GUIDELINES FOR THE AUS CORPORATE HOSPITALITY PROGRAM IN THE BARBARA JORDAN TERMINAL

The City of Austin Aviation Department is pleased to offer a Corporate Hospitality Program for local companies and event organizers to greet event attendees flying into Austin. Please understand that the airport is under very strict federal safety requirements. We have a commitment to protect and serve airport passengers and visitors. The Aviation Department will make an effort to accommodate reasonable requests to ensure a smooth 'meet-and-greet' for attendees. We appreciate your support of our safety mission by adhering to the following guidelines:

- The Aviation Department's Guest Services Division will serve as the primary contact and approver for logistics before the event. All Corporate Hospitality Program questions should be submitted, in advance of the event, to AUS.GuestServices@flyaustin.com or call (512) 530-2414.
- A permit application (attached) must be submitted for review at least 2 weeks in advance of the event. Each section of the Permit Application must be filled out for consideration. Applications submitted more than three months prior to the event will not be reviewed. Applications submitted less than 2 weeks before event date will be considered on a case-by-case basis.
- The corporate hospitality program is intended for meet and greet services to event and conference visitors. No vending, selling, offering for sale, soliciting, taking orders, or related activity is permitted at any time.
- Due to limited space, the Aviation Department may limit the number of Meet and Greet Services permits at one time, based on first-come, first-served application filing, and acceptance.
- Due to limited space available in the airport's segment of the video wall, the number of requests that can be accommodated will depend on available space based on how many messages already exist for the 10-second slots based on aviation department use, and first-come, first-served application filing, and acceptance.
- An approved permit will be signed and provided by the Aviation Department. If there are any changes, after a permit is approved, they must be communicated within 48 hours to program contact for review and approval.
- All services must be contained within the assigned service area.
- The hosting organization must provide all signage, literature, either printed or digital for the selected services. The airport will only provide the equipment as described in the description for each service.
- In accordance with Federal Aviation Administration security directives and Local City ordinance, no person shall leave any article, package, or baggage unattended on Airport property. All unattended articles, packages, baggage, and suspicious activity must be reported to the nearest Airport Police officer, security officer, or airline personnel.
- The Aviation Department does not provide free parking.
- Hosting organizations are not permitted to bring food or drink into the terminal. No coolers or food or drink are allowed at the meet/greet designated areas.
- Smoking is not permitted inside city-owned buildings.
- Applications not utilizing ground transportation companies with current and in good standing AUS Ground Transportation Service Operating Permits will be denied a permit and access to the Airport premises.

- At no time, shall the Permit Holder interfere with the operations of the Airport Visitors Centers.
- The Austin-Bergstrom International Airport reserves the right to refuse or remove any group, which it deems disruptive to the airport environment or does not comply with permit guidelines.
- Applicants requesting Meet and Greet Services shall carry and maintain insurance coverage in the types and amounts required by the Aviation Department and furnish certificates of insurance as evidence thereof as stated in a particular attachment.
- The making of any false statement or misrepresentation in the application, or the failure to disclose a material fact, which if disclosed, will cause the application to be denied.
- **The Permit Holder Shall Defend, Indemnify, And Hold The City, Its Successors, Assigns, Officers, Employees And Elected Officials, Harmless From And Against All Claims Arising Out Of, Or Concerning, The Permit, Or Any Activity Of Permit Holder Under The Permit, Caused, In Whole Or In Part, By The Fault Of Permit Holder, Or Its Agents, Employees Or Representatives, No Matter How Such Claim May Occur Or Who Asserts The Claim. REQUIRED INSURANCE

A. General Requirements

1. Permittee and its subcontractors shall not commence operations under this Permit until Permittee and its subcontractors have obtained the required insurance and Certificates of Insurance are received and reviewed by the City indicating required coverage. If the coverage period ends during the Term of this Permit, Permittee and its subcontractors must, prior to the end of the coverage period, forward a new Certificate of Insurance to the City as verification of continuing coverage for the duration of this Permit.
2. Approval of insurance by the City and the required minimums shall not relieve or decrease the liability of responsibility of the Permittee hereunder and shall not be construed to be a limitation of liability on the part of the Permittee.
3. Permittee's, and if applicable, all subcontractor's insurance coverages shall be written by companies licensed to do business in the State of Texas at the time the policy is issued and shall be written by companies with an A.M. Best rating of B+VII or better. Companies with A.M. Best ratings of A- or better, if required, shall write hazardous materials insurance.
4. Permittee will not engage in operations or store any property at the Airport that will cause an increase in the premium rate paid by the Airport for insurance or that will cause and increase in the premiums paid for insurance by other Airport tenants, unless Permittee pays the entire amount of such increase or increases. Further, Permittee will not engage in any operations or store any property at the Airport which would make void or voidable any such insurance policies. Permittee shall comply with all recommendations from its insurance carrier so long as they do not conflict with anything in this Exhibit A or the Permit.
5. All endorsements, waivers, and notices of cancellation endorsements, as well as Certificates of Insurance naming the City as additional insureds shall indicate:

City of Austin, Texas
Department of Aviation
Attn: Airport Property Manager

8. The City shall be entitled, upon request and without expense, to inspect at the Airport certified copies of policies and endorsements thereto; provided that Permittee may redact from the policies information regarding premiums paid by Permittee. Should Permittee desire to have certified copies of policies and endorsements inspected at a location other than the Airport then Permittee shall pay for all costs incurred by the City on account of such inspection.

9. The City reserves the right to review the insurance requirements set forth during the Term of this Permit and to request reasonable adjustments to insurance coverage, limits, and exclusions when deemed necessary and prudent by the City based upon changes in statutory law, court decisions, the claims history of Permittee's industry or the financial condition of the insurance company as well as the Permittee, or changes in City and/or Airport policies related to insurance requirements. Permittee shall provide the City with updated Certificates of Insurance within thirty (30) days of any changes required by the City.
