Meadowbrook. The park should compliment the services there and fill in the gaps for what is missing. Most of the weekend users have cars and drive to the park.

Q4: How could we improve this park?	
The stairs to the splash pad always have a puddle of standing, muddy water at the bottom. There probably needs to be improved draining and/or borders to contain the dirt.	
Q5: Is this park clean?	Yes, Comment A little rundown and could use a spruce up, but mostly clean
Q6: Do you feel safe at this park?	Yes, Comment A lot of old cars are parked here, but no people are in the cars or at the park.

Q7: Anything else you'd like us to know about this park?

This is the best splash pad in the city for younger kids because it is shaded and the water features are mainly smaller splashes, not intimidating or too big.

 2) there are some gaps in the wall where kids can climb over. These need to be closed
 3) there are some low areas near the entrance that accumulate sitting water.

**Q2: What do you do when you visit this park?
 Select all that apply.**

Walk/Jog/Run on the Trail, Have a Picnic,
 Play on Playground,
 Other (please specify) play frisbee

Q3: What would you like to see at this park in the future?

Select one from each column

1st priority	Volleyball Courts - Sand
2nd priority	Basketball Courts
3rd priority	Mutli-purpose field
Other (please specify)	events

Q4: How could we improve this park?

Events every now and then, such as free yoga? I think it would be a good area and park for healthy classes like yoga. The education on those to the residents nearby would be beneficial. I would love a basketball court and sand volleyball, even though I know there are sand volleyball courts at the nearby Pleasant Valley park.

Q5: Is this park clean?

Yes,
 Comment
 I hardly see trash there. Sometimes there is trash on the back trails by the river, but not much at all.

Q6: Do you feel safe at this park?

No,

Comment

75% of the time, yes, seems like it can be a sketchy area

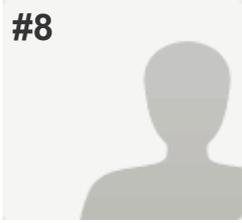

Q7: Anything else you'd like us to know about this park?

Landscaping around some of the trails through the woods could be improved and might make things feel a little safer, though I do like how the park feels jungle-y. It's nice when the grass in the large field is cut so you don't feel like you're going to run into a snake. I know the park is for youth, but I walk to this park most nights of the week. I love the trails that go to the river, how the park is pretty serene, and I really like the swingset.

3rd priority	Bocce Courts

Q4: How could we improve this park?
 Bocce is a sport great for all ages. I manage a league of 120 right now. 230 in the entire league. So many people would love and appreciate a place to play especially if there were actual courts! I've often thought even the smaller park up the hill , Yates pocket park would be great as well.

Q5: Is this park clean? Yes

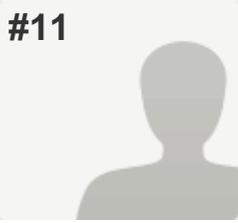

Q6: Do you feel safe at this park? No,
 Comment
 Cars are always speeding down the hill to the park I see them come and go even before I get to the park as I walk my dog from my house across ACC.

Q7: Anything else you'd like us to know about this park?
 I love this park! Please keep up all the improvements! I'm telling you - Bocce courts are where its at!

Repairing the bridge that was damaged during flooding is a major priority. This is not only a crucial park amenity as it links the two-sides of Roy G. park, it's also an important corridor for cyclists, and low-income residents from Montopolis who use Roy G as a cycling corridor to reach downtown. Also, the trail leading down to Secret Beach needs to be improved to include stairs.

<p>Right now the bridge leading to the entrance of the park is inaccessible due to the flood. From what I understand, this is the 2nd time in the last 5 years it has washed out. Please build it better and stronger. Beyond that what I like about the park is that it is not overdeveloped. Please keep the disc golf course, trails, and other areas clean and maintained, but don't add a lot of "features" to it. I like that it feels "natural." You can really feel like you are escaping from the city when you go walking on some of the trails. Adding shaded picnic areas to the playscape area could be nice. A shaded basketball court near the playscape could also be nice. Please don't bring BMX or other activities to the park that will change the tranquil nature of the park. Have you ever thought of using goats to help manage the landscape at this (and other) parks? Some cities and towns are using them.</p>	
Q5: Is this park clean?	<p>Comment People leave their trash around the disc golf course and some other places. Maybe more trash cans and more dog waste bag stations would help.</p>

Yes,

But my husband worries about me going alone in the evening. There are some people experiencing homelessness that hang out/live there.

Q7: Anything else you'd like us to know about this park?

We saw a coral snake there the other day. We love this park. It is one of the best things about our neighborhood. We feel so lucky to live close to it. We go there almost every day.

Q7: Anything else you'd like us to know about this park?
 An easier path (natural stairs) to the river bank. What is there is very steep and awkward. I'm sure someone has hurt themselves on it before. I recently lost an arm and get nervous walking down. My mom is older and gets nervous too. There is a less traveled path nearby that isn't as bad but gets flooded when it rains so it isn't much of an option afterwards since it's so muddy.

Other (please specify)	Fitness equipment, please!!

Q4: How could we improve this park?

Please open the swimming pools! They are well-loved and frequented often when they are open. Otherwise, this park is fantastic. If the grass could be mown more frequently it would be easier to play soccer. Also, if the lot across from the park (in between 45 street and the Elisabet Ney museum) could be refurbished with that unused building either removed or renovated it would be a big improvement.

Q5: Is this park clean? Yes

Q6: Do you feel safe at this park? Yes,
 Comment
 I'm often there late at night and feel very safe.

2015 LRP - Shipe Neighborhood Park

Q7: Anything else you'd like us to know about this park?

This park is a staple of the neighborhood. Everybody enjoys it and it is worth investing in. It brings together the local community and provides opportunity for outdoor activities. If the pools are not going to be opened regularly, it would be good to keep the larger pool and turn the baby pool into a splash pad.

2nd priority	Playscapes
3rd priority	Trails
Other (please specify)	mini-bridge over the creek

Q4: How could we improve this park?
 It would be great to build a bridge over the creek. When it rains, it keeps patrons from truly utilizing the whole park.

Q5: Is this park clean? Yes,
 Comment
 To date, the park is always in great condition.

Q6: Do you feel safe at this park? Yes

Q7: Anything else you'd like us to know about this park?
 It is a wonderful little park. I've lived in Cherry Creek off Brodie since it opened in 1993. I was part of the neighborhood committee that fought for two to three years to keep from allowing the local government to build Silk Oak Dr from Brodie to Westgate. It was worth the fight!! But please build a bridge to allow year round utilization.

**Q2: What do you do when you visit this park?
 Select all that apply.**

Play Tennis, Play Soccer,
 Walk/Jog/Run on the Trail, Have a Picnic,
 Play on Playground,
 Other (please specify)
 Walk, run, take dog, nature study, just sit, drink water, visit bathroom, visit creek

Select one from each column

1st priority	Bathrooms
2nd priority	Recreation Center
3rd priority	Nature based Playground
Other (please specify)	Creek access / improvement. Also mobility improvement

Q4: How could we improve this park?

Link the paths. Invest in the rec center. Clean up the creek area or help us help fix it. Better railroad crossing options. Charge more for adult social sports. Subsidize youth sports outdoors. Change the name to something more representative and unique. Put in a plaque about South Austin development history and how and why this became a public park

2015 LRP - South Austin Neighborhood Park

Q5: Is this park clean?

No,

Comment

We try, but debris washes in. Thank you for the trash cans.

Q6: Do you feel safe at this park?

Yes,

Comment

People who don't feel safe in this park should be heard too.

Q7: Anything else you'd like us to know about this park?

People think it doesn't get used a lot, but it does. Less is more on the plan for this park. Great community resource. Keep the best parts just the way they are.

Q4: How could we improve this park?
 Sidewalk along Cumberland Road to link S. 5th to the SARC. A crushed granite walking/running/biking trail. A place for kids to ride bikes (see last sentence). A sign on Cumberland and S 5th to identify that it is a park. Many people don't know it is there!!

Q5: Is this park clean? Yes

Q6: Do you feel safe at this park? Comment
 Sometimes yes and sometimes no. Unfortunately the playscape, ball field, and picnic tables are all away for view and that feels unsafe. I feel safer when there are many other people in the park.

2015 LRP - South Austin Neighborhood Park

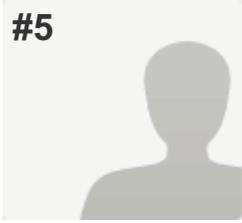

Q7: Anything else you'd like us to know about this park?

This park is a gem for South Austin and could really use a few things to make it more usable for the neighborhoods that surround it. A trail is paramount. I know that the neighborhood association is interested in working with the city to make improvements. That organization can be contacted at www.gena.org.

**Q2: What do you do when you visit this park?
Select all that apply.**

Other (please specify)
Enjoy passive open green space, which is what the majority of the neighborhood loves about this park.! Walking dogs, jogging, enjoying the trees and the shade.

Q3: What would you like to see at this park in the future?

Select one from each column

1st priority

2nd priority

Nature based Playground

3rd priority

Other (please specify)

To maintain the open passive space that defines South Austin Park for not only the Galindo neighborhood, but for all who come to enjoy this great park. There's a rec center with playing fields and tennis courts already; please don't stuff more things into this space!

Q4: How could we improve this park?

- Add landscaping around the tennis center;
- Make the tennis center lighting not shine into neighboring SF properties at night;
- Add a sidewalk along Cumberland from S. 5th across tennis parking lot area to connect with existing sidewalk that goes from tennis center parking to rec center.

2015 LRP - South Austin Neighborhood Park

Q5: Is this park clean?

Yes,

Comment

S Austin Park is generally clean, but there has been graffiti in the back area and unsavory characters, which is unwanted near a center (rec center and playground) of activity for children.

Q6: Do you feel safe at this park?

Yes,

Comment

As noted in #4, the back area behind the playground can be sketchy. Well-placed, non-invasive lighting in the back (north) area of the park would be useful, especially when walking through at night.

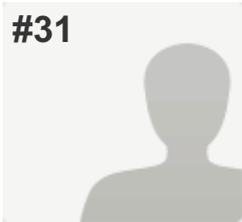

Q7: Anything else you'd like us to know about this park?

As more urban infill adds population and kills green space, this park has become more and more crowded - people need space to walk their dogs, their children, and themselves. Please maintain the open green space that remains in this wonderful neighborhood park. The Rec Center and the Tennis Center are wonderful assets within the park (though the Rec Center is much more useful for a majority of surrounding residents), but the identity of S. Austin Park lies in the open green space that has been preserved.

Q4: How could we improve this park?

A sidewalk along the north side of Cumberland Road to connect South 5th Street to the sidewalk past the tennis center and formalizing the trail crossing that section of the park with decomposed granite. Please keep the passive green space and trees preserved for our community.

Q5: Is this park clean?

Yes,
 Comment For the most part, yes.

2015 LRP - South Austin Neighborhood Park

Q6: Do you feel safe at this park?

Yes,

Comment

During the day when there are other families around we feel very safe. Occasionally, there are some suspicious-seeming characters around but we have never had a problem.

Q7: Anything else you'd like us to know about this park?

Our family lives one block away on Cumberland and spends countless hours with our toddler running through the shade of the Cedar trees, kicking a soccer ball on the playing fields, and playing on the playscape, swings, and sandbox with diggers at South Austin Park. The entire park, especially the large amount of passive green space is a wonderful asset for the neighborhood. The block of park along 5th street is great for our toddler as it's large enough for him to run around safely, but he can also watch the buses go by. The whole park is also wonderful for walking and playing fetch with our dog. The SARC, in addition to the playground, provides a great community resource for neighbors of all socioeconomic levels. We appreciate the SARC meeting space for our Galindo Neighborhood meetings. We really enjoy this park. Please continue to take care of it by preserving the open spaces, planting and maintaining trees, and keeping the equipment in good repair. Thank you for the hard work you do to keep our parks open.

Well I don't know that it would be considered an improvement, but I think keeping the green space that we have would be wise. There are so few green spaces left in the city.

Q5: Is this park clean? Yes

Q6: Do you feel safe at this park? Yes,

Comment
 Yes for the most-part but sometimes there are some who hang out at the park doing some drinking, etc.

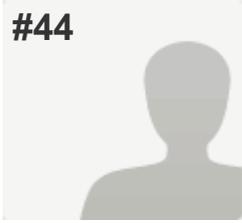

Q7: Anything else you'd like us to know about this park?

It is a GEM for this neighborhood and this city. I hope we can improve it so that we can use it for years to come!

Q4: How could we improve this park?
 Clean and maintain the landscaping of the park. There are too many overgrown trees which doesn't allow for an open field. There is a lot of trash left over from kids and homeless people. Also remnants of burnt out fires.

Q5: Is this park clean? No,
 Comment
 Alot of trash left from homeless people and kids. It seems like it is never cleaned up. There aren't enough trash cans or signs.

2015 LRP - South Austin Neighborhood Park

Q6: Do you feel safe at this park?

No,

Comment

There has been a lot of riff Raff late at night. Neighbors have heard gunshots. I've also walked along the creek and found lots of beer cans. The park is not well lit or maintained so the trees and the park are very dark at night.

Q7: Anything else you'd like us to know about this park?

The main section of the park should be an open field. Removal of the trees will open up the whole section and more would be able to enjoy the park day or even at dusk. Clearing the trees would open up for additional activities like practices for many Austin sports and social activities.

 The fields could be improved to better accommodate soccer, football and baseball. The tennis and basketball courts need to be resurfaced. Some mountain bike trails would be nice.

Q5: Is this park clean? Yes

Q6: Do you feel safe at this park? Yes,
 Comment
 We only use the park during the daytime and rarely feel unsafe.

Q7: Anything else you'd like us to know about this park?
 The park seems to attract some homeless from time to time, as well as some suspect characters, so maybe having a patrol car swing through a little more regularly might help.

There are some unmaintained trails that run behind the pavilion, it would be nice if these were cleaned up and easier to use, they can get overgrown. There also aren't many places to sit, it could be nice to add some benches or picnic tables.

<p>Q4: How could we improve this park?</p> <p>As a regular user of this park I have noticed some problems with the tennis courts. When there is a heavy rain the courts are trashed with mud and debris. There should be a way to divert the water so it does not submerge the courts. As a result of the courts being flooded they have sustained considerable damaged and chunks of the surface are missing. If the damage is not addressed the courts will become unplayable. Also someone has stolen the rollers that are used to remove the standing water from the courts. Replacement of these rollers would be much appreciated.</p>

Select one from each column

1st priority	Dog Park
2nd priority	Trails
3rd priority	Nature Trails

Q4: How could we improve this park?
 Please enforce the "all dogs must be on a leash" policy. I walk my dogs there every day, twice, and at least three times a week I have to ask people to please leash their dogs ... that I understand they think they are friendly, but I come to this park so that I don't have to worry about dealing with a dog fight, etc. Once, many years ago, one of my dogs was attacked by another one. I also have an Italian greyhound who is very afraid of big dogs. They have plenty of other options. Please please, figure out a way to enforce the rules or how I can report those who refuse to follow.
 Also, I believe that bicycles should be banned from the trails as I have seen adults and children ride recklessly with little concern about the danger they pose to dogs, toddler, and the elderly along the trail.

Other (please specify)	Enforcement of park rules

Q4: How could we improve this park?

I love this park and enjoy walking my dogs. There are so many people that instead of appreciating that a park is to enjoy, that they would rather destroy by not following the rules.

Q5: Is this park clean?

Yes,
 Comment As best it can be....people are people.

Select one from each column

1st priority	Water based play feature
2nd priority	Playscapes
3rd priority	Dog Park

Q4: How could we improve this park?
 The parking is a bit difficult due to low hanging trees. More parking is needed and/or better paint lines to denote all spaces.

Q5: Is this park clean? Yes,
 Comment
 Clear litter more often by pavilion after large groups have been there.

Q6: Do you feel safe at this park? Yes

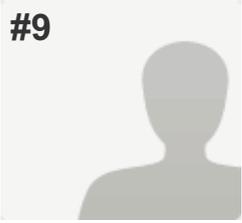

Q7: Anything else you'd like us to know about this park?
 This is a GREAT park and I have a small child, and am playgroup coordinator for the North Austin Mothers Club, so I can tell you a LOT of Moms (and stay at home dads) go to this park often. Many options for playing PLUS shade! Thank you for keeping the big trees around the play areas.

Maintain the playground equipment (items remain broken for a while). A water feature or basketball courts would also be a big improvement as the former would be great in the summer and the latter would allow more individuals to use the park. There also used to be soccer goals in the fields, but those have been removed.

Q4: How could we improve this park?

It's a pretty decent park in terms of what's available, but the equipment is old and the grounds are not well kept. And there are no curfew signs, nor is a curfew enforced.

Q5: Is this park clean?

No,
 Comment
 I see neighborhood people picking it up, because there is often a lot of trash: bottles, food wrappers, diapers, etc. We pick up things, too. We live right across from it.

3rd priority	Nature Centers
Q4: How could we improve this park?	
Signage. The park needs to have signs displayed to explain hours of availability. Also, neighborhood watch signs would be welcome.	
Q5: Is this park clean?	No, Comment There aren't enough trash receptacles and the one that exists is not emptied in a timely manner.
Q6: Do you feel safe at this park?	No, Comment I live very near the park and have called police several times on nefarious activity there. The response is sometimes good, sometimes not. The park itself has gotten safer only because a few of us call to report drug activity, et. cet.

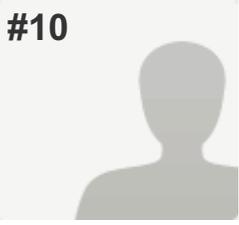

Q7: Anything else you'd like us to know about this park?

Adjacent to the park is a church which has a soccer field. This field is used at all hours because the church neglects security around their perimeter fencing. Also, most of the trash left in the park comes from persons using this church's soccer field. It's my belief they sometimes rent this field on a cash basis.

More picnic tables and benches for parents to sit on. Shade tarps installed over the playscape so that it's not so hot in the summer. A water fountain and bathroom are needed desperately. Baby swings would be nice as well.	
Q5: Is this park clean?	Yes
Q6: Do you feel safe at this park?	Yes
Q7: Anything else you'd like us to know about this park?	
I feel like many people living nearby don't realize that this is a public park, since it's attached to the school. I hardly ever see any other families playing there. Maybe a sign in front would clear up confusion.

I would like the upper management to actually visit the park, to get out of their cars and walk the sidewalk trail here. If they are serious about park improvements, they will agree with my complaints and rectify these glaring problems. This is the worst this park has looked since built. Please do something about fire hazard here!!!

Q4: How could we improve this park?
 We lost the pavilion and restrooms in this park in a fire , and it has been a long time .. We would like to have these facilities back.
 If these facilities are rebuilt, it would be nice to have time restrictions or patrol on the park to prevent fire destruction from happening again.

Q5: Is this park clean? Yes

Select one from each column

1st priority	Bathrooms
2nd priority	Pavilions
3rd priority	
Other (please specify)	Fix areas which were destroyed

Q4: How could we improve this park?

Add more stairs/steps going from upper park (off Rustic Rock) to lower park loops. Mulch around the current trees in the upper and lower park to help retain moisture and add nutrients back into the soil.

Q5: Is this park clean? Yes,

Comment
 However there are areas especially in the creek that are very trashy and need to be cleaned out, possibly with community effort.

Q6: Do you feel safe at this park? Yes

Q7: Anything else you'd like us to know about this park?

I live right next to the upper park and I watch children as well as adults walk through here daily. The doggie bags / poop bags are well abused by both mostly adults and the children. I see adults pull up in cars that live in the neighborhood and take 15-20 bags out of the community boxes. I'm not sure what can be done about all of that just make you aware.

2nd priority	Water based play feature
3rd priority	Playscapes
Q4: How could we improve this park?	
It's a great park! Even a small splashpad/water feature would be great, though, this is a heavily used neighborhood park. Also, needs bike racks.

Q4: How could we improve this park?	
There is really not much to do in this park except play on the playscapes which are not that interesting. It needs something to draw people to it such as a splash pad or a track around it.	
Q5: Is this park clean?	Yes
Q6: Do you feel safe at this park?	Yes
Q7: Anything else you'd like us to know about this park?	
Every park in our area has a baseball field that is never used. Seems like the space could be put to better use.

Q4: How could we improve this park?	
There is some soil erosion at the bridge over the creek. It's such a small park, I don't think there is room to add many features such as a running track but that would be nice.	
Q5: Is this park clean?	Yes
Q6: Do you feel safe at this park?	Yes
Q7: Anything else you'd like us to know about this park?	
Tarrytown is a great informal gathering place. I love walking there with my dogs and seeing neighbors.

Q2: What do you do when you visit this park?
Select all that apply.

Walk/Jog/Run on the Trail,
 Other (please specify)
 Visit with neighbors in the park.

Q3: What would you like to see at this park in the future?

Select one from each column

1st priority	Playscapes
2nd priority	Nature based Playground
3rd priority	Community Garden
Other (please specify)	Small swing sets, not big playscapes!

Q4: How could we improve this park?

The trails need to have new crushed granite added. Also a swing set, something for the neighborhood kids to play with.

Q5: Is this park clean? Yes

Q6: Do you feel safe at this park? Yes,

Comment
 In the day time, with the overgrowth on the north side of the park, homeless are again camping in the area at night.

Q7: Anything else you'd like us to know about this park?

I am speaking of Armadillo Park, not Tom Lasseter Park. The city needs to get a move on concerning that strip of land growing out of control between the park and the back fences of the neighbors. Very unsafe, homeless camping there in the tall growth. Stop procrastinating, get it on the PARD mowing schedule now.

Q4: How could we improve this park?
 Please get rid of the fence and let the park merge with the surrounding environment/apt complex so that there is more usable space and easier access from all sides. Why was the fence installed in the first place? It prevents easy access and divides the community.
 There needs to be a sidewalk across the creek, traffic calming devices, a 3 way stop at Cinnamon Path and Del Curto, and a crosswalk so that neighborhood residents can safely walk to the park. Right now it is unsafe to walk to due to the car traffic speeding by--esp with a small child.

Q6: Do you feel safe at this park?	Yes
Q7: Anything else you'd like us to know about this park?	
Sidewalks leading up to the park need to be extended along the road. The stretch without sidewalks is a bit dangerous since it's a two lane road.

Q2: What do you do when you visit this park? Select all that apply.	Walk/Jog/Run on the Trail
Q3: What would you like to see at this park in the future?	
Select one from each column	
1st priority	Fitness Equipment
2nd priority	Water based play feature
3rd priority	Bathrooms
Other (please specify)	Low-level (solar-powered?) lighting at dark corners of the trails. Maybe the Condo developers would help with this on the north end when they connect their sidewalk to the park.
Q4: How could we improve this park?	
Basic maintenance: mulching trees so irrigation lines are covered; don't let newly planted trees die; check for wash-outs of trail after heavy rains (3wks after Memorial Day rains, I tripped in a 3"-deep washout on the gravel walking trail. I would think that should be addressed by now - at least "hazard" signs?	
Q5: Is this park clean?	Yes, Comment Except trash cans have occasionally been over-full. And I don't even go there often.

Q6: Do you feel safe at this park?

No,

Comment

It's not safe walking TO the park! Narrow bridge w/no shoulder, still no sidewalks TO the park. Also, could use some low-level lighting along trail at north & south ends.

Q7: Anything else you'd like us to know about this park?

Parking lots are frequently used by residents of new homes just built across the street.

Need to post signs (in the kiosk, by the bridge, near water fountain, in pavilion) about the park not being reservable (first-come, first-get);

Need to post a phone # in the kiosk for whom to call if there's a problem (trashcans overflowing, ran out of poop bags, poison ivy, retaining walls falling into the creek, etc.). If it all goes to 311, then just post that fact: help the park's users help PARD take care of our park!

A dog park and sand volleyball court would be amazing. Sometimes it's tough to bring your dog because there are families with little children. If there was a designated dog area though this wouldn't be an issue. A beach volleyball court would be amazing, even better than the basketball court that is currently there.	
Q5: Is this park clean?	Yes
Q6: Do you feel safe at this park?	No, Comment Needs more lights at night, I've heard that people have been seen at the park late at night and that one person had a gun. It doesn't seem particularly safe.
Q7: Anything else you'd like us to know about this park?	
All in all love the park, so glad it's there. I think making it work for both dogs off leash and families will make it even better. Oh and a sand volleyball court :-)

Q4: How could we improve this park?
 You need better drainage on the trails! I don't understand why you let the trail get washed out all the time, just use proper drainage techniques (such as large aggregate rock, grating, and/or tile) and you won't have that problem.

Q5: Is this park clean? No,
 Comment The trails are muddy.

Q6: Do you feel safe at this park? No,
 Comment The trails have potholes that could cause an accident.

Q7: Anything else you'd like us to know about this park?

You need to train the police to not harass people that have dogs off-leash, I constantly get harassed because I have my service dog follow me off leash when I ride my bike. Ordinance § 3-4-1 does not require that a dog be on a leash, it merely states that a dog must be under restraint. A dog can be restrained without a leash, for example by using a remotely controlled electronic collar. I'm entitled to take my service dog anywhere in the park without a leash, and furthermore I'm not require to have service vest on my dog.

Q4: How could we improve this park?
 It would be nice to have a gated area for dogs like mine who will run into the street like a dumb ass but I'm happy with the park the way it is. If you add anything, it should be more ways to enjoy nature/community. Trails are always nice.

Q5: Is this park clean? Yes

 Sunday 930am was walking a large shelter dog, just west of Lamar on north side Hike and Bike trail ran into guy w leaf blower right in the middle of walking area, I asked him to turn it off or step off trail while we passed as it was making dog nuts and he turned it right to us and said "you step off the trail" trail was clean all he was doing was blowing dirt around. Very upsetting. Almost lost control of 70# dog. First time anything like that has happened just thought you should know.

we love town lake and go there to walk our dog. PLEASE keep more of it off leash! it's so nice to have a place where you can walk/exercise and have your dog off lease, as opposed to a dog park where all you can do is stand around. i like having a place where i can walk and my dog can run, play and swim. it is the best part of austin and we use it often. i think the space is great as it is but i am worried about upcoming changes to the area.

PAGE 2: Description

Q2: What do you do when you visit this park? Select all that apply.	Walk/Jog/Run on the Trail, Have a Picnic, Other (please specify) I enjoy the scenery, the lake, all the people, and dogs playing (in dog areas). All good relaxing fun, plus healthy exercise!
Q3: What would you like to see at this park in the future? Select one from each column	
1st priority	
2nd priority	
3rd priority	
Other (please specify)	I like the simplicity and wouldn't add anything. Bathrooms & water fountains have been added or I would say bathrooms & water fountains.
Q4: How could we improve this park?	
Keep some parts sunny. I noticed that you keep planting more and more trees, but the whole thing shouldn't be shaded. Love the trees, but...	
Have a sign by the new work out equipment illustrating how to use it (properly).	
Q5: Is this park clean?	Yes, Comment some dog poop here and there, but mostly dog walkers are conscientious about picking up the poop.

2015 LRP - Town Lake Metropolitan Park

Q6: Do you feel safe at this park?

Yes,

Comment

Yes, and I like that I occasionally see patrol people on bikes. I always say thank you to them for being there.

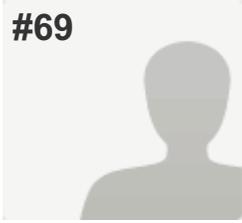

Q7: Anything else you'd like us to know about this park?

You could, every couple of miles, post trail etiquette signs in a minimally intrusive way. Keep to the right, when crowded, bikers should announce "on your left" - this sort of stuff. Also, prevent LARGE buildings (like apartments built this past year) from encroaching on the space - it blocks the sky and vibe of the trail. These apartments are very close to the trail. It feels very intrusive to the hike & bike trail.

Q2: What do you do when you visit this park?
 Select all that apply.

Walk/Jog/Run on the Trail, Have a Picnic,
 Other (please specify)
 Swim triathlon events, dog leash free area

Q3: What would you like to see at this park in the future?

Select one from each column

1st priority	Trails
2nd priority	Kayak/Canoe Launch
3rd priority	Picnic Tables
Other (please specify)	Use auditorium shores for pick up games and frisbee and picnics

Q4: How could we improve this park?

Reliable water fountains year round

Additional water fountains between i35 & auditorium shores and between per bridge and miracle on south side. Additional water fountains before i35 on north side and better restrooms closer to trail on north side east of i35. Some more separate bike trails to free up space for runners. Additional open space to stop and enjoy the outdoors (most of north side is very narrow and squeezed in).

Q5: Is this park clean?

No,
 Comment
 Usually clean of trash but lots of poison Ivy and some trash in water

2015 LRP - Town Lake Metropolitan Park

Q6: Do you feel safe at this park?

Yes,

Comment

East of 35 is getting better. Some additional low ground lighting would be nice for predawn runs

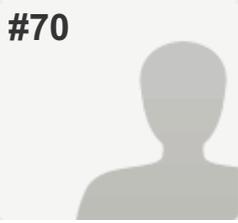

Q7: Anything else you'd like us to know about this park?

Protect the park. It's beautiful and rare to have this resource available and not many alternatives in this hot climate. Keep Barton creek natural and don't develop it (except way finding signage and a couple restrooms)

The new bench just put in at the corner by the main lawn and SRV statue is bizarrely placed. It could have been set back 4 feet so it was in the shade, but it's directly in the sun with no tree cover at all, and looking out at a very strange angle. Move this bench in to the shade!

Other (please specify)	all 18 acres be leash-free
Q4: How could we improve this park? Bring back all 18 acres to be leash-free like it has been for 37 years. Everyone loves watching the dogs run and be free. Families come to watch dogs, tourists love it and think our city is really cool for having the great lawn be leash-free. Return this legacy park to us taxpayers.	
Q5: Is this park clean?	Yes
Q6: Do you feel safe at this park?	Yes

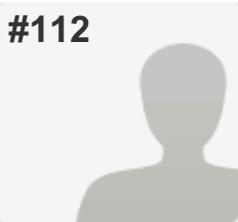

Q7: Anything else you'd like us to know about this park?

Bring back all 18 acres of Aud Shores as leash-free. Dogs do not damage the grass or cause problems, and this has been proven in the last several months that dogs have been allowed on the great lawn and middle lawn areas. The 37 years of the leash-free 18 acres at Aud Shores has been successful precisely because of its large size, giving space to allow areas of dog social play or frisbee/ball throwing/running open areas, quiet hang-out areas, etc., and eliminating the issues of crowded dog parks that lead to territorial fighting between the dogs and between the humans (issues that are renown at the smaller parks like Riverside or 9th St., etc.) We have great concerns about the location, size and design of the incoming "dog park". It is very close to the road and we are concerned about car/dog accidents. The size is too small for the downtown dog population users, will start to smell from urine saturation and we have concerns about potential dog fights from too many dogs in too small an area. The supposed proposed 4.25 acres has been drastically reduced by architectural foo-fahs - large pathways, stone walls, sections of planted areas, blocked off areas. A dog park needs actual acreage for the humans and dogs to stand on, not over-done design work. We are now estimating that actual square footage of ground for Austinites and their dogs has been slashed in half. The steps at the new water access points are very steep and will be slippery and hazardous for both dogs and humans. The "dock" or "platform" at one of the water access points is too high (over 2 feet) and we are concerned about injury to both dogs and humans. Access for handicapped folks wanting to bring their dogs is challenging at best.. This dog park is on the opposite end from both parking and bathroom access. The best use of this "dog park" portion is as an accessible area for Austinites and their dogs when one of the 25 events per annum is going on. That way downtown Austinites and their dogs still have someplace to go when events are happening, then open the whole park for leash-free the rest of the time. This would serve the needs and desires of tax-paying Austinites.

Q6: Do you feel safe at this park? Yes

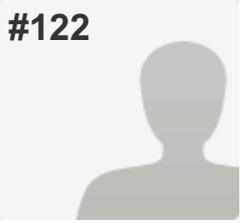

Q7: Anything else you'd like us to know about this park?
 As a jogger and former bicyclist, I accept that the 1/4 mile stretch of the trail around auditorium shores is a good stretch to take a break and slow down, as there are lots of pedestrians, children, and dogs. That is not too much to ask, given that one can really "open up" throughout the remaining of the trail.

Q4: How could we improve this park?

Get the people who stand to monetarily benefit from exploiting this park out of the picture...this includes APF. Keep this park as open space to enjoy nature. Sara Hensley does not do what's best for our parks here in Austin. She has an agenda that is not for the people who use the park but to just make money. Please keep our parks as open green space. This means no additional junk including trailer park food trucks.

Q5: Is this park clean? Yes

Q6: Do you feel safe at this park? Yes

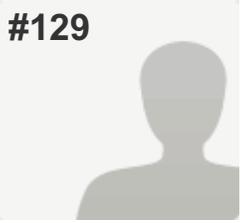

Q7: Anything else you'd like us to know about this park?

As you try to make money off of this park, you ruin it. People come from all over the world, and I am not exaggerating, ALL over the world to visit Austin and to this park. It's beautiful and peaceful with a cool statue of Stevie Ray Vaughn. Adding more commercialization takes away from why people come here and use this space. The people involved in trying to design this park with its master plan will ruin the best of Austin. They don't care. They don't live here.

Q4: How could we improve this park?

We used a picnic table under a large oak tree for work and meditation. There was also a bench against the other trees. Why were these removed? Duh! We just invested lots of effort to clean out the trash and debris from this area. It would be nice to add a trash receptacle.

This area is located near the southernmost part of the park, near the west end of Broken Brook Cove.

Q4: How could we improve this park?
 Keep up with the maintenance. If the equipment breaks - be quicker about fixing it. (Basketball hoop, playscape, to name two.)

Q5: Is this park clean? Yes,
 Comment
 Not because of the city, because of the neighborhood. It used to be ours and we still take care of it.

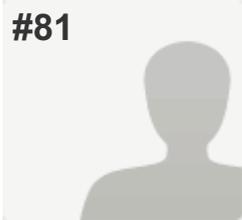

Q6: Do you feel safe at this park? Yes

Q7: Anything else you'd like us to know about this park?
 It serves our neighborhood and should still be about our neighborhood.

Q4: How could we improve this park?	
Planting trees/ vegetation along the Hartford side to limit chances of kids getting hit from cut through traffic at Hartford and Ethridge during rush hour. Also planting some vegetation/ trees along the Mopac soundwall to limit exhaust particulates since park is so close to a major hwy.	
Q5: Is this park clean?	Comment Currently the grass is weedy with prickly thorns. Other than that, yes.
Q6: Do you feel safe at this park?	Comment Some safety concerns around traffic and air exposure from mopac during high traffic times.
Q7: Anything else you'd like us to know about this park?	
Needs safety precautions (fencing). During rush hour 4-6pm cars speed down Hartford

Q4: How could we improve this park?
 This is a phenomenal park. My favorite in Austin. Happy with the way it is right now.

Q5: Is this park clean? Yes

Q6: Do you feel safe at this park? Yes,
 Comment
 15 years ago I would not have said yes. But I now feel safe enough to walk with my dog and also at times alone.

Q7: Anything else you'd like us to know about this park?
 The variety of trails make this a unique park. You can walk for hours and never walk the same trail twice. I've visited a lot of state parks and other hiking areas but Walnut Creek is special. I really appreciate the efforts of everyone who worked on the trail improvements.

Q4: How could we improve this park?
 Have designated trail(s) for bikers and designated trail(s) for off leash dogs/walkers/joggers. There have been many close call collisions between bikers and joggers/dog walkers. Would be great to have clearly marked trails for bikers only.
 Also, more poop scoop stations would be great.

Q5: Is this park clean? Yes,
 Comment
 In general, the park is clean except for the occasional unscooped dog poop.

2015 LRP - Walnut Creek Metropolitan Park

Q6: Do you feel safe at this park?

Q2: What do you do when you visit this park? Walk/Jog/Run on the Trail, Swim,
Select all that apply. Other (please specify) Take my dogs on a hike

Q3: What would you like to see at this park in the future?

Select one from each column

1st priority	Bathrooms
2nd priority	Trails
3rd priority	Roller Derby

Q4: How could we improve this park?

Mark the off leash areas clearly, so that people know that dogs will be running around. Also, there's a lot of trash around the main creek crossing--a trash can would be a great thing.

Also, the barrier on the trail on the way to the main creek crossing is very close to the new cliff's edge. As it is, it's a definite safety concern. Making the barrier more substantial, even by adding a second, lower cable, would be a huge positive.

Q5: Is this park clean? Yes

Q6: Do you feel safe at this park? Yes

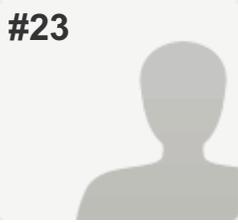

Q7: Anything else you'd like us to know about this park?

The fact that this park is mostly off leash and is one of the best parks in the city is a large part of why I purchased my home in River Oak Estates. Please, please, please do not restrict the off leash areas--being able to hike off leash is amazing and allows my dog, who gets stressed out in the traditional dog parks, to enjoy nature and have brief, positive interactions with other dogs. Beyond maintaining what is already there and maybe adding a few conveniences, this park is amazing and does not need to be changed.

Q4: How could we improve this park?

I love all the "rough" trails, but it would be nice to have a series of smoother trails for strollers and those who are unable to walk on the more difficult surfaces.

Q5: Is this park clean?

Yes,
 Comment
 I think more trash cans are needed for the dog poop bags

Q6: Do you feel safe at this park?

Yes,
 Comment
 However, I've heard there are still drug deals and other illegal activities that happen at night.

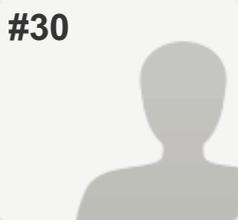

Q7: Anything else you'd like us to know about this park?

I absolutely love this park. It's big, nicely spread out, and welcoming. I always take my dog there and she loves it. It's really one of the only parks up north you can take your dog where it's not enforced they be on a leash which is so nice. I wouldn't be able to enjoy it half as much if that were the case.

 Public restrooms in the parking lot near the pool would be a huge benefit. The ones at the ballpark is nicely kept, but are too far from the bulk of the trails.

Q5: Is this park clean? Yes,
 Comment
 Parks Dept keeps the park beautiful, but need enforcement of litter laws for dog feces both in bags and not.

Q6: Do you feel safe at this park? Yes

Q7: Anything else you'd like us to know about this park?
 Why isn't mtn biking listed as an activity in the first question? This is one of the premier parks in the area for all levels of mtn biking. It's also many people's favorite. I look forward to seeing how it evolves after the construction.

Q4: How could we improve this park?

Install sidewalks along the main road through the park. Put public restrooms by the pool/playground.

Q5: Is this park clean?

Yes,

Comment
 My husband and I pick up trash regularly at the park along the trails. It could be cleaner. Tends to be the worst after holidays like Easter Sunday.

Q6: Do you feel safe at this park?

Yes,

Comment
 Relatively...as long as there are plenty of other people around. Apparently the park is a prime spot for gay men to meet up and for drug dealers.

Q7: Anything else you'd like us to know about this park?

Please preserve the wildflower areas for the bees/other pollinators and the open fields for the scissor tail birds (rare in Austin) and the deer. If this park had a community center/nature center, it could offer educational programs for children and families, and a summer camp. The city may want to look into buying some of the land that sits adjacent to the park. It is owned by a developer with Orchid Homes, and is slated to be a housing development. The land totals about 34 acres. Only a portion would need to be acquired by the city. The location would be ideal to build a much needed community center/nature center that would benefit the surrounding neighborhoods and could be accessed safely and easily by a bike trail that connects many neighborhoods to this park. This center would also most likely benefit the housing development by raising the value of the homes, since the developer's target customers are young professionals with budding families.

Q4: How could we improve this park?
 Hold off-leash dog owners accountable for aggressive dogs and disposing of poop bags properly (not on the side of trail).

Q5: Is this park clean? No,
 Comment
 Creek and surrounding area smells like dog poop. Test for E. coli to confirm.

Q6: Do you feel safe at this park? No,
 Comment
 Aggressive dogs by a few (yes, I've been bitten) and lack of enforcement of current laws by the city.

Q7: Anything else you'd like us to know about this park?

Over the years, the amount of illegal activity has appeared to decrease (drugs, indecent exposure). Unfortunately, the amount of dog feces and smell has increased significantly. Dog owners let their herds of dogs run about, without picking up their waste. Those that do, leave the bags on the side of the trail. Otherwise, great park with excellent location!

Q2: What do you do when you visit this park? Select all that apply.	Other (please specify) Mountain Bike
Q3: What would you like to see at this park in the future?	
	Select one from each column
1st priority	Trails
2nd priority	
3rd priority	
Other (please specify)	Single Track Mountain Bike Trails
Q4: How could we improve this park?	
Cater to the primary user base (mountain bikers). Increase signage on trails. Rampant dog feces is a downside to this park, not sure how to improve that...	
Q5: Is this park clean?	Yes
Q6: Do you feel safe at this park?	Yes
Q7: Anything else you'd like us to know about this park?	
This is THE mountain bike destination in town alongside Barton Creek. Mountain bikers created the trails, maintain the trails and are one of the biggest volunteer groups for this part.

Q4: How could we improve this park?	
Have poop stations placed at many of the places that dogs congregate at.	
Q5: Is this park clean?	Yes, Comment Other than the bags of dog poop left in places far away from trash cans, the park is fairly clean.
Q6: Do you feel safe at this park?	Yes, Comment If it's
Q7: Anything else you'd like us to know about this park?	
The mountain bike community does a lot for grooming the trails and keeping them in good shape. With this survey, it's disappointing to have them not mentioned in any form or capacity.

Q4: How could we improve this park?
 More enforcement of owners keeping their dogs on a leash. More enforcement of dog owners throwing away their green poop bags instead of leaving them on the trail.

Q5: Is this park clean? No,
 Comment Lots of green poop bags.

Q6: Do you feel safe at this park? Yes

Q7: Anything else you'd like us to know about this park?
 This park has one of the most popular mountain bike trails in the city, and mountain bikers make up one of it's largest user groups. To not include mountain biking as one of the options for Question #1 reflects poorly on how much the city cares about one of it's main user groups.

Select one from each column

Q4: How could we improve this park?

This is a large pool in fairly good condition. It's hardly ever open - it opens late in the season and closes early. It's obvious that the aquatics department is in complete shambles, because all the pools this year are poorly staffed, run down and have limited hours. It's been bad in recent years, but this year has reach new levels of ridiculous.

Also, this is one of the very few off leash dog parks and it's very important to me that it stays that way. I support the mountain biking at this park, but something needs to be done in terms of traffic control. When there are a lot of bikers on the trail it make is dangerous for hikers. If the park is enhanced to be more attractive to bikers, then the needs of others should be kept in mind. Perhaps wider trails and or having separate bike and walk trails.

The trails are fairly undeveloped, work could be done to improve the trail system.

 The off leash dog area is most important to me. Additionally adding a fenced dog park area might take some pressure of the trails, which get pretty busy sometimes. I would definitely swim here if the pool was open.

Q4: How could we improve this park?

Tie it's trails into surrounding bike trails so it's safer to ride to the park. complete a bike trail/path to the Walnut Creek Greenbelt to the west. North Star Greenbelt to the South, which would help people avoid Lamar which is dangerous to ride a bicycle on

Q5: Is this park clean?

No,

Comment

I wanted to check yes, because I regularly volunteer with Austin Ridge Riders to do maintenance and clean the trails, but people who leave bags of dog droppings are very annoying.

Q6: Do you feel safe at this park?

Yes

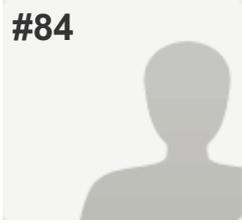

Q7: Anything else you'd like us to know about this park?

I love WC! I would support anything that the city can do to improve relations with ARR, and access for path/trail/mountain biking. This goes for all parks in the city. And fully funding the bicycle master plan citywide (outside the scope of this survey).

Q7: Anything else you'd like us to know about this park?

I've been riding my mountain bike there for 15 years. All of my kids have learned to ride mountain bikes there since it is really the only beginner/intermediate trail on the north side of the river. The green belt is not really suitable for kids to learn and ride mountain bikes. My wife also started riding with me 3 years ago and we ride there once a week. With all the changes, it has become more difficult but I'm assuming after the concrete path is completed, there will be a return to a more organized trail system. Perhaps this is something that the Austin Ridge Riders are going to help with the City with at the appropriate time. I've been very accommodating of the dogs and believe we can coexist. But I do hope that the city will keep mountain biking as an important part of the park. I was surprised that it was not part of the list to choose from in the first and second questions. Seems kind of nutty to not include it since the entire trail system there was built by mountain bikers (Thanks, Mark Henneke). Best of luck.

Q4: How could we improve this park?	I think it would be nice if there were some trash cans along the main trails so that those of us who actually pick up after our dogs don't have to carry bags of dog poo around. It's irritating to see bags of poo tied up all along the trail. What good does it do to pick up after your dog if your just going to leave it in a bag on the trail. If there were some trash cans along the trail at least some people may use them, I know I would

There are several public sand volleyball courts in Central and South Austin, but very few in North Austin. Walnut Creek Park gets a lot of traffic. A sand volleyball court would get plenty of use. There's a clearing between trees that's level, it'd make a good spot to put in a sand volleyball court. Call me if you'd like for me to point it out to you! Joel Taylor 512-585-1687

Select one from each column

Q4: How could we improve this park?	
Fewer drug dealers. Every day before dawn there are cars going back and forth between parking lots, leaving the park and returning minutes later to repeat the pattern.	
Stop the speeding. Even city employees in official vehicles frequently and significantly exceed the 15 mph limit, endangering anyone running or walking on the road. It is frequently used as a shortcut around the Parmer/Lamar intersection.	
Tear down the BMX section in the northeast corner. Signs have been put up to prohibit parking in the neighborhood but that area is constantly populated by non-neighborhood cars, frequently parked in front of the No Parking signs. Enforce it, or build a new facility with an off-street parking lot.	
Q5: Is this park clean?	Yes,
	Comment Although cleanups frequently find used drug needles, the litter situation is not bad.

2015 LRP - Walnut Creek Metropolitan Park

Q6: Do you feel safe at this park?

No,

Comment See comment about drug dealers.

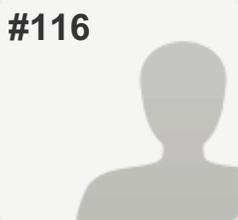

Q7: Anything else you'd like us to know about this park?

The underbrush near the road on the south side of the road has been repeatedly noted as supporting ongoing public sex and drug use. Why hasn't the park department heeded those warnings and cleared the area? I live in the neighborhood north of the park and am in there several times a week.

Better security, lots of illegal activity. Much more security is needed to make this a first rate park. Need officers on bike patrol.	
Q5: Is this park clean?	No, Comment Enforce people picking up their dog's poop with undercover security w/fines. Very stinky, many people do not clean up after dogs.
Q6: Do you feel safe at this park?	No, Comment Not a woman alone. Also, cars speed constantly on the park road especially coming and going from Lamar, this is a very dangerous situation for pedestrians and bikers. There is NO enforcement of speed limits!

2015 LRP - Walnut Creek Metropolitan Park

3rd priority	Community Garden
Other (please specify)	Swings/toddler swings
Q4: How could we improve this park?	
Splash pad please! Bigger, updated playscape. Trail maintenance. Interpretive nature signs along trails.	
Q5: Is this park clean?	No,
	Comment Clean in spots, trashed in others. For a while there was a homeless encampment in the woods near the playground.

2015 LRP - Walnut Creek Metropolitan Park

Q6: Do you feel safe at this park?

No,

Comment

"Somewhat" is the correct answer. Since I've lived in the neighborhood, there has been a corpse found in the park, an attempted rape/stabbing, an attempted shooting followed by a manhunt, and issues with homeless encampments. I rarely see park police or other law enforcement at the park. The park needs a more visible law enforcement presence.

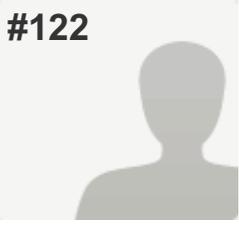

Q7: Anything else you'd like us to know about this park?

I live on Willow Bend Drive, north of the park. We see a lot of cut-through traffic on my street, and a lot of that traffic is traveling at unsafe speeds. Much of the traffic consists of cyclists who are going to park on Old Cedar Lane and access the bike trails from the north side of the park. Some speeding mitigation on my street and Old Cedar would be helpful.

Select one from each column	
1st priority	Basketball Courts

Q4: How could we improve this park?	
By improving the safety & the correcting the enormous erosion problem which is taking place in the creek area starting on Parmer Ln. Building hike & bike trails in the creek bed is not safe for residents whose property abuts the creek & many trees are being washed down the creek when the water rises over 15-20 feet when we get heavy rains.	
Q5: Is this park clean?	No, Comment There are persons who discard branches & trash in the park. Violators should be prosecuted.

2015 LRP - Walnut Creek Metropolitan Park

Q6: Do you feel safe at this park?

No,

Comment

Park is used as rendezvous place for sexual & other activities. Condoms, syringes & other items are discarded in the park.

Q7: Anything else you'd like us to know about this park?

A priority for me is that safety & adequate erosion issues are addressed. Many properties are losing several feet of property along the banks when the creek rises over 5-8 feet. No hike & bikes trails should be constructed unless the creek bed flooding & erosion issues are addressed. Secondly, a large condo/apt. complex is being planned on a large parcel of land adjacent to the park on Old Cedar. This additional congestion & water run-off will impact negatively on the park & creek bed, as concrete will replace open fields & soil.

Q4: How could we improve this park?	
I love the trails in this park! It's like hiking through some wild forest at times. The amount of trails and their variety really make it enjoyable to take our dogs hiking on. While we love exploring, it would be nice if there was some maps or signage on the trails. It doesn't have to be a lot of them, just a few to guide people around. Giving some "place-making" names to locations in the park would also help. That way you could know how to get to the "canyon" or "stone bridge" or "windy forest".

Q7: Anything else you'd like us to know about this park?

This is truly a hidden gem of a park. The Barton Creek Greenbelt and Zilker may get all the publicity but this park is top notch. If the park ever gets a hold of the land south of River Oaks Elementary, it could be an excellent open recreation area. Can't wait until the bike trail is complete too!

Q5: Is this park clean?	Yes
Q6: Do you feel safe at this park?	No, Comment I've encountered aggressive pit bull dogs off leash and unsavory characters on the trails.
Q7: Anything else you'd like us to know about this park? There are enough mountain bike trails in the park. The native wildlife (deer) need some zones to feel secure inside. Trail construction for bikes needs to be halted.

It would be great if there was gravel laid for the portion of the trail that leads into the park that follows the chain link fence (it looks like the area on the other side of the fence is storage for picnic tables and other things. This area gets extremely muddy and very slippery when it rains and it is a long portion to walk. I have seen people fall and get hurt in this section.

Q6: Do you feel safe at this park?	Yes
Q7: Anything else you'd like us to know about this park?	
I truly love this park. I lived here for 4 years before I ever checked it out, and honestly my life has changed because of it. I go there at least once a week now to run and hike and I feel so much healthier and happier. It's so nice to be outdoors and away from traffic and cars and noise. This park is one of my favorite places in the whole city.

Q7: Anything else you'd like us to know about this park?

I have dogs and understand that it is an exceptional experience to trail walk your dogs in a natural environment, but due to the increased rate of irresponsible dog owners measures need to be put in place. This trail system was built and has been maintained by dedicated bikers for nearly 20 years. I would like a happy medium for all but that is not happening now. Dog owners need to be reeled in and informed of the unpleasantness the free roaming carefree dog attitude they have instilled is ruining this amazing park in the greatest city in Texas.

Q7: Anything else you'd like us to know about this park?	
you pretty much ruined the park for mountain biking.. Walnut creek was probably in the top 5 mountain biking trails in Texas.. now the trails are diverted, large parts of it are paved.. who wants to ride on paved trails? as a former runner with knee problems... I'd prefer running on dirt...

Q4: How could we improve this park?	
<p>This park is wonderful, beloved, and well-used. It has sloping hills on the east and west borders. the Southwest part is the dogpark, which everyone loves. the northwest slope is sunny and not used at all. The northeast slope has been tied up with tape for almost a year, and fenced off for months. These unused slopes should have the appropriate repair of their retaining walls, should have many trees planted for shade while still retaining safe sightlines & visibility within the park, and should have as many benches and picnic tables as possible placed in shady spots. And open up the swings as soon as possible.</p>

Q7: Anything else you'd like us to know about this park?

Make sure the dogpark users always have doggy-poop bags available in MULTIPLE LOCATIONS throughout the park with trashcans in multiple sites too so that they don't get lazy and leave their dog excrement for kids to step in. I live less than a mile from this park and go almost every day with my 2 year old.

Q4: How could we improve this park?
 If the sidewalk were to continue along the dog park and 2 9th St. then moms with strollers could utilize more of the park. As it is now it is a rough rocky path that floods often.

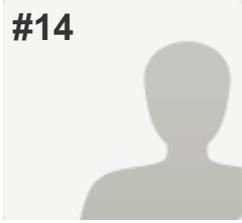

Q5: Is this park clean? Yes

Q6: Do you feel safe at this park? Yes

Q7: Anything else you'd like us to know about this park?
 We love this park and come here several times a week. Large play scape is wonderful we wish there were more open hours at the waiting pool and a splash pad for little ones. The new small community garden plot is a really nice addition. We hope the swings will be reinstalled after the renovation of the upper levels

Select all that apply.

Play on Playground,
Other (please specify) walk the dogs.

Q3: What would you like to see at this park in the future?

Select one from each column

1st priority

2nd priority

3rd priority

Other (please specify)

First - repair the baseball fence and backstop. Second - Resurface and level the tennis courts so water does not pool when it rains. 3. Cut the grass more often

Q4: How could we improve this park?

See #2. Also, limit use to outside sports organization and people who have train classes.

Q5: Is this park clean?

No

Q6: Do you feel safe at this park?

No

Q7: Anything else you'd like us to know about this park?

Poor engineering/design of the playscape, especially the mulch as it goes everywhere when it rains. It used to have gravel/pea stones but was replaced with the less effective mulch.

Replant more trees as many have died due to disease, storms or old age.

 Select one from each column

1st priority

2nd priority

3rd priority

Other (please specify) Separate dog area

Q4: How could we improve this park?
 ENFORCE LEASH LAW. Fix gap in tennis court fence on south side. Make contractor who resurfaced tennis court come back and eliminate large pools. Notice I jokingly said I fish here. That is what I am going to be doing if you do not take care of these pools of water. They remain long after rain is gone and leave dirt piles after they dry. Also remove art in public places installation. This is accident waiting to happen because this configuration of the trail at the pool entrance makes a collision between cyclists and small children leaving pool a very real possibility.

Q5: Is this park clean? Yes

Q6: Do you feel safe at this park? No,
 Comment
 Unsafe for small children because of so many dogs off leash. Please enforce leash law and issue some tickets to offenders.

Q4: How could we improve this park?
 The tennis courts were just resurfaced last year, and one court has standing water on it continuously. It appears that the drainage for that court is inefficient, and the court will be ruined in record time if it is not fixed. It seems the contractor should be held responsible for proper drainage.

Q5: Is this park clean? Yes

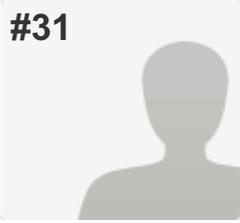

Q6: Do you feel safe at this park? Yes

Q7: Anything else you'd like us to know about this park?
 The tennis courts are used a lot - and that is great, but the one court that doesn't drain well is unusable when the other court is perfectly dry. It's a shame that the court is so bad considering it is so new!

Q6: Do you feel safe at this park?	Yes

Q7: Anything else you'd like us to know about this park?

The east / second tennis court was destroyed by the contraction equipment for the pool. After all the equipment was removed all that was done was repainted. The court is not even, water pools in the middle of court and just sits their due to the damage caused by the construction equipment. Why was this aloud to happen, the court is not usable half the time now. Should be fixed by the construction company who destroyed it.

Q4: How could we improve this park?

As the Wooten Park neighborhood transitions into a more economically diverse community, it's important to have facilities that grow with it. We need a dog park. We need sidewalk improvements. We need a traffic study to weigh in on re routing traffic around Burrell not through it.

Q5: Is this park clean? No,
 Comment Most of the time

Q6: Do you feel safe at this park? No,
 Comment
 With no clear infrastructure it won't be for long.

Q4: How could we improve this park?

Upgrade and add picnic tables. Add a toddler playground. Monkey bars for children. Perimeter jogging trail. Flood damage control for west side of park.

Q5: Is this park clean?

No,
Comment We struggle to keep it clean.

Q6: Do you feel safe at this park?

Yes,
Comment It is always filled with families.

Q7: Anything else you'd like us to know about this park?

There are many low income apartments in the area. This park serves this community as for a place for the children to play and for families to gather. Soccer, basketball, and baseball are the prevalent sports played at this park. We could use more playground equipment, since there is a large population of children here.

 Select one from each column

1st priority	Water based play feature
2nd priority	Fitness Equipment
3rd priority	Pavilions
Other (please specify)	just walk around it like most people

Q4: How could we improve this park?
 Programming of any sort to encourage use. Give it design that encourages use. There is no design...it is mostly just a patch of over grown grass and trees planted and maintained by residents. Adult fitness classes held at the park would be nice. Places in this part of austin that are well used have things for both kids and adults...food trucks and shady picnic tables and a splash ground, for example.

Q5: Is this park clean? No,
 Comment
 grass is often over grown and poorly maintained

Q6: Do you feel safe at this park? Yes

 There's a little walkway "bridge" on the playscape that doesn't have any side railing. My 2 year old tried walking across it, slipped (because the plastic surface is slippery) and fell to the ground because there was nothing to keep her on the bridge. I've been nervous to take her back ever since. Making the playscape safer for younger children would be a huge improvement!

Q4: How could we improve this park?

Restrooms!!

Q5: Is this park clean?

No,

Comment

There are a handful of neighbors who work very hard to clean up this park. It is very discouraging how quickly their efforts are ruined. The few garbage cans are usually overflowing & there is often graffiti on the play scape.

Q6: Do you feel safe at this park?

Yes,

Comment But, I make site to walk around the

2015 LRP - Wooten Neighborhood Park

Q7: Anything else you'd like us to know about this park?

The neighborhood is changing. There are more & more young families moving in. We'd love to have a nice park to play at with our kids.

Q4: How could we improve this park?

take care of the trees- and I mean ongoing maintenance, why are they not trimmed on a regular basis? why plant the trees and then let them grow unruly???? This defeats the purpose of planting a tree for the canopy (shade) which is the intended purpose of any tree in central Texas.

Q5: Is this park clean? Yes

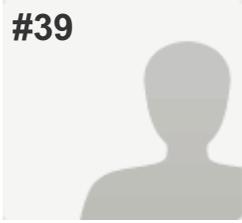

Q6: Do you feel safe at this park? Yes

Q7: Anything else you'd like us to know about this park?

Maintain the trees, without trees in central Texas it's not a fun place to hang out for most of the year.

Q3: What would you like to see at this park in the future?

Select one from each column

1st priority	Bathrooms
2nd priority	Picnic Tables
3rd priority	Playscapes

Q4: How could we improve this park?

Bathrooms, bathrooms, bathrooms!!!! We take our children to the park and many times they have to go to the bathroom by a tree or behind the dumpsters by the school. At work days, volunteers have to leave to go to the bathroom. We do not host parties, play dates or other get togethers at Wooten Park because there are no bathrooms.

Q5: Is this park clean?

Yes,
 Comment
 Sometimes, there are not enough trash containers and the ones that are there are not close to the picnic tables.

Q6: Do you feel safe at this park?

Yes

Q7: Anything else you'd like us to know about this park?

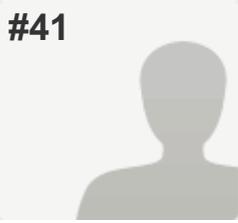

Add more picnic tables and/or move the existing picnic tables to shaded areas and closer to the swings and playground. Where they are currently placed are very inconvenient and do not make much sense for their location.

I think Wooten Park would be an excellent location for a splash park. The closest splash park is at Bailey Park and I do not believe there is one in north Austin. This may not be realistic with the recent drought conditions, but I think it would be a wonderful location and a great asset to the north Austin region.

Q6: Do you feel safe at this park? Yes

Q7: Anything else you'd like us to know about this park?

I am a member of Redeemer Lutheran Church and School, across from the Park. My wife and I volunteer at Wooten Elem School. We teach Wooten mothers in an ESL class. The children in the Wooten area need a park to play games, picnic, and be with family. Wooten could easily be made into a family friendly place with a nice walking track and fields that could be set up for softball, soccer, etc. Not league style, but just pick up games and the like. Right now it seems to us that the park is hardly used and could be a wonderful resource for families. Redeemer would be willing to help, I believe. The Parent Support Specialist at Wooten has some excellent ideas for the use of this park/field!

Q4: How could we improve this park?
 Be clear about rules/laws of using the park -- the signs that prohibit team sports kinda don't make sense, what with the big open space that's a former baseball field. Hey, that's it -- reinstate little/pony league games here.

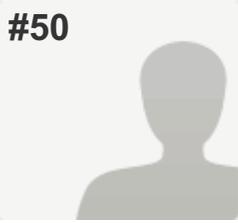

Q5: Is this park clean? Yes

Q6: Do you feel safe at this park? Yes

Q7: Anything else you'd like us to know about this park?
 We're fortunate to have two (and soon three, I hope) parks within walking/biking distance. It would be nice if each had a distinct purpose or special feature, to encourage visits and use between Wooten, Crestview and Brentwood.

Select one from each column

1st priority	Pavilions
2nd priority	Picnic Tables
3rd priority	Community Garden
Other (please specify)	water fountain

Q4: How could we improve this park?

Water fountain + doggy water fountain would be VERY welcome.
 Right now, the park just looks like a vacant lot since there are no trails and no real amenities. It would be nice to have BBQ pavilions or picnic tables. Maybe a marked field since right now the park mostly gets used for soccer/frisbee.
 A trail/walking path would be nice but most people use the sidewalk which circles the park so that's not a priority.

Q5: Is this park clean? No,
 Comment
 The grass is left overgrown for months sometimes - adding to the "vacant lot" appearance. Often trash gets buried in the long grass.

Q6: Do you feel safe at this park? Yes

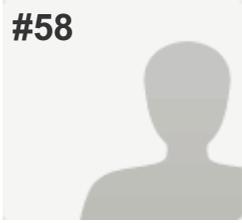

Q7: Anything else you'd like us to know about this park?

Even with little to offer, the park is always in use - whether by walkers or people playing pick-up sports or families whose kids use the nearby school playground. I think any improvements would be a good investment and would be put to good use right away since this is a pretty young and active neighborhood with lots of families with kids.

Q2: What do you do when you visit this park?
Select all that apply. Play Soccer, Walk/Jog/Run on the Trail, Other (please specify) Play with dog (on-leash)

Q3: What would you like to see at this park in the future?
Select one from each column

1st priority	Dog Park
2nd priority	Mutli-purpose field
3rd priority	Pavilions

Q4: How could we improve this park?
 Mow more often, clean up broken glass, create an off-leash dog area.

Q5: Is this park clean? No,
 Comment
 There is frequently trash (i.e. broken glass bottles, snack wrappers, etc.) and long grass that doesn't allow for team sports or feeling sure of not stepping in something that might injury. Also, there are fire ants.

Q6: Do you feel safe at this park? Yes,
 Comment
 I wouldn't go there after dark by myself, but I don't see any illegal activity at the park.

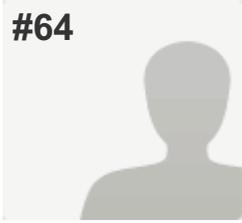

Q7: Anything else you'd like us to know about this park?

The sidewalk on the Burrell Drive side is frequently wet, and the water seems smelly - possible sewage or watering/drainage issue?

 Select one from each column

1st priority	Dog Park
2nd priority	Community Garden
3rd priority	Nature Centers

Q4: How could we improve this park?
 It would be amazing if this were an off-leash dog park. We don't have anything like that in this part of town. In the past, it wasn't a big deal to drive to an off-leash park somewhere else, but the traffic now makes it so that that's not really feasible anymore. Wooten Park is a huge blank canvas that would be ideal for a dog park.

Q5: Is this park clean? Yes

Q6: Do you feel safe at this park? Yes,
 Comment
 I definitely feel safe there during the day, but if I'm walking the dog late at night, sometimes I'll see people hanging out there and not feel great about it.

Q7: Anything else you'd like us to know about this park?

A bunch of us teamed with Tree Folks in December 2013 and planted a bunch of trees here. Another group has recently placed a new sign for the park and landscaped the surrounding area as well as put in some benches. It's been so great to see the difference that these improvements have made and I'd love to see this momentum continue.

Q4: How could we improve this park?
 Landscape grass more... Fix gravel trail and make it a cut through park

Q5: Is this park clean? Yes,
 Comment
 Most of the time but grass is always high and gravel isn't kept up. Playground needs more ground mulch.

Q6: Do you feel safe at this park? Yes

Q7: Anything else you'd like us to know about this park?
 Don't make off leash park. However lots of dog walkers come here. It would be nice if there was a dog water fountain and another dog poop bag poles near playground area. Not many poop bag poles in park.

Zilker Park is the crown jewel of the city of Austin. It is a sacred and spiritual place which is being abused by corporate entities for personal gain. That should stop and the park should be returned to the citizens as beautiful, green open space for all to enjoy every day.

More shade at great lawn. Blues on the Green and other events that occur during summer need additional shade. The priorities listed dont make sense. They either already exist in the park or are not realistic features. Not sure what the point of this survey is. I'd like to see it remain a dog park.

Q7: Anything else you'd like us to know about this park?	
The more you develop and add events that cause damage or require closing the park such as the bike races, the more you take this park away from the residents who just want an open area to picnic, play catch with their child, etc. Making it more of a 'venue' would be concerning.

Q4: How could we improve this park?	
Put a light at the intersection of Stratford Drive and Barton Springs Road OR have a police office direct traffic there during weekends when the traffic on Stratford Drive is VERY heavy (sometimes backed up to the Mopac Bridge)	
Q5: Is this park clean?	No, Comment There is a group of dog walkers that does far more trash pickup than parks personnel. More trash cans are needed throughout the great lawn area.
Q6: Do you feel safe at this park?	Yes
Q7: Anything else you'd like us to know about this park?	
This is a wonderful park that receives heavy use but is CLOSED to the PUBLIC for a number of MONTHS during the year, during times of BEST WEATHER for ACL and Trail Of Lights. The time for closure for ACL should be shortened to 4 weeks and the park should NOT be closed at all for the Trail Of Lights.

Other (please specify)

The split rail fence on the south side of the road should be near the roadway.

Q4: How could we improve this park?

Less closure. Less transients. Improvements to sunken gardens. Invasive removal including poison ivy.

Q5: Is this park clean?

Yes,

Comment

It gets really clean in time for ACL. Maintenance is sparse unless it comes to pre or post event.

Q6: Do you feel safe at this park?

No,

Comment

There is a transient population that at times I have felt unsafe. My walking route to the park at times I would not consider alone or early or late in the day.

Q7: Anything else you'd like us to know about this park?

While I don't mind an event or two the amount of time closed has become sad. With the density built along South Lamar and the units downtown, this park is become more and more utilized just for daily passive use. With few exceptions the event organizers are great and take care of the park, but the balance of acceptability has gone beyond. What do they do in NYC or Chicago to get the parks back open to the public. I am not suggesting we don't have any events just we manage them with more fairness to the the citizens.

It feels like we pimp the park out too much. It's beauty is that you can enjoy it as, well, just a park. We don't have nearly enough parks in Austin. Please don't ruin it with things like bmx, more events, soccer fields, etc. I play volleyball but I'm not sure I like that there are courts. I'd love to see more dog parks in Austin but not at the expense of losing the little space we have.

Q5: Is this park clean? Yes

Q6: Do you feel safe at this park? Yes

Q7: Anything else you'd like us to know about this park?

It's a PARK!!! Not a CONCERT VENUE!
 Single-day, one-stage events like fireworks and concerts like Blues on the Green are OK, but these multiple day events that close the park and destroy the park are ridiculous! How many times can ACL destroy the grass and "re-seed or re-sod" it? The solution is to quit destroying the grass - it's bad for the PARK! Those of us who live nearby pay a premium in property taxes to live here and enjoy the park - we treasure it and would like for it to be a park (green space for all to enjoy, not destroy)

Q6: Do you feel safe at this park?	Yes
Q7: Anything else you'd like us to know about this park?	
<p>The unimproved areas - across the street from the Zilker Garden Center - would be a great spot for ACL. It would not keep tearing up the grass and kicking people out of the park. The unimproved area by the Mopac bridge off of Stratford could suffice for parking as well as the area directly underneath the Mopac bridge. It would be easy to fence, and sufficient for 8 stages to be spread out. Plus, there would be some shade for concertgoers and harmony for those wishing to use the great lawn area.</p>

Water based play feature

2nd priority

3rd priority

Q4: How could we improve this park?

1. Do not ever limit access to Zilker Park and to Zilker soccer fields. This is our park, not for sale or rent to event venues. Any event that limits access to a public park does not belong there.
2. The city's habit of storing the ugly RentAFence between different events makes the beautiful area an eye sore.

Q5: Is this park clean?

Yes

Q6: Do you feel safe at this park?

Yes

Q7: Anything else you'd like us to know about this park?

It is the greatest public space in Austin. Please take care of it and do not banish me from using it.

Q4: How could we improve this park?

Please limit commercial use of this pub public park (ACL, Trail of Lights unless free). We pay got it with property taxes but lose access or use for too many months while a few people/orgs make big bucks. Send ACL to the race track. Make Trail of Lights less commercial--no Ferris wheel, caps on prices for snacks, mementoes sold by vendors to make more affordable by families.

Q5: Is this park clean?

Comment
 Hard to say. Closed very often. Hike n Bike trail pretty well policed and kept up.

Q6: Do you feel safe at this park?

Comment Not after dark.

Q7: Anything else you'd like us to know about this park?

Please limit commercial use of this pub public park (ACL, Trail of Lights unless free). Keep Barton Springs center/springs pool as rural as can. Am worried that overuse is damaging park. also please limit commercialization of Zilker gardens. Am willing to pay few fir use to preserve from expiration like on big field by ACL and Trail of Lights vendors.

Q4: How could we improve this park?

The park is a great gathering place, but is closed for too long and then when opened again there are always parts that are too damaged for use. Other cities do not use their parks like zilker for huge events catering to Visitors. The visitors coming to these events would probably like to have a wonderful space like zilker to visit when they are not attending the event.

Q5: Is this park clean?

Yes,
 Comment Most of the time except after events.

Q6: Do you feel safe at this park?

I've lived in Austin for 41 years -my whole life and as the city changes the events at Zilker Park are the only thing that remind me if the way Austin use to be. I really just hope for you not to let that obnoxious Ferris wheel come back to the Zilker Park Tree. Q4: How could we improve this park?	
<p>We are hardly able to enjoy this city park due to the ridiculous number of days it is closed for Trail of Lights, ACL and various myriad festivals that Austin residents really don't even want because the city has outgrown these events -- there are WAY WAY too many people in the city and not enough parking and really the whole thing is super unpleasant for 90% of residents. It also means that the park is not accessible for day-to-day recreation far too much of the time.</p>

Select one from each column

1st priority	Pickleball
2nd priority	Water based play feature
3rd priority	Dog Park

Q4: How could we improve this park?

Do Not shut the park down for Trail of Lights!!!!!!!!!!!!!!!!!!!!!! Our park, that provides for healthy activities is taken away for almost 1/3 of the year for commercial interests. We support ALC and TOL but think it could be done with much less park closure, e.g., have TOL only on the south side.

Q5: Is this park clean? Yes

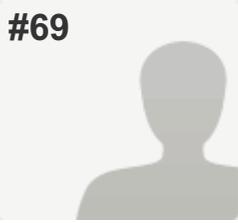

Q6: Do you feel safe at this park? Yes

Q7: Anything else you'd like us to know about this park?

This is a park for the people! Let the people use it instead of closing it for TOL!

Select one from each column	
1st priority

Other (please specify)	Fewer events that close the park for weeks at a time.
Q4: How could we improve this park?	
Simple: Keep the park open more. The closure of the Great Lawn for MONTHS at a time in order to accommodate the ACL Festival and the Trail of Lights is absurd. The closure of the park for ACL shows how private companies are appropriating public land for private profit. The priority at Zilker Park should be keeping it open for the public. Instead, we see it closed repeatedly so that private interests can make money.	
Q5: Is this park clean?	Yes
Q6: Do you feel safe at this park?	Yes
Q7: Anything else you'd like us to know about this park?	
I will repeat what I said above: the extended closure of the Great Lawn for ACL and Trail of Lights is absurd. Zilker Park should be open to the public, not closed for months so that private companies can make more money.

By decreasing the size/number/duration of events that exclude the public from the traditional park uses. The huge events have gotten way out of hand in terms of the number of participants, the negative effects on neighborhoods, parking difficulties, and duration of park closure necessary to set up events and clean up after them. That being said, it is also nice to be able to drop someone off at a close-in location to attend an event.

Q4: How could we improve this park?

Can you please ask C3 presents to pay more for the ACL festival or move from Zilker to CODA? The City of Austin is being ripped off by only accepting one half of one percent of ticket sales. Other cities with prime venues (Chicago and Lollapalooza) have agreements that generate over 10 times as much revenue per ticket sold. C3 presents is no longer a local company since they were bought out by LiveNation. It's time they started paying the fair market rate for this venue!

Q7: Anything else you'd like us to know about this park?

Having the park partially or totally closed for over 100 days in a row (like Fall '14 to Early Spring '15) is not acceptable. This is a public park and the free use by the public should be the first priority!

Please PLEASE don't add a bunch of stuff. The options on the drop-down menu were terrifying. People go here to walk their dogs, collect pecans, run the trail, and especially enjoy the unique pool. Don't build a bunch of stuff in the park. Trail of Lights is enough of a horror for everyone in the neighborhood or regular park users. Q4: How could we improve this park?

Do not use the park as a parking lot. Shuttle people in from empty downtown parking on weekends. Delete parking spaces. Zilker is not a fair grounds. It is a park. Permanent police presence on foot and bike. Need canoe launching spots (several) to avoid congestion. A simple sand beach would suffice.

Q5: Is this park clean?

No,
 Comment
 Too much auto traffic and parking bringing in too much waste. Trash needs to be monitored hourly on weekends.

Q6: Do you feel safe at this park?

No,
 Comment
 Drunk individuals and loud music. Ban alcohol and smoking. Use downtown rangers to patrol. Overcrowded.

Q7: Anything else you'd like us to know about this park?

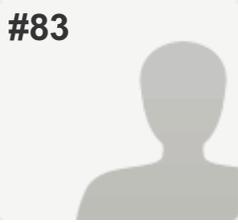

It should be a park. Not a fairgrounds. There are many other places to have the "mega" events. Spread it around to promote economic growth in east Austin.

Convert the roads into a bicycle loop and delete parking places. It would be a great family bike riding area.

Stop asking the neighborhood what they think and do what's best for the city as a whole. The Cyclocross Nationals debacle was a national embarrassment fueled by the Zilker and Barton Hills residents who feel the park is their own. Their sense on entitlement threatens all Austin resident's right to use the park for whatever they might think appropriate.

Q4: How could we improve this park?

Remove special events, especially large ones. Barton Springs Road is the only road south of Ben White connecting 78704 to Mopac, and it is absurd to routinely close it (for two weeks of rush hours for Trail of Lights) or render it useless at rush hours (8 Blues on the Green events, and others). Not long ago, the City established a policy of 3 event days at Zilker, recently upped to six to accommodate ACL. But the Trail of Lights does not count? Blues on the Green is not a concert? Zilker has become a dumping ground for major events, to the great detriment and expense of those who rely daily on access to our primary roadways and to the detriment of the park grounds.

The great meadow south of Barton Springs Road is used for almost nothing but a parking lot. Good grief. We've gone back to the bad old days of the Parking Lot Park (pre-Butler Town Lake Park). The grounds should be used for recreation, not storing vehicles. But of course, PARD could not charge \$5 for someone engaging in active recreation at the park. Much better to treat the real estate as a cash cow.

Move the Trail of Lights downtown or let it die! Creating two weeks of crippling traffic jams so that people can worship the conspicuous consumption of electricity is a ridiculous way to observe the holiday season. In a park, no less. With garish amusement park rides that can be seen from miles around and that dominate the traditional Zilker Tree.

2015 LRP - Zilker Metropolitan Park

Q5: Is this park clean?

No,

Comment

Understandable. Insufficient staff to accommodate a large, sloppy population of park users.

Q6: Do you feel safe at this park?

Yes

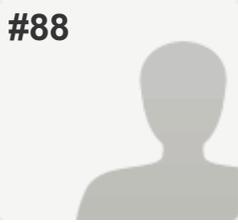

Q7: Anything else you'd like us to know about this park?

Stress recreation, not events. Zilker is a park, not an event megaplex. Take better care of the trees. Use the great meadow south of Barton Springs for athletic and multi-purpose fields, irrigating rather than killing the turf with cars. A wild and perhaps infeasible idea: capture water from the increasingly frequent Barton Creek floods to use as an irrigation reservoir and help keep the pool open.

<p>Stop renting it out!!! It is closed too many days of the year for pre and post event in addition to the event. Especially ACL takes too many days of closure and charges high ticket price. I like Trail of Lights because many parts are still accessible especially during the day and it doesn't cost much (sometimes free) so more of the taxpayers can afford it and use it.</p>

Q4: How could we improve this park?

STOP using it for concerts and closing the park to the taxpayers. We pay high taxes to be able to use this park! There is great weather in September and October and we can't use the "great lawn" for these months!

Q5: Is this park clean? Yes

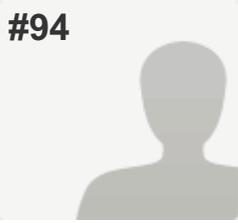

Q6: Do you feel safe at this park? Yes

Q7: Anything else you'd like us to know about this park?

Why not turn that area between the Mopac bridge and the great lawn into usable park? And the area across the street from the garden center - grade it and use it for playing fields. You could rent it out to the soccer leagues - there are not enough soccer fields in this city for adults, especially the women's league!

Q7: Anything else you'd like us to know about this park?	
Barton Springs Road should NEVER be closed. It is too important to mobility and everyday life in South Austin. It should not be made useless by concert events like Blues on the Green. Our parks should be used for active recreation, not spectator events, for playing fields, not parking cars, for active play, not ferris wheels.

Q4: How could we improve this park?

Greatly reduce the times the park is closed for private events such as ACL and Trail of Lights. This is Austin;s great traditional open space, like Central Park for NYC, and it needs to remain open in character and literally open to the taxpaying public most of the year.

Q5: Is this park clean?

Yes,
 Comment
 The crews do their best but there are not enough trash containers and the weeds are often too prevalent because o the abuse given to the park by private events when the park is closed.

Q6: Do you feel safe at this park?

Yes

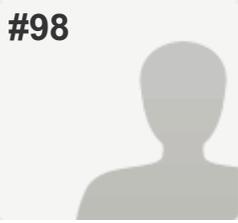

Q7: Anything else you'd like us to know about this park?

One of the prime times of use of this park is in the fall and winter when the temperatures are reasonable. Closing the park for a month for ACL and for two months for Trails of Lights is a travesty. The grass is ruined and the park is inaccessible to the taxpaying public. Private for profit events were not Colonel Zilker's intent when he gave the land to the City. Return the park to the people.

Q4: How could we improve this park?

Less Festivals and Shorter Trail of Lights! It just doesn't make good sense that the main areas of the park are basically off limits for months at a time. Also, for the hike and bike trail it would be good to post some friendly signage that encourages folks to walk on the right side of whichever way they are going. It is amazing that sometimes a gaggle of folks will totally block the whole width of the trail. I guess over time it will get wider, but there are a few choke points.

Q5: Is this park clean?

Yes

Q7: Anything else you'd like us to know about this park?

My wife really would like it more of the trail was not so dusty most of the time! Not sure what could be done about that problem. Crushed granite paths are just that way. Concrete would be way too expensive and hard to maintain.

Q4: How could we improve this park?

Discontinue ACL and other commercial ventures from the park, particularly The Great Lawn area. Move Trail of Lights to the unused portion of the part--the area on the other side of Barton Springs next to the Zilker Xmas Tree where it makes sense for it to be. Limit the amount of down time any user of the park has to limit public access. It's too leisurely of set ups and strikes for them. The Great Lawn is shut down for weeks on end, much longer than the public is told it will be. And the area is closed from public use during the peak good weather time of the year. It is a PUBLIC place, not a private, commercial venue. If it's used commercially, let them plan their events during the heat of the year, not its prime weather time when the rest the real owners and tax payers, the citizens, want to use it, too.

Q5: Is this park clean?

No,

Comment

There are not enough trash receptacles around for people to dump trash and doggie bags.

Q6: Do you feel safe at this park?

Yes

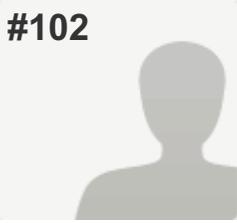

Q7: Anything else you'd like us to know about this park?

There needs to be more parking access. The open field next to the Great Lawn on Stratford Driv should be covered with gravel and left open for continual parking by the public.

Fewer overcrowded events. The park should be just that, a park. It is well past time for a festival to move on. The residents do not get to use the park for months on end, between a festival & trail of lights. Speaking of trail of lights. It needs to be scaled back. No ferris wheel and no vendors under the tree. The line for light up toys blocks a huge portion of the area meant for enjoyment. Trash pickup needs to be increased on weekends. The dirt area regularly used for parking either needs to be paved for parking or made into actual park area. The current attempt to have it all does not work.

Q4: How could we improve this park?

Support my efforts to establish Zilker Conservancy!! I am super-enthusiastic about many things -- getting a maintenance and operations crew started (we could pressure wash buildings like Austin Nature and Science Center, and rock walls and such, maintaining beauty; also, pick up trash regularly, and remove graffiti; trim trees under direction of a certified arborist; work on ecoconservation measures like repopulating dense ligustrum areas with native and adapted plants -- e.g., Barton Creek south side, just downstream from Pool). I'd like to raise money for a development project to clean up, manicure, and slow water flow into the pond on the south side next to Wright Field -- and perhaps maybe even install a waterfall feature, if you and Watershed would let me and be into it. I'd also like to take down the electrical poles along Robert E. Lee and make them either sitting on or buried underneath the ground, if Austin Energy would approve.

I wish for us to make all paths concrete to prevent erosion (during wet periods) and inhalation of decomposed granite (during dry periods) -- and also to encourage cycling. I really like what they did in front of the new south entrance -- concrete with that rusty granite color -- although it'd be great if paths could be permeable concrete. Also, we could use new bathhouses.

I'd really like to see closure of the two of the three south lots -- the ones next to Wright Field -- from vehicular traffic. I think it is bad for the Barton Springs Salamander in Zenobia Springs. If you rode a bike during the rain on an urban residential area, you'd be shocked at the amount of rainbows you see from gas and oil leaks (if you haven't already). With Zilker Conservancy, we could do a before-and-after water monitoring program that supports and gets more thorough than what Watershed currently has in place.

There's a weird gas smell almost every time I am walking toward Eliza Springs, from Barton Springs Road. I don't know what it is, but it might be good to address it. Perhaps whatever it is could be interfering with the salamander population.

I'd like to see the spillover revamped. Most importantly, the south side is sloped and covered with algae, and people slip and bang their heads there *often*. I know it's a no-swim area. I think it ought to be a free swim-at-your-own-risk area. It would be nice if the northern slope didn't have those weird concrete mounds on them -- was that originally installed to slow the water? The riparian edge is absolutely wrecked from human activity, where there is still mud and roots. Perhaps we could make a few designated spots for people to be, and try to repair and maintain the rest.

I think it might be a good idea (although I'd want to discuss with other stakeholders) to replace the decrepit lot under Mopac, near the ZBG back entrance, with an attractive parking garage like the one on the NE corner of N. Lamar and MLK. Also, maybe do the same under Mopac nearer the front entrance of ZBG. Personally, I don't like cars and fumes constantly trolling through the side of Zilker where the Great Lawn is, where everyone is recreating. On the Pool side of Zilker, this seems like less of an issue. Although, I know Umlauf has events that spill over with parking needs, too. maybe there's a better place for a garage, although I can't think of a place I'd want to sully with one, other than the mentioned areas under Mopac.

I think better signage would be great -- in particular, around the pool, and at that path fork just inside the park on the northeast? side of Barton Springs Road, at the intersection of Robert E. Lee.

I'd like to increase programmatic and enhance educational activities in the park. Austin Nature and Science Center is cool, but it could use some updating.

I'd like to see a new maintenance building and area put in place, and (depending on what's behind that fence) renovate the Caretaker's Cottage. Could that fit the bill for an historic designation?

I'd like to eventually make Zilker a fossil-fuel-free park, using hydrogen cell fuel for lawn and work vehicles.

If I could establish Zilker Conservancy, these would essentially be my life-long career goals.

2015 LRP - Zilker Metropolitan Park

Q5: Is this park clean?

No,

Comment

Trash isn't picked up enough by the Spillway. It smells horrible during the summer months, when there are so many people and it's super-hot. More frequent cleaning of tables outside of snack bar would be great, too.

Q6: Do you feel safe at this park?

No,

Comment

Yes and no. People (white grandmas) have been aggressive with me over parking. People have worked on their motorcycles and spilled fuel right next to Zenobia Spring. When pulling invasive exotic plants on the weekends, I've had some guy come up with a moped and trailer with the trailer smelling like gas, and ask what I was doing. When I told him I was pulling an invasive species, he said oh great I'm going to come here whenever I want and do that too. I said I couldn't really give him the authority to do that, and he said he could do whatever he wanted. I spent weekends cleaning up after him, after that. He did it all wrong, and he pulled up good native plants. We need dedicated and highly visible officers at all times, apparently particularly by those two lots that need closing.

Q7: Anything else you'd like us to know about this park?

I love it.

Q4: How could we improve this park?

- Have significantly fewer events there - I'd recommend a third to half the events currently there.
1. There needs to be more time for Austinites to enjoy the park instead of all the time taken up by set up for events, the events themselves and by repairs to the park.
 2. It's a nuisance with traffic so frequently rerouted for the Barton Hills neighborhood residents.
 3. Do not schedule any events that have a likelihood of needing repairs to the park and parkland and trees.

Yes

How I miss Zilker Park of the 1960's and 70's!!! It would be great to halt the huge music venues that require fences, port-o-potties, etc. Let's get back to basics of keeping it simple! Trail of Lights like old times with a Yule log, Christmas tree w/o the food trailers, horse rides, and other DIStractions. It's as if we Austinites get closed out of our own park for venues that draw people here from other cities, states, and countries. That's all well and good---just not for Zilker Park.

Schedule fewer events!! So many out of towners attend huge events that residents are shut out of the park for days before, during, and after the event. Too much wear and tear, soil compaction, etc. Find another area for these events, Not Austinites crown-jewel park. Also, there are other areas where traffic would not be as much a concern as at Zilker.	
Q5: Is this park clean?	Yes, Comment Except during construction and after huge events the park was not meant to handle.

No ACL. They take over the park for months then don't clean it up. Cigarette filters and pop tops all over the place. It's pathetic that you let C3 use the park as their own personal shit-hole.	
Q5: Is this park clean?	No, Comment ACL messes it up every year.

I am at zilker every single day and have seen accidents, near accidents, and traffic back up SO many times b/c of the lack of light at the intersection of Stratford dr and barton springs rd. This is the only exit for this very popular part of the park and it's ridiculous there is no light there.

Q5: Is this park clean? Yes

2nd priority	
3rd priority	
Q4: How could we improve this park?	
Keep it as an open space park. Don't add to it. Remove the stage. Don't try to add any commercialization to this park and try to make money. Residents and visitors want to use the open space.	
Q5: Is this park clean?	Yes
Q6: Do you feel safe at this park?	Yes
Q7: Anything else you'd like us to know about this park?	
Keep this space open. That means NO food trucks, no businesses trying to make money, etc. It means leave it alone. The parks department needs to just do their jobs. Keep it clean, keep it mowed, fix it after it gets ruined by festivals, keep it open to the public so that residents and visitors can use it. Don't close the park for such a long period in setting up for events and reduce the number of events at this park so that it can be used more.
