

resources

The Business Solutions Center offers access to the following software and databases free to all customers who visit the office on the first floor of the One Texas Center.

ReferenceUSA
from  Reference Division

ReferenceUSA is the leading provider in business research! It provides detailed information that powers over 85% of the Fortune 100 companies. ReferenceUSA helps users create marketing plans, conduct competitive analysis, and make data driven solutions. Our database selections and real-time access to more than 24 Million Businesses make research easy and fast! ReferenceUSA's quality information helps researchers, students and job seekers answer a wide variety of questions, and saves them valuable time and money.

NEW! BizMiner™ provides Industry Financial Profiles (industry financial ratios, balance sheet and detailed Profit & Loss statements for 10,000 lines of business), Sole Proprietor/Startup Profit & Loss Profiles (startup or sole proprietorship industry profit-loss and cash flow analysis from 6,000 lines of business), local and national Market Research Reports (detailed industry market research statistics for 16,000 industries from the US 50 states and 250 metro area markets), Business Failure Index (a reference file of failure rates for 1,048 industries) and Industry Cluster series (compare market research trends for an entire industry cluster and its segments).

Business-in-a-Box

NEW! Business-in-a-box™ includes over 1,800 templates of essential business contracts, legal agreements, letters, board resolutions, financial spreadsheets, plans, proposals, press releases, policies and checklists.

B2GMARKET®
The Business to Government Market

B2Gmarket.com is an integrated Business-to-Government information database. They are a one-stop shop where you can get all the information you need to do business with the government.

Are you looking for a location for your business? LoopNet™ has over 560,000 commercial properties available for Sale and Lease. Example listings include offices, retail, hotels, land for sale and other properties.

DemographicsNow

Demographics Now™ can help you determine the best location for your business or identify your customers in a specific geographic area. It contains statistics such as age, income, and number of households for an area. Data is collected from past U.S. Census data and includes future projections. This service will allow you to create summary comparison reports for your chosen location.

Business plans are critical guides for your business. PlanWrite™ is a business plan writing template that will assist you in the writing process and professionally format your business plan. Once completed, PlanWrite™ will convert your document into MS Word™.
