

Spicewood Springs Road Regional Mobility Project

August - September 2018 Public Feedback Period

Alt. A

- Support for separated bicycle and pedestrian facilities
- Concern about potential traffic increase due to additional lanes
- Preference for reduced environmental footprint
- Preference to keep existing character of Spicewood Springs Road

Alt. B

- Preference for maintaining existing left-turn access to and from driveways
- Concern about loss of left-turn access for some businesses in Alternatives A and C

Alt. C

- Preference to match existing section at Spicewood Springs Road/ Mesa Drive
- Preference for two lanes in each direction to accommodate future growth
- Preference for lower anticipated level of delay

No Build

- Concern about necessity of this project
- Concern that improvements will attract more traffic
- Preference for not building bicycle facilities on Spicewood Springs Road
