

ONSITE WATER REUSE SYSTEM (OWRS) FOR NON-SPRAY IRRIGATION APPLICATION

OWRS INFORMATION:

OWRS Type:	<input type="checkbox"/> Non-spray irrigation uses only*		
Building Type:	<input type="checkbox"/> Commercial (Non-Residential)	<input type="checkbox"/> Multi-Family Residential	
	<input type="checkbox"/> Mixed-Use		
Construction Type:	<input type="checkbox"/> New Construction <input type="checkbox"/> Major Alteration		
Site Plan Permit #:		Building Permit #:	
Property Address:			
Tax Parcel Number(s):			
District Scale System:	<input type="checkbox"/> Yes <input type="checkbox"/> No		

PROJECT WATER SOURCE AND DEMAND INFORMATION:

Total Water Demand for Project		Qty (gpy):	
Include potable and non-potable demands in gallons per year (gpy)			
Onsite Water Sources to be Used		Proposed Onsite Non-potable Applications*	
Indicate volumes in gallons per year (gpy)		Indicate volumes in gallons per year (gpy)	
Rainwater	Qty:	Toilet/Urinal Flushing	NA
Condensate	Qty:	Clothes Washing	NA
Stormwater	Qty:	Spray Irrigation	NA
Graywater	Qty:	Non-spray Irrigation	Qty:
Foundation Drainage	Qty:	Decorative Fountain	NA
Other:	Qty:	Cooling	NA
Other:	Qty:	Other:	NA
Total:	Qty:	Total:	Qty:

APPLICANT INFORMATION:

Property Owner Name:	
Business Name/DBA:	
Street/City/State/Zip Code Address:	
Project Applicant Name:	
Email Address and Phone Number:	

*If project has proposed non-potable uses other than non-spray irrigation, use Onsite Water Reuse System (OWRS) Operating Permit Application form.

ONSITE WATER REUSE SYSTEM (OWRS) FOR NON-SPRAY IRRIGATION APPLICATION

APPLICATION SUBMITTALS FOR NON-SPRAY IRRIGATION SYSTEM APPROVALS:

I have submitted the project Water Balance Calculator: Yes No

I have submitted an Onsite Water Reuse Implementation Plan: Yes No N/A
(required for district-scale projects)

I have submitted a Site Plan Drawing for the OWRS: Yes No
(must be signed and sealed by a P.E. and show the locations of air gap(s) and/or RPBA(s), flow meter(s), storage tank(s), all other OWRS components, and Edwards Aquifer Recharge Zone and/or Critical Water Quality Zones)

I have submitted the project Landscape Plan with notes: Yes No

- The landscape irrigation system will not utilize any type of spray irrigation to distribute rainwater, stormwater, graywater, A/C condensate or foundation drainwater to the landscape.
- Graywater irrigation is prohibited in the Edwards Aquifer Recharge Zone and/or Critical Water Quality Zones.
- A copy of the signed and sealed landscape irrigation plan showing the specifications for all irrigation system components must be provided to Austin Water at the time the final irrigation inspection is performed to verify spray irrigation is not utilized.
